GUIDELINES – EXTRACURRICULAR ACTIVITIES PROGRAM

A. GENERAL

1. It is the intention of Montgomery County Public Schools (MCPS) to provide instruction and supervision by fully qualified coaches and sponsors in a variety of extracurricular activities for students, subject to available funds. It also is the intention of MCPS to utilize unit members as sponsors/coaches of activities and sports; however, if unit members are not available, non-unit members may be utilized to sponsor an activity or coach a sport. The supplementary pay schedule identifies certain stipend-compensated activities. This does not mean that because an activity is listed for a stipend payment that all schools will participate or take steps to participate in all activities. The following conditions must be met before any activity is implemented:
 - the need for it has been established in advance by the principal and the staff;
 - the activity is assigned in addition to the regular teaching responsibility; and
 - the Extracurricular Activities (ECA) Plan has been approved by MCPS.
2. The principal shall be responsible for the conduct of the entire extracurricular program within his/her school. Whenever any of the activities being conducted do not continue to meet the requirements of the school as determined by the principal, such activities shall be discontinued in that school.
3. The principal in each school shall be responsible for the development of the organizational structure required to carry out the approved activities.
4. The principal is responsible for making the selection of unit members to any of the approved compensated activities subject to the Employee and Retiree Service Center (ERSC) verification and approval.
5. All staff coaches/sponsors must be listed with employee ID numbers on the Extracurricular Activities (ECA) Plan. Former MCPS employees who have been inactivated and individuals new to MCPS must be processed and fingerprinted by the Office of Human Resources and Development (OHRD) prior to being added to the ECA Plan. If necessary to conform to deadlines, activity sponsors may need to be listed as “TBD” on the plan that is submitted for approval. When OHRD processing is completed and an ID number is assigned, the employee’s name, ID number, and ECA assignment should be submitted to K-12 Operations, CESC, Room 149, Attn: ECA, to be added to the ECA Plan, using MCPS Form 430-58, *Change to Annual Plan for Extracurricular Activities*. Once the change form has been processed, ERSC will notify the school that the work may commence. **Employees cannot work in an ECA assignment prior to employee verification and approval of the plan.**
6. If an MCEA unit member’s services in an extracurricular activity has been satisfactory to the principal, the unit member shall be given first preference for appointment by the principal to continue the compensated activity if that unit member makes known to the principal a desire to continue.

7. The principal is responsible for posting a notice of sponsor vacancies for each of the activities to be conducted in the school. Qualified unit members who work in the same building for which a stipend vacancy is posted shall be given first consideration. Posting vacancies outside of the local school may take place but is not required. This notice shall fully explain the requirements for the appointment to the position, the general duties of the position, and the stipend to be paid. The principal need not post a vacancy notice if he/she has selected the satisfactorily evaluated incumbent.
8. Principals will attempt to notify all school-based unit members in writing of their stipend assignments before they return to school in August. MCPS Form 430-59, *Extracurricular Assignment*, is used and retained at the school level to document individual assignments and write up annual evaluations of extracurricular activity sponsors. In the event that changes in such assignments are necessary after the beginning of the school year, affected unit members will be notified promptly in writing.
9. Any teacher accepting the sponsorship of a stipend activity may not be assigned a reduced teaching schedule for that activity.
10. Principals will annually evaluate the performance of all sponsors/coaches in the approved extracurricular activity program. High school principals will use MCPS Form 565-13, *Coach Evaluation Form*, when evaluating coaches and sponsors in the interscholastic athletics program. Sponsors of stipend-compensated activities will notify the principal in writing that the activity has been completed within five (5) working days after the completion of the activity. The principal will evaluate the performance of all sponsors in the approved extracurricular activity program within thirty (30) working days following the receipt of the written notification that the activity has been completed. There shall be no tenure associated with any extracurricular compensated activities.
11. The principal shall make every effort to select a different unit member for each stipend activity. Balanced staffing (gender, race, etc.) should be considered.
12. MCEA unit members currently sponsoring more than one activity, or coaching more than one sport, should be given first preference to continue performing the one activity or sport of their choice if the principal determines that the service has been satisfactory. The principal shall make every effort to select a different unit member for each activity. A unit member, however, may be eligible for assignment to more than one stipend-compensated activity, provided the activities do not conflict with the normal responsibilities of another stipend-compensated activity or the normal teaching duties and provided that the principal has posted the notice of the vacancy and no qualified unit member has volunteered for the activity.
13. Stipend activities may be divided by more than one unit member if, after consultation with the principal, the unit members involved are in agreement.
14. A unit member who does not fulfill the requirements for which a stipend is to be paid must forfeit that portion of the stipend which has not been earned. The

determination will be made by the principal and the amount to be forfeited will be based upon the established hourly rate for the stipend program.

- B. ECA Class I: Limited funds are budgeted for ECA stipends that enable secondary schools to provide a variety of other student extracurricular activities that meet the specific needs and interests of their students. Activities that the school will conduct in this classification must be defined in a job description which will include the start date and end date anticipated for the activity. The principal, in approving the activity and selecting the sponsor, will authorize the hours to be paid, which may **not exceed 100 hours for each activity**. Sponsors may not be assigned multiple Class 1 stipends for the same activity and time period. Plans for ECA Class 1 activities shall be forwarded to K-12 Operations, CESC, Room 149, Attn: ECA for review and then to ERSC for verification of employee status and final approval.
- C. ECA Class II: Teachers participating in the outdoor education programs at one of the outdoor education facilities utilized by MCPS shall be compensated by an ECA Class II stipend on a per diem basis.
- D. Ineligible Personnel: Eligibility guidelines are determined by employee union contracts and state/federal laws. It is imperative that schools adhere to eligibility guidelines (see *Coaching Eligibility and Restrictions, page x – xi*) as MCPS must avoid having work completed which is in violation of contracts or state/federal laws.
- E. Fall Coaches: High school coaches of fall sports, fall assistant athletic directors who are not coaching a fall activity, and fall cheerleading and pompons sponsors are required to begin practices or begin offering services on the first day of the fall sports season as established by the Maryland Public Secondary Schools Athletic Association (MPSSAA).
- F. Class 1 stipends may not be used to extend or supplement a Class 3 (fixed) stipend.
- G. Athletic coaches shall be paid at a flat rate of \$50 per round advanced, up to \$100 per week for practices, preparation, and contests when the season is extended as a result of teams being involved in post-season county competition or MPSSAA regional and/or state competition.

COACHING ELIGIBILITY AND RESTRICTIONS

- A. Qualified, certified MCPS teacher-level staff must be hired for coaching vacancies before non-MCPS teacher-level staff is considered.

Coaching applicants are not allowed to meet with students or to conduct any practice until verification and approval of the ECA Plan is received from the Employee and Retiree Service Center (ERSC).

- B. All athletic coaches and sponsors must complete Care and Prevention of Athletic Injuries, and complete the National Federation of High Schools (NFHS) Level One Coaching Certification within one year of the start of the season for which they were hired. All coaches and sponsors must retain current certification in CPR.

- C. Ineligible Personnel Include:

- MCAAP/MCBOA positions cannot sponsor extracurricular activities.
- Athletic directors, consulting teachers, and 12-month MCEA unit members are not eligible for payment of an extracurricular activity.

- D. Eligible MCEA Personnel Include: resource teachers, resource counselors, content specialists, and middle school team leaders may lead stipend ECA activities provided that the following guidelines are met:

- The activity is in the employee's current work location.
- The stipend has been offered to other unit members and none have expressed interest in the stipend.
- The activity does not conflict with normal teacher or resource teachers duties including required after school meetings.
- Such appointments of extracurricular sponsors shall be temporary, for one year, and only be renewed if the above conditions are again met.

- E. If there are no qualified MCPS teacher-level staff available for a vacant coaching position, schools may hire non-unit members as follows:

- An MSDE certified professional educator.
- If there are no qualified MSDE certified professional educators available, schools may hire high school graduates who are at least 21 years of age.
- Non-MCPS teacher-level staff may not be re-employed for the following season if a qualified MCPS teacher-level applicant is available, unless the coach has achieved the status of Credentialed Coach.
- A Credentialed Coach is a non-unit member who has achieved the NFHS Level One Coaching Certification (or equivalent), satisfies all MCPS and MPSSAA coaching requirements, and who has completed two years of successful coaching, including one year at the school of hire, in the position of hire.

F. Supporting services employees may be eligible for stipend activities if and only if:

- The school has sought teacher-level applicants and does not have a candidate interested and
- The employee volunteered to take the assignment, and
- The employee is part-time with enough remaining time to conduct the activity without exceeding 40 hours per week (generally, this means as a supporting service employee who works 30 hours per week or less, may be considered), or
 - The employee is full-time but the stipend requires work in another capacity than his/her normal work. The Fair Labor Standards Act considers anything instructional to be similar work. Therefore, the regular work of an employee must not be instructionally related. In general, significant contact with students is considered to be instructionally related. Employees in such positions as paraeducators, media assistants, English composition assistants, and career information coordinators are considered instructional under this limitation and may not work in a stipend activity if it would require beyond 8 hours a day or 40 hours a week.
 - Full-time supporting service personnel whose major job description involves working directly with students may not be hired under any circumstances. Full-time supporting service personnel who may be hired in extraordinary circumstances include building service workers, security assistants, instructional data assistants, and media service technicians.

G. Coaching Restrictions Include:

- A coaching applicant applying for an activity is expected to provide the athletic director/principal with letters of reference. The coaching applicant is interviewed, approved and evaluated by the local school principal and athletic director.
- Coaching applicants, including preseason and postseason coaches, as well as former MCPS employees who have been inactivated, may not meet with students nor conduct any practices until all employment paperwork and fingerprinting has been completed by appointment with the Office of Human Resources and Development. When the Office of Human Resources and Development/Employee and Retiree Service Center processing is completed and an ID number is assigned, the employee's name, ID number, and ECA assignment should be submitted to K-12 Operations, CESC, Room 149, Attn: ECA, to be added to the ECA Plan, using MCPS Form 430-58, *Change to Annual Plan for Extracurricular Activities*.
- There is no tenure associated with coaching positions. All coaches are hired on a one-season basis.
- The salary of coaches is to be paid exclusively by the local school system. Boosters Clubs funds or other sources may not be used to compensate or supplement coaching stipends.
- In sports having more than one coach, non-MCPS teacher-level staff may not make up more than 50 percent of the staff.

MONTGOMERY COUNTY PUBLIC SCHOOLS COACH RESPONSIBILITY CHECKLIST

Interscholastic athletics are unique within the total extracurricular program in that there are Maryland Public Secondary Schools Athletic Association (MPSSAA) bylaws and rules, MCPS rules and regulations, and National Federation of High Schools (NFHS) rules which must be followed. Failure to comply with them often results in individual or team forfeits or disqualifications. The following list, when signed by the coach (sponsor) and athletic director indicates an awareness of all rules and regulations which might cause an athlete, team, coach or school to be ineligible, forfeit contests, forfeit championships, receive censure or otherwise negatively impact the athletic program of the school and/or Montgomery County. This form is to be read carefully and signed prior to tryouts for the sports season.

MCPS athletic coaches or sponsors of cheerleaders or pompons, accept responsibility for:

- Being knowledgeable of all MCPS policies, procedures, rules, and regulations as described throughout the *MCPS High School Athletics Handbook*
- Being knowledgeable of the "Standards" section of the specific sport or activity for which he/she is responsible
- Being knowledgeable of the "Bylaws" and "Rules and Interpretation" sections of the *MPSSAA Handbook*
- Reading the *MPSSAA Tournament Bulletin* (for sports with state tournaments)
- Completing the one-credit course "Care and Prevention of Athletic Injuries, and completing the NFHS Level One Coaching Certification within one year of being hired as a coach or sponsor.
- Maintaining current certification in CPR/AED
- Completing specific courses, or training, in specific safety areas as specified in the *MCPS High School Athletics Handbook*
- Prior to the start of their first season, complete the MCPS *New Coaches' Seminar* and the NFHS Coaches' Education course entitled, *Creating a Safe and Respectful Environment*. For more information refer to the MCPS Athletics' web page.
- Ensuring proper certification and supervision of volunteer coaches affiliated with the team
- Attending and administering information covered in MCPS preseason and postseason coaches' meetings for varsity coaches
- Continuing to monitor all athletes throughout the season in areas such as the following:
 - academic eligibility
 - medical forms
 - class attendance
 - residency and student transfer eligibility
- Conforming to MCPS and MPSSAA regulations regarding contact with athletes out-of-season and contact with athletes on non-MCPS teams
- Reporting scores to county sport directors and the media after each contest.
- Utilizing appropriate, positive use of technology, including social media and other electronic communications.

Coach's Note: Please sign the *MCPS Extracurricular Stipend Form* to indicate you have read this page and understand this list of a coach's responsibilities.

Activity Name & Code: DEBATE COACH (3-L01)

School Level: High School

Description of Activity: It is the responsibility of the debate coach to sponsor students from the school in debate tournaments. This responsibility extends throughout the school year and involves traveling with students to tournaments, some of which are held out of the area.

Minimum performance criteria require that the debate coach:

- Prepares team for participation in a minimum of six debate tournaments and accompanies them to each.
- Spends a minimum of 215 hours in active sponsorship of the activity, 32 of which must be used through participation in the Montgomery County Debate League tournaments. Other sponsorship activities include practices, critiquing cases, locating and organizing materials, and making arrangements for teacher participating in tournaments.
- Instructs team in skills of effective public speaking (articulation, projection, voice modulation, intonation, pacing, etc.).
- Fosters in team members the skills and habit of critical thinking.
- Helps each student develop the ability to work intimately with another student as a member of a team.
- Helps students develop the skills of communicating ideas in a simple, understandable fashion.
- Teaches team members to understand and respect differing points of view.

----	----------	-------

While the SGA meeting arrangements will vary from school to school, the minimum number of hours the sponsor should meet with the SGA officers, executive board, planning committees, (homeroom grade) representative assembly, and other affiliated groups, including community and state organizations and two meetings annually with student affairs office staff, is 100 hours per school year. This would provide adequate time for an active SGA to plan for meeting its governmental responsibilities and implementing SGA sponsored activities.

2.	Activities	150.0
----	------------	-------

There is no standard list of activities which are or should be sponsored by the SGA. However, there is a general understanding that the SGA, in addition to its student government function, should foster the improvement of the quality of student life through the sponsorship of many student activities. These activities should be planned and implemented by the SGA with the sponsor acting in an advisor capacity. The SGA sponsor does have the responsibility for final approval or disapproval of these activities. School/community service activities are also appropriate for student government sponsorship.

SGA sponsored student activities may be primarily for entertainment and enjoyment such as Homecoming activities, primarily for fundraising to finance non income producing activities such as operating a concession stand at athletic events, or for purposes such as a school dance.

3.	Develop procedures for and supervise the conduct of elections.	20.0

Extracurricular Activity Program – Non-athletic

Activity Name & Codes: STUDENT SERVICE LEARNING (SSL) (3-S01; 3-S02 or 3-S03)

School Level: Middle School

Description of Activity: Beginning in FY2012, the middle school student service learning (SSL) stipend will be allocated to schools as an ECA 3 non-athletic stipend. The SSL stipends are intended for teacher-level staff. Principals may authorize part-time supporting services staff to perform this work if the person works less than 8 hours/day or 40 hours/week. Full-time supporting services staff are not eligible for this stipend.

SSL is a Maryland State Department of Education (MSDE) graduation requirement. Beginning with the Class of 2011, MCPS students must complete a minimum of 75 SSL hours. Students may begin earning hours the summer after completing Grade 5 and continue to accrue them through high school. MCPS provides funding to support SSL coordination in every secondary school. The principal selects the person to serve in this role. Responsibilities of the school-based SSL coordinator include the following:

- Being well informed of the MSDE SSL mandate and MCPS implementation guidelines
- Adhering to the MCPS SSL implementation guidelines and communicating them to students, parents, and school staff
- Creating and maintaining an SSL file on each student and inputting accurate and timely service-learning data on the Online Administrative Information System (OASIS) for student reports and transcripts
- Promoting school and community SSL opportunities
- Collaborating with administrators to address individual SSL issues as they arise
- Attending SSL coordinator meetings and maintaining contact with the countywide SSL coordinator
- Advertising SSL award opportunities

Student progress toward this graduation requirement is monitored by school counselors at regular intervals. Comprehensive information regarding the SSL program is available on the MCPS website at <http://www.montgomeryschoolsmd.org/departments/ssl/>. Questions may be directed to the coordinator of the Student Service Learning Program at 301-279-3454.

The SSL stipend allocation is dependent on the school's projected total enrollment as follows:

Projected Enrollment	Class 3 Activity Description	Class 3 Activity Code	Class 3 Stipend Amount
Up to 500	SSL (Small)	E3S012	\$1,000
501 - 1,000	SSL (Medium)	E3S022	\$1,200
1,001 – 1,500	SSL (Large)	E3S032	\$1,500

Activity Name & Code: YEARBOOK ADVISOR (3-J04)

School Level: High School

Description of Activity: It is the responsibility of the yearbook advisor to organize and direct all phases of activities culminating in the production of an annual school yearbook. This responsibility extends throughout the school year—from the selection of staff and examination of contractual agreements and bids during the spring semester through the publication of a yearbook the succeeding spring. Many schools also produce summer supplements.

Minimum performance criteria require that the yearbook sponsor:

- Instructs the yearbook staff on good yearbook techniques, including (1) the fundamentals of desktop publishing, (2) the composition of clear, concise copy, (3) the editing of space requirements and content, (4) the practice of good principles of layout, (5) the structuring of the yearbook according to an original and appropriate thematic design, (6) the selection and cropping of photographs, and (7) establishments of standards for all yearbook photographs (e.g., good contrast, content, focus, and impact).
- Establishes and leads the staff in observing sound business practices in budgeting, financing, and selling the book.
- Assumes responsibility for scheduling individual and group pictures, for supervising the writing of copy, for soliciting advertisements, for designing layouts, and for managing all other elements in such a way as to meet all deadlines for publication and distribution.
 - Decides during the spring semester current and pending contractual agreements and bids (i.e., with publishers and photography studios)
 - Selects and trains the new staff members for the following school year
 - Leads staff in self-evaluation of both planning and production procedures and product
 - Participates (and where appropriate, involves staff) in workshops related to yearbook development

The following minimum time expenditures outside the school day are indicated as appropriate to the above criteria:

	Hours
1. Preparation time (sponsor only)	15.0
2. Preparation time (sponsor and students)	
• Instructs the yearbook staff on good yearbook techniques	35.0

Activity Name & Code: CHEERLEADING (PLAN I) (FALL - LARGE VARSITY SPLIT) (3-E30)

School Level: High School

Note: Schools may utilize either Plan I or Plan II (next) in dividing responsibilities between two sponsors for the fall and winter seasons.

Description of Activity: The principal, in consultation with sponsors and the athletic director, will determine, prior to the school year, how the stipend will be divided. The sponsors are responsible for the entire program including implementing all requirements as found in the MCPS Athletics Handbook, MCPS Pompon and Cheerleader Sponsors' Handbook, and the Spirit Rules Book published by the National Federation of High School Associations. Sponsors are expected to keep in regular contact with the athletic director and to attend meetings and clinics as scheduled by the director of system-wide athletics and the county cheerleader director. Responsibilities include the advertising of clinics and tryouts to all students, developing a schedule for cheerleaders which will show support for all athletic teams and recognition of all athletes, ensuring that all routines and cheers demonstrate and support good sportsmanship and are free of inappropriate moves or words. Athletic directors should be provided with rosters, medical forms, parental, and other requested forms. Sponsors are also to schedule practices and events, monitor academic and attendance records, establish and distribute written criteria for squad selection and earning awards. Supervision in locker rooms, practices, and performance areas is required at all times. Squad members should be informed of continued performance opportunities in college. Miscellaneous events will be determined at the local school level. Events must be gender equitable. Home events must take priority. State semi-final games should be covered and State championship games in football, soccer, field hockey, basketball, volleyball, and wrestling, baseball, softball, and lacrosse. The sponsors are also responsible for the assignments listed below.
