*President*

*DAVCMC, New Delhi &*

*Arya Pradeshik Pratinidhi Sabha, New Delhi*

*His quest for excellence has become an instrument of positive change and myriad innovations.*

DAV's vast, pervasive network of institutions owes its strength and sustenance to the age-old values and wisdom that are so reverently enshrined in the Vedas. When Swami Dayanand gave the historic call 'Back to the Vedas', he laid the foundation of a noble society founded on the moralistic principles of Vedic wisdom. Thus was created "Arya Smaj", Swami Dayanand's dream for the betterment and upliftment of society. And when Mahatma Hans Raj carried forth the torch of Vedic light into the field of education, DAV -- Dayanand Anglo-Vedic institutions were created. DAV, right from its point of existence, embodies the spirit of sagacity and sacrifice that was so deeply entrenched in the lives of the renowned stalwarts such as Mahatma Hansraj and Lala Lajpat Rai. In my discourses, I often highlight the strategic wisdom of the placement of the three letters D,A,V where "Anglo" refers to Western philosophy and knowledge, and its position in the middle signifies the wonderful balance that our institutions achieve, that is, to remain rooted in the Vedic values revered by Swami Dayanand, while imbibing the best of Western thought. For DAV, There is no limit to the attainment of knowledge because our Vedas inspire us to delve into the soul as well as seek awareness of all that the outer world has to offer. It is due to this divinely powerful combination of the mind and the soul that DAV, with a strength of nearly 800 institutions, has spread all over India as well as abroad..

**Our challenging journey towards excellence goes on...**

## From the Principal's Desk

Dear Students

It gives me immense pleasure to congratulate you on choosing DAV College, Sector 10, Chandigarh for admission and also to welcome you to the college.

'Students who get higher education are a privileged class in our country, particularly those who have the opportunity of studying in some outstanding institution as this college' These are the glowing and the ever inspiring words about our beloved College spoken by Shrimati Indira Gandhi, former Prime Minister of India, when she visited it in 1984.

Having been founded in 1958, when the city of Chandigarh was in its infancy, the college is marching ahead with gigantic strides in the spirit of the Upanishadic injunction : 'चरैवेति चरैवेति' (keep marching on). Being the foremost and the best in virtue of performance among the institutions named after Dayanand, this college has grown into a worthy model of a faith in his gospel, a source of inspiration for others. As the Gita says, "The example set by the elect is followed by the rest ( यद्यदाचरति श्रेष्ठस्तत्तद वेत्तरो जनः ). DAV stands for Dayanand Anglo-Vedic, a term that is unique in its amalgamation of ancient heritage and modernity. "Dayanand" and "Vedic" are the impetus for the DAV movement, connoting the richness of the Maharishi's value system and the profundity of Vedic wisdom. Steadfastly balanced between the two is "Anglo" that refers to the best of the western knowledge that is updated with the latest technology, yet which is well within the parameters of our ancient vedic heritage. The branches of the tree of knowledge will spread far and wide, yet it is the roots that will give strength and substance to the leaves fluttering merrily in the breeze. We are to set and

achieve highest standards in education as our sublime mission is man-making. DAV students get the best of the two worlds: they compete with the world for optimum knowledge and opportunities, and simultaneously build a strong, noble character rooted in Vedic values. The DAV College, Chandigarh has taken the lead in equipping the youth with the moral fibre they badly need today. Unless we do so we cannot dream of stemming the rot which has set in in our society and threatens to undo the work of Swami Dayanand.

This college has had a distinguished history. It is not for nothing that students from all parts of the country and abroad vie with one another to find a seat in this institution. During more than fifty years of its existence we have produced great administrators, jurists, academicians, artists and sports persons of international repute. Even this year we have achieved outstanding results in academic, sports and co-curricular activities. Our faculty is making exceptional contribution in research in various disciplines and other out-reach programs.

I am sure when you join this college you will become a part of this glorious tradition of growth and excellence.

God Bless You !

**Dr. B.C. Josan**  
Principal

The only name which echoes more soundly is that of DAVs for having earned the credit for producing eminent scholars, social reformers and reputed personalities who have deeply influenced the post-independence era and left their seat of authority and superiority in almost all walks of life. The way DAVs are running their educational institutions is peculiar in many ways; especially one always takes pride in referring to the strict discipline maintained by the teachers and the taught. ### Mission & Objectives

D.A.V. College Chandigarh was founded in 1958, when the city of Chandigarh was in its infancy. The college has grown with the city, becoming an integral part of the region's socio-cultural milieu. The college belongs to the family of the famous D.A.V. institutions, founded by Mahatma Hans Raj, and inspired by the great visionary-Swami Dayanand Saraswati-the doyen of the Arya Samaj, who believed that, "**True education consists in promoting knowledge, civilized manners, virtuous character, self-control and other moral qualities and in dispelling ignorance**". He had always felt that the scientific knowledge of the west needs to be absorbed in the cultural milieu of India. The DAV movement, which started in 1886, gives a practical shape to the ideals of Swami Dayanand's educational philosophy which aims to develop a modern scientific approach among the students, coupled with an understanding of their roots in the ancient

Vedic Culture. The D.A.V College, Chandigarh is trying to bring about this synthesis by imparting to the students the best of new world humanistic, scientific and technical knowledge with the sense of history of their rich cultural heritage-the Anglo and Vedic values. We work to achieve these broad objectives.

The college was built from scratch with missionary zeal. Brick by brick, the early principals and teachers at the college put in super human efforts to launch the college. And those among the students who saw the college come up, knew exactly, what the growth had entailed. They experienced first hand, the self less labour and love, and the sense of duty and discipline, which had gone into the making of the institution. It is this that makes many of these old students, themselves occupying high places, come back to the college for educating their sons and grand-sons, and now even daughters and grand-daughters. They believe that the

skills and values ingrained in them, which helped them succeed in their lives, have been acquired by them in this institution. They not only remember their college for its academic excellence, its committed faculty and dedicated principals, its ever growing impressive infrastructure and its star sportsmen.

### Distinctive Features

Every student enrolled with us is allowed perceptive freedom to excel in his chosen field of endeavour and interest. That is one reason, we believe, that has helped using moulding career of some of the best young men & women of this region. Offering of maximum facilities to the students so that they fulfil their potential has been the hallmark of the college. All incentives in the college, be they in the form of special coaching or counselling, extra books, sports equipment, fee concessions, stipends, scholarships, etc. have not really to be

applied for. They are theirs for the deserving students in all fields of academic, extra curricular and sports activities. All this has led the National Institute of Educational Planning and Administration (NIEPA) to declare the college as the "Model College".

The infrastructure and student support facilities available in the college have enabled us to remain on top in the region. Our students continue to bag top positions in studies. We have successfully launched postgraduate programmes in IT., Commerce, English, Bioinformatics, Biotechnology, Chemistry, Maths, Zoology, Psychology, Public Administration and Sociology, Business Economics; and P.G. Diplomas in various fields.

We have produced 68 International Sportsmen like the legendary Kapil Dev, Yuvraj Singh, Yograj, Dinesh Mongia, Jeev Milkha Singh & Irina Brar. This tradition is alive and kicking even today. Young scholars, almost every year, inspired and fired by glowing examples of their predecessors do their best to maintain the high levels of excellence that are very rarely achieved elsewhere. When they come here success is only a sacred word in their prayers, when they leave success is actually a solid weapon in their hands. With this weapon they proceed to win all battles of life.

Our achievements have enabled us to play host to four Vice-Presidents, one Prime Minister, several Union Ministers, Governors, Chief Ministers, Great religious

Leaders and other dignitaries. They have graced our functions on many occasions and blessed and motivated the students and staff.

### Social Commitment

A practical demonstration of our students' attitude can be seen in the concern they develop for their country and their community. They actively imbibe the spirit of social service and many of them join the armed forces. To the martyrs from our college, we have dedicated our Administrative Block and named it 'Shaurya Bhavan'. The idea of service to the community and the nation is reinforced through the homage that is paid to the martyrs at their memorial in the college before the start of any function by all dignitaries visiting the college from time to time. Our students involve themselves in programmes like Blood Donation, Drug-deaddiction, AIDS awareness, Pulse Polio Campaign and service to the blind, etc. We have also joined a project to give shelter to street children. We have been holding computer literacy classes for senior citizens. The training is given free of cost. More than 500 senior citizens have benefitted so far.

### Teaching/ Learning and Evaluation

The college enjoys its enviable position because of effective teaching-learning and evaluation processes. Students are provided

appropriate counselling at the time of admission and selected on the basis of their past academic performance after an interview. Their knowledge, skills and attendance in class are regularly monitored and their parents are kept posted with their wards' performance. A system of continuous assessment of students has been introduced. Students are encouraged to develop one or the other interest, hobby, beyond their studies and their participation in college activities is rewarded accordingly.

The courses set by the University are covered intensively with the help of all available teaching aids in the college. The faculty use computers/ multimedia/ audiovisual aids to make lectures interesting. A variety of teaching methods combining the traditional lecture with laboratory-based practicals, tutorials and seminar teaching, wherever required, are employed. Term wise teaching plans and unitized syllabi help the students/ teachers gauge their performance and progress. Subject related quizzes, contests, etc. are arranged to monitor students' reading, and for creating interest in and awareness of the subjects. All departments have their own subject societies for arranging extra-curricular activities.

### Research Cell

A Research Cell has been established in the college with a corpus of Rupees 48 lac to promote research temperament and culture. Several major and minor projects sponsored by the U.G.C. and other funding agencies have been undertaken by the faculty.

**Recently the college has been allotted 3 research centres in the departments of Chemistry, Zoology and Bio-technology. We have established the latest, state-of-the-art laboratories to enable teachers to guide students in their research work.**

### Research Journal

College brings out a research journal in Humanities and Social Sciences twice a year. The journal called DIVINER publishes research based articles/ papers contributed by research scholars and teachers in India and abroad. It has been running successfully since 2004.

---

### Placement Cell

Many internationally recognized companies like Genpact, ICICI Prudential, Career Launchers, Lowe Lintas, Infosys and IBM have visited the campus for placements. Lowe Lintas shortlisted students from the college.

Companies like Mahindra Satyam, HCL, RBS and Finvasia visited the campus. The college is also in the process of an institutional alliance program for integrated placements with TEAMLEASE - one of the largest staffing companies in India.

A career guidance and counselling cell has been established which enables the students to get all the relevant information about the career chosen by them.

### Infrastructure

Our greatest advantage is that the college is located in the heart of the city, easily accessible to commuters from outside and different sectors of the 'City Beautiful'. We have buildings with spacious classrooms, sprawling lawns, a beautiful seminar complex with audio visual aids, two

auditoriums, a cyber cafe, 25 sophisticated labs, well equipped Gymnasium and vast playgrounds. Besides this, we have a coffee house and a separate canteen on the campus. A doctor remains on duty in the college dispensary to attend to the minor ailments of staff and students.

### Healthy Practices

The College attempts to cater to the special needs of all students in various ways. It organizes remedial classes and makes special arrangements for advance learners. It provides an environment which facilitates learning.

**Ragging, drinking and smoking** are prohibited on the campus. Similarly, students are not allowed to go in for fashion shows that denigrate the human body or wear dresses which are exhibitionist. Musical concerts which encourage vulgarity and obscenity are not allowed in the college. Antidrugs, antiviolence and anti-booze programmes are organized by the active participation of the Students' Central Association. The students are only allowed

two wheelers on the campus so that they realize the need of observing some austerity, and also contribute to the conservation of natural resources. Our endeavour is to produce sensitive and successful humans in tune with the demands of modern times.

The college strives to ensure zero tolerance on harassment of any kind, of girls and women on campus. We have put in place a responsive mechanism focusing not only on careful supervision but also on educational interventions, counselling and quick redressal. Accordingly, we have constituted a **Women's Cell**.

A **Grievance Redressal Committee** takes up all issues including those of complaints of alleged discrimination of students, from the Scheduled Castes, Scheduled Tribes, OBC's, Minority or disabled categories.

With the introduction of new courses/ programmes in the college, and added emphasis on research, the college hopes to further improve the quality of education. We recognize the students' need to grow in life and support them in every way.

### The Students' Central Association

The SCA is an important link in the redressal of students' grievances. It is also an asset to the college in the maintenance of decorum/discipline in the college; arrangement of various college functions, etc.

The Students' Central Association guards the best interests of the students. Our approach in this matter is reflected right from the way we use the idea of students' election. We work from the belief that early exposure of the students to electoral process is a good idea, provided it is taken up in the right manner. In our college we have reduced the intervention of the political groupings to the minimum level.

No doubt the student groups have affiliation with the student bodies of political parties. The difference we make is that we involve all students in matters of their immediate

interest thus leaving them no space to peddle the bad practices of the professional politicians. These have no impact on our students as they are made to strictly adhere to necessary election codes. Our students contest the most peaceful election without taking recourse to the mean methods of influencing the voters.

Once the elected body is put in place, all types of election fever and rivalries are forgotten once and for all. Even those students who have lost in the contest continue to get full attention if they bring up the genuine problems concerning the students.

### Identity Card/Smart Card Rules

On joining the college each student is issued an Identity Card/Smart Card bearing his/her photograph, name and roll number. Students are expected to carry their identity cards with them to the college. Books are issued

from the library and students are admitted to the Reading room and House Examination on production of the Identity Card. Identity Card is also necessary for participating in cultural and social activities and for claiming railway concession. If it is lost another can be got issued on payment of Identity Card Charges. Identity Card must be deposited back at the time of leaving the college. Students are expected to carry their identity cards with them to the college.

## Principles of Arya Samaj

---

1. God is the efficient cause of all true knowledge and all that is known through knowledge.
2. God is existent, intelligent and blissful. He is formless, omniscient, just, merciful, unborn, endless, unchangeable, beginning-less, unequalled, the support of all, the master of all, omnipresent, immanent, un-aging, immortal, fearless, eternal and holy, and the maker of all. He alone is worthy of being worshiped.
3. The Vedas are the scriptures of all true knowledge. It is the paramount duty of all Aryas to read them, teach them, recite them and to hear them being read.
4. One should always be ready to accept truth and to renounce untruth.
5. All acts should be performed in accordance with Dharma that is, after deliberating what is right and wrong.
6. The prime object of the Arya Samaj is to do good to the world, that is, to promote physical, spiritual and social good of everyone.
7. Our conduct towards all should be guided by love, righteousness and justice.
8. We should dispel Avidya (ignorance) and promote Vidya (knowledge).
9. No one should be content with promoting his/her good only; on the contrary, one should look for his/her good in promoting the good of all.
10. One should regard oneself under restriction to follow the rules of society calculated to promote the well being of all, while in following the rules of individual welfare all should be free.
