JIS ANTHEM

We know that as we grow,
The hurdles will be more,
Each time we're washed away,
We bounce back to the shore.

We know...we lead the way,
Keeping odds at bay,
See the sunrise tomorrow,
Inspire the world to follow.

Ao aaj chooley asmaan,
Hum se hai yeh jahaan,
JIS hai hum,
Yeh hai Gurukul hamara.

We have wings to touch the sky,
We have what it takes to fly,
At JIS the dreams begin,
Yeh hai Gurukul hamara.

We are the ones shining bright,
Even in the darkest night,
Igniting minds, empowering lives,
Within us tomorrow thrives.

We have what it takes to win,
And achieve what we dream,
We can calm a stormy sea,
Our courage echoes in eternally.

MISSION

To advance and enhance the learning possibilities by fostering awareness, developing holistic knowledge acquisition through discovery, innovation, exposure and interaction to build effective human talents.

VISION

Leading and inspiring knowledge and excellence in the society across the globe.

OBJECTIVE

To encourage futuristic research and knowledge initiatives, to create and empower students with education and employment opportunities, establish worldwide network with industry and to entrust our enterprise as well as charge our students with social responsibility.

CHAIRMAN'S MESSAGE

"It fills me with an overwhelming sense of joy and pride to see thousands of students pursuing higher education at JIS Group of colleges and becoming successful and responsible global citizens. In the words of William Arthur Ward "Teaching is more than imparting knowledge. It is inspiring change. Learning is more than absorbing facts. It is acquiring understanding." Realizing the responsibility on the shoulders of each member of JIS Group Educational Initiatives, we endeavor to achieve unparalleled academic platform.

Born with a mission to ignite minds and empower lives, JIS Group today has emerged as one of the leading Educational Conglomerates in Eastern India. Across our 22 institutions - each a center of excellence in its own right, we offer a diverse spectrum of Undergraduate and Post Graduate programmes ranging from Engineering and Technology, Computer Applications to Dental Science, Pharmacy, Hospitality along with Business Administration and Management with one objective in mind - collectively and comprehensively addressing the educational voids across all strata of the society and be an integral part of the India 2020 vision."

Sardar Jodh Singh,
Chairman of JIS Group

BOARD OF GOVERNORS CHAIRMAN'S MESSAGE

“

"In today's globalised market driven economy, understanding the differences between invention and innovation is the key to success. Academic and research organizations which invent ideas should be able to convert their ideas to something that is useful for consumers' society.

Innovation and invention are quite different things. While invention is largely a personal pursuit, innovation is much more akin to a social pursuit. Innovation warrants attention because it contributes immensely to social and industrial development.

Our institutes aim to contribute significantly to a better understanding of the processes of innovation that are crucial in today's world. In preparing students as world class engineers, several points are to be considered. The foremost requirement is to include a sense, knowledge, skill, entrepreneurship and innovation amongst students so that they can apply their knowledge and professionalism in a manner that is immediately useful to the mankind and yet which can earn revenue to make the institution/organization grow and contribute to society. It is a challenge before all of us, we have to think, breathe and practice professionalism, innovation and creativity to make it a part of our system.

It is my firm belief that JIS Group will continue in this competitive vein."

Dr. S. M. Chatterjee, Chairman
Board of Governors of JIS Group

”

B.Sc, B.Sc Tech, M.Text (Bom), Ph.D (Cal) | AMIET (Lond), FISTE, FAE, FISE, FIC, FIEE, FTA, FIE | Gold Medalist, Chartered Engineer (Royal Charter) | Professional Engineer (IE) | National Unity Award | Hind Gaurav Award | Kabi Sekhar Kalidas Roy Award | National Educational Excellence Award Indra Award | Patta Ratna Award | India 2000 Millennium Award | Rajib Gandhi Ceremony Award | Mother Teresa Excellence Award | Vice-Chancellor (Ex) Bengal Engineering & Science University, Shibpur.

DIRECTOR'S MESSAGE

"On the occasion of your seeking admission, I am pleased to welcome you to the JIS Group of Colleges which carries the name and legacy of Sardar Jodh Singh Ji, a true visionary.

In a world that is ruled by technology, where modernization & innovation are the order of the day there could be no career of more relevance than the field of Engineering. Knowledge is the real power and this must be used judiciously to fulfill India's vision 2020. Vast avenues and immense opportunities with lush green campuses, pollution free environment, state-of-the-art infrastructure, highly qualified, dedicated and caring faculty members and the invaluable wisdom and guidance of our management are the vital ingredients in the making of a career par excellence. We aim to give you a course that challenges you that you'll enjoy and that will prepare you for the demanding world of engineering employment.

Over a period of time many new engineering undergraduate courses have been introduced at our Institutions - JISCE, NIT, GNIT, DSCSDEC and many more are on the anvil.

At JIS, our focus is on nurturing your intellectual power and the all round development of your personality.

I wish you success in your chosen career and I look ahead with optimism to a future that will fulfill your dreams and those of your parents."

Prof. (Dr.) Asit Guha, Director

M.Sc in Solid State Physics from Calcutta University | Ph.D degree in Statistical Thermodynamics | 33 years of teaching experience in UG and PG level | Published 80 papers in National and International Journals | Faculty Associate at Arizona State University, USA | Former Dean Faculty of Science, Kalyani University | Ex-Controller of Examination, Kalyani University | Research Publication-110 | Ph.D Guidance -14 | Sponsored Projects undertaken - ₹ 72 Lakhs at University level.

JIS DISTINCTIONS

1283 Faculty members with 183 Ph.D Holders

Strategic Tie Ups with College of Innovation and Industry Skills (CIIS) and Australian Vocational Training & Employment Group (AVTEG in Perth, Australia)

1st Autonomous Private Engineering College in West Bengal - JIS College of Engineering

2122 Published research paper in national & international journals

Advance Partner Institute of Infosys through campus connect since 2006

Awarded as Asia's Most Promising Brand in Education Sector

Guru Nanak Institute of Hotel Management is the only Hotel Management College in West Bengal which received Education Excellence Award - 2013 by world famous Indo-Italian Company - One Planet Research Consultancy Company

Wipro Mission 10X learning approach

AICTE sponsored Entrepreneurship Development Cell (EDC)

Oracle University certifies JIS Foundation as the Authorized Testing centre for Oracle WDP database and Java Global Certification

AICTE sponsored Industry Institute Partnership Cell (IIPC)

Attaining TEQIP Grant (Technical Educational Quality Improvement Program) for improvement of Higher Technical Education - JISCE, NIT

Collaboration with School of Mobile Computing and Communication, Jadavpur University for setting up Centre of Excellence at JIS College of Engineering

Strategic collaboration of Volkswagen Group with Dr. Sudhir Chandra Sur Degree Engineering College

Microsoft teams up with DSCSDEC, making it the first Ed-Vantage Platinum level enrolled college from the Region

222 Specialised Laboratories

JIS Group is jointly working with the Asian Institute of Technology Bangkok (AIT Bangkok) for enhancing academic and international orientation of their students

JIS College of Engineering has been declared as Centre of Excellence by IBM

Guru Nanak Institute of Dental Sciences & Research and Hospital is the first private Dental College in West Bengal

2.5 Lakh books in libraries

Academic collaboration of Narula Institute of Technology with National Institute of Technology, Sikkim

Intake - M.Sc in Genetics - 30 seats | M.Sc in Medical Biotechnology - 30 seats | Affiliated to WBUT

Hotel Management Courses

Guru Nanak Institute of Hotel Management

157/F Nilgunj Road | Panihati | Kolkata 700 114 | E: info.gnihm@jisgroup.org

W: www.gnihm.ac.in | For further information: 98361 06964

Bachelor in Hospitality Management (H) | Intake - 60 seats | Affiliated to WBUT

Mr. U. S. Mukherjee, Dy. Director of JIS Group retired from Indian Naval Wing of Defence service in the year 1976 and thereafter has been associated with JIS Group in different fields which include Industrial as well as Educational Initiatives.

Dr. P. K. Chowdhury, Head of International Wing serving JIS Group since 2005, with around 28 years of industry experience in senior managerial positions in National Dairy Development Board, GOI and CEO / GM in State Govt. Body Corporate in West Bengal, Orissa, Bihar and Tripura.

International Wing

Over the last decade, JIS Group's empanelled institutes namely, JIS College of Engineering (JISCE), Kalyani and Narula Institute of Technology (NIT), Kolkata have been successfully conducting a wide variety of training programs for the international students sponsored by the Govt. of India under the Technical Cooperation Scheme of Colombo Plan and Indian Technical & Economic Cooperation scholarship schemes. These foreign participants, mostly working professionals, were nominated by their respective governments and their training was fully sponsored by the Govt. of India. As of now, 229 such sponsored nominees from South East Asia, Africa, Central America and neighbouring countries have imparted UG & PG degree courses (B. Tech, M. Tech, MCA, BCA & MBA) under the West Bengal University of Technology and various short-term certificate / diploma training courses organized by these institutes.

Educating beyond geographical boundaries

Mr. Taranjit Singh, MD JIS Group, felicitating IW students.

Besides, JIS College of Engineering, Kalyani; Narula Institute of Technology, Kolkata and Guru Nanak Institute of Technology (GNIT), Kolkata, as authorized by the All India Council for Technical Education (AICTE), have further opened up avenues for the prospective students for admission on Supernumerary basis amongst the Foreign Nationals / Persons of Indian Origin (PIO) / Children of Indian Workers in the Gulf Countries, over and above the approved intake, to the extent of 15% (1/3rd of 15% of approved intake reserved for Gulf Countries category) in various streams of B.Tech and MBA (Institute specific). During the last couple of years, a total 43 such students have been admitted on self-finance basis.

Admission under supernumerary quota for Persons of Indian Origin (PIO) Foreign Nationals (FN) / Children of Indian Workers in Gulf Countries.

Colleges Name	Stream	Intake*
JIS College of Engineering	CSE	18
	ECE	18
	IT	14
	EE	14
	MBA	18
Narula Institute of Technology	CSE	18
	ECE	18
	IT	9
	EE	18
Guru Nanak Institute of Technology	CSE	18
	ECE	18
	EE	18
	AEIE	9

*PIO, FN, Gulf admission 15% of approved intake

Eligibility Criteria

For B.Tech - To become eligible for admission under this quota, the candidate should have passed in all subjects securing minimum 60 percent marks in aggregate in the qualifying examination (10+2 standard or equivalent) having minimum 45 percent aggregate marks in PCM (Physics, Chemistry and Mathematics).

For MBA Program - candidate should have passed bachelor degree or equivalent exam in any discipline from a recognized University.

All relevant documents such as passport / mark sheets / grade card showing percentage of marks obtained, pass certificates etc should be in English.

Research and Grants

JIS Group Educational Initiatives has always given considerable importance to research initiatives and collaborations to enable seamless knowledge transfer and procure Government Grants to advance the purpose of study and investigation for important projects.

Grants Received

JIS College of Engineering, one of the pioneer colleges under JIS Group Educational Initiatives has been conferred Autonomous Status by UGC. The College has also been awarded with World Bank assisted, Ministry of Human Resource Development (MHRD) sponsored Technical Education Quality Improvement Programme (TEQIP), Phase II, subcomponent 1.2 for comprehensive quality improvement for higher technical education.

Narula Institute of Technology, yet another flagship college under JIS Group Educational Initiatives has been awarded World Bank grant through MHRD sponsored Technical Education quality improvement programme (TEQIP), Phase II, subcomponent 1.1 for comprehensive quality improvement for higher technical education.

Currently, following research works are going on at our technical institutions.

Funded Research Projects

- Silico Design of Novel Molecular Rectifier and Spin Filter through Non-equilibrium Green's Function technique, a project submitted by Department of Physics, JIS College of Engineering has been sanctioned ₹4.20 Lakhs by the Department of Science and Technology.

- After a study in West Bengal, this research project has been submitted by the Department of Management, JIS College of Engineering and has received a grant of ₹ 4.89 Lakhs by the Indian Council of Social Science and Research Centre for Management Studies.
- Development of Three Dimensional Shape under PRS from Electronics and Communication Engineering department of JIS College of Engineering has received a grant of ₹ 3.75 Lakhs under the AICTE research scheme.
- Modernization of power systems lab under MODROB from Electrical Engineering Department of JIS College of Engineering has received grant of ₹ 8.45 Lakhs under the AICTE research scheme.
- A cognitive system with Synergism of Mobile Technology based on Cardiac measure and Brain Signal Decoding with embedded nanosensor, a research project submitted to UGC by JIS college of Engineering has been sanctioned a grant of ₹ 60 Lakhs.
- Implementation of EDC Project under EDC, Plant Grant and AICTE research scheme by JIS College of Engineering, has been sanctioned a grant of ₹ 6.92 Lakhs.
- Implementation of IIPC Plant by JIS College of Engineering has been sanctioned a grant of ₹ 8 Lakhs under AICTE research scheme.
- Development of Compact and Efficient Patch Antennas for Mobile Communication from the Electronics and Communication Engineering department of JIS college of Engineering has received a grant of ₹ 5 Lakhs under the AICTE research scheme.
- Synchronization of time Delayed systems and its application to the Cryptography under the CSIR Research Scheme submitted by the Mathematics department of JIS College of Engineering has received a grant of ₹ 3.65 Lakhs.
- VLSI circuit design of High Density, High Performance DRAM chips, Circuit Design of Digital and Analog Circuits to DRAM Architecture, Timing and Logic Design, a project submitted by the ECE department of Narula Institute of Technology has been sanctioned ₹ 17 Lakhs from the department of Science and Technology, Government of India.
- The Physics Department of Narula Institute of Technology has been approved for a sanction of ₹ 9 Lakhs from Department of Atomic Energy (DAE).

- NIT received a grant for the on Effect of laser plasma on Doubly Excited States of two Electron systems and its application in plasma Diagnostics, by the Board of Research in Nuclear Sciences (BRNS), Department of Atomic Energy (DAE) Government of India.
- In addition, work in two different projects related to modernization and creation of high end labs under the MODROB scheme of ₹ 8.65 Lakhs / AICTE is going on at the ECE and CSE Department of JIS College of Engineering.
- Guru Nanak Institute of Technology has received a grant of ₹75 Lakhs for creation of high end infrastructure for their Food Technology Department from the Department of Science & Technology, Ministry of Food and Food processing Industry, Government of India. DST is in the process of approving ₹18 lakhs for a Bio-Sensors project from the Food Technology Department of GNIT.
- Department of Electronics and Communication Engineering (ECE), Narula Institute of Technology, has been sanctioned a sum of ₹14.60 Lakhs for a project on Modernization of Advance Communication Lab from All India Council of Technical Education (AICTE)
- Modernization of Microwave Engineering Lab, a project submitted by Narula Institute of Technology has been sanctioned ₹15 Lakhs by all India Council for technical education.
- Hand off analysis WLAN-GPRS integrated network, a RPS project submitted by Computer Application Department of Narula Institute of Technology has been sanctioned ₹ 2.5 Lakhs by All India Council for Technical Education.
- MODROBS for Modernization of Departmental laboratories from Electronics and Communication Engineering Department of Guru Nanak Institute of Technology has received a grant ₹ 9.5 Lakhs under the AICTE research scheme.
- Electrical Engineering Department of Narula Institute of Technology has received a Seminar grant of ₹100,000/- (Rupees One Lakh) under the AICTE-Quality Improvement Scheme during the financial year 2012-13.
- Electrical Engineering department of Narula Institute of Technology has received a grant of ₹2,55,000/- (Rupees Two Lakhs Fifty Five Thousand) for **Faculty Development Programme** under the AICTE-Quality Improvement Scheme during the financial year 2012-13.
- Information Technology Department of Narula Institute of Technology has received a grant of ₹5,00,000/- (Rupees Five Lakhs) for **Faculty Development Programme** under the AICTE-Quality Improvement Scheme during the financial year 2012-13.
- Information Technology Department of Narula Institute of Technology has received a Grant-in-Aid of ₹11,00,000/- (Rupees Eleven Lakhs) under Modernization and Removal of Obsolescence Scheme (MODROBS) of AICTE for the year 2012-13.
- Electrical Engineering Department of Narula Institute of Technology has received a Grant-in-Aid of ₹11,10,000/- (Rupees Eleven Lakhs Ten Thousand) under Modernization and Removal of Obsolescence Scheme (MODROBS) of AICTE for the year 2012-13.

Outreach Programme

International Conference on Computation and Communication Advancement (IC3A) 2013 was organized by JIS College of Engineering on 11th-12th January, 2013 which was attended by the notable national and international names from the Academia. The technical plenary sessions were addressed by experts from Germany- Prof. Siegfried Dickhoven (Expert in Technology research), Prof. Peter Kroetz (Civil Engg.), Prof. Franz-Josef Kotalla (Electrical Engg.) and Prof. Helmut Glock (Technical Mechanics) were present amongst other speakers of global repute. National Conference on Sustainable Business Growth and Modern Management sponsored by AICTE and organized by JIS College of Business- Kalyani Campus, held on April 27th-28th 2012.

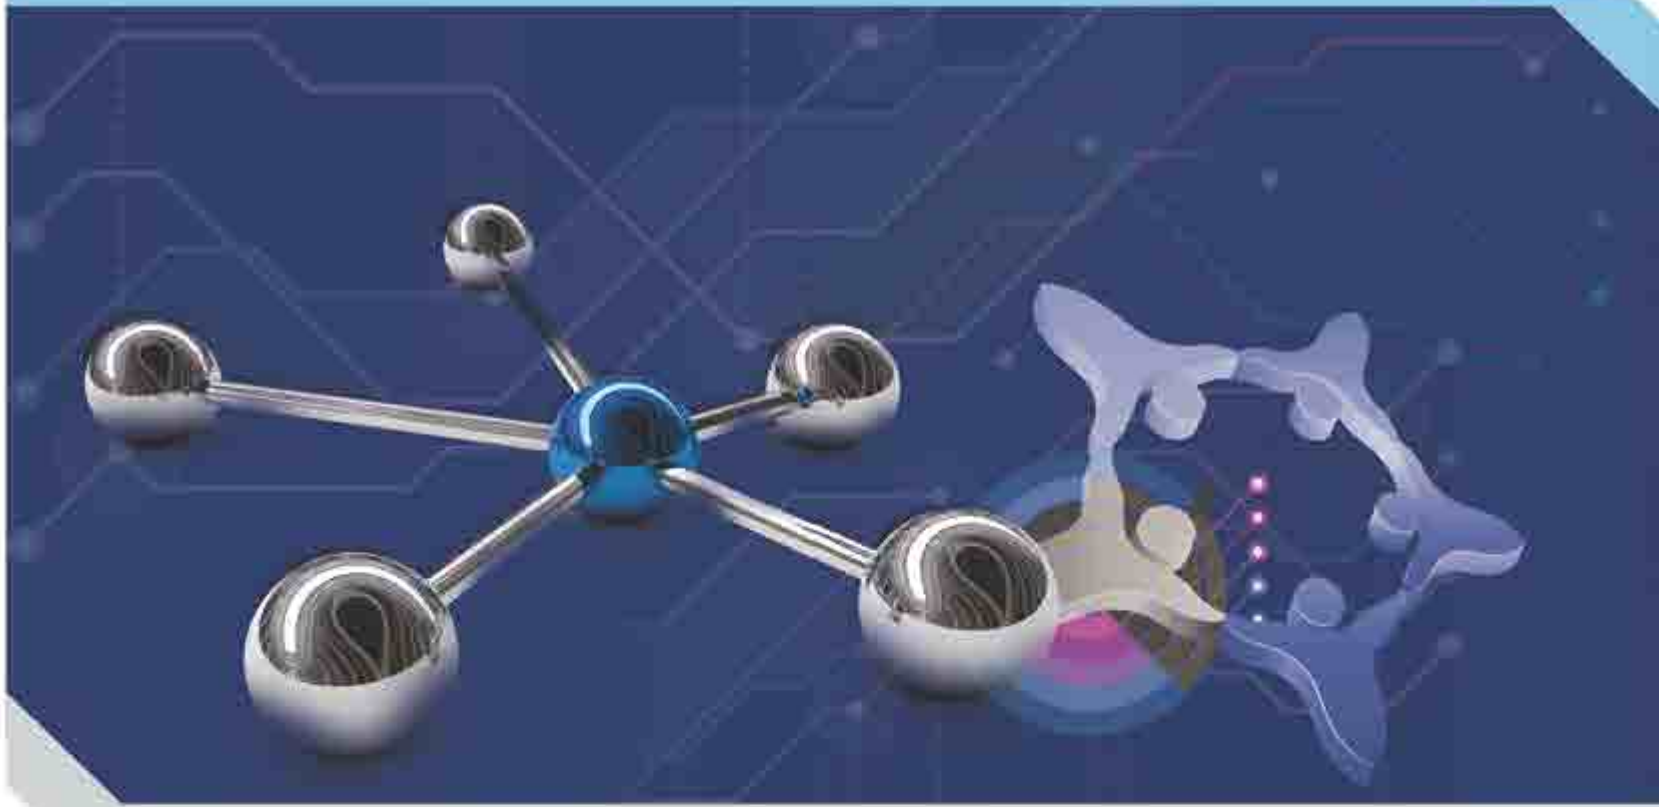

- Visit of Mr. T.M. Hoffman, Director, Indo Japanese Exchange Association to JIS College of Engineering, Kalyani, on 6th March, 2012 to deliberate on "Risk Management".
- AICTE Sponsored National Conference on "Synthesis, Characterization and Simulation in Nanoscience and Nanotechnology" organized by Department of Physics and Department of Chemistry of JIS College of Engineering.
- Faculty Development Programme on "Recent Trends in Computing" was organized by JIS College of Engineering for the Faculty and PG students of CSE/IT/CA Departments from 23rd to 26th March 2011 addressed by notable speakers like Prof. N.B. Venkateswarlu, Rich Centre, AIT, Tekkali, AP formerly Professor of Leeds University, UK.
- Microsoft Faculty Connect Summer Symposium, 2011 - 20th June to 22nd June, 2011, Gurgaon, New Delhi, India, under JIS College of Engineering, Mr. Somsubhra Gupta attended the programme on current MS technologies on areas such as Cloud Computing, High Performance Computing (HPC), Mobile Computing, Man-Machine Interaction and Robotics, Client Computing and Server Virtualization.
- WIPRO Mission 10X Learning Approach programme is directed to a more learning centric approach of education. It has three phases Dale Carnegie certification, Advanced Workshop and final module affiliated to Cambridge University, a total of three faculty members of IT department of JIS College of Engineering are trained so far for high-end teaching.

- The Great Mind Challenge Competition conducted by IBM was participated by IT Department of JIS College of Engineering.
- Oracle Database Administration Workshop was held in Oracle Bangalore, in 2010. The Faculty members of the IT Department, Mr. Soumyabrata Saha and Mrs. Suparna Dasgupta attended the Training programme and imparted the training to the students of JIS College of Engineering of CSE, IT, ECE, EIE on Oracle Database admin.
- Infosys Campus Connect Programme was initiated by the Training and Placement cell of the Institution with JIS College of Engineering. This programme module designed by Infosys was organized nation-wide in order to transform students into industry-ready professionals.
- Smart Compiler, a National Language Processing approach to compile and execute pseudo from Department of Computer Science and Information Technology of JIS College of Engineering, under the Scheme for Young Scientist (SyS) Programme, Department of Science and Technology (DST), Government of India, was submitted.
- Prof. Dr. L.K. Samanta, of ABACUS institute of Engineering and Management attended a workshop on Higher Education Opportunities for JIS College of Engineering Teachers at IIT Kharagpur held on 11.04.2011.
- Cervical cancer awareness program for married women was organized by Women's Cell of Narula Institute of Technology, supported and approved by the Indian Council of Social Science Research, Govt. of India, New Delhi, on 16.01.13 at 12.30 PM in the Language Lab of the Institute. Dr. Ramdas Chatterjee, formerly, Head, Dept. of Tumor Virology, Chittaranjan National Cancer Institute, Kolkata, and Visiting Faculty of Lady Brabourne College of Kolkata was the guest speaker.
- Wireless & Cellular Communications - New Technological Developments, a one day seminar was held at the Department of Electronics & Communication Engineering of Narula Institute of Technology. This seminar was based on Developments of Wireless and Cellular Communication where the advancement of cellular communication-1G to 4G was discussed by Dr. M.H.Kori, Technology Consultant, Technology Advisor, Validus Technologies USA, Former Chairman, IETE Bangalore Centre and Retd. Technical Director, Alcatel-Lucent Technologies.
 - Women Entrepreneurs and Technology in Developing Countries, one-day long seminar on 14th June, 2012, Thursday was organized by the Department of JIS School of Business- Agarpura Campus. Two eminent speakers expressed their views in this context, Dr. A Siva Kumar, College, Saudi Arabia, Department of Business Administration and Management Information System, Jubail University presented "Training in Derivatives and Options :Futures Trading Techniques" and Dr. S. Sarkar, Director and founder of Asian School of Management and Technology, India, presented "Gender, Technology and Management".
 - National Workshop on Antenna Modeling using HFSS and Its Applications (AMHA-2012), was organized by the Department of Electronics & Communication Engineering of Narula Institute of Technology in industrial collaboration with ANSYS on 22nd -23rd June 2012, where the participants (Faculty, Research Scholar, Technical Assistant and Student) learned different design aspects of antenna modeling.
 - The Mechanism of Binding of Inter Calculator to DNA: Mode of Base Paris in stacking, a project from the Department of Physics of Narula Institute of Technology has been submitted to the Department of Bio-technology, Government of India.

- Nutritional and Rheological characteristics of potato powder based Indian traditional dairy products-an invention by Guru Nanak Institute of Technology.
- Narula Institute of Technology has got a sanction for a project on automatic Solar Tracking Process. The project has been sanctioned by the Department of New & Renewable Resource, Government of India through IIMA Ahmedabad (the nodal agency).
- The Mechanism of Binding of Inter calculator to DNA: Mode of Base Paris in stacking, a project from the department of Physics of Narula Institute of Technology has been submitted to the Department of Bio-technology, Government of India.
- An approach to detect Black Hole Nodes in Wireless Network Using Cellular Automata: Investigation of Packet Transmission Strategies of MIMO Equipped Mobile Ad Hoc Network Using Space Time Coding.
- **Junk Food:** A recipe of Disaster Workshop was organized by Dept. of Food Technology, Guru Nanak Institute of Technology. The workshop provided awareness and information about health hazards of junk foods on 11th October, 2012.
- A Symposium of Engineering Sciences Section during 100th Indian Science Congress - where Prof. (Dr.) A.K. Bose, Advisor, Mechanical Engineering Department, Dr. Sudhir Chandra Sur Degree Engineering College acted as a chairman of a session held in Kolkata during 4-7 January 2013.
- Knowledge Session on Reliability based Modeling with Sensitivity Analysis by Dr. D. Datta, Eminent Scientist & Professor, Homi Bhabha National Institute and Head, Computational Radiation Physics, Health Physics Division, Bhabha Atomic Research Centre, Bombay at Dr. Sudhir Chandra Sur Degree Engineering College on 1st August 2012, organized by the Mechanical Engineering department.
- An awareness programme on "Lung Cancer" was organized by CIPLA Ltd. in collaboration with NSS of Dr. Sudhir Chandra Sur Degree Engineering College and Thakurpukur Cancer Hospital on 20th of September 2012.
- Guru Nanak Institute of Pharmaceutical Science and Technology is currently working on identification of newer hepatoprotective, anti-diabetic and anti-fertility compounds from natural sources and development of pharmacologically active newer synthetic molecules.
- AICTE sponsored National Seminar on Security Aspects in Modern Communication System (NSSAMCS)-2013 by the ECE Dept. of Guru Nanak Institute of Technology during 5-6 March 2013.
- AICTE sponsored National Seminar on Recent Advances in the Development of Natural Antioxidants by the Food Technology Dept. of Guru Nanak Institute of Technology during 12-13 March 2013.
- Workshop on Advanced Java Programming during 2-14 January 2013, at Guru Nanak Institute of Technology by Prof (Dr.) S. Kundu from Louisiana State University, USA.
- Three world famous Japanese chefs, Jinsuke Mizuno (wrote 32 titles of books about Curry), Shinichiro Noanchi, and Yoshimi Nain, along with Mr. Bharat Mehta, Director of Anan Co. Ltd, selected Guru Nanak Institute of Hotel management to learn Indian Dishes. They came here to learn Dab chingri, Fish paturi, Elish paturi, and many more Indian speciality dishes in Guru Nanak Institute of Hotel Management.

Strategic Tie-ups

Strategic collaborations with both Government and Industry have helped us reinforce our educational and outreach the mission in order to launch new trends and technology initiatives. Our strategic partners facilitate valuable funding, access to internships also help to enhance our educational opportunities through workshops and special courses by visiting lectures.

WIPRO, Infosys join hands with JIS group educational initiatives

JIS Group Educational Initiatives has signed a MOU with WIPRO: one of the largest information technology solution organizations of India for a strategic relationship to develop specialized infrastructure at all our campuses. WIPRO would guide JIS Group Educational Initiatives for the development of its labs, conduct faculty development programmes and organizes seminars and workshops to guide students to learn and implement several industry specific skills.

Another prestigious partnership with Infosys started from the year 2006, when Infosys chose one of our Group Institutes- Narula Institute of Technology, for its Campus Connect Programme. Presently all our technical institutes are in the Campus Connect Programme. This programme is an important window for academic institutions to get a thorough understanding of industry requirements in the Information Technology sector. Students have interactions with Infosys round the year, to build their skill sets.

JIS College of Engineering is the First Private engineering College in West Bengal, to have a strategic set-up with IBM. Three memorandums of understanding have the under mentioned tools used by the major software companies:

RUP (Rational Unified Process)-Process and knowledge base/ Requisite Pro-requirements Management/Rose Enterprise Edition-Visual Modeling/ Purified Run-time error checking/ Quantity Profiling/Coverage-code Coverage/ Rational Robot (with load test)/ Rational Test Manager/ Clear Case LT-Configuration management/ Clear Quest-Defect Tracking/ Project console-Project Management/ SODA Documentation.

Also, we have the IBM Web Sphere Competency Centre at JIS College of Engineering, which provides training on DB2, Web Sphere Application Server, Web Sphere Studio with hands on training by IBM certified professionals.

JIS Group-IIT Kharagpur have signed a MOU for a academic tie-ups

The group has also signed a MOU with Science & Technology Entrepreneurs' Park (STEP) – IIT Kharagpur. The agreement encompasses sharing of workspace, equipment, library, computer and technical guidance and consultancy of faculty members of IIT. Discussion is at an advanced stage for jointly organizing short-term/long term and focused courses (2-10 days) guided by several faculties from IIT and other renowned institutions. Seminars and workshops would be held for students and faculty of the eastern region. Joint publications and TV programmes through e-learning mode would be developed for students. This tie-up will not only help students of Colleges of JIS Group, but also the students of Eastern India.

NIT ties up with MSME (Govt. of India)

Micro, Small and Medium Enterprises Development Institute (formerly SISI), Kolkata, Ministry of MSME, Govt. of India and Narula Institute of Technology have expressed their desire to associate and have signed a MOU for conducting tailor-made courses on "Business Skill Development Programme (BSDP)" for the pre-final and final year engineering students of NIT for establishment, development and promotion of micro, small and medium enterprises jointly.

Oracle University certifies JIS Foundation as Authorized Testing centre

JIS Foundation is authorized to deliver Instructor Led Training leading to Global Certifications for Database Technology and Java. It enables the students to have an access to Oracle Authorized training materials at an affordable cost and make them ready for the Market requirement in terms of Technology. The students who will undergo the training from JIS Foundation will also get a Participation Certificate for completing each and every program they undergo with you under the WDP product portfolio. JIS Foundation is certified by Oracle University as Authorized Testing centre for OracleWDP database and java Global Certification.

Microsoft teams up with DSCSDEC for Ed-Vantage programme

Dr.Sudhir Chandra Sur Degree Engineering College from JIS Group is the first Microsoft Ed-Vantage Platinum level enrolled college from the Region. Microsoft Corporation India Pvt. Ltd. joins hand with the college to help increase student employability through its education resource program, Ed-Vantage. The program provides a platform for corporates to hire Microsoft Technology certified students of high calibre from colleges for internship and employment."Dr.Sudhir Chandra Sur Degree Engineering College from JIS Group is the first Microsoft Ed-Vantage Platinum level enrolled college from the Region.

ICICI LEARNING Matrix Centre

Centre of Management Studies-JISCE is the only institute in West Bengal Where ICICI bank has started a dedicated Learning Matrix centre. This gives the students a first-hand experience in dabbling with modern financial packages and banking systems. The centre offers training both for ICICI bank employees and our students by our own faculty. The faculty has been trained directly by ICICI for such programmes.

Guru Nanak Institute of Pharmaceutical Science and Technology

The institute is currently in the process of signing a MOU for exchange of faculty, students and research collaboration with Universities India and abroad.

Approval from Ministry of Tourism, government of India

Guru Nanak Institute of Hotel Management have received the approval for conducting short courses in Cookery, food and Beverage Services. Chamber maid and Chamber boys are funded by the ministry of Tourism, Government of India through National Council of Hotel Management and Catering Technology.

Narula Institute of Technology

has signed a Memorandum of Understanding (MOU) with NIT, Sikkim on 04.06.2012 for collaborations in the area of Academics, Research and Consultancy activities. In the photograph, Principal NIT and representative of Director, NIT, Sikkim congratulating each other after signing of MOU.

The Bengal Chamber of Commerce and Industry

JIS Group educational initiative illustrious alliance with the Bengal chamber of commerce and industry creates an interface for extensive Development, Manufacturing, Shipping, Infrastructure and Tourism and skill Development to name a few selected sectors. The chamber is working with leading overseas partners, Institutions and foreign trade promotion organizations in catalyzing investments and B2B contacts including technology transfer. Therefore this association reinforces our outreach mission and enables the Institutions to explore new business trends, technologies and initiatives thereby enriching futuristic enhancement of educational opportunities for the group.

Collaboration with SMCC

Collaboration with School of Mobile Computing and Communication, Jadavpur University for setting up Center of Excellence at JIS College of Engineering.

GNIT gets Government grant

Ministry of food processing, Government of India, is in the process of sanctioning a grant to develop infrastructure for several food processing labs in the Food Technology. 25 lakhs has already been received as a first installment.

JIS College of Engineering ties up with Texas Instruments, India

Department of Biomedical Engineering Of JIS college of Engineering has taken a step forward with four of its final year B.Tech projects (Robotic control of Microsurgery, Localized sensory Robotic Finger, Intelligent Holter Monitor, and Pocket Pacemakers) being selected in Texas India analog design contest 2011 and all of them have been fully financed by Texas Instruments. Texas Instruments (TI) is a global analog and digital semiconductor IC design and manufacturing.

JIS Group is jointly working with the Asian Institute of Technology Bangkok

(AIT Bangkok) for enhancing academic and international orientation of their students for their better professional career. Selected students of JIS Group will be initially trained at AIT Bangkok a leading University of the world having students and faculty from many countries across the World.

Later faculty and students from AIT Bangkok also will come to share their experience at JIS Group. Joint research, workshops and conferences also will be arranged.

Volkswagen Group Regional Training Academy

In the automotive industry, Volkswagen is the third largest in the world. It has 2 Automobile hubs in India located at Pune and Aurangabad. Our colleges have recently signed a MOU with Volkswagen for setting up a fully-fledged training cum service centre in the college campus which will further enhance the quality of automobile engineers graduating from our college.

The company is planning to have the following training hubs in our college:

RTC (Regional Training Centre)

This centre would specialize in dealer training. The first RTC in India is established in Chandigarh and the second would be in Eastern India, at Dr. Sudhir Chandra Sur Degree Engineering College, Dum Dum, Kolkata. It will be covered over an area of 6000 sq.ft. with workshop, classrooms and other areas.

Strategic Tie Ups with CIIS & AVTEG

Strategic Tie Ups with College of Innovation and Industry Skills (CIIS) and Australian Vocational Training & Employment Group (AVTEG in Perth, Australia).

Vg-TAP (Volkswagen Group-Technical Apprenticeship Programme)

This program would include the regular practical training of the mechanical and automobile students from ITI and diploma backgrounds. It will be covered over an area of 2000 sq.ft. with workshops, classrooms and other areas.

Apart from this our colleges are also making arrangements for students to undergo vocational training in some of the reputed automobile manufacturing plants, dealer workshops and dealer service.

SKILLS

Skill Development

JIS group career services extensive networks with the recruiters continue to grow not only with large scale multinational and national organizations but also with small and medium enterprise development Institutes, Government of India and national entrepreneurship network (NEN) to mentor students and develop them into future entrepreneurs.

The career support services are facilitated by industry relevant training, interface and alliance. The service include practice sessions for psychometric tests, information updates on employment, further studies and training opportunities, organizing on campus interviews and so on.

JIS group educational initiatives also emphasize on the holistic development of the student beyond classroom curriculum. Special modules and grooming programmes have been incorporated with the academic syllabus to effectively inoculate and enhance attitude, soft skills, logical and mathematical abilities by conducting training programmes on group discussions, CV writing workshops, interview techniques and so on. These programmes are conducted by reputed placements consultants like target, prime on line, RSM and Ma Foi Academy who invite corporate honchos to address the students.

Our students also volunteer to play a key role and personal and professional development of the students of other surrounding institutions. They enthusiastically participate in activities like career counseling, mentoring workshops and IT seminars at different schools in the community.

Industry Institute Partnership Cell

Project Sponsored By AICTE New Delhi

JIS College of Engineering as a part of its IIPPC initiative has already organized two Industry Institute Partnership Summits named as 'Squire'. The Summits are aimed at helping students understand and adapt to the changes between campus life and corporate life.

The first Summit was conducted at Oberoi Grand, Kolkata on 4th September 2009 & the second was organized at Netaji Indoor Stadium, Kolkata on 20th August, 2011

Mr. Pritam Singh (Head Resourcing - Global Technology - HSBC), Mr. Sutanu Chaudhuri (Chief People Office - Future Value Retail), Mr. Syed Raza (GM and Head-Recruitment, Fiserv), Mr. G. Pratap (Director-HR, Mearsk), Ms. Sophia Almeida (Head-Corporate Recruitment - ATOS), Mr. Rahul Nandi (Country Staffing Manager - India & South Asia - HP) and Mr. Mushtaque Alam (Global Head-Syntel) were among the many renowned industrial experts who were invited in this forum in order to guide the students with their own expertise, insights by sharing their own learning and experiences, offering them encouragement, mentoring and invaluable suggestions to show them the way forward.

Observed Mr. Pritam Singh (Head Resourcing - Global Technology - HSBC), one of the speakers at the programme, "Students need to prepare themselves for the developmental needs in the organization that they join, they must face their identity dilemmas, adapt to the changes in environment and move ahead successfully. "A periodic appraisal of strengths and weaknesses is necessary, he felt to help students make focused careers. Other speakers included: Mr. Sutanu Chaudhuri (Chief People Office - Future Value Retail), Mr. Syed Raza (GM and Head-Recruitment, Fiserv), Mr. G. Pratap (Director-HR, Mearsk), Ms. Sophia Almeida (Head-Corporate Recruitment - ATOS), Mr. Rahul Nandi (Country Staffing Manager - India & South Asia - HP), and Mr. Mushtaque Alam (Global Head-Syntel), among others. Said Ms. Sifa Singh Ghosh (GM-Corporate Communications, JIS Group Educational Initiatives), "Industry-institute collaborations like these are a great way to bridge the gap between the demand and supply of the industry. An event like this will equip the students to shape themselves for the work environment they will soon be absorbed into."

Entrepreneurship Development Cell- Project Sponsored by AICTE New Delhi

The Objective of Entrepreneurship Development Cell

- To promote entrepreneurship among the students
- Harnessing talents
- Mobilizing & motivating them to transform from job seeker to job generator
- To facilitate SELF RELIANCE
- To create a platform helping Students to Innovate, Apply technology and Arranging for proper funding and guidance for opening own company.

Women Entrepreneur Association of Bengal

About WEAB

WEAB is a non-profit organization of West Bengal, with a mandate to work in South East Asia. It is under the process of acquiring accreditation from International Labor Organization (ILO), Government of India and Government of West Bengal. WEAB has also approached MSME and is working closely with the Ministry of Rural Development in encouraging women entrepreneurs in our state. The ultimate goal of WEAB is to broaden its horizons and strengthen its roots in India as well as South East Asia for the development and economic upliftment of women entrepreneurs in rural and urban areas.

Objectives

- To engage in conducting national & international seminars, symposiums, workshops etc., as events for promoting women entrepreneurship, especially in West Bengal.
- To build a successful endeavor by partnering with our focal points in almost 10 countries in South East Asia by the year 2020.
- To highlight issues pertaining to and to provide training facilities in marketing, finance, product design, manufacturing and a host of other critical issues.
- To achieve e-commerce by using digital information to understand the needs and preferences of consumers and partners etc. and thereby customize products and services to suit the requirement of the consumers, through the internet.

Training

- In export marketing and management
- In domestic marketing
- Quality control and standardization
- Management of Enterprise Law, Regulations and Proceedings
- Systems for running small and medium scale enterprises

Corporate Social Responsibility [CSR]

CSR Practices at JIS Group sets a realistic agenda of sustainable development approaches for the company to manage their business processes to produce an overall positive impact on the society.

Few major CSR initiatives taken by JIS Group are as follows:

JIS Sumedha 2010: This unique scholarship programme was launched to provide the meritorious yet economically underprivileged children the opportunity to study at any one of their colleges for free. The scheme offered full scholarship for full term course provided their family income is below Rs. 60,000 and the candidate has secured a rank below 500 in VBJEE and 5000 in AIEEE.

Disha which is a JIS Group Corporate Social Responsibility has launched "WHAT NEXT?" which is an informative college directory, with course and contact details of all the colleges across Eastern India. This will act as a ready reckoner for students in order to find suitable course and institute options in Eastern India after Class-XII.

- **Free Dental Check Up:** This facility is offered by our Guru Nanak College of Dental Sciences and Research especially to school and college students and also at various social awareness camps. The Doctors at our Dental Hospital render treatment for critical dental ailments at a subsidized fee.
- **Green-Is-In** (an initiative towards a clean, green and safe environment)- on 13th of September 2011, a "green-letter-day" in the calendar of JIS College of Engineering, Kalyani, a group of twenty six students came forward and took the ownership of propagating the cause of conservation and restoration of nature. They drew posters, wrote insightful catch lines on this Green Is In initiative and hung them on the walls of the college, planted saplings and plants, cleared the campus of plastics, and other forms of wastes so that we can set to rights and revive the ailing planet and make it evergreen. This event marks the beginning of creating a long-term awareness for building a healthy environment in the campus. Our objective is to recreate a green campus by the end of 2015.
- **Narula Institute of Technology** under JIS Group Educational Initiatives conducts blood donation camps, plantation of trees and other welfare activities under National Service Scheme as social service for the students, both as a measure of educational reform and as a means to improve the quality of educated manpower.
- Moreover, the students and faculty of our Institutions are also pro-actively engaged in multifarious community services like blood donation camp, donation of clothes and medicines to orphan children, ECO awareness camp, Aids awareness Camp, Eye Camp, adolescence behavior survey amongst many other activities with social cause.

Student Achievements

- Arkya Mukherjee of JIS College of Engineering, EIE department won the Japanese Language Quiz Contest and was awarded scholarship for visiting Japan for "Jenesys", a cultural programme.
- Saikat Ghosh of JIS College of Engineering, CA department was awarded 1st prize for his paper presented in FOSET, Kolkata on 30th-31st March 2012.
- Subrata Saha of JIS College of Engineering, M.Tech (IT-SE) department, achieved the second position in WBUT Exam, 2011.
- Tanusree Saha, of JIS College of Engineering, M.Tech (IT-SE) department, got the third position in WBUT Exam, 2011.
- Abhijit Sarkar of JIS College of Engineering, M.Tech (MCSE) department, stood first in WBUT Exam, 2011.
- Arkya Pratim Banerjee of JIS College of Engineering, IT department, won the 1st Prize in 'Model Competition' Category at the State Level of West Bengal State Student-Youth Science Fair 2012.
- Chanchal Rungta of JIS College of Engineering, EIE department, was the Campus Brand Ambassador at 'Xperience Cognizant 2012'.
- Agniv Pal Choudhuri of JIS College of Engineering, CS department, was selected as 'Google Student Ambassador' for the year 2012-2013.
- Arindam Das of Narula Institute of Engineering, CSE department, authored a "Research Paper on Intelligent Systems & Signal Processing, which has been accepted and published in the proceedings of an International Conference- ISSP, 2013, IEEE Xpolre Digital Library".
- Nikita Pandey of Narula Institute of Technology, IT department, authored an International Journal on Advanced Research In Computer Science and Software Engineering, Volume 2, Issue 8, pp 316-320, 2012, "A Novel Approach of Cancerous Cells Detection from Lungs CT Scan Images.

- Debarshi Mukherjee, of Narula Institute of Technology, EE department, winner of WBUT Project award for project on "Launching of a projectile using electromagnetic force of a Linear Motor" is presently working as Research Scholar at IIT Bombay since September 2011.
- Rimpi Datta of Narula Institute of Technology, ECE department, authored "Framing Jham Heart Study", at 19th Science Congress 2011, Saha Institute of Nuclear Physics.
- Subhojit Dey of Narula Institute of Technology, ECE department won "Smart Material and Devices - Application in Defence and Engineering Sector"-20th West Bengal Science Congress at BESU, Kolkata.
- Soumya Banerjee, Sankar Roy, Sourav Paul of Narula Institute of Technology, CSE department won INFOSYS ASPIRATION-2020 programming contest under campus connect program.
- Oishee Majumder of Guru Nanak Institute of Technology, AEIE department, was the Gold Medal achiever of the academic year 2010 in WBUT.
- Rajeev Singh of Guru Nanak Institute of Technology, ECE department, was selected for being an annual member of Indian Mathematical Society, Aurangabad (Maharashtra). He also got selected for being a student member in Cryptology Research Society of India, Kolkata.
- Anupam Gupta of Guru Nanak Institute of Technology, AEIE department, stood 1st in Group Presentation in Entrepreneur Awareness Camp (EAC-2011), organized by GNIT in collaboration with DST, Govt. of West Bengal, in April, 2011.
- Aritra Das of Guru Nanak Institute of Technology, FT department, won Gold Medal for scoring first position in B.Tech (Food Technology) in the 7th Annual Convocation of WBUT from the Honorable Governor, West Bengal.
- Saikat Ghosh of Guru Nanak Institute of Technology, AEIE department won WE-CARE FILM care prize on his short film "DRISHTI", which later got selected in the Kolkata International Film Festival.
- Priyanka Banerjee of Dr. Sudhir Chandra Sur Degree Engineering College, CSE department, was selected as 'Google Student Ambassador' for the year 2012-2013.
- Adipta Dutta of JIS Institute of Aviation, Aerospace Engineering department has innovated a green vehicle concept "AVCAR" which can run on the road and also fly in the air. His project has been selected as a Project at Mahindra Spark the Rise Contest and Dell Social Innovation Challenge.
- Shankar Bhattacharjee of Greater Kolkata College of Engineering and Management, ECE department, was selected as 'Google Student Ambassador' for the year 2012-2013.
- Sweta Sah of Abacus Institute of Engineering and Management, CS department, was selected as 'Google Student Ambassador' for the year 2012-2013.

- Shuvraketan Halder of JIS College of Engineering, IT Department, is presently working in CTS, a meritorious student, who had scored more than 97.5 percentile in GATE.
- Jayanta Kumar Pal of JIS College of Engineering, ITC Department, is presently associated with Indian Statistical Institute, Kolkata as Junior Research Fellow (JRF) in Centre for Soft Computing Research.
- Subhajit Roy, of JIS College of Engineering, ECE Department, is presently working in American Megatrends Inc. in the area of Machine Level Design and Computation. His works have been endorsed and co-published in International Conference in Information Science, Technology and Management (CISTM) organized by Virginia Commonwealth University, USA.
- Somenath Chakraborty, of JIS College of Engineering, ECE Department, complemented Subhajit Roy in their investigation related to paper publishing in International Conference in Information Science, Technology and Management (CISTM) 2009 organized by Virginia Commonwealth University, USA. He is working with Patni Computers at present.
- Sumit Das, of JIS College of Engineering, CSE Department, with an incredible score card of 99.5 percentile in GATE, completed his M.Tech from IIT Kharagpur. Presently, in USA with Corporate assignment, Sumit has high end corporate experiences with big names like Symantec and Google.
- Kaushik Ghosh, of JIS College of Engineering, IT Department, with a consistent academic record, is now working in Wipro Technologies, Bangalore. Based on his contributory work in "Entry detection project" at Machine Intelligence Lab, JIS College of Engineering, he has got recognition at Wipro and has also recently won an award for significant contribution in the dual areas of C++ and JAVA.
- Md. Saquib Akmal Khan of Narula Institute of Technology, EE Department (WBUT Rank Holder) has been admitted in MS (Computer Science) in Virginia Tech University, USA.
- Subhdeep Roy of Narula Institute of Technology, ECE Department, is now working at BARC as Scientist, Trombay, India.

- Sandip Patel of Narula Institute of Technology, EE Department, is presently working with Indian Oil Corporation as an Electrical Engineer.
- Santanu Samanta of Narula Institute of Technology, CIVIL Department, is pursuing M.Tech in Indian Institute of Technology.
- Subhra Datta of Narula Institute of Technology, CSE Department, is presently working with Capgemini.
- Samya Ghosh of Guru Nanak Institute of Technology, MCA, is now studying at Max Planck University, Germany.
- Mustaque Ahmed, Guru Nanak Institute of Technology, M.Tech- SE, is now studying at University of North Carolina, USA.
- Chiranjeep Nandy of Guru Nanak Institute of Technology, AEIE Department, is now studying at Texas Tech University.
- Amrita Chatterjee, of Guru Nanak Institute of Technology, AEIE Department, is now studying at University of Washington.
- Ms. Debjani Sen, Mr. Debjit Ghosh and Ms. Sanghamitra Sengupta, students of Guru Nanak Institute of Technology, FT Department, are now studying Food Technology in University of Dresden, Germany.
- Abhijit Das, Arumoy Bhattacharya, Pinaki Gourav Das, Surojit Paul and Prasenjit Das students of JIS School of Polytechnic, ME Department are working with Blue Star.
- Arijit Das, Arijit Mandal, Bappaditya Manna, Sirshendu Mukherjee, Tanuj Kumar Kushwaha of EE, students of JIS School of Polytechnic are working with Blue Star.
- Soham Dutta of ETE, student of JIS School of Polytechnic has been successfully working with Blue Star Toshniwal Group.
- Kartik Mondal of JIS School of Polytechnic, ME Department has successfully been placed at Tata Steel.
- Abhimanyu Mishra of Guru Nanak Institute of Hotel Management is currently working with Marriott Hotel.
- Arindam Ganguly of Guru Nanak Institute of Hotel Management is currently working with the Park Hotel.
- Suzzan Rojario of Guru Nanak Institute of Hotel Management is currently working with the Food Pavilion, Dubai.
- Amita Choudhury of Guru Nanak Institute of Hotel Management, is currently working with the Vivanta Hotel by Taj.

Placement

Engineering

- Cognizant ▪ Tata Consultancy Services ▪ Tech Mahindra ▪ Infosys ▪ IBM ▪ Wipro Technologies ▪ Capgemini ▪ L&T EmSys ▪ HCL Technologies ▪ Accenture ▪ Sasken ▪ Dell

Eligibility and Admission Criteria

Course	Eligibility and Admission Criteria
Degree in Engineering streams	The candidate must have completed the age of 17 years on or before 31st December in the year of admission with a valid WBJEE / JEE (Main) will be allotted a seat through counseling. Admission to any of the B.Tech streams is as per the norms and guidelines of Dept. of Higher Education, Govt. of West Bengal.
M.Tech in - Electrical Devices & Power Systems - Power Systems - Electrical Engineering	Candidates with B.Tech/B.E/AMIE, degree holders in EE with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in - Mobile Communication and Network Technology - Electronics and Communication Engineering - VLSI - Micro Electronics	Candidates with B.Tech /B.E/AMIE, degree holders in ECE/AEIE/Instrumentation or M.Sc in Electronics/ Physics (Specialization in Electronics) or equivalent with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in - Computer Science and Engineering - Soft Engineering	Candidates with B.Tech/B.E/AMIE, degree holders in CSE/IT/MCA or M.Sc in Computer Science, Mathematics with Computer Science specialization and first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in Bio-Medical Instrumentation Engineering	Candidates with B.Tech/B.E/AMIE, degree holders in BME/ECE/EIE or M.Sc in Electronics/Physics (Specialization in Electronics), with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in Applied Electronics and Instrumentation Engineering	Candidates with B.Tech/B.E/AMIE, degree holders in ECE/EIE/AEIE/Instrumentation /EE/EEE with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.

Eligibility and Admission Criteria

Course	Eligibility and Admission Criteria
M.Tech in Mechanical Engineering	Candidates with B.Tech./B.E./AMIE, degree holders in ME/Production Engineering or equivalent with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in Food Technology	Candidates with B.Tech degree holders in Food Technology with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in Nano Science and Technology	Candidates with B.Tech/B.E./AMIE, degree holders in BE/B.Tech in ECE/EIE/CSE/EE/ME/EPhy/Metallurgy/ Material Engg./IT/Biotechnology/Chem.Engg./BME/Polymer Science and Tech. or M.Sc in Phy./Chem./A Phy./A Chem./Electronics/Math./Biotechnology/Bioscience/Life Sciences/Physical Science/Chemical Science/Material Science with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
M.Tech in Civil Engineering-Structural Engineering	Candidates with B.Tech degree holders in Civil Engineering with first class marks, valid GATE or PGET score will be admitted as per the norms and guidelines of West Bengal University of Technology.
Bachelor in Computer Application (BCA)	The applicant having passed/ appeared at the Higher Secondary Examination in the general or vocational stream of the West Bengal Council of Higher Secondary Education or its equivalent examination from a recognized University/ Board with English, Mathematics/ Statistics/ Business Mathematics/ Computer Application at the 10+2 level. The admission of the candidate will be as per the norms and guidelines of West Bengal University of Technology.
Masters in Computer Application (MCA)	10+2+3 or equivalent in BCA/any stream with Mathematics/ Statistics/ Computer Science as one of the subjects from any recognized University in India. Also students have to clear the WBJECA examination of the current year.
Masters in Business Administration (MBA)	10+2+3 or equivalent in any stream from any recognized University in India. Also students need to have a valid MAT/WBJEMAT/CMAT score to be eligible for the college selection and admission process.

Eligibility and Admission Criteria

Course	Eligibility and Admission Criteria
BBA (H) - Bachelor in Business Administration	The applicant having passed / appeared in the Higher Secondary Examination in the general or vocational stream of the West Bengal Council of Higher Secondary Education or its equivalent examination from a recognized University / Board with English as one of the subjects at the 10 + 2 level. The admission of the candidate will be as per the norms and guidelines of West Bengal University of Technology.
Bachelor in Dental Surgery (BDS)	The candidate must have completed the age of 17 years on or before 31st December in the year of admission. The candidate must have passed Higher Secondary Examination or equivalent at 10+2 level from a recognized council/board and passed Physics, Chemistry, Biology and English individually, and obtained a minimum of 50% marks taken together in Physics, Chemistry and Biology. Admission will be solely based on the merit as achieved during the entrance test and counseling.
Masters in Dental Surgery (MDS)	Candidate should possess a BDS qualification from a College /University, duly approved by DCI and Government of India. Candidate should have a permanent registration of Dental Council of India/State Council. Mere fulfilling eligibility criteria do not guarantee admission. Admission will be solely based on the merit as achieved during the entrance test and as per preference given in the application.
Master in Pharmacy (M.Pharm) - Pharmaceutical Chemistry - Pharmacology - Pharmaceutics	Candidates with a B. Pharm Degree can apply. Applicants with GPAT/PGET score will be preferred. Admission will be as per the norms and guidelines of West Bengal University of Technology.
Bachelor in Pharmacy (B.Pharm)	The candidate must have completed the age of 17 years on or before 31st December in the year of admission. 10+2 passed or appearing candidates with Pure / Bio science background from any recognized board in India can apply, subject to allotment of seat through WBJEE or JEE(Main) of the current year. Admissions to any of our programmes offered are strictly following the guidelines of West Bengal University of Technology.
Bachelor in Hospital Management	The applicant having passed / appeared in the Higher Secondary Examination in the general or vocational stream of the West Bengal Council of Higher Secondary Education or its equivalent examination from a recognized University / Board with English as one of the subjects at the 10 + 2 level. The admission of the candidate will be as per the norms and guidelines of West Bengal University of Technology.
Diploma in Pharmacy (D.Pharm)	Candidates applying for admission should pass 10+2 level examination with English, Physics, Chemistry and Biology or Mathematics as the subjects. The admission of the candidate would be as per guidelines of WBSCTE and PCI.

Eligibility and Admission Criteria

Course	Eligibility and Admission Criteria
B.Sc (H) in - Microbiology - Bio-Technology	The applicant having passed/ appeared in the Higher Secondary Examination in the general or vocational stream of the West Bengal Council of Higher Secondary Education or its equivalent examination from a recognized Board / University. He/she should pass 10+2 level examination from Science stream with English as one of the subjects. The admission of the candidate would be as per the norms and guidelines of West Bengal University of Technology.
B.Sc (H) in - Microbiology - Biotechnology - Genetics	The applicant having passed/ appeared in the Higher Secondary Examination in the general or vocational stream of the West Bengal Council of Higher Secondary Education or its equivalent examination from a recognized Board / University. He/she should pass 10+2 level examination from Science stream with English as one of the subjects. The admission of the candidate would be as per the norms and guidelines of West Bengal University of Technology.
M.Sc in - Biotechnology - MSc Genetics	The applicant having passed/ appeared in the B.Sc examinations of Biotechnology, Microbiology, Genetics, Botany, Zoology, Bio-Chemistry, Physiology, Chemistry, Biochemistry. The admission of the candidate would be as per the norms and guidelines of West Bengal University of Technology.
Bachelor in Hotel Management and Catering Technology	Higher Secondary (10+2) appeared or passed can apply.
Bachelors in Hospitality Management (H)	Higher Secondary (10+2) appeared or passed can apply.
B.Sc in Hospitality and Hotel Administration	All candidates should have a valid rank in JEE organised by NCHMCT and should be allotted a seat through NCHMCT counseling. Students allotted a seat have to take admission within a stipulated time notified by the college authorities at the time of counseling and allotment.
Diploma in Mechanical Engineering Diploma in Electrical Engineering Diploma in Electronics and Telecommunication Engineering Diploma in Civil Engineering Diploma in Computer Science and Technology Diploma in Survey Engineering	The applicant must be an Indian citizen whose date of birth (DOB) should not be after 1.01.1998. The candidate must have passed/appeared at the Madhyamik or its equivalent examination with minimum 35 percent of marks in aggregate and JEXPO 2013 entrance test conducted by West Bengal State Council of Technical Education (WBSCTE).

Student Life Centre

Student's Life Centre aims at the all round development of students by organizing several extracurricular activities throughout the year by the various clubs and societies at the college campus. Through SLC, there is a steady growth in students' participation at various levels, where they demonstrate their skills and talents in the fields of sports, dance, music, photography, social service etc. Presently, the constitution of various clubs and societies has been initiated at JISCE. However, subsequently, this enterprise will be replicated at all other colleges under JIS Group Educational Initiatives.

Vision:

Facilitating the student's innovativeness and activities related to various technological and non-technological oriented projects to enhance their hidden talent and creativity.

The Clubs and Societies are as follows:

Science Club | Engineering Modelling Club | Mathematics Club | Computer Society | Art & Literary Society
Photography Club | Music Club | Department of Sports | National Service Scheme | Environmental Education
Society | Community Connect.

The students work together in SLC to identify and address the concerns that affect the community directly and indirectly. It represents the interests of the students who are motivated by their sense of social responsibility with the aim of giving back to society. **SLC** also coordinates events organized periodically by the enthusiastic and energetic members of various clubs.

Campus Facilities and Services JIS Group of Colleges

JIS Group of Colleges provides the students with the essential services required for holistic education experience at the college campus. Some of these facilities are as enumerated below:

Hostel

Separate hostel and accommodation facilities for boys and girls with food, lodging, indoor games and first aid facilities. Hostel Fee including food and lodging cost is Rs. 3,500/- per month.

Canteen

Each of the campus canteens is well equipped with proper space, logistics, hygiene and infrastructure to serve lunch and snacks to the entire campus population at a subsidized price.

Gymnasium

The JIS Group College Gym is furnished with equipments like high pulley, large press, pole, leg rider, parallel bar, crossing pulley etc. for the students to encourage regular exercises for maintaining fitness and health.

Language Lab

Every College under JIS Group has Personality, Attitude, Communication and Knowledge (PACK) enabled Language Labs, designed and equipped by IIT CACM (Kharagpur). Both are fully interactive, open environment labs which induce the VAK (Visual, Auditory and Kinesthetic) style of learning and a multi-sensory learning experience.

Library

In every institution, library is an integral part of a learning hub. JIS Group of Colleges facilitate the students with massive and comprehensive library support comprising over 2 Lakh books and around 5000 journals which include a large number of e-journals.

Seminar and Conference Halls

The colleges are also geared with capacious seminar and conference halls which can accommodate minimum 300 to maximum 500 and above seats equipped with ultramodern accompaniments.

Medical Facility

The institutions allot a medical room attended by a qualified Medical Officer, five days a week for regular health monitoring of students. The appointed Medical Officer is also available at short notice to address emergency health adversities in the campus or hostel.

Transportation

Most of the Institutions under JIS Group offer transportation facilities for commutation convenience of the students. Separate common room for both boys and girls equipped with table tennis board, carom board and so on. Reprographics facilities in the campus help the students with the instant technology of copying, duplicating, scanning, xerography and digital printing of study material content and handouts for their reference study.

Playground

The campus offers sprawling space for playing football, badminton, etc.

At JIS, we believe in wholesome education and personal development. We organize regular Sporting Events, Fests and Cultural Activities. We also actively encourage innovative and creative pursuits led by student focus groups and social responsibilities for personal enrichment. These initiatives keep the students productively engaged, foster bonding among the students, simultaneously offering them learning and personal development opportunities beyond the classroom curriculum.

The student have to abide by the institute regulations to curb the menace of ragging as per the directives of the Honorable Supreme Court of India (writ Petition No.(C) 656/1998), the legal provisions stated in The West Bengal Prohibition of Ragging in Educational Institutions Act, 2000 (WB Act XIII of 2000) and also as per the notification by All India Council for Technical Education on the prevention and prohibition of ragging in technical institutions, Universities including Deemed to be Universities imparting technical education F.No.37-/Legal/AICTE/2009.

Ragging and the Legal Provisions

Ragging and the Legal Provisions Enactment of Central and the State laws, makes ragging a cognizable offence with identifying the perverse forms of ragging under such law(s), and giving punishments appropriate with the cruelty of the offence -

- A student indulged in the act of raging his / her juniors may be expelled from college / university.
 - He/ she may be banned / debarred from staying in hostel / mess
- Scholarship / stipend / financial grant can be withdrawn /cancelled by the college / university
 - He /she may be debarred from appearing at future examinations of university
 - He /she may be debarred from taking admission to any other educational institute in the state or even in the entire country
 - He /she may be charge sheeted and court of law may try the accused student.
- It may, after taking all precautions, give severe punishment to meet the end of justice.

Specific Sections to Deal with Ragging Cases and Ensuring Justice under the Indian Penal Code (IPC)

Minor Complaints Against Ragging :

Sections

- 339 Wrongful restraint
- 340 Wrongful confinement
- 341 Punishment for wrongful restraint
- 342 Punishment for wrongful confinement
- 294 Obscene acts and songs
- 506 Punishment for criminal intimidation

Major Complaints Against Ragging :

Sections

- 323 Punishment for voluntarily causing hurt
- 324 Voluntarily causing hurt by dangerous weapons or means
- 325 Punishment for voluntarily causing grievous hurt
- 326 Voluntarily causing grievous hurt by dangerous weapons or means

Death or loss of life :

Sections

- 304 Punishment for culpable homicide not amounting to murder
- 306 Abetment of suicide
- 307 Attempt to murder

STUDENT SPEAK

Anish Mukherjee (AIEM)

I can firmly say that our college possesses highly experienced teachers and professors, well equipped lab for continuous testing required for technical training, helped us in our academic performance in the semester exams as well as to acquire sound technical knowledge. Besides academic pursuits the college also organizes annual fest, football and cricket tournaments, fresher's welcome party and so on for all round development. Moreover, I am also thankful to all our teachers, staffs and respective principal sir for providing us such a quality technical education. Last but not the least, I have been selected in the campus interview of TVS Motors and I am ever grateful to my college for giving me such a great opportunity.

Sharbani Sengupta, GNIT

Hello everyone, I am Sharbani Sengupta, a student of final year IT. This college has made me confident and equipped me to face any kind of challenges in life. The relentless support of all the faculty members helped me to excel in my academic pursuits. Thus, I could be a constant performer throughout the semesters with above 9 point as my CGPA. All thanks to our college and the faculties. Not only studies but this college has provided us with enough refreshment and entertainment through regular cultural programmes like college fest, fresher's welcome, farewell ceremony etc. To sum up, this college has offered us a blend of lively campus life along with academic discipline which is necessary to lead one's way to a perfect success.

Sujon Rozario GNIHM

I have passed 4 years Bachelor Degree in Hotel Management and Catering Technology from Guru Nanak Institute of Hotel Management. My stint in this institute helped to learn all aspects of Hotel Management which prepared me to acquire job in Food pavilion in Dubai. I am grateful to GNIHM for the wonderful career opportunity and enriching learning experience.

Aritra Das 2011 passed out

Aritra Das, a former student of B.Tech in Food Technology from Guru Nanak Institute of Technology 2011 pass out batch hereby declares wholeheartedly that during my course of study I gained profound knowledge and experience from the department of Food Technology. The department not only teaches the students but also uplifts our capability and I can well admit this because I topped in WBUT and have been awarded with Gold medal for my academic performance. Nevertheless, it is the credit and the hard labour of the department after me that today I am a student of Master of Bioprocess Engineering (Chemical Engineering Department), Jadavpur University and again topped among all streams with 9.85 (96.5%) of marks in the 1st semester examination.

In those four years of my graduation I have witnessed what were possibly the best days of my life. I got to know some of the excellent human beings, who were more of mentors than stern teachers. Good teaching is more about asking the right questions and guiding us to find the right answers at the right time. Another thing which is really worth mentioning is the industrial training at Caplet India, the first training and the best of them all. GNIPST gave me challenging opportunities and I really feel proud to say that I am an ex-student of GNIPST.

Soumitra Dey GNIPST

Ritwik Dutta (NIT)

I spent my best student life in NIT. Here both the teaching and non-teaching staffs are friendly and helping. Classes are held regularly. Library facilities are also good. Above all, campus interviews are held every year. Reputed MNCs and Software Companies are invited for campus interview. I got my job as an IT Officer in United Bank of India last year. I am grateful to NIT.

Somesh Mukherjee
JISCE

These four years were indeed a life transforming experience at JISCE. The expertise of the teachers coupled with a strong administration and extra-curricular learning facilities have helped me to develop the professional skills necessary to sustain myself in dynamically changing work environment. I have realized the need for innovation and the role of technology to overcome any professional challenges that come my way. My gratitude rests with JIS for having successfully mentored me into a skilled professional. I am proud of JISCE!

Poojendra Saini
GNIHM

I am a final year student of 3 years Bachelor Degree course in Hotel Management. During these three years of my journey after Higher Secondary, I learnt a lot from Guru Nanak Institute of Hotel Management. I not only became expert in my professional field but also got insights to become an effective human being. I thoroughly enjoyed my college life with expert team of teachers, technical staffs, Principal and Dean of GNIHM. Eventually, in the final year I was overwhelmed when I was offered four jobs in different sectors of Hospitality Industry. But at last I gladly decided to join Taj Group of Hotels in India. Thank you GNIHM, we will miss you forever.

Syed MD. Mehdi, Hassan Jafri
NIT

"Behind every cloud there is a silver lining". Narula Institute of Technology an Educational Initiative of JIS Group has been that silver lining for me. I would like to thank all the JIS team for providing me such a wonderful career opportunity. I feel great to be placed in United Bank of India as an IT Officer. I am very thankful to my faculty members and the training & placement department for preparing me for this significant breakthrough in my life.

Joydeep Bhatnagar
DSCSDEC

I am a student of ECE, 4th semester in Dr. Sudhir Chandra Sur Degree Engineering College under JIS Group Educational Initiatives. There is a common perception that newly established colleges often lack in infrastructure and facilities required to study a B.Tech course. However, in our case though the college came into existence in 2009 only, this perception proves to be a myth since the Institute provides the best classroom facilities and up-to-date practical laboratories which is helping us to get trained with the essential skills required to excel in the industry.

Namrata Roy
JISCE

It has been an awe-inspiring experience to study in JIS so far. JIS has mentored me all the way through to acquire the necessary qualities to excel in this competitive world. The virtuoso faculty have extended the best possible support and guidance which has further enriched our learning experience in this college. I am thankful to JIS for helping me become efficiently skilled in my field of study and evolve as a better person. Thank you JISCE.

French touch

French cultural programme, Journées Françaises, was organised by the Eastern Institute of Integrative Learning in Marne-la-Vallée in collaboration with Calcutta chapter Alliance Française Swabhimani. The show to welcome a batch of students included a performance of classical ballet followed by a musical piece by a French band. There was also a French and English quiz competition.

An educational institution has recently introduced a diploma course in... Next direction... Informal...ous coll...versati...gree at...courses

JIS GROUP PRESENTS 'SQUARE'

EP news service: Reviewing the placement record strikes a student's mind when it comes to selection of a college out of hundreds in India. When, where and how to select a college and which stream to pursue were the topics of discussion at SSquare- the 2nd Annual Industry Institute Partnership Summit organised by JIS Group at Netaji Indoor Stadium on August 20, 2011. The summit offered an opportunity to students to interact with IT and HR professionals. The interactive session disclosed the needs and wants of the industry and emphasised how an employee should accommodate his/herself keeping in mind the equation of need and want of the industry.

The participating students exchanged their views and queries with the Professionals. Mr. Mushfique Alam (Global Head Syntel) brought forward the facts and figures that HR professionals look for in a candidate's mind while recruitment process. He emphasised on how to brand oneself and implement the proper use of presence of mind while facing an interview. Mr. Alam concluded his speech saying, "Students not face competition at every stage of life until he/she gets a job." Rahul Nandi, staffing manager of Hewlett Packard, pointed the importance of internet in the era of Technology.

JIS Group, Volkswagen to form academy

Dr. Sudhir Chandra Sur Degree Engineering College (a unit of JIS Group Educational Initiatives) had collaborated with Volkswagen Group (India), one of the world's largest car-makers, for setting up its Volkswagen Group Academy, Sales & Service, East Region. Said Taranjit Singh (MD, JIS Group), "The Academy would specialise in training. It is over an area of 6000 sq. ft. with practice area classrooms and other office areas." Speaking on the occasion Dietmar Hildebrandt (director, Volkswagen Group India) said, "The Academy will provide a platform for students to learn the latest technology and skills required in the industry."

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The text suggests that a consistent and thorough record-keeping system is essential for identifying trends and making informed decisions.

Next, the document addresses the issue of budgeting. It explains that a well-defined budget helps in controlling costs and maximizing resources. By setting a clear financial plan, individuals and organizations can avoid overspending and ensure that their financial goals are met. The text provides practical advice on how to create a budget that is realistic and adaptable to changing circumstances.

The third section focuses on the importance of regular financial reviews. It states that periodic assessments of the financial situation allow for the identification of areas where adjustments may be needed. This process involves comparing actual performance against the budget and analyzing the reasons for any variances. The document encourages a proactive approach to financial management, where potential issues are addressed before they become significant problems.

Finally, the document concludes by highlighting the long-term benefits of sound financial practices. It notes that consistent attention to detail and a commitment to financial discipline can lead to sustained growth and stability. The text serves as a guide for anyone looking to improve their financial health and achieve their long-term objectives.
