UNIVERSITY OF MYSORE - RECOGNITION OF FOREIGN
UNIVERSITIES/INSTITUTIONS –STATUTES 2008

UNIVERSITY OF MYSORE

Draft Statutes framed under Section 4(1), 4(V), 5 and 66 of the Karnataka State Universities Act, 2000 in respect of Recognition of Foreign Universities/Institutions –Statutes 2008

1.0 PREAMBLE

Section 4(i) of the K.S.U. Act, 2000, empowers the University to provide for instruction, teaching and training in such branches of learning and knowledge and research as the University may decide. Section 4 (v) of the Act further empowers the University to co-operate with other Universities and Authorities in such manner and for such purposes as the University may from time to time determine. Section 5 provides for recognizing/associating an educational institution situated outside the country including foreign Universities for the privileges of the University.

1.1 Section 5 - provides that an educational institution situated within the University area may be associated with, or admitted to, any privileges in any other University or affiliated to a University established and incorporated, including foreign Universities, with the specific sanction of the State Government.

1.2 Section 66 empowers the University to identify and accord recognition to certain Institutions:

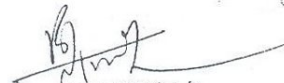

- (i) Any institution situated within or outside the University area, other than a college which conducts research or specified studies or specialized studies, may be recognized by the Syndicate as a recognized institution for such purpose and in such manner and subject to such conditions as may be prescribed in the Statutes.
- (ii) Such recognition may be withdrawn either in whole or in part or modified in such manner and for such reasons as may be prescribed by the Statutes.

2.0 CONTEXT

education. UGC has been emphasizing and encouraging Indian Universities to participate in these activities. The UGC in X Plan proposed a separate scheme titled '*Grant for promotion of export of higher education*' with the objective of promoting the free flow of students from other nations to India and vice-versa.

2.2 The justification provided for this new scheme is as follows:

"Higher education in India is recognized as one of the better systems for producing talented human resources. At the same time, foreign universities are also interested in establishing their activities in India through their arrangements with Indian Universities. It will also help Indian Universities to expand their activities outside India and also to export Indian education".

2.3 The University of Mysore which achieved the unique distinction of A+ accreditation by National Assessment and Accreditation Council (NAAC) and the Institution of Excellence by the Government of India took several initiatives to enhance its international image, prestige and visibility. The University of Mysore has been attracting large number of foreign students and currently it has the second largest presence of foreign students in the country. Nearly 1500 students from 46 countries are pursuing various programs and they are mostly from developing regions of the world. It is in this context, that the University of Mysore took the lead to initiate collaboration with several leading Chinese Universities which resulted in signing of MOU. To operationalise and streamline the collaborative efforts, these statutes have been framed.

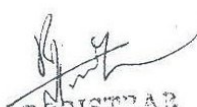

2.4 After mature consideration, the Academic Council and the Syndicate of the University of Mysore have framed the following Statutes which may be called "University of Mysore - Recognition of Foreign Universities/Institutions Statutes 2008"

3.0 SHORT TITLE AND COMMENCEMENT

3.1 These Statutes shall be called "University of Mysore - Recognition of Foreign Universities/Institutions -Statutes 2008"

3.2 These Statutes shall come into force from the date of assent by the Chancellor of Universities in Karnataka. (This Statute shall also be applicable to those foreign Universities/Institutions which are already offering some of these programs with necessary changes, if, need be, in MoU/MoA (MoU/MoA)).
