

- Anthropologist who studies cultures that can be or have been observed first hand from a comparative or historical point of view is called,
 

A) Ethnographer	B) Participant Observer
C) Ethnologist	D) Archaeologist
  
- The marriage of a woman to a number of husbands who are brothers is called:
 

A) Sorroral polygyny	B) Adelpic polyandry
C) Levirate	D) Fraternal polyandry
  
- is the basis and core of all elementary human societies
 

A) Clan	B) Family
C) Moiety	D) Cluster
  
- Name the unilateral kinship group which traces descent through one parent only, either father or mother, and never both.
 

A) Sib	B) Family
C) Clan	D) Society
  
- Ashantis of Ghana are ----- community.
 

A) Patrilineal	B) Polyandrous
C) Matrilineal	D) Patriarchal
  
- Author of the book 'The Evolution of Culture' published in 1959
 

A) Raymond Firth	B) Radcliffe Brown
C) Malinowski	D) Leslie A. White
  
- The classic example of ghost marriage
 

A) Toda of Nilgiris	B) Kattunaicken
C) Nuer of Africa	D) Argonauts of Western Pacific
  
- A mode of kinship reckoning in which all relatives of the same sex and generation are referred to by the same term is called,
 

A) Eskimo system	B) Crow system
C) Hawaiian system	D) Iroquois system
  
- Name the tribal community in Srilanka
 

A) Pomos	B) Maidus
C) Veddas	D) Pigmies
  
- Transhumance is the term connected with,
 

A) Agriculture	B) Horticulture
C) Sericulture	D) Pastoralism

11. Name the regional exchange system among tribes of the North Pacific coast of North America celebrated as a festive event.
 

A) Potlatch	B) Kula
C) Silent trade	D) Reciprocity
  
12. Chenchus are distributed in,
 

A) Tamil Nadu	B) Andhra Pradesh
C) Kerala	D) Maharashtra
  
13. Name the sacred impersonal force in Melanesian and Polynesian religions
 

A) Cargo cults	B) Mana
C) Magic	D) Communitas
  
14. Bedouins are the tribal people of,
 

A) Africa	B) Arabia
C) Australia	D) America
  
15. The worship of spirit is called,
 

A) Polytheism	B) Manism
C) Animism	D) Monotheism
  
16. Cattle herding tribe of the Southern Sudan
 

A) Gallas	B) Masais
C) Nuer	D) Hottentots
  
17. Author of the book 'Rebellious Prophets'
 

A) Marvin Haris	B) Franz Boas
C) Stephen Fuchs	D) E.B. Tylor
  
18. Name the stone technology based on a projectile point that was fastened to the end of a hunting spear and it flourished between 12000 and 11000 B.P in North America.
 

A) Harpoons	B) Clovis tradition
C) Blade -tool	D) Hand axe
  
19. Name the anthropologist who studied Trobriand Islanders between 1915-1918
 

A) A.B Weiner	B) Levi-Straus
C) Radcliffe Brown	D) B.Malinowski
  
20. The genes in bio-chemically different forms are known as
 

A) Chromosomes	B) RNA
C) DNA	D) Alleles
  
21. Name the systematic outline of the way in which a particular research will be carried out.
 

A) Objectives	B) Hypothesis
C) Research Design	D) Field work

22. ----- research focuses on a large number of respondents, chosen through sampling procedures  
 A) Schedule B) Survey  
 C) Experimental D) Quantitative
23. Author of the book 'Habitat, Economy and Society'  
 A) Herskovits B) Huxely  
 C) Darryl Forde D) Kroeber
24. ----- species of pea plants are experimented by Gregor Mendel  
 A) Pisum sativum B) Cajanus cajan  
 C) Vigna unguiculata D) Sitona lineatus
25. Name the process of independent assortment of chromosomes produced through bisexual reproduction  
 A) Speciation B) Mutation  
 C) Recombination D) Genetic drift
26. Primatology is the branch of science that study,  
 A) Human Beings B) Flowers  
 C) Apes and monkeys D) Butterfly
27. Name the zoological ape family living in Europe during the middle and late Miocene, probably includes the common ancestor of the lesser apes and the great apes  
 A) Sivapithecus B) Ramapithecus  
 C) Dryopithecids D) Omomyids
28. Who described the field worker as 'a freak member of the group'?  
 A) Malinowski B) Radcliffe Brown  
 C) S.F Nadel D) Franz Boas
29. ----- is the middle Paleolithic tool making tradition associated with Neanderthals  
 A) Microlith B) Acheulian  
 C) Mousterian D) Blade tool
30. The 'Doctrine of Aboriginal title' is a legal argument which has been used primarily by indigenous peoples in,  
 A) North America & Australia B) South America & Canada  
 C) North America & Canada D) South Africa & Australia
31. Nagas belong to the race  
 A) Cocosauid B) Mongoloid  
 C) Australoid D) Proto-Australoid

32. Number of tribal groups in Orissa as per 2001 census  
 A) 62                      B) 60                      C) 58                      D) 65
33. Sumi is a subgroup of  
 A) Naga                      B) Mizo                      C) Gond                      D) Chenchu
34. Sickle Cell Anemia is identified in  
 A) Paniyan                      B) Mullukurumba  
 C) Koragar                      D) Pulaya
35. The tribal group in Dugong Creek of Andaman Nicobar islands  
 A) Jarawas                      B) Onge  
 C) Sentinelese                      D) Shompens
36. 'Mussoll khell' is a typical folk art of:  
 A) Goa                      B) Andaman  
 C) Minicoy                      D) Trobriand
37. Name the 'suicide bags' in a cell  
 A) Lysosomes                      B) Ribosomes  
 C) Chromosomes                      D) Autosomes
38. 'The characters making up a pair are separated at the time of gamete formation'. This is known as,  
 A) Synthetic Theory                      B) Law of Segregation  
 C) Germ plasm Theory                      D) Law of Dominance
39. What is known as the 'power house of the cell'?  
 A) Golgi complex                      B) Nucleus  
 C) Centrosomes                      D) Mitochondria
40. 'Argonauts of the Western Pacific' was written by,  
 A) Steiner Kvale                      B) Frederic LePlay  
 C) Malinowski                      D) W.H.R Rivers
41. Who defined genealogy as a 'synoptic chart of a number of connected relations of kinship'?  
 A) Seligman                      B) Malinowski  
 C) Gluckman                      D) M.N Srinivas
42. Ethnocentrism is the belief that,  
 A) One's own culture is superior  
 B) One's own ideas are superior  
 C) One's own language is superior  
 D) One's own religion is superior
43. Write the odd one from below.  
 A) Mannan                      B) Muthuvan  
 C) Malayarayan                      D) Mavilan

44. Which anthropologist is associated with the 'National Character' studies?  
A) Raymond Firth                                B) Ruth Benedict  
C) Lucy Mayor                                      D) Kathleen Gough
45. Name the Matrilineal tribe from the following.  
A) Gonds of Madhya Pradesh    B) Kadars of South India  
C) Khasis of Meghalaya            D) Todas of Nilgiris
46. Name of the food gathering community from the list  
A) Paniyan    B) Kattunaiken  
C) Kurichyan                                        D) Adiyar
47. Kula ring means,  
A) A ceremonial trading network  
B) A game of chance  
C) A battle ground  
D) None of the above
48. In survey research-----is the principal tool of data collection.  
A) Interview                                        B) Observation  
C) Questionnaire                                 D) Case study
49. The concept of 'super organic' was formulated by,  
A) Raymond Firth                                 B) Kroeber  
C) Franz Boaz                                       D) Seligman
50. Take the odd one out  
A) A.Aiyappan                                      B) PRG Mathur  
C) G. Balaratnam                                 D) W.H.R Rivers
51. The chromosome number in human beings is -----  
A) 23    B) 23 pairs                                        C) 46 pairs                                        D) 28
52. Which type of cell division is also known as reduction division?  
A) Mitosis    B) Amitosis                                        C) Meiosis                                        D) Budding
53. Germ plasm theory was proposed by  
A) August Weisman                                B) Lamarck  
C) Dubois     D) Gregor Mendel
54. A gradual shift in gene frequencies between neighbouring populations is known as  
A) Genetic drift                                      B) Mutation  
C) Translocation                                    D) Cline
55. Take the odd one out  
A) Kattunaicken                                      B) Paniyan  
C) Adiyar    D) Kanikkar

56. The argument that physical environment plays the role of 'prime mover' in human affairs is,  
 A) Environmental Determinism  
 B) Environmental Possibilism  
 C) Theory of Cultural Ecology  
 D) Cultural adaptation
57. Humour theory was proposed by ,  
 A) Plato  
 B) Aristotle  
 C) Hippocrates  
 D) Waldo Wedal
58. Andaman and Nicobar group of islands are situated in,  
 A) Arabian sea  
 B) Bay of Bengal  
 C) Indian Ocean  
 D) Atlantic Ocean
59. Marvin Harris is associated with,  
 A) Historical particularism  
 B) Cultural Materialism  
 C) Environmental determinism  
 D) Environmental Possibilism
60. Who introduced the ' Approach Method of Cultural Ecology' ?  
 A) A.L.Kroeber  
 B) Julian. H.Steward  
 C) Wissler  
 D) Forde
61. Name the anthropologist(s) connected with culture and personality theories  
 A) L.A White & R.Firth  
 B) R.Benedict & M.Mead  
 C) L.H Morgan & A.R Brown  
 D) Robert Redfield
62. The technique of showing people three things and asking them to choose the one that doesn't fit is called as,  
 A) Paired comparison  
 B) Sampling  
 C) Pile sorting  
 D) Triad sort
63. Emic perspective means,  
 A) Perspective in tribal studies  
 B) Studying culture from an insider's view  
 C) Perspective in urban studies  
 D) Studying culture from an outsider's view
64. The term 'Culture of poverty 'was coined by  
 A) George Foster  
 B) Berreman  
 C) Oscar Lewis  
 D) Karen Leonard
65. 'A final link between anthropology and the humanities is the study of ethnographic accounts as a form of writing'. Who is associated with this statement?  
 A) Levi-Straus  
 B) Radcliffe Brown  
 C) Clifford  
 D) Malinowski

66. Write the example of multiple allele from the following.
- |               |                    |
|---------------|--------------------|
| A) Syndactyly | B) ABO blood group |
| C) Albinism   | D) Baldness        |
67. Linnaeus is associated with -----
- |                        |                        |
|------------------------|------------------------|
| A) Binary Nomenclature | B) Theory of Dominance |
| C) Genetics            | D) Cell biology        |
68. Franz Boas is associated with,
- |                         |                             |
|-------------------------|-----------------------------|
| A) Cultural materialism | B) Historical Particularism |
| C) Cultural ecology     | D) Determinism              |
69. Todas of Nilgiris are example of,
- |                   |                      |
|-------------------|----------------------|
| A) Ghost marriage | B) Exchange marriage |
| C) Polyandry      | D) Sambandham        |
70. The concept 'Parochialization' is developed by,
- |                  |                    |
|------------------|--------------------|
| A) D.N. Majumdar | B) M.N. Srinivas   |
| C) Mckim Marriot | D) Robert Redfield |
71. Chiefdom is the form of sociopolitical organization intermediate between -
- |                        |                    |
|------------------------|--------------------|
| A) Tribe and State     | B) Tribe and Caste |
| C) Tribe and Non tribe | D) Tribe and Tribe |
72. Radcliffe Brown was the chief pioneer of,
- |   |
|---|
| A) British school of structural functionalism |
| B) American School of Diffusion               |
| C) Historical Particularism                   |
| D) Cultural Materialism                       |
73. American school of Diffusion was established by,
- |                 |                  |
|-----------------|------------------|
| A) Franz Boas   | B) W.James Perry |
| C) Elliot Smith | D) Raymond Firth |
74. In the formula  $E \times T = C$ , what does 'T' stand for?
- |                    |               |
|--------------------|---------------|
| A) Tribe           | B) Technology |
| C) Turn over ratio | D) Theory     |
75. Statement related to Psychic unity of mankind,
- |   |
|---|
| A) Mankind of the world think alike in family crisis                                    |
| B) Under similar social conditions, mankind of the world show different progress        |
| C) Differential development and environmental role are inversely proportional           |
| D) Under similar environmental condition, mankind of the world progress in similar way. |

76. Andre Beteille studied the village -----  
 A) Mandya B) Shivapuram  
 C) Anjumoorthy D) Kolhapur
77. Law of independent Assortment was suggested by,  
 A) Charles Darwin B) Gregor Mendel  
 C) August Weisman D) Lamarck
78. Name the author of the book *Male and Female*  
 A) Ruth Benedict B) Kroeber  
 C) Margaret Mead D) Malinowski
79. 1:2:1:2:2:4:1:2:1 is the ratio of,  
 A) Monohybrid cross B) Dihybrid cross  
 C) Test cross D) Back cross
80. Chromatin materials are the basis of,  
 A) Nucleus B) Chromosomes  
 C) Centrioles D) Lysosomes
81. Write the name of Ruth Benedict's famous book  
 A) *Origin of Species* B) *Patterns of Culture*  
 C) *Web of Life* D) *Ancient Society*
82. What is known as Pan- Egyptian School?  
 A) British Neo-evolutionary school  
 B) American school of Diffusion  
 C) German school of Diffusion  
 D) British school of Diffusion
83. Which concept is associated with Clark Wissler?  
 A) Culture area B) Super Organic  
 C) Cultural Ecology D) Culture Core
84. A group of tenants-at-will lives without security, cultivating land for others and having least agricultural implements.  
 A) Poor tenants B) Share croppers  
 C) Substantial tenants D) Landless labourers
85. Ryotwari is the French type of peasant proprietorship that,  
 A) Portuguese tried to create in India  
 B) French tried to create in India  
 C) Dutch tried to create in India  
 D) English tried to create in India

86. When the elements of a great tradition filter down to the people, the process of such a spread is known as,  
 A) Universalization                      B) Sanskritization  
 C) Parochialization                      D) Desanskritization
87. ----- is the basis of identification of the 'Varnas'  
 A) Colour                                      B) Language  
 C) Profession                                D) Religion
88. M.N. Srinivas is associated with,  
 A) Westernization                      B) Universalization  
 C) Super organic                        D) Culture area
89. Which of the following is not applicable to caste?  
 A) Associations                              B) Purity Pollution  
 C) Exogamous                               D) Hierarchy
90. The book 'Caste, Class and Power' was written by,  
 A) Andre Beteille                        B) M.N Srinivas  
 C) V.K Srivasthava                        D) D.N Majumdar
91. Author of the book 'Group Dynamics in a North Indian village' published in 1954  
 A) S.C Dube                                  B) Robert Redfield  
 C) Oscar Lewis                              D) Moris Opler
92. Studying culture from an insider's view is called,  
 A) Observation                                B) Emic perspective  
 C) Ethic perspective                        D) Ethnocentrism
93. 'The Wealth of Nations' was written by,  
 A) Adam Smith                              B) Karl Marx  
 C) David Ricardo                            D) Sahlins
94. Method generally used by Psychologists-  
 A) Case Study                                B) Participant observation  
 C) Interview                                  D) Survey
95. Kula cycle is practiced by,  
 A) Andaman Tribes                        B) Trobriand Islanders  
 C) Himalayan Tribes                        D) Tribes of Orissa
96. The Constitution of India, in its 8<sup>th</sup> Schedule recognizes,  
 A) One official and twenty two national languages  
 B) Two official and twenty national languages  
 C) Two official and twenty one national languages  
 D) Two official and twenty two national languages

97. Article 17 of the Indian Constitution declares,  
 A) Freedom of speech  
 B) Freedom of education to all  
 C) Untouchability  
 D) Abolition of untouchability
98. According to 2001 Census, percentage of Scheduled Tribe population in India  
 A) 7.45%          B) 8.20%          C) 4.8%          D) 10.32%
99. In Kerala shifting cultivation is known as,  
 A) Punam krishi    B) Koottu krishi  
 C) Sthiram krishi    D) Nel krishi
100. Mode of cultural adaptation in the Tsembaga Maring of New Guinea  
 A) Swidden agriculture    B) Industrial economy  
 C) Pastoralism    D) Gathering economy
101. External adaptation is the process of making beneficial adjustments to ----  
 A) Culture          B) Society          C) Environment          D) Family
102. The famous book by L.H Morgan.  
 A) India's Changing villages                                  B) Caste, Class and Power  
 C) The Wealth of Nations                                      D) Ancient Society
103. Hemophilia is a type of,  
 A) Sex linked inheritance                                      B) Sex limited inheritance  
 C) Sex influenced inheritance                                  D) Autosomal recessive
104. The blindness for red colour is described as,  
 A) Protanopia    B) Multiple Allele  
 C) Autosomal Dominant    D) Albinism
105. When two different alleles occur in heterozygous condition, it is called,  
 A) Multiple Allele    B) Co-dominance  
 C) Brachydactyly    D) Sex controlled dominance
106. Neanderthals are associated with,  
 A) Upper Paleolithic    B) Middle Paleolithic  
 C) Lower Paleolithic    D) Ice age
107. The scope of Historical Linguistics is to -----  
 A) study how languages change over time  
 B) study the structure of languages  
 C) study the relationship of different languages  
 D) study the function of languages

108. During meiosis in human females, ovum is produced from-  
 A) Polar body    B) Secondary Oocyte  
 C) Autosomes    D) Cytoplasm
109. In the cytoplasm, cell division initiates from -----  
 A) Centrioles    B) Mitochondria  
 C) Nucleus    D) Lysosomes
110. The branch of science that studies the skin patterns and configurations  
 A) Dermatoglyphics    B) Cytology  
 C) Entomology    D) Physiology
111. Albinism is due to-  
 A) Deficiency in Melanin    B) Shortage of RBC  
 C) Absence of Y chromosome    D) Accidents
112. Study of communication through body movements, gestures and stances.  
 A) Kinesics    B) Genetics  
 C) Eugenics    D) Phonology
113. Genealogy is the method of showing relationship between –  
 A) Animals    B) Individuals    C) Plants    D) Cultures
114. The Anthropologist who first conducted fieldwork in native language.  
 A) Raymond Firth    B) E.R Leach  
 C) Malinowski    D) W.H.R.Rivers
115. The popular concept of M.N Srinivas  
 A) Super Organic    B) Dominant Caste  
 C) Cultural Ecology    D) Functionalism
116. Patrilineal band is the ‘Classic’ model of social organization among—  
 A) Hunters and gatherers    B) Agriculturists  
 C) Shifting cultivators    D) Nomads
117. Tribal community in Kerala engaged in hand made pottery.  
 A) Kurichiyana    B) Cholanaicken  
 C) Uralikuruman    D) Mullukurumba
118. The concept of ‘Original Affluent Society’ was introduced by,  
 A) Julian Steward    B) Marshal Sahlins  
 C) Andrew.P. Vayda    D) Rappaport
119. Onge of Little Andaman belongs to -----group.  
 A) Australoid    B) Mongoloid    C) Negrito    D) Dravidian
120. Author of the book ‘The Protestant Ethic and the Spirit of Capitalism’.  
 A) Max Weber    B) Emile Durkheim  
 C) Freud    D) Karl Marx

.....
