## 1. INTRODUCTION

The Government of India established the National Board of Examinations (NBE) in 1975 with the objective of improving the quality of the Medical Education by establishing high and uniform standards of postgraduate examinations in modern medicine on an all India basis and utilizing existing infrastructure for capacity building.

NBE at present conducts postgraduate and postdoctoral examinations in approved specialties leading to the award of Diplomate of National Board. The Medical Council of India has laid down standards for postgraduate examinations conducted by various medical colleges and affiliated to concerned universities and other institutions, yet the levels of proficiency and standards of evaluation vary considerably in these institutions.

The Examinations conducted by NBE provide a common standard and mechanism of evaluation of minimum level of attainment of the knowledge and competencies of medical specialists. Moreover, intra country and international comparisons are facilitated with the availability of common evaluation mechanism.

## RECOGNITION OF DNB QUALIFICATIONS

The Nomenclature of the qualification awarded by the National Board of Examinations is “Diplomate of National Board”. The list of recognized qualifications awarded by the Board in various Broad and Super specialties as approved by the Government of India and included in the First Schedule of IMC Act 1956 is as at Annexure A.

As per the Indian Medical Council Act 1956; the power to recognize medical qualification and determine their equivalence rests with the central government.

The Diplomate qualifications awarded by the National Board of Examinations are equated with the postgraduate and post doctorate degrees awarded by other Indian Universities for all purposes including appointment to teaching posts as lecture/Assistant Professor by the Government of India, Ministry of Health and Family Welfare; vide their notifications issued from time to time.

## 18. FREQUENTLY ASKED QUESTIONS

### Format of PDCET

#### 1. Is there a new testing format for PDCET?

Yes, starting from the November 2012 administration, the Diplomat of National Board Post Diploma Centralised Entrance Test (PD-CET) has changed from a paper and pencil test to a computer-based test (CBT) This is not an Internet-based test, i.e. a candidate does not take the test over the Internet. Instead of reading the questions from a paper booklet and darkening the ovals in an answer sheet, a candidate will now read the questions on a computer screen and choose an answer by using a mouse to click on the appropriate option.

#### 2. How is the computer-based format different from the paper and pencil format?

The only difference is in the way the questions are presented, and how responses are recorded.

#### 3. What does a computer-based test look like?

A Practice Test will be made available on the NBE website [www.natboard.edu.in](http://www.natboard.edu.in) to provide candidates with the look and feel, as well as functionality of the actual test.

#### 4. Can I take the test from any computer?

No, a candidate will have to test on a pre-assigned workstation, in the testing venue chosen by him/her during the time of registration and scheduling.

### Test Duration & Pattern

#### 1. What is the duration of the test?

The test duration is 3 hours and will be conducted in a single section. There will also be an additional 15-minute tutorial prior to the start of the test. Candidates will also need to accept a non-disclosure agreement (NDA) before beginning the test.

#### 2. How many questions will there be?

There will be a total of 180 questions.

#### 3. Can I move back and forth between the questions?

Yes, candidates will have the option to navigate between the questions via the Review Screen. Candidates are advised to make use of the Practice Test on the NBE website [www.natboard.edu.in](http://www.natboard.edu.in) to familiarize themselves with the navigation and functionality of the actual test. A 15-minute tutorial will also be available prior to the start of the actual test.

**4. What type of questions will there be?**

The test will only contain multiple choice questions, each with four (4) options and only one (1) correct response.

**5. What is the syllabus / course on which the test would be based?**

The standard of the examinations shall be at the level of Final MBBS (Exit Examination)

**6. What is the 15-minute tutorial?**

The tutorial provides a series of screens that will orient you to the computer-based PDCET. This will give you an opportunity to try the various features, including how to navigate between questions, review them, select, de-select, change and mark responses etc. The tutorial has a total duration of 15 minutes and candidates are advised to go through it entirely before starting the actual test. At the end of the tutorial, candidates will be asked to accept a non-disclosure agreement (NDA) before beginning the test. For a similar preview, candidates can take a tour of the Practice Test which will be available on NBE website at **[www.natboard.edu.in](http://www.natboard.edu.in)**

**7. What is the Practice Test?**

The Practice Test is a sample computer-based test that is intended to familiarise candidates with the navigation and functionality of the PDCET. It includes a tutorial on using the various features of the test like moving between screens, selecting, de-selecting, marking and reviewing responses etc., as well as some sample questions which will allow candidates to try out these features. **No.V.11025/13/2004-ME(P-I)**  
**Government of India**  
**Ministry of Health & Family Welfare**  
**(Department of Health & Family Welfare)**  
**New Delhi, Dated the 1st June, 2006**

To

The Health Secretaries of all States/U.T.s

Sub: D.N.B. qualification awarded by the National Board of Examinations-  
 Equivalence of Board's qualification for appointment as teachers-

Regarding

Sir,

I am directed to invite your kind attention to this Ministry's letter No. V.11025/6/94-ME(UG), dated 2.10.1994 (copy enclosed) on the above mentioned subject wherein it was stated that due importance to NBE qualifications may be given and the same may be treated at par with MD/MS degrees of Indian Universities or all posts, including teaching posts as National Board of Examinations is an autonomous body directly under the control of the Central Government and is keeping high standard of medical education. It was also provided therein that for teaching appointments in Broad specialities, the holder of Diplomate NBE should have at least one year teaching experience as Tutor/Registrar /Demonstrator or equivalent post in a recognized medical college imparting undergraduate training to be eligible for appointment as Lecturer, and the holder of Diplomate NBE in Super-Specialities is required to undergo training for two years in a recognized medical college having recognized postgraduate medical degree in the concerned speciality to be eligible for appointment as Lecturer.

2. The Government has reviewed in detail the issue of the above requirement of additional one/two years teaching experience for DNB degree holders for appointment as Lecturer in Broad Specialities/Super-specialities. After taking into consideration all facts of the matter, the Government has come to the conclusion that for the purpose of appointment of DNB degree holders to the teaching posts, the requirement of additional one/two years teaching experience as stipulated in the above instructions dated 3.10.1994 needs to be discontinued. Accordingly, these instructions stand amended to this extent.
3. It was also brought to the notice of this Ministry that some of the employing

organizations are not considering the medical qualifications awarded by the National Board of Examinations as equivalent to MD/MS, DM/M.Ch. degrees awarded by various other universities for appointment to various posts. The advertisements issued for specialist/faculty positions by various recruiting agencies thus do not invited applications from the holders of the DNB qualifications. As clarified in the above instructions dated 3.10.94, it is reiterated that the medical qualifications awarded by NBE are recognized qualifications included in the First Schedule to IMC Act, 1956 and are considered at par with MD/MS, DM/M.Ch qualifications of other universities.

4. It is therefore requested that the above position may please be brought to the notice of recruiting agencies under your control that while advertising for various positions for which MD/MS, DM/M.Ch. qualifications are required, it may also be specifically mentioned therein that those candidates possessing the DNB qualifications are also eligible to apply for such positions. Further, in view of the above decision to discontinue the requirement of teaching experience of one/two years for those having Diplomate NBE qualifications in broad/super-speciality disciplines for appointment to teaching posts, the candidates possessing the DNB qualifications may be considered for appointment to teaching posts as Lecturer in speciality/ super speciality disciplines without insisting on the additional teaching experience.

Yours faithfully,

**Sub : NBE qualifications awarded by the National board of Examination-Equivalence of**

Sir,

I am directed to say that medical qualification awarded by the National Board of Examinations are included in the First Schedule to the Indian Medical Council Act, 1956 and are considered at par with Postgraduate Medical qualifications of the Indian universities. However, it has been brought to our notice that employing organizations are not recognizing these degrees at par with MD/MS degrees of other universities. As the National Board of Examinations, an autonomous body directly under the control of the Central Govt., is keeping high standard of medical examinations and it is requested that all concerned may please be instructed to give due importance to NBE qualifications and treat them at par with MD/MS of Indian Universities for all posts, including teaching post.

The Medical Council of India while considering the question of equivalence of MAMC/MNAMS/Dip. N.B. qualification awarded by the National Board of Examinations with M.D./M.S. and D.M./M.Ch. qualifications granted by the university/medical Institutions, has adopted the following recommendation, which was circulated to all the authorities concerned by the Council on 6.12.93 for information and necessary guidance:

It is recommended that for teaching appointments in the broad specialities the holder of Diplomate NBE should have at least 1 year teaching experience as Tutor/Registrar/Demonstrator or equivalent post in a recognized medical college imparting undergraduate teaching and training for appointment as Lecturer. Regarding the candidates holding Diplomate NBE in super specialities, the training shall be for 2 years in a recognized medical college having recognised postgraduate medical degree in the concerned speciality for appointment as Lecturers"

It is requested that the above may please be brought to the notice of all recruiting agencies under control for information and compliance.
