From the Chancellor's Office

Hon'ble Dr. Patangrao Kadam

M.A. L.L.B., Ph.D.

FOUNDER - CHANCELLOR

As the Chancellor of Bharati Vidyapeeth University I extend a very warm welcome to the students who are desirous of seeking admissions in our different Constituent units.

Bharati Vidyapeeth, the parent organization of this University is celebrating this year as its Golden Jubilee Year. At this moment my mind goes back over a period of five decades. Bharati Vidyapeeth initiated its academic journey with a single school. Now it is one of the premier educational institutions in the country, having under its umbrella more than 180 educational units including 80 colleges of 12 faculties. They include colleges of Medicine, Dentistry, Engineering, Pharmacy, Hotel Management and the like. There may not be any disciplines either conventional or emerging for which Bharati Vidyapeeth has not established its institution.

Within a short period of 18 years or so, Bharati Vidyapeeth University has established its academic reputation even across the national borders. Its high level of academic excellence is underscored by the fact that the Ministry of Human Resource Development, Government of India has given 'A' grade status to this University. The University's another remarkable achievement is that it has been awarded a prestigious 'A' grade by the NAAC both in its first accreditation and also in reaccreditation. An approval by the UGC under Section 12B of its Act which our University has received by another feather in the cap of the University.

We at this University are committed to make available to our students a wide spectrum of academic options to choose from.

It has also been our endeavour to provide continuously updated education in a congenial environment to our students. I am very happy that a very large number of our past students have established their reputation as Medical Practitioners, Engineers, Pharmacy Industrialists and the like not only at the national level but also at the international level. Research is a focal area of activities of our University. We have three Research Institutes as constituent units of University. They are doing remarkable work. However, our aim is to develop this University as a Research University.

I again welcome all of you and wish you a very successful academic career as students of this University.

From the Desk of Vice Chancellor

Prof. Dr. Shivajirao Kadam

Vice Chancellor

Dear Students,

At the outset, let me welcome all of you who are intending to join our University.

I am extremely happy to note that you have selected our University for your further studies. All of you know that Bharati Vidyapeeth University is one of the leading Universities in the country having 'A' grade awarded by Ministry of Human Resource Development, Government of India.

It is also accredited with prestigious 'A' grade in 2004 and reaccredited with 'A' grade in 2011 by the NAAC, Bangalore. It is also significant to note that some of its constituent units have ISO 2001-2009 certification. Our University has excellent infrastructure for all its constituent Institutions such as well-structured spacious buildings, continuously updated laboratories and hostels with all necessary amenities and facilities.

Today, the horizons of knowledge are expanding exponentially. It is, therefore, a challenge to cope up with this vibrant system of higher education and Bharati Vidyapeeth University is well-equipped to impart latest training and education to its students. We are committed to provide excellent teaching, learning and research under its 12 faculties. The University continuously updates the courses of studies being taught in our constituent Institutions, keeping in view, the rapid changes and dynamism around. Our libraries are continuously updated. The University ensures not only high quality training, education in the respective areas of knowledge to the students, but also places emphasis on all-round development of the students. Abundant opportunities are also provided for co-curricular and extracurricular activities on the campus. In the discharge of its social obligations, the University is, no doubt, committed to see that the students graduating from this University are well-trained and well-prepared for jobs and become responsible citizens of the country.

The track record of the achievements of the University is indeed commendable. It is a matter of pride for us that scores of our students have achieved successes in their respective fields and established themselves in different spheres of life. We are aware that the success of any University largely depends on the number of successful students, it produces for the service of the society and the nation.

We, therefore, take every care for your bright future career and help you to translate your dreams into reality.

Once again, I take this opportunity to welcome all of you to the family of Bharati Vidyapeeth University and wish you success in your life.

The status of University was given to a cluster of these colleges and institutes in appreciation of the high level of their academic excellence and for their potential for further growth.

During the last 16 years or so, the University has achieved higher pinnacles of academic excellence and has established its reputation to such an extent that it attracts students not only from various parts of India but also from abroad. According to a survey conducted by Association of Indian Universities, this University is one among the top ten Universities in the country preferred by the overseas students for admissions. At present, there are more than 800 overseas students from 67 countries on the rolls of constituent units of this University.

During the last 17 years, there has been tremendous academic expansion of the University. It now conducts in all 214 courses in its constituent units, of them 107 are Post Graduate, 50 are Under Graduate and 57 Diploma level courses. All the professional courses which the University conducts such as those of Medicine, Dentistry, Engineering etc., have approval of the respective statutory councils, viz., Medical Council of India, Dental Council of India, All India Council for Technical Education etc.

The University is a throbbing center of research activities and has launched Ph.D. programmes in 64 subjects. It has also introduced quite few innovative academic programmes such as Masters in Clinical Optometry, M. Tech. in Nano Technology etc.

Ministry of Human Resource Development, Govt. of India has awarded 'A' Grade University Status to Bharati Vidyapeeth Deemed University. The University's performance and achievements were also assessed by the "National Assessment and Accreditation Council" and it was reaccredited with a prestigious "A" grade in 2011. Some programmes of the constituent units such as College of Engineering at Pune, Management Institute in Delhi and others have also been accredited by "National Board of Accreditation". Three constituent units of Bharati Vidyapeeth Deemed University are also the recipients of ISO 9001-2001 certifications.

Our Campuses

Bharati Vidyapeeth Deemed University has campuses in Pune, Mumbai, Solapur, Kolhapur, Sangli, Karad and New Delhi, the capital city of India. Its two Medical Colleges are located in Pune and Sangli.

Poona College of Pharmacy

Poona college of Pharmacy is the first Degree College of Pharmacy in the Pune region established in 1981 and It is grant-in aid institute of Government of Maharashtra State. Dr. Pantagrao Kadam, Founder of Bharati Vidyapeeth and Chancellor Bharati Vidyapeeth Deemed University, in view of providing quality education and research in field of Pharmacy took lead to establish this college. Under the dynamic leadership of Prof. Shivajirao Kadam, Hon. Vice-Chancellor and Principal, Dr. K. R. Mahadik. The college has developed as one of the centers for academic excellence in Pharmacy.

Poona College of Pharmacy was earlier permanently affiliated to University of Pune. In recognition of high level of academic excellence of college and its potential for further growth it is brought under the umbrella of Bharati Vidyapeeth Deemed University from academic year 2000. Since 1985-86, the college provides Post Graduate education (M. Pharm.) in six branches viz. Pharmaceutics, Pharmaceutical Chemistry, Pharmacology, Pharmacognosy, Pharmaceutical Biotechnology and Quality Assurance Techniques. It is the first institute in Maharashtra State approved by PCI in 2008 to provide education in Doctor of Pharmacy (Pharm.D.), a Post Graduate Programme in Pharmacy Practice. The college is also recognized center for Doctoral research all these branches.

The College has been granted approval by the All India Council for Technical Education, New Delhi, which is the apex body controlling technical and professional education in the country. The College has also been recognized by the University Grants Commission under Sections 2(f) and 12 (B) of its Act. The College and its degrees are also approved by the Pharmacy Council of India, New Delhi. Recognition by all the three apex bodies bear a testimony to a very high level of academic excellence the college has achieved.

Our college is probably the only college in the country to have been reaccredited from both NBA and NAAC and has got the coveted "A" Grade. M.H.R.D., Govt. of India has awarded "A" Grade University Status to Bharati Vidyapeeth Deemed University. The college is also an ISO-9001-2008 certified institute. The UGC in recognition of our expert faculty, research achievements, high level of academic excellence and rich infrastructure has inducted us in the Departmental Research Scheme (DRS) of the Special Assistance Programme (SAP) of UGC. AICTE has granted us the status of Quality Improvement Cell (Q.I.P) for teaching fraternity to register themselves for M.Pharm. and Ph.D. programmes. In addition we have been receiving grants from all the major funding agencies like AICTE, UGC, DST, DBT, DRDO etc.

LABORATORIES

The College houses spaciouly laid out, highly equipped and properly maintained laboratories for different branches of Pharmacy viz. Pharmaceutics, Pharmaceutical and Medicinal Chemistry, Pharmaceutical Analysis, Pharmacology, Pharmacognosy and Natural Products, Quality Assurance, Microbiology, Computer Education, Industrial Pharmacy, Tissue Culture, Computer Aided Drug Design and Polymer Research. We have provided separate laboratories for the M.Pharm students of all the six branches viz. Pharmaceutics, Pharmaceutical Chemistry, Pharmacology, Pharmacognosy, Quality Assurance Techniques and Pharmaceutical Biotechnology. Separate Clinical Pharmacy department for Pharm.D. studies is also provided with state of art facilities for clinical research, pharmacovigilance and for patient counseling. Drug and Poison information center run by the department is unique facility in this part of country to provide authentic and unbiased information on drug related issues. All these laboratories have the necessary and latest instruments and equipments. The undergraduate students have been provided with separate laboratories which are also equipped with all the required instruments.

Our laboratories are equipped as comparable to the level of international standards and norms (and thus have set an example for others.) Separate analytical instrument rooms have been provided which house sophisticated and ultramodern instruments like UPLC Ultraviolet Spectrophotometer, Fourier Transform Infra Red Spectrophotometer, Atomic Absorption Spectrometer, Gas Chromatograph, High Performance Liquid Chromatograph, SFC, TGA, pcr, Cryocentrifuge, High Performance Thin Layer Chromatograph, Differential Scanning Calorimeter, LC-MS/MS, GC MS/MS, ICP MS, Spectrofluorimeter etc. Dissolution Test Apparatus, Ultrasonicator, Polarising Microscope, Homogenizer, stereomicroscope, Particle size analyser, Fermentor, CO₂ incubators, Rheometer are available in the Pharmaceutics research laboratory. Pharmacology research laboratory has instruments like Langendorff apparatus, Plethysmometer, Analgesiometer, Polygraph while Pharmacognosy research laboratory has facilities for plant tissue culture, sohxlet extractors, etc. Rarely one would find such an updated and sophisticated equipments elsewhere in any other Pharmacy College. All these facilities have been created for the use of undergraduate as well as post-graduate students, research scholars and the faculty members.

LIBRARY

Library facilities are the heart of any educational institution. The college library has been recently renovated and has now a beautifully illuminated, well ventilated and furnished reading hall. This rich and up-dated library possesses a large number of books, and back issues of national and international journals of repute, including Chemical Abstracts. The library is updated every year and newer journals, books and abstracts are added to it. This helps the faculty members and students to keep themselves abreast of recent developments in the pharmaceutical sciences.

The library is kept open for the students from morning till late in the evening. The students have open access to the books. Book Bank facility is also available for the students of scheduled castes, scheduled tribes and also for the economically backward students. Faculty members from other Pharmacy Colleges often visit our library for referring to Pharmaceutical literature. Quite a few Pharmaceutical industries in and around Pune also take the advantage of our library.

Recently we have computerized our Library whereby we connected our library with the libraries of other institutions in our Erandwane campus. They can be now accessed from our college. This kind of networking is only of its kind in this region and will open the flood gates of information and knowledge to our students. Our library is also digitalised and our students have access to numerous reference books and more than 900 journals on line.

RESEARCH ACTIVITIES

The significance for research for the development of any science can not be overemphasized. This is more true about the Pharmaceutical Sciences. There is an increasing need to invent more and more new medicines to counter the new diseases. The College gives encouragement in all the ways to the faculty and to the students in their research activities in different areas of Pharmaceutical Sciences. The College provides state of the art equipment and other facilities to the students and to the faculty with a view to encourage their research and developmental activities. The Principal and the faculty members of this College have been successful in getting large amounts of grants for their different research projects from different funding agencies including All India Council for Technical Education, University Grants Commission DRDO, DST and the like.

The different areas in which research work is undertaken in this College are : Nanomedicines, vesicular drug delivery systems, polymeric micelles, dry powder inhalations, nasal drug delivery systems, development of biodegradable polymers, floating tablets, formulation development etc in the department of Pharmaceutics; Simultaneous estimation of multicomponent formulations by GC., HPLC, HPTLC, SFC, UV-VIS spectrophotometer; Synthesis and biological activity of Cyclodextrin esters and Amino acid conjugates a Prodrug approach, Synthesis and Pharmacological activity of some Phenothiazines etc. in Pharmaceutical Chemistry ; Screening of CNS depressants, Skeletal Muscle Relaxants, Haematinic, Toxicity studies etc. in Pharmacology ; Isolation and Identification of active principles from medicinal plants, Development of anti AIDS formulation, Herbal drug standardisation, Wound healing formulation, Plant tissue culture techniques, Isolation and studies on Gums of natural origin etc. in Pharmacognosy, Validations of instruments, equipments and tablet, granulation, mixing, coating machinery etc. in Quality Assurance Techniques. The research undertaken under Pharm.D. programmes covers varied subjects like pharmacovigilance, pharmacoconomics, rational drug use and community pharmacy.

The students and faculty members regularly publish research papers in the journals of national and international repute. This has been evidenced by the number of publications they have got to their credit. They have published so far about 215 research papers in national and over 575 in international journals. They also participate in national and international conferences and present their research papers.

The interest of our faculty in research is evident also from the fact that 19 out of the 36 staff members are already holding Doctorate degrees, while the remaining are doing their research work for Ph.D. 95 of our students have already been awarded the degree of Ph.D. and 47 research scholars have registered themselves for Ph.D. with us.

Our research interests are further evidenced by the fact that we have upto now organized several regional and national level workshops and seminars on recent developments in Pharmaceutical Sciences. We invited speakers from industries, as well as, from other universities and colleges to deliberate in the proceedings.

The faculty members have 45 patents to their credit on particle engineering, novel drug delivery system, anti-aids formulation, process development, polymer development etc.

The college has been sanctioned a special grant by UGC under its Special Assistance Programme (SAP) taking into consideration research potential of our faculty. Our college has gained 9th rank in research based on scopus database- (Indian Journal of Pharmaceutical education and Research Vol. 45(1), 1-7, 2011).

QUALITY IMPROVEMENT PROGRAMME (QIP)

In recognition of ultra modern infrastructural facilities and instruments & expert faculty, our College has been approved as a centre under the Quality Improvement Programme (QIP) of AICTE, New Delhi. It is gratifying to mention that it is the only QIP Cell in Maharashtra. Under this scheme faculty members from other institution can pursue higher studies to acquire M.Pharm & Ph.D. Degrees.

CONTRIBUTION IN AREA OF PHARMACY PRACTICE:

Our institute is the pioneer institute recognized by Pharmacy Council of India to offer the Doctor on Pharmacy Programmes in Maharashtra State. We have ultramodern pharmaceutical facilities as well as multi-specialty Bharati Hospital to provide quality education in patient care. The Department of Doctor of Pharmacy Programme is uniquely designed interactive centre for medical and paramedical professionals and easily accessible for patients of Bharati Hospital and from outside. Drug Information Centre of the department is enriched with e-drug information databases, foreign reference catalogues and handbooks. During the course of studies our students of Post Baccalaureate course have worked upon many case studies and working hand-in hand with physicians for betterment of patient.

College recognized the need and importance of patient-oriented pharmacy practice, for which college has extended its services to fulfill the needs of professionals as well as patients. It may be the first universities in India, which has attempted to incorporate modern concepts in teaching of Dispensing Pharmacy. Patient oriented thinking and good pharmacy practice was inculcated through modernizing practical curriculum and documentation-based journals. Faculty members of this college have authored many books and published about 20 research papers in Journals of interaction repute. The department also publish quarterly bulletin "PharmaWiz". Through Drug and poison information center. We provide authentic information to medical and paramedical, professionals and also patients. With the support of Maharashtra State Pharmacy Council, college has been organizing continuous education programmes for community and hospital pharmacists. With the aim of benefit to the society and uplifting image of the profession, our college regularly publishes various popular articles in the newspapers and addresses the patient related concerns at public platforms.

INDUSTRY ACADEMIC INTERACTION

Pharmacy Colleges should have sustained interactions with Pharmaceutical industries because the Pharmaceutical Sciences are essentially application oriented. So there is always a need for bringing academic institutions imparting education in Pharmacy and Pharmaceutical industries together. Our college laboratories are used by the Pharma industries in the region as Testing Laboratories. More over since 1986-87, the College has been conducting Pharmacy Cup Cricket Tournament, as an annual feature in which several Pharmaceutical Industrial units and Pharmacy Colleges participate. This kind of interaction generates a strong feeling of togetherness amongst the industries and the Pharmacy Colleges.

INDUSTRY INSTITUTE PARTNERSHIP CELL (IIPC)

AICTE has established an industry-institute partnership cell in the college, which works as a liaison center between industry and various departments of the institute for activities, which are mutually beneficial.

IIPC has come out with a software package PCP Disso V3i for model fitting and analysis of dissolution data. IIPC is currently co-ordinating research projects with different industries such as Raj Udyog, Indus Biotech etc.

IIPC of our institute has been awarded excellent grade for 2002-2003, by AICTE, New Delhi.

PLACEMENT

The placement track record of our college is exceptionally good. A large number of multinational companies, as well as, Indian pharmaceutical companies regularly visit our campus to recruit the students as their employees. Renowned and prestigious companies such as Elli Lilly, Ranbaxy, Wockhardt, Novartis, Aventis, Cipla, Lupin, Natco etc. have visited our college for recruitment of our students. Our Pharm.D. graduates also placed well in reputed organizations like SciFormix, Congijant, TCS, and tertiary care hospitals.

PUBLIC TESTING LABORATORY

Food and Drugs Administration of Maharashtra State has approved our laboratories as Public Testing Laboratories, for analysis of Allopathic & Ayurvedik formulations. We have also started a Food Testing Laboratory. These laboratories also cater to the needs of Pharmaceutical, Chemical and allied industries, for analysing raw materials, medicinal substances, cosmetic, surgical products and health care accessories. Multinational companies like Hoechst Roussel Merian, Fresenius Kabi, Thermax, Emcure group of companies and others regularly send their samples to our laboratories for analysis.

COLLABORATIONS

The College has established collaborative linkages with quite a few national and multinational companies.

Our major Collaborations are :

- 1) Collaborative research projects in the area of particle engineering are being sanctioned by Royal Society, UK and Japanese Society of Promotion of Science Japan. Under these projects collaborations have been established with Institute of Pharmaceutical Sciences, Toho University, Japan.
- 2) Collaborative research project with School of Pharmacy University of London, U K
- 3) In the area of herbal drug, research collaborations have been established with, Hygienic Research institute, Mumbai, Indus Biotech.
- 4) We at this college always believe that our students must get wider exposure to the Pharmaceutical industries. Keeping this in view, we have entered into a collaboration with Soverign Pharmaceuticals, which is a well-known drug manufacturing company. This gives an opportunity to our students to have practical industrial experience. This is probably the first experiment of its kind in the country.
- 5) We have entered into a collaboration with Intervet (Hoechst Marion Roussel), another multinational company for analyzing their raw material, as well as, their finished Pharmaceutical products in our laboratories.
- 6) A post graduate programme in biotechnology has been implemented in collaboration with National Chemical laboratory, Pune, Serum Institute of India, Pune and University of Pune.
- 7) Collaborations - MOU for formulation development has been signed with Indian Immunologicals Ltd. Hyderabad, Biovet Ltd. Bangalore, Emcure Pune, Zim Nagpur.
- 8) Technology transfer agreements have been signed with FF Corporation Japan, Advanced Biochemicals, Snehal Foods and Feeds for Formulation Development and evaluation.
- 9) MOU with Indian Institute of Integrated Medicine Jammu for Herbal Drug Research.
- 10) Pharmacological and Toxicological evaluation projects are conducted for Dynamis Therapeutics Ltd., USA, Emcure Pharmaceuticals and Raj Biotech.

OUR ALUMNI

Over 2500 students have graduated from our College so far. Almost all of them are well placed and doing well in their respective fields. Over 125 students have become entrepreneurs having their own Pharmaceutical units. About 500 of our best students are working in very high positions in different industries. About 400 students have got admissions in the United States for higher studies and nearly 200 are successfully doing jobs there. This College can boast of the fact that about 400 students are working as teachers of Pharmaceutical Sciences who are imparting knowledge to the younger generation in different colleges and universities throughout India. Our past students meet regularly to help for the betterment of the college.

COMPUTER FACILITIES

The use of computer has become inevitable in all the walks of life and so in our College we emphasize the computer training for our students in various ways. We have developed very good computer application laboratory and internet facilities. Our students can use sophisticated facilities such as Silicon Graphics for computer-aided drug design in their research.

Internet facility has been provided to the students in our computer laboratory where the students can online look for jobs/placements in India and abroad. It has also become very convenient way for them to search for admissions abroad or post-doctoral fellowships etc. through the internet. This facility helps our research students very much to undertake literature survey for their dissertation work through the World Wide Web and the different search engines available for this purpose.

In addition, the new research wing has computer & internet facility on every floor of the building.

BHARATI HOSPITAL PUNE

Bharati Hospital is a 1000 bedded teaching hospital located at its Katraj campus, Pune. In a spacious accommodation of 28000 sq.m., the hospital provides health services in almost all the areas including general medicine, chest and T.B., psychiatric, E.N.T. and surgery. The biochemical and pathological laboratory, blood bank, are equipped with all the modern instruments for biochemical and pathological testing and storage of blood. Well qualified and experienced faculty having technical expertise is available for teaching and medical care.

ALL ROUND DEVELOPMENT OF STUDENTS

Academic development, as well as, personality development of the students have been our major concerns. We make efforts to bring about all sided personality development of our students. With a view to achieve this objective the College undertakes numerous student centric activities. The college regularly publishes two periodicals "Insearch" and "Capsule" and opportunities are thus provided to the students to give expression to their literary, artistic and other talents. The students are encouraged to participate in the major inter-collegiate cultural and sports competitions like the Late Firodia Cup inter-college cultural competition, competitions organized by Indian Express and such other events. Annual social gathering is another such avenue for the students to show their artistic potential. Bharati Vidyapeeth which runs this college organizes various cultural, debating and literary competitions and other events, regularly. Our students participate in them and have won laurels for the college.

We give our students wider academic exposure through various seminars and workshops. It is not, therefore, surprising that our students bring laurels to the college through their achievements in the inter collegiate competitions.

The Indian Pharmaceutical Association (IPA), Pune branch is very active and our students work there as student council members and interact with Pharma professionals at various levels which increases their confidence and helps them to develop contacts with the industry. The students of this college has bagged twice a prestigious National Pharmacy Week Champion trophy, an annual NPW celebration by IPA.

The college regularly arranges lectures of eminent experts from both industry and academic institutions for the graduate and post-graduate students which help them to keep themselves abreast with the recent developments in their disciplines.

A medical check-up is organized every year for the students and the students are provided with free medical treatment at our Bharati Hospital.

HOSTEL FACILITIES

Separate hostel facilities for boys, as well as girls are available on our campus. The hostels provide neat and clean rooms with proper ventilation and light. Quality food is provided in the mess. We maintain strict discipline in the hostels.

ACCREDITATION

National Board of Accreditation (NBA) constituted by All India Council for Technical Education New Delhi for evaluation of quality of technical institutes regarding facilities, infrastructure & faculty has reaccredited our B.Pharm. Course. This recognition of our quality by the Apex body for Technical education in India is another feather in our cap.

National Assessment and Accreditation Council (NAAC) Bangalore has reaccredited Bharati Vidyapeeth Deemed University Pune. with A grade in 2011. M.H.R.D., Govt. of India also awarded "A" Grade University Status to Bharati Vidyapeeth Deemed University. Poona College of Pharmacy is one of the constituent unit of this University.

The college has also obtained ISO-9001-2008 certification.

About Pharm. D. Programme

Pharmacy Council of India, the apex body of pharmacy education has introduced Pharm.D. (Doctor of Pharmacy) programme from academic year 2008-09 in institutes of high repute and having background of pharmacy practice and hospital setup. Bharati Vidyapeeth University is the first university from Maharashtra to offer Pharma.D. course at its Poona College of Pharmacy, Pune (vide PCI letter 50-17/2008-PCI-10823-25 dt. 9-9-2008) and Pharm.D. (PB) programme has been approved by PCI u/s 12 of the Pharmacy Act (vide letter 17-1/2012-PCI/60389-723 dt 12.10.2012).

Pharmacy Practice: Practicing pharmacists play a vital role in the health care system through the medicine and information they provide. Pharmacist as a 'health care provider' performs wide range of patient care activities like dispensing medications and therapeutic drug monitoring to maximize patients' response to the medication. They also educate consumers and patients on the use of prescriptions and over-the-counter (OTC) medications, and advise physicians, nurses, and other health professionals on rational drug use. Pharmacists are experts about the composition of drugs, manufacturing and use. They ensure purity, strength and expiry of drugs. They make sure that drugs do not interact with other drug or food in harmful way.

In India pharmacy education is given at different levels, viz. Diploma in Pharmacy, Bachelor of Pharmacy, Master of Pharmacy and doctoral research. Since inception pharmacy curriculum is technology oriented, B.Pharm. and M.Pharm. graduates prefer industrial jobs and pharmacists holding D. Pharm. run most of the medical stores, where the practice is trade oriented, which unfortunately lack patient related services. Patient counselling is not provided to the patients. Drug information services to the public, nurses, doctors and other health professionals are not available. This has led to several medicines related issues on the rise.

Pharm. D. New curriculum: In the developed countries and many developing countries, the Doctor of Pharmacy (Pharm.D.) has been accepted as minimum qualification for pharmacy practice. The Pharm. D. is a post graduate degree based on the extensive clinical training. Pharm.D. and Pharm.D (BP) passed candidates will be awarded Doctor of Pharmacy (Pharm. D.) degree and are allowed to prefix "Dr" before their name. As it is PG qualification candidates are eligible to get register for Ph.D. studies. As per PCI notification, Pharm.D. Degree is equivalent to M.Pharm. Qualification and are eligible for teaching post in any pharmacy institute. The Pharm.D. is registrable qualification under the Pharmacy Act 1948 and these are eligible for examination for licensure as a registered pharmacist, in turn to practice pharmacy in western countries. Across the world many Indians are serving this golden profession. Recently western countries have closed the doors for the candidates qualifying with four years B. Pharm. to serve as registered pharmacist. Hence, it was felt necessary to prepare pharmacy professionals with a new facet who would provide services to the community in the country and at international level.

The Ministry of Health, Govt. of India has approved the Pharm. D. Regulations in March 2008. This development heralds India's entry into pharmacy practice training and education in a big way. This course has two entry levels:

- a) Pharm. D. is a 6 year (5 years + 1 year internship in a hospital) course, providing intensive training in pharmacy practice and clinical pharmacy services. Candidates pass in 10+2 examination with physics and chemistry as compulsory subjects along with mathematics or biology as one of the subjects, or those who pass in D.Pharm. course are eligible for the course.
- b) Pharm. D. (Post Baccalaureate) course is of three years for the candidates with B.Pharm. Degree.

The Pharm.D. curriculum of international standards is designed to produce a scientifically and technically competent pharmacist who can apply this education in such a manner so as to provide maximum health care services to patients. Students are provided with the opportunity to interact with health practitioners and gain greater experience in patient care.

Potential of the course : The practice of pharmacy is a vital part of a complete health care system and the number of people requiring health care services has steadily increased worldwide. At global level, Pharmacist is not only ranked as top professional but the increased demand for pharmaceutical care services have resulted in a dramatic increase in earnings. Healthcare system in India is also changing from mere treatment based dispensaries to health conscious state-of-art hospitals having health insured schemes.

Programme Education Outcomes (Pharm.D.)

- To provide a comprehensive and integrative pharmaceutical education leading to Doctor of Pharmacy (Pharm.D.) degree.
- To provide hands on training through a state of art infrastructure to meet the challenges of drug discovery and pharmaceutical care.
- To integrate knowledge and skills with clinical research to promote health care.
- Understand and appreciate the role of health care education in the development of society and on mankind's welfare.
- To inculcate leadership capabilities as member of health care team.

- Test Booklet Number : Each test booklet has a number. Write it at appropriate place.
- Test Form Number : Not to be filled in

26.3 Side-2 :

This side is to be used for marking responses to questions numbered 001 to 200. After every question number, four boxes (A), (B), (C) and (D) are provided for this purpose.

The candidate must indicate his/her response to the question by darkening the appropriate box completely with HB Pencil or ball point pen. For example :

- Q. 003 Mumbai is the capital city of state of
- (A) Tamilnadu
 - (B) Karnataka
 - (C) Orissa
 - (D) Maharashtra

The correct response is (D). The candidate will locate question number in the answer sheet and darken the box (D) as shown below :

	A)	(B)	(C)	(D)
001	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
002	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
003	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
004	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If the candidate darkens more than one boxes or if he does not mark his response as shown above and marks his response as shown below, his response will be treated as wrong and will not be given marks.

	(A)	(B)	(C)	(D)
001	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
002	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
003	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
004	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Note : Please use HB pencil / ball point pen only for writing/marketing particulars on Side-2 of the answer sheet.

27. The candidates are advised to decide upon the answer before they mark it on the answer sheets. He/She must ensure that the box is completely darkened with HB pencil / ball point pen. A lightly or faintly darkened box is a wrong method of marking and will be rejected by the Optical Scanner.
28. If the candidate does not want to attempt any particular question he/she is advised not to touch any of the boxes given against that question.
29. The candidate must not fold the answer sheet and should not make any stray marks on it.
30. A specimen copy of the answer sheet is given at Annexure IV. Candidates are advised to go through it and get conversant with it. The candidate will learn from this answer sheet as to how to fill in the information asked for and how to mark the answers. This will help the candidates to do the things correctly and save their time.

CHANGING AN ANSWER

31. If a candidate wants to change any answer marked by him/her on the answer sheet, he/she must completely erase the existing pencil mark and then darken the appropriate box with HB pencil. Candidate must not leave any visible mark in the box after erasing. Otherwise the response will be rejected by the optical scanner Such erasing should be avoided as far as possible.
32. Test Booklet number as filled in by the candidate in the answer sheet will be accepted as final for the purpose of evaluation. When the booklet number is left blank or more than one booklet numbers are indicated on the answer sheet it will be deemed as incorrect booklet number and answer sheet will not be evaluated.

PENS, ERASERS AND PENCILS

33. The candidate must bring his/her own materials such as ball point pen and HB pencil or ball point pen (any other pencil HH, HHH etc. should not to be used). In case any pencil other than HB pencil is used, the answer sheet will be possibly rejected by the Optical Scanner. The candidate must also bring his/her own sharpener and erasers of good quality.

IMPORTANT INSTRUCTIONS FOR MARKING

34. USE ONLY HB PENCIL or blue or black ball point pen only TO DARKEN THE APPROPRIATE BOXES.
35. MARKING SHOULD BE DARK AND SHOULD COMPLETELY FILL THE BOX.
36. DARKEN ONLY ONE BOX FOR EACH QUESTION.
37. PLEASE DO NOT FOLD THE ANSWER SHEET OR MAKE ANY STRAY MARKS ON IT.
38. MAKE THE MARKS ONLY IN THE SPACES PROVIDED.

Please note that there will not be negative marking for the wrong answers chosen by the candidate.

ROUGH WORK

39. The candidate will not do any rough work or writing work on the answer sheet. All rough work is to be done in the Test Booklet itself.
