

ABOUT VGSOM

Founded in 1993, Vinod Gupta School of Management (VGSOM) is the first and the largest business school to be set-up within the IIT system. With a generous contribution from one of its illustrious alumni Mr. Vinod Gupta, founder Infocom, USA. VGSOM envisions producing management leaders by offering unique programmes blending both management and technology. VGSOM has already become one of the respected management institutes of the country. VGSOM has a unique advantage of being a part of IIT Kharagpur – rated as the best technical institute in India.

Over the years the school has moved beyond the sphere of regular MBA programme. The school is launching an MBA programme for working executives – EMBA at the Kolkata Bhubaneswar campuses. *The EMBA programme would enable working executives to upgrade their managerial knowledge and skill while continuing to be employed.*

Keeping the continued employment and quality of life of the student, the classes would be held during weekends.

The programme has been conceived benchmarking similar offerings by leading B-schools in India and the world, for content, mode of delivery, curricula design and course structure.

Executive MBA [EMBA]

Venue: IIT Kharagpur Extension Center
Mouza Samantapuri, Behind Swosti Premium
Bhubaneswar – 751 013

**Vinod Gupta School of Management
Indian Institute of Technology Kharagpur**

OBJECTIVES

With the ever increasing pace of knowledge creation and knowledge obsolescence, a professional can no longer presume to be a high achiever over his entire career banking upon his initial professional qualification. There is growing need for part-time and executive MBA Programs that is recognized worldwide. The EMBA programme aims to augment the knowledge, sharpen the skills and reorient attitude of an executive and provide the vehicle for growth. The programme will also ensure a firm foundation for continued learning.

ELIGIBILITY

The executives joining this program must have 3 or more years of experience. *Candidates with 1st class Bachelors degree in Engineering/Technology or 1st class Masters degree in Science, Economics or Commerce [with Mathematics or Statistics at bachelor's level] are eligible.*

EMBA would have a general management focus suitable for a wide variety of sectors and students may choose courses from a wide range of electives.
