7. The Entrance Examination

Introduction

The candidates seeking admission to the Master in Business Administration (M.B.A.), Programme of this University will have to appear for and show sufficient level of competence and aptitude in a Common 'Entrance Examination' conducted by the University.

The information regarding the Entrance Exam. its composition, nature, etc. is given in the following sections.

Nature and Composition

This Entrance Exam, is designed for testing various scholastic/mental abilities and skills that are considered essential for the successful completion of the programme. It is also intended to test the aptitudes of the candidates in the important aspects of business organisation. The test consists of the following sections as given below.

Sectio	n Topic .	Marks
1:	Reading Comprehension	15
2 :	Verbal Ability	20
3 :	Numerical Ability	15
4 :	Business Data Interpretation	n 20
5 :	Business Application	20
6 :	Business Judgement	10
	Total	100

The candidate has to complete the whole test in one single session of 3 hours duration. It is necessary, however, to be present in the Examination Hall at least 30 mins. before the actual examination. He / she can begin answering any 'Section' and follow any sequence for answering the questions. Care should be taken to see that no section is omitted. Students will be required to present their hall tickets at the time of the examination. Use of calculators will **not** be allowed. A certain minimum level of performance in each section may be considered necessary for being included in the merit list.

Exam. Date : Sunday, 4th August 2013 Time 10.00 a.m. to 1.00 p.m.

Nature and Types of Questions

All the questions (hereafter referred to as 'items') are of the 'multiple choice' type, wherein each item is given four or five options. The candidate has to 'select' only one of the given options as the correct answer to the item and indicate the same by placing a cross mark to the corresponding bracket space in the special answer-sheet distributed along with the question-paper. Putting a mark at more than one choice will be treated as a wrong answer and that particular question will be given zero marks.

Every item carries 1 mark. Examples that follow are simply to illustrate the nature of the items likely to appear in the different 'sections' of the exam-question paper.

Illustrative Examples

The examples given for each section are merely to illustrate the **nature of task required.**

The examples cited here are just to give an idea about the nature of entrance examination and questions appearing in entrance examination may vary from illustrative examples.

(i) Reading Comprehension

In this component, a passage (consisting of about 450-500 words or 25-30 lines) will be given. The candidate has to read the passage very carefully, understand the details and answer the items that follow it.

Some items are meant for testing understanding of what is stated therein. Some others are intended to test interpretation and analysis of what is read. Certain others are intended for testing understanding of the contextual meanings of specific words/phrases.

It is important to throughly read the passage a sense of the principal ideas, facts, organisation of content, information relating to ideas, attitudes, tone and general style of presentation before one attempts to answer the items.

Each item is expected to be answered on the basis of what is in the passage and not on the basis of personal opinion or knowledge. Candidates are advised to read all the options before selecting an answer.

Here is an example to illustrate.

Directions : Read the passage given below and answer all the items following the passage on the basis of what is stated / implied in it.

... Since then, the span of man's life grew to eighty years. The first thirty years of his whole long life are, in fact, those of man's own life. At this stage, he is sound both in body and mind and is full of fire.

After that, in the next eighteen years, he leads the life of a donkey. In this age, he does nothing but abuse. Thereafter, he steps into the life of a dog. At that stage, man lacks the vigor of the past, but all the same the memory of the days gone by does not slip away.

Therefore, he can do little but sit apart and bark at others. Finally he glides into the life of a monkey when he, not only in his conduct but also in his physical appearance, apes the monkey.

- 1. The focus in the passage is on the character of a
 - 01 a
 - (A) dog (\mathbf{P})
 - (B) man
 - (C) donkey
 - (D) monkey
- 2. The first thirty years of man's life can be called his own because

1992	4525	20	7	11	2	9	6	4	1
1993	5000	25	6	13	6	12	7	4	2

trouble continued for about 3 years in succession after which the factory workers went on a total strike.

During these 3 years, the company management had retrenched several workers as indicated in **Table No.1**.

1. What percentage of the total workers retrenched were within the age-range of 25-29 ? (Figures have been rounded)

(A) 17 (B) 56 (C) 18 (D) 57

2. What was the increase in percentage of retrenchment between 1991 and 1992 for the workers with a work experience of between '3 to less than 5 years' ? (Figures have been rounded)

(A) 10 (B) 7 (C) 5 (D) None of the above

- 3. Which of the following situations, shows the maximum retrenchment of workers ?
 - (A) When age range is high & work experience is high.
 - (B) When age range is high & work experience is low.

- (C) When age range is at the intermediate level & work experience is low.
- (D) When age range is at the intermediate level & work experience is high.

(v) Business Application

This component deals with items designed to test the ability to apply given data for solving simple problems related to commerce, economics, statistics and business.

The topics that may be covered herein are : Ratio - Proportion - Variation, Average - Percentage, Profit - Loss - Discount, Interest (Simple and Compound), Stocks and Shares, Taxes - Rates, Insurance Time -Work - Speed and the like.

Given here are a couple of illustrative examples.

Example 1

The cost price of an article is Rs. 8.50. The selling price is to be decided so that a profit of 25% on the selling price will be made? What should be the selling price ?

(A)	Rs.	11.33	(B)	Rs.	10.36
(C)	Rs.	12.05	(D)	Rs.	9.78

Example 2

The sum of Rs. 4000 will amount to Rs. 5000 at a simple interest of 5% p.a. in -

- (A) 4 years; (B) 6 years
- (C) 2 years 6 months (D) 5 years

(vi) Business Judgement

In this section, information about a business situation is provided in sufficient details in a passage or a case report. This is followed by a series of items that will test the ability to evaluate the statements, facts and other information regarding the business and to make your judgement about the various aspects of the business as stated in the report.

Example 1

Directions : Read carefully the passage given below and answer the questions that follow.

Secretarial practices in modern offices have seen many technological changes in recent years. A major event is the advent of computerisation in every sphere of life. A leading typing institute offering regular training as well as undertaking major typing tasks on job-work basis, was quick to realise the possible use of computerisation in improving its services and therefore decided to purchase the latest computers with printers etc. to update its existing facilities. The new equipment, it was realised, would result in increased output to the extent that the work handled by three secretarial assistants would, with the new facilities, be handled, by one assistant.

It was believed that the overall profits of the institute with the use of computerised services would undergo a significant increase. Besides, the manager of the institute enjoyed good, cordial relations with his subordinates. In fact, on many occasions in the past, his subordinates had stayed back well beyond working hours (without any expectation of monetary compensation) in order to respect the commitments made to outside parties.

Over a period of six months, the manager of the institute collected funds (partly by investing his own earlier profits and partly by raising loans from the State Bank of India) for the purchase of the required computers and accessories. He was lucky to obtain the required equipment within a week.

By the end of 8 months, after a detailed financial analysis of the existing situation, it appeared, however, that the overall profits of the institute had declined by 8% rather than showing an expected increase. There had been no change in other conditions within the set-up. Perplexed about this unexpected outcome, the manager of the institute sought advice from a firm of management consultants. The consultants worked on the details provided by the manager of the institute and finally submitted their report, giving useful advice and recommendations.

Given below are a set of factors which may not be important in the decision advice given by the firm of management consul-tants. Evaluate each factor with respect to the classification scheme given below.

Classification Scheme Mark

- (i) if it is a major objective in the decision making process.
- (ii) If it is a major factor, influencing the decision.
- (iii) If it is a minor factor, influencing the decision.
- (iv) if it is an unimportant issue, in making a decision.

The following items are to be evaluated on the basis of the classification-scheme.

1. Time required for getting the new equipment.

- 2. Possible difficulties in getting a loan.
- 3. Increased productivity of subordinates.
- 4. Training of subordinates in new techniques of computerisation.
- 5. Increase in profits.

10. Student Welfare

Student aid

YCMOU offers financial aid for students from low-income strata on merit basis. YCMOU has made a pooled annual provision of Rs. 15 lakh for this purpose. YCMOU offers a 50% fee waiver in various programmes for students in low-income sections of the society. Students need to apply in specified format with suitable documents for eligibility.

Sports events

Annual events are organized to offer sports-opportunities for students at regional and university levels. This will enable them to qualify for sports events at intervarsity *Ashwamedha* (intervarsity event started by Hon Chancellor), state and national levels including AIU events.

Youth festival

Annual youth festivals are held for performing arts at regional and university level. The events include elocution, *ekankika* (one-act-play), music and dance. This qualifies them for participation in *Indradhanushya* — intervarsity event started by Hon Chancellor and also national level events including the AIU-event.

Avishkar

To promote research activity in the student community, Avishkar—an intervarsity event started by Hon Chancellor is organized annually. A biannual research journal is published by YCMOU for students to carry the research papers.

Samvad house journal

Samuad patrika is a monthly house journal for communication with thousands of students of YCMOU spread in the entire state. This carries educational articles and useful information. This is expected to promote self-learning and awareness about Open & Distance Learning.

Virtual learning

The Ahemadabad based ISRO has helped YCMOU to start a satellite based virtual learning centres network to assist learning. This networks 40 VLCs in the state where students can gather to interact with the counselors.

NSS

The National Services Scheme (NSS) has been launched at select YCMOU study centers for 1500 students.
