Shaping Professionals for Tomorrow...

B.Tech. (CE, ECE, CSE, EE, ME, IT)

B.Tech. LEET (CE, ECE, CSE, EE, ME, IT)

MBA (Marketing, Finance, HR, IT)

Pre-Engg. (+1, +2)

ASIAN

INSTITUTE OF MANAGEMENT & TECHNOLOGY

Approved by AICTE • Affiliated to Kurukshetra University, Kurukshetra

DHAURANG, YAMUNA NAGAR

E-mail : aimtynr@gmail.com , Website : www.aimtynr.com

Admission Helpline : 99914-21112, 83960-38475, 93543-06363, 88160-10454, 01732-282014

Sh. C.B. Bansal

Chairman

**A pious soul with noble thoughts,
deep vision & wisdom.**

Intelligence plus character; that is the goal of the true education.

When I look back at the beginning of our mission, the initial days of AIMT, it feels like a humbling experience. To fill the void in the field of education with an ideal institute that treated teaching as more than just a business, it seemed like a daunting task. With the Grace of God's blessing, we have successfully been able to establish pure and quality education as our hallmark. The core ideas, around which Asian Institute of Management & Technology has been built, are positivism and honesty. It has been our single-minded endeavor to ensure overall character development of our students-instead of just providing education, we nurture them to be better human beings in all respects.

It is our vision, which now promises to uplift the institute to the next level. An advisory board of eminent members further strengthens the commitment of the institute towards quality education. Also, the contribution of the faculty in the creation of the institute cannot be ignored. Their commitment and dedication towards imparting education is commendable. It is these members that constitute my family, of which the students are an integral part. Together we strive for a better and a more enlightened society.

Education is the first step to eradicate the impurities buried in the very depth of living beings. We have taken the first step with AIMT, what remains is the step-by-step journey to dispel the misery that exists around us and fill this world with the positive rays of enlightenment. Till the day such things happen, our mission remains unabated.

We believe in four steps of accomplishment :

Plan purposefully, Prepare prayerfully, Proceed positively and Pursue persistently.

From Executive Desk

Sh. Sudhir Sharma
Vice-President

- A renowned Landlord and a religious-minded person.
- A social worker with a helpful hand for the poor & needy persons who believes in simple living & high thinking.
- Making adequate efforts for the upliftment of the society.

Prof. (Dr.) S.K. Bhasin
Director General

- A matured academician with 53 years of teaching & administrative experience.
- An established author of 24 books in Chemistry.
- A devoted researcher with 70 research paper published in National/International Journals.
- Acted as resource person and convener of several National & International conferences.
- Felicitated at ICCE International conferences held at Thailand in 2009 and at Malaysia in 2010.

The Asian Institute of Management & Technology (AIMT) has made rapid strides since its existence, making a name for academic excellence, research contributions, executive development and industry interface. Our vision is to emerge as one of the leading technical & management institutes nationally as well as internationally.

Our aim is to actively assist industry in attracting and identifying the individuals best suited to their needs and in developing a win-win relationship between organizations, students and the institute. In the coming years, all our energies will be focused on making it a top-notch Engineering Institute.

In the words of noble laureate **Rabindra Nath Tagore**,

“The great task of education is not merely to collect facts but to know man and to make oneself known to man”.

The large pool of educated young minds in India is equally aspiring to touch the sky and in a way take the world in their hands. We, at the Asian Institute, strive to be the catalyst to make that happen. This can be achieved through nurturing talents and achieving excellence, that will help us in contributing to knowledge in the fields of engineering and management. In pursuit of this goal, we provide a very conducive environment for the faculty to be academically more creative and innovative and to sharpen the skills and knowledge of students to enable them to be useful for the society.

The engineering and management students graduated from this institute have secured very good placements in well known organizations. The fact that they are performing very well in their organizations gives ample credence to our claims that the time that they spent with us to equip themselves has been properly utilized.

I extend a warm invitation to you to visit our scenic campus, interact with our students and faculty and see for yourself the world-class facilities provided by us.

A Brief *About us*

The Institute

Asian Institute of Management & Technology (AIMT), Yamuna Nagar was founded with the objective of social, educational & economic upliftment of society.

Pollution free scenic surroundings, excellent infrastructure & elegant architecture of the AIMT enhances its beauty. Independent building are planned for administrative block, academic block, workshop, boys hostel & girls hostel. The playground is the special attraction to the students.

The Institute has one of the best faculty. All the faculty members are corporate professional and the visiting faculty share rich industrial experience with the college members.

Hi-Tech Infrastructure

Equipped with state of art computer and internet facility, locally networked and connected to the central server are available for students for their project work, and preparing for seminar presentations. It also provides access to e-books, study materials, previous question papers, teaching schedules, internal marks, attendance, daily circulars etc. through the college Local Area Network. The internet facility with 2 Mbps connection is available to student 24x7.

Library

Library is the brain of the Institute. The Institute's Central Library is fully automated with an elaborate collection of text and reference books on various disciplines of Engineering and management related subjects. Our centralized Library spread in an area of 6500 sq.ft. reflects the teaching and learning commitments of the Institute. The Institute has already built up a very good collection of books, periodicals and reference books. The effort is to collect all reference materials in digital format. The important and current journals are also available in print format. In addition, there are multimedia workstations and a collection of interactive CDs. To enable students to benefit from the technology, both formal and information instruction is provided.

Separate Hostels for Boys & Girls

AIMT provides comfortable Air-cooled hostel accommodation for boys and girls in the campus. The hostel has special amenities like sports room, 24 hrs internet, solar water heating, entertainment room, drinking water treatment plant, generators for power backup and security arrangements. The students get wholesome & nourishing fresh food and excellent environment for their studies.

Cafeteria

The cafeteria provides delicious and hygienic Indian and Continental food at subsidized rates. Apart from providing tasty food, the cafeteria offers students a perfect ambience to relax and enjoy.

Sports Facilities

Physical fitness is essential for mental alertness and also as a diversion from serious academic routine. The college provides excellent Cricket, Basketball and Football grounds, indoor sports and Gym facilities. Students are encouraged to participate in inter college competitions and try for their selection in the University Teams. Students activities play an important role and our students make a big impact and win laurels in co-curricular activities.

Leadership is Action, Not Position

AIMT trains its students to be managers, not just in semantic knowledge, but leaders who make a difference with innovative approach and deep insights. Here, the students evolve as winners in life with our unique teaching methodology, self-learning, personality development and other exciting activities.

Fee Structure

B.Tech.

1st Semester	: Rs. 34,840/-
(including Rs. 2000/- refundable security)	
2nd Semester	: Rs. 28,000/-
Total Annual Fee	: Rs. 62,840/-

MBA

1st Semester	: Rs. 22,500/-
2nd Semester	: Rs. 22,500/-
Total Annual Fee	: Rs. 45,000/-

Hostel Charges

Rs. 45,000/-
(payable in two semester-wise instalments which includes boarding, lodging and mess charges)

ASIAN Scholarship Schemes

University Based

1. Students standing 1st in University	51,000/-
2. Students standing 2nd in University	21,000/-
3. Students standing 3rd in University	11,000/-

Institute Based

1. Students standing 1st in Institute	11,000/-
2. Students standing 2nd in Institute	5,100/-
3. Students standing 3rd in Institute	3,100/-

10+2 Marks Based

1. Students securing above 75% marks in +2	50% of Tuition Fee
2. Students securing above 70% marks in +2	45% of Tuition Fee
3. Students securing above 60% marks in +2	40% of Tuition Fee

AIEEE Topper Scheme :

Every Topper student admitted in B.Tech. in each discipline in the institute who takes admission on the basis of Counseling will be awarded with a Laptop.

Scholarship Schemes for Scheduled Caste (SC) students :

Free Education and Transport facility shall be provided to SC students through Govt. Scholarships.

Scholarship Schemes for Girl students :

50% scholarship for girl students.

Department of *Mechanical Engineering*

The Department of Mechanical Engineering is aimed at providing first rate professionals to work in various functional areas like design, development, planning, shop-floor management, marketing and sales etc. with inbuilt aspects of quality and CAM-CAD operations. The department has created the state-of-art infrastructure for this purpose.

The department has well equipped workshop and possesses high quality machines, apparatus and instruments like : Precision Center lathe machine tools, universal milling machine with DRO system, CNC trainer, vertical milling machine, surface grinder, shaper machine, welding transformer and advanced TIG welding and MIG welding machines, Universal wood working planner, wood chain mortise and wood band saw etc.

Department of *Electrical Engineering*

The Department of Electrical Engineering has been playing a vital role in grooming engineers and technologists of highest caliber. The department runs under-graduate programmes to cater the ever challenging needs of technical excellence in all areas of Electrical Engineering such as electric drives, integrated electronics and blue print circuits, Computer technology, Control & Automation, Power System & Power electronics.

The infrastructure and labs facilities are upgraded from time to time and provide adequate opportunities for the students and researchers to learn and innovate.

Department of *Computer Science Engineering*

Responding to an increasing demand for computer professionals in the country & world at a large, the institute has started B.Tech. in Computer Science & Engineering. The Computer has revolutionized not only the data processing and storage, but also the quality of life, communication, manufacturing and transportation. The department has developed state-of-art laboratories in the field of Computer Science and Engineering-DBMS lab., Internet Lab. Programming, Languages Lab, Linux Labs etc.

Department of *Civil Engineering*

Civil Engineering is a professional Engineering discipline that deals with the design, construction and maintenance of bridges, roads, canals, dams, sky scrapers & buildings. The wheel of progress is moving very fast. New Colonies, Townships and Industrial hubs are fast coming up and the demand for engineers is increasing day by day.

AIMT has started Civil Engineering course in the year 2010 with the intake of 60 seats and is doing very well.

Department of *Electronics & Communication Engineering*

With ever-increasing tempo of events throughout the world, it has become essential to have more efficient communication network with the latest electronic devices and circuits.

The well qualified faculty and courses of Electronics & Communication Engineering Department aid to prepare students for careers as professional engineers through an education in fundamental principles presented in the context of real application and design experience. Project work throughout the course underpins the necessity for a combination of practical and theoretical skills and abilities.

Department of Management & Business Administration

MBA is a two-year full time programme comprising of four semesters. It is intended to meet the requirements of environmental changes in the business world today. The objective of the programme is to train business decision-makers who are duly equipped to assume positions of responsibility and operate in a challenging and competitive environment. They are expected to deal with diverse business problems under the conditions of uncertainty with dexterity, flexibility and core competency.

The areas of specializations are :

- Marketing
- Finance
- Human Resource
- Information Technology (IT)

Courses Offered

B.Tech.

Mechanical Engineering	60 Seats
Civil Engineering	60 Seats
Computer Science Engineering	90 Seats
Electronics & Communication Engineering	60 Seats
Electrical Engineering	60 Seats

MBA

Marketing, Human Resource, Finance, Information Technology	60 Seats
--	----------

Pre-Engg.

+1, +2 (Equivalent to 10+1, 10+2 Non Medical)	200 Seats
---	-----------

Eligibility

B.Tech.

Pass in 10+2 examination from recognized Board / University with Mathematics and Physics as compulsory subjects along with any one out of Chemistry, Computer Science, Biology, Bio-Technology, with atleast 45% marks (40% in case of reserved category)

B.Tech. LEET

Pass in 3 years diploma course in Engineering/Technology with atleast 45% marks in aggregate of all the semesters.

Pass in B.Sc. (3 year) Degree with atleast 45% marks in aggregate with mathematics as one of the subjects.

MBA

Pass in Bachelor's or Postgraduate degree in any discipline, with at atleast 50% marks.

Pass in final examination conducted by ICAI/ICWAI/ICSI, with atleast 50% marks.

Pre-Engineering

Equivalent to 10+1, +2 (Non-Medical) Approved by State Board of Technical Education, Haryana & affiliated to HBSE, Bhiwani (Haryana)

Sh. Rajinder Sharma
Registrar

- A dynamic personality with leadership qualities who works with missionary zeal.
- An eminent Legal Advisor to several Educational Institutions of Haryana.
- Prominent Financial Advisor who has undertaken many financial programmes in the Ministry of Defence.
- A renowned Career Counselor.

Stars in the Galaxy of AIMT

Uma Shankar
Brand Ambassador
Hewlett Packard

Billu Yadav
76.4% (IT)

Parshant Vashisht
75.48% (ECE)

Prerna Choudhary
73.90% (CSE)

Gagan
72.5% (ECE)

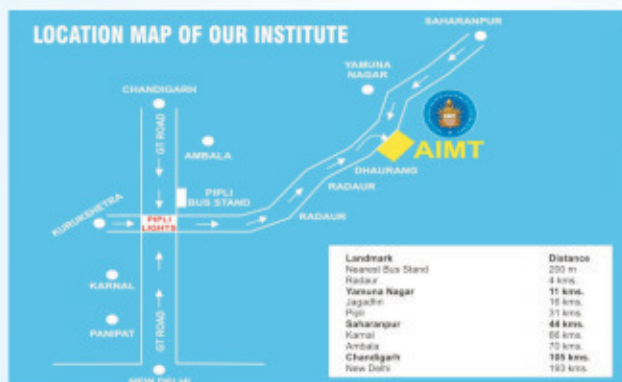

Co-curricular Activities at AIMT

Education is not a matter of degrees and titles or social position. Only the one who sees the same self in every one is truly educated. The one who understands the essence of a human being has truly learnt something. All other degrees and titles are worthless.

– Swami Vivekananda
