How to fill in the information on the answersheet is explained in this booklet elsewhere (at SI. No. IV) and shown on the specimen answersheet.
- 7. Use of HB Pencil and Ball Pen: You should bring with you two HB pencils, a good quality eraser, a sharpener and a ball pen. You are advised to bring two pencils to avoid mending a pencil during the examination as you may lose time. Use ball pen for filling up the information only in boxes 1-11 on Side 1. Use HB pencil only, for filling up information in boxes 13-28 on side 1 of the answersheet and box 29 on side 2 of the answersheet. All the answers on the answersheet should also be marked by using HB pencil only.
- **8. Handling answersheet**: Please handle your answersheet with extreme care and keep it dust free. If it is mutilated, torn, folded, wrinkled or rolled, it may not be evaluated by the machine.
  - Answersheet and Question Booklet will be supplied to the candidate. After the test is over, **you should hand over** the answersheet and test booklet to the invigilator before leaving the room. Any candidate who does not return the question booklet and/or answersheet or is found to attempt to take or pass on the question booklet or answersheet inside or outside the examination hall will be disqualified and LIC may take further action against him/her.
- **9.** Rough work to be done on the booklet: You should do all the necessary rough work on test booklet itself only. You SHOULD NOT do your rough work on the answersheet or any other paper. If any rough work is done on the answersheet, your answersheet will not be assessed.
- **10. One Single Answersheet**: For all the objective tests there will be a single answersheet.

- 13. Information on the Answersheet: You should write all the information required on the answersheet such as Roll No., Name, Test Form No., etc. If you do not write your Roll No., Name and Test Form No., etc. and do not darken the respective ovals, your answersheet will not be assessed.
- **14. Travelling Allowance not admissible :** No travelling allowance or other expenses in connection with the examination will be paid.

#### **III. METHOD OF SHOWING ANSWERS**

How to show your answer: Each question is followed by answers which are numbered 1, 2, 3, 4 and 5. Select the most appropriate answer. Then by using HB Pencil blacken the oval bearing the correct answer number against the serial number of the question. For example, if the answer to Question Number 2 is answer number 5, it is shown as follows:

2. 1 2 3 4

#### DO NOT USE BALL PEN OR INK PEN TO MARK ANSWERS. USE ONLY HB PENCILS.

Please also note that you should not use an H, 2H/HH, 3H type of pencils. The marks made by such hard pencil will be too light and will not be read by the computerised machine. So such hard pencils are NOT TO BE USED. If you use too soft pencils like 2B/BB, 3B etc., your marks will be too dark. So when you want to change your answer by

erasing the first one, there may be smudges or dark marks in place of the erased answer and around. So soft Pencils are NOT TO BE USED. THEREFORE, USE ONLY HB PENCILS.

#### SOME WRONG METHODS OF MARKING ANSWERS:

Please DO NOT mark your answers or fill up information by using different methods of marking as illustrated below:

 (Use of Line Mark)
 ① ② Ø ④ ⑤

 (Half filled oval)
 ① ● ③ ④ ⑥

 (Marks outside the oval)
 ① ② ③ ④ ⑥

In all the above cases, though you may have shown your answer, **it may not be read** by the machine because of wrong method of showing the answer.

#### **VERY IMPORTANT**

Answers shown only by blackening an oval by HB pencil will be accepted.

Please note that the oval should be dark enough and should be filled in as completely as possible. You need not make special efforts to darken any oval artistically.

**How to change your Answer: If you wish to change** your answer **ERASE completely** the already darkened oval by using good quality eraser and then blacken the new oval bearing your revised answer number.

While changing the answer, erasing the earlier answer completely is extremely essential. If it is not erased completely, smudges will be left on the erased oval as shown below and the question will be read as having two answers and will be ignored for giving any credit.

(Smudge left in oval No. 3 due to bad eraser and the fresh answer in oval No. 4 will be read as two answers oval No. 3 & 4 and therefore no credit will be given even if the answer oval No. 4 happens to be the correct answer.)

#### IV. HOW TO FILL IN YOUR BIODATA INFORMATION ON THE ANSWERSHEET:

#### **Important**

- (1) The information is to be filled in by you in boxes 1-11 and 13-28 on Side 1 and in box 29 on Side 2 of the answersheet.
- (2) You have to fill in information in boxes 1-11 by using ball pen.
- (3) Information in boxes 13-28 on side 1 and 29 on side 2 is to filled up by using HB pencil only.

- 5. When START signal for objective test is given, do not waste your time in first reading all the questions as is done in the School/College/University examinations. Since these questions are of objective type, read a particular question and immediately mark your answer on the answersheet. In case you find a particular question difficult, skip the questions and go on to the next question. The questions so skipped may be solved at the end, if time is available.
- 6. In the examination hall when the invigilator asks you to tear open the wrapper of the test booklet, open the booklet only along right hand edge. DO NOT remove the staple pins of the test booklet which are at the left hand side. Immediately after opening the test booklet along right hand edge, verify that all the questions are properly printed in your booklet and then begin answering the test. In case the test booklet is defective, get it replaced by another test booklet bearing the same Test Form No. Till the invigilator replaces your test booklet continue answering other questions which are not defectively printed so that you do not lose time while the replacement of the defective booklet is being done.
- 7. If the question is skipped care should be taken while marking the answer of the next question. It should be marked against the appropriate question serial number leaving blank the answer spaces for the skipped question.
- **8.** No extra time will be given for darkening the ovals after the time for the objective tests is over and the 'STOP' signal is given.
- **9.** You are advised in your interest to apportion the time given judiciously and not to utilise too much time on a particular test(s) at the cost of other tests.

The minimum marks to be obtained in each paper and in the aggregate shall be decided by the LIC of India. The marks obtained by the candidate in each paper and in the aggregate shall be arrived at after deduction of the marks for wrong answers. LIC of India reserves the right to fix the minimum eligibility standard in order to restrict the number of candidates to be called for the Written Test and/or Interview, commensurate with number of vacancies. If a question is left blank i.e. no answer is given by you, there will be no penalty for that question. If the total of the penalty for a test is in fraction, the marks obtained shall be rounded off to the nearest integer. YOU SHOULD THEREFORE BE CAREFUL IN MARKING YOUR ANSWERS.
