Global School of Theology South Africa Western Cape

Global School of Theology South Africa is accredited and registered with the Department of Education as a private higher education institution under the Higher Education Act, 1997 (Registration Certificate No. 04HF01). Global School of Theology South Africa degrees are recognised both nationally and internationally through our relationship with Global University in the USA.

Global School of Theology South Africa (formerly International Correspondence Institute / ICI) was started in South Africa in the 1970's. Global School of Theology South Africa Western Cape (GST SA WC), formerly Cape College of Theology (CCT), and then Cape Theological Seminary (CTS) was started in Cape Town in 1986. The Western Cape campus has been a residential programme, with distance students being served by the National Office in Roodepoort. In 2013 the Western Cape campus was given permission to serve distance students living in the Western Cape Province. All degrees earned through study at GST SA Western Cape are GST SA degrees.

GST SA Western Cape still offers the Diploma and BA Degree in the Residential programme for those wanting to learn in a classroom setting. For more information on the Residential programme, contact BAinfo@cts.org.za. The Western Cape campus also offers Post Graduate Studies in block sessions twice per year. The Master of Arts offers three concentrations, namely, Leadership, Biblical Studies, and Education. For more information on the MA programme, contact MAinfo@cts.org.za, or visit www.cts.org.za.

Credit Hours and Credits

A conversion formula is used to relate GST SA credits to the credits recognised by the South African Qualifications Authority (SAQA). This formula is: 1 GST SA credit hour = 3.75 SAQA credits. Therefore, a GST SA degree requiring 128 (USA) credit hours is equivalent to 480 (RSA) SAQA credits. (This conversion formula is for undergraduate coursework only. Different conversion factors apply for postgraduate coursework and research.)

Admission Requirements

Applicants must have completed secondary school, obtaining an appropriate National Senior Certificate for the qualification enrolled. Equivalent qualifications may be based on transcripts from another tertiary institution, or official educational records from South Africa or another country. Only official transcripts will be considered.

For those with previous undergraduate training, advanced academic placement through transfer of credit may be possible. GST SA reserves the right to determine whether it will accept transfer credits from another academic institution. Students should request from the institution where they studied, that their official transcript be sent directly from that institution to the GST SA National Office in Roodepoort. The Request for Academic Records form can be used to submit this request (available on request from the GST SA WC Admissions Office, or online at www.globalschooloftheology.org.za). The maximum number of credits that can be accepted in transfer towards the BA degree is 240 (RSA)/64 (USA). Transfer credit is granted only for courses for which the equivalent to GST SA's standard for a 'C' (average) or better has been earned. All transfer credit must fit GST SA's academic programme requirements. Courses with a grade of 'pass' must be certified by the school as being equivalent to GST SA's standard for a 'C' or higher in order to be accepted in transfer. Transcripts and official documents must be in English or be accompanied by an official translation into English.

Foreigners living in the Western Cape are only allowed to be accepted as students if their visa states that they may study while living in South Africa. If their visa does not

include studying, they may apply as a student, and if given provisional acceptance, they may then apply for a study visa. Only after receiving their study visa, will they then be given full acceptance into a programme.

Academic Programmes

The programmes of the Undergraduate Studies are designed for ministers, ministerial students, and laypersons that are serious in their desire for a biblical education. Global School of Theology SA WC offer a Diploma, and BA degree programmes.

Diploma Programme

GST SA WC offers a Diploma in Religious Studies. The diploma is ideal for individuals who seek training but are not planning to continue towards a BA degree. The Diploma is a 240 (RSA) / 64 (USA) credit programme.

Bachelor of Arts Degree

The Bachelor of Arts (BA) Degree Programme is a 360 (RSA) / 96 (USA) credit course. GST SA Western Cape offers two majors in the Bachelor of Arts Programme: Bible and Theology, and Intercultural Studies.

The BA with Bible and Theology major is designed to provide the educational background needed by those preparing for a pastoral or preaching ministry. It also provides a solid foundation for life and ministry in general.

The BA with the Intercultural Studies major is designed for those who plan to serve as missionaries. It has a basic Bible and Theology component with emphasis in cross-cultural communications and Christian missions.

Bridging Requirements

Students with a National Senior Certificate but not with appropriate subject combinations and levels of achievement (Senior Certificate with exemption) are only able to enter the BA Programme after successfully completing the bridging requirements. If they are able to achieve a Grade Point Average (GPA) of 2.0 for the bridging courses, they will qualify to enter the Bachelor of Arts Degree Programme. This Bridging requirement and BA is a 480 (RSA) / 128 (USA) credit programme.

Second Bachelor of Arts Programme

Individuals who have already earned a bachelor's degree are eligible for advanced placement in the GST SA BA programme. With this kind of advanced placement it is possible to complete a BA, majoring in Bible and Theology or Intercultural Studies, by completing an additional 188 (RSA) / 50 (USA) credits.

Application Procedure

Application forms are available on request from the GST SA WC Admissions Office, or online at www.globalschooloftheoogy.org.za.

Individuals applying need to submit the following items in order for the application to be considered:

1. Application form
2. A non-refundable Application Fee of **R200.00**
3. A certified copy of your National Senior Certificate
4. Official Transcripts from all Higher Education Institutions attended. These must be sent directly from the Higher Education Institution to the GST National Office in Roodepoort

5. A Certificate of Good Conduct if you are transferring from another Higher Education Institution
6. A certified, colour-copy of your South African ID or Passport and Visa
7. Your personal testimony of salvation (a minimum of 250 words, preferably typed)

Enrolment Procedure

After the complete application has been submitted to the GST SA Western Cape Office, it will be sent to the National Office in Roodepoort. Acceptance into a programme is granted by the Global School of Theology South Africa National Office. When accepted into a programme, the National Office will allocate the new student a student number. If accepted, the Western Cape office will send the student an acceptance letter and guide the student in the steps that need to be taken in order to begin studying.

The first course (subject/module) that students enrol for is an orientation to GST SA curriculum and distance learning system. Students are allowed to enrol in more than one course if they wish; but may not take more than 3 courses at a time. Options of other courses will be provided when a student is accepted. These additional courses will need to be included in the *Registration Request* form submitted by the student. An invoice will then be sent to the student including the additional fees. All fees must be paid in full before a student will be given books. A Subject Enrolment Card (SEC) will be given together with the books for the new course. Students need to complete and sign the SEC, and return it to the Western Cape Office. Students will have the 3 months of the term in which to complete courses and write the final exams.

All students enrolling in any GST SA Programme must complete the *Bible and Theology Pre-test*. Students enrolling in the Bridging Requirements for the BA Degree must also complete the *General Education Pre-test*. If possible, these assessments need to be done before starting the first course. However, if this is not possible, an extension can be given, but then these assessments must be completed before a student requests the final exam for the Orientation course. Acceptance into a programme does not depend on scores on these assessments, and the results do not appear on transcripts.

Term Schedule

The Distance Education schedule consists of 4 terms, each lasting 3 months. The terms start in the first full week of March, June, September, and December. Once an application has been approved, a student may register for courses and start in the next term. Courses will be completed in a term, allowing for registration in new courses in the following term. Each student works according to his or her own list of required courses, determined by the programme in which he or she has enrolled.

During the 3 month term, a student can enrol in up to 3 courses. The number of courses a student enrolls in should be determined by the amount of time that is available for studying. Student studying eight hours per week can usually complete one 3-credit course in 12 weeks.

The amount of time it will take to complete a degree varies according to the number of courses studied each term.

- A student needs to complete approximately 24 courses to earn a Diploma.
- A student without a Senior Certificate exemption will need to complete approximately 47 courses to earn a BA Degree.
- A student with a Senior Certificate exemption needs to complete approximately 36 courses to earn a BA Degree.

- A student with a degree, wishing to complete a second degree, will need to complete approximately 20 courses to earn a second degree.

If a student does not enrol in a course for more than 18 months, the student will become inactive. In order to continue studying after 18 months, a student will need to reactivate his or her student status. In order to do this, a student will need to submit a new application form and pay a reactivation fee. The student will then fall into the current year programme requirements being offered; this may mean that the student will need to complete new or additional courses required under the new programme in order to earn the qualification they are working towards.

Financial Matters

The academic and book fee must be paid in full before a student will receive books. If a student wishes to, he or she can deposit money on a monthly basis during a term, earning credit towards the next term fees. This provides an option for a payment plan prior to receiving books. Any money still owed in week 10 of the term must then be paid in order to receive books and be enrolled in a course for the following term.

Money can be deposited, or a transfer made to the following bank account:

Account Name: Cape Theological Seminary (Current Account)

Account #: 27 21 92 732

Bank: Standard Bank

Branch: Bayside

Branch Code for EFT's **within SA:** 022 209

Branch Code for **International EFTs:** 051 001

Transfer/Deposit Reference: Initials and surname of the student

International Payment Swift Code: SBZAZAJJ

(All payments should be made in South African Rand's.)

Students are to ensure that their names are provided as a reference on all payments.

Course Work

The GST SA course work is contained in Study Guides (SG's); each is designed for independent study. Textbooks are used for most courses, and are either directly related to the study plan of the course, or are given as a separate reading assignment (*Collateral Reading Assignment*). Each GST SA course requires a written project or research paper. Students also need to apply and present course principles as a practical application of what has been learnt, and submit a *Service Learning Requirement* report on the experience.

Final Examination

Final exams will be written in the last week of the Distance Ed term. All course work must be submitted via email to the Distance Ed Office, 3 weeks before exams, in order to qualify to write the exam. Exams may be written on the GST SA WC campus, or if a student can arrange someone (possibly his or her pastor) to supervise the exam, then at any venue that is agreed upon with the supervisor.

Extra-curricular Requirements

Students enrolled with GST SA Western Cape may be required to attend certain seminars or fulfil certain practical activities in addition to course requirements. These requirements are designed to further enhance the learning experience. Students will be informed of the specific details of these requirements.

Graduation Requirements

Undergraduate diplomas and degrees are issued by Global School of Theology SA only after a review of the student's records and certification that all the following requirements have been fulfilled:

1. All required courses have been successfully completed. (Any transcript being evaluated for possible transfer of credit from another school must be submitted no later than when completing the third GST SA course.)
2. A minimum of 120 SA/ 32 USA credits have been earned through GST SA.
3. Cumulative grade point average is at least 2.00.
4. Capstone* requirement has been fulfilled.
5. The graduation fee has been paid.

*The capstone requirement is designed to measure students' progress at the end of the programme. While the capstone requirement is not a course and students will not receive a grade, all components of the requirement must be submitted in order for students to graduate. The capstone consists of four activities:

1. A Bible and Theology Post-test, and if enrolled in the Bridging requirements, a General Education Post-test as well
2. A written essay
3. A verbal communication recording
4. The Graduate Follow-Up Survey

Language of Instruction

All Study Guides and textbooks are in English. All course work needs to be submitted in English.

Ministerial Credential

Global School of Theology SA does not credential ministers. Individuals studying to fulfil educational requirements for ministerial credentials should refer to the credentialing information of their Church Denomination or Fellowship. Students should contact their Church's district or regional office to determine the appropriate requirements and to ensure that the programme they wish to complete will assist them in qualifying to receive credentials.

Library Resources

GST SA WC students are given access to the Global University online library site. The Global University Library provides valuable online resources such as CREDO Reference, Encyclopedia Britannica Online Academic Edition, Academic Search Elite, and American Theological Association (ATLA) databases. These resources provide students with access to thousands of peer-review journals, as well as general reference resources. This site is accessible through the Global University's website at www.library.globaluniversity.edu.

The GST SA Western Cape campus has a library which is available for all students to use in fulfilling their course work requirements. Students wishing to use the library can contact the WC Campus regarding the library hours. The Library Staff will provide students with a Library Handbook, outlining the guidelines for using the library. An annual membership fee allows students to check books out of the library; or students may work in the library for free but not check out books.

Academic Programme Requirements

The following pages list the courses required for each programme offered. The sequence for taking these courses is also provided. Courses in Sequence One need to be completed before a student can move on to Sequence Two, and so on through all the required sequences. Courses within a sequence may be completed in any order, but they need to be completed in order to move to the next sequence. A list of General Electives will be provided for each student, based on the programme in which he/she is enrolled.

DIPLOMA IN RELIGIOUS STUDIES

Student needs to complete **approximately** 24 courses (64 credits) to earn a Diploma.

If 3 courses are completed every term (3 months), a Diploma can be earned in two years.

If 2 courses are completed every term, a Diploma can be earned in four years.

If 1 course is completed every term, a Diploma can be earned in 6 years.

PROGRAMME COURSES

Sequence 1 (16 credits)

Required courses:

GUO	1002	Orientation to Global University Learning
BIB	1073	Paul's Salvation Letters: Galatians & Romans
LIT	1213	Old Testament Literature: His Story
THE	1033	God and Angels
MIN	2013	Human Relations

Select one course:

Partnership

GST SA Western Cape VISION

To see a transformed Church fulfilling God's Mission locally and globally through a mature, Spirit-empowered generation.

GST SA Western Cape MISSION

To serve the Church by equipping and mentoring people to fulfil the Great Commission in the power of the Holy Spirit.
