Administrative Block of Punjab Technical University, Jalandhar

### 1. Brief about Punjab Technical University

PTU was established in the year 1997 under The Punjab Technical University Act, 1996 (Punjab) Act No. 1 of 1997) to provide for the establishment and incorporation of a University for the advancement of technical education and development thereof in the State of Punjab and for matters connected therewith. In pursuance of this Act, the University started its journey with 09 engineering colleges and few management colleges affiliated to it. Since then the University has come a long way and at present the University, under its administration, has more than 400 colleges offering courses in Engineering, Management, Pharmacy, B.Sc MLT, Hotel Management & Catering Technology and IT disciplines, around 2,000 learning centres across India under distance education programme and 26 Regional Centres.

PTU has taken new initiatives in technical education to provide latest trends in technology and give opportunity to students and faculty to interact with the technology leaders in the country including e-governance. It is well known that quality of education is depended on the quality of teachers and research inputs and in order to provide opportunity to the faculty to improve their qualification and to introduce research activities, the University has established more than 15 regional centres and 20 plus Constituent Institute at various locations in Punjab or IIT / IAM pattern and have started M.Tech courses. University also agreed to provide academic research input to these centres. University also forms the bridge between the students and the industry and is helping the students in job placements. Also, the University helps the industry in R&D through its various programmes under Confederation of Indian Industry (CII).

We at Punjab Technical University are propelled by the vision and wisdom of our leaders and are continuously striving to discharge our duties for the overall improvement of quality of education and to make sure that the courses we offer remain relevant to our society and useful to our students in the globalized work environment.

Though Knowledge and skills are the key factors in increasing the employability and competitive edge of

students in the emerging global environment, an environment of economic growth and opportunity is necessary to promote the demand for such trained and professional manpower and the University participating actively in the process of technological growth and development in shaping human resources of the state of Punjab for economic development of the nation.
