Signature of success- Graphic Era University, Dehradun

Message from the **FOUNDER**

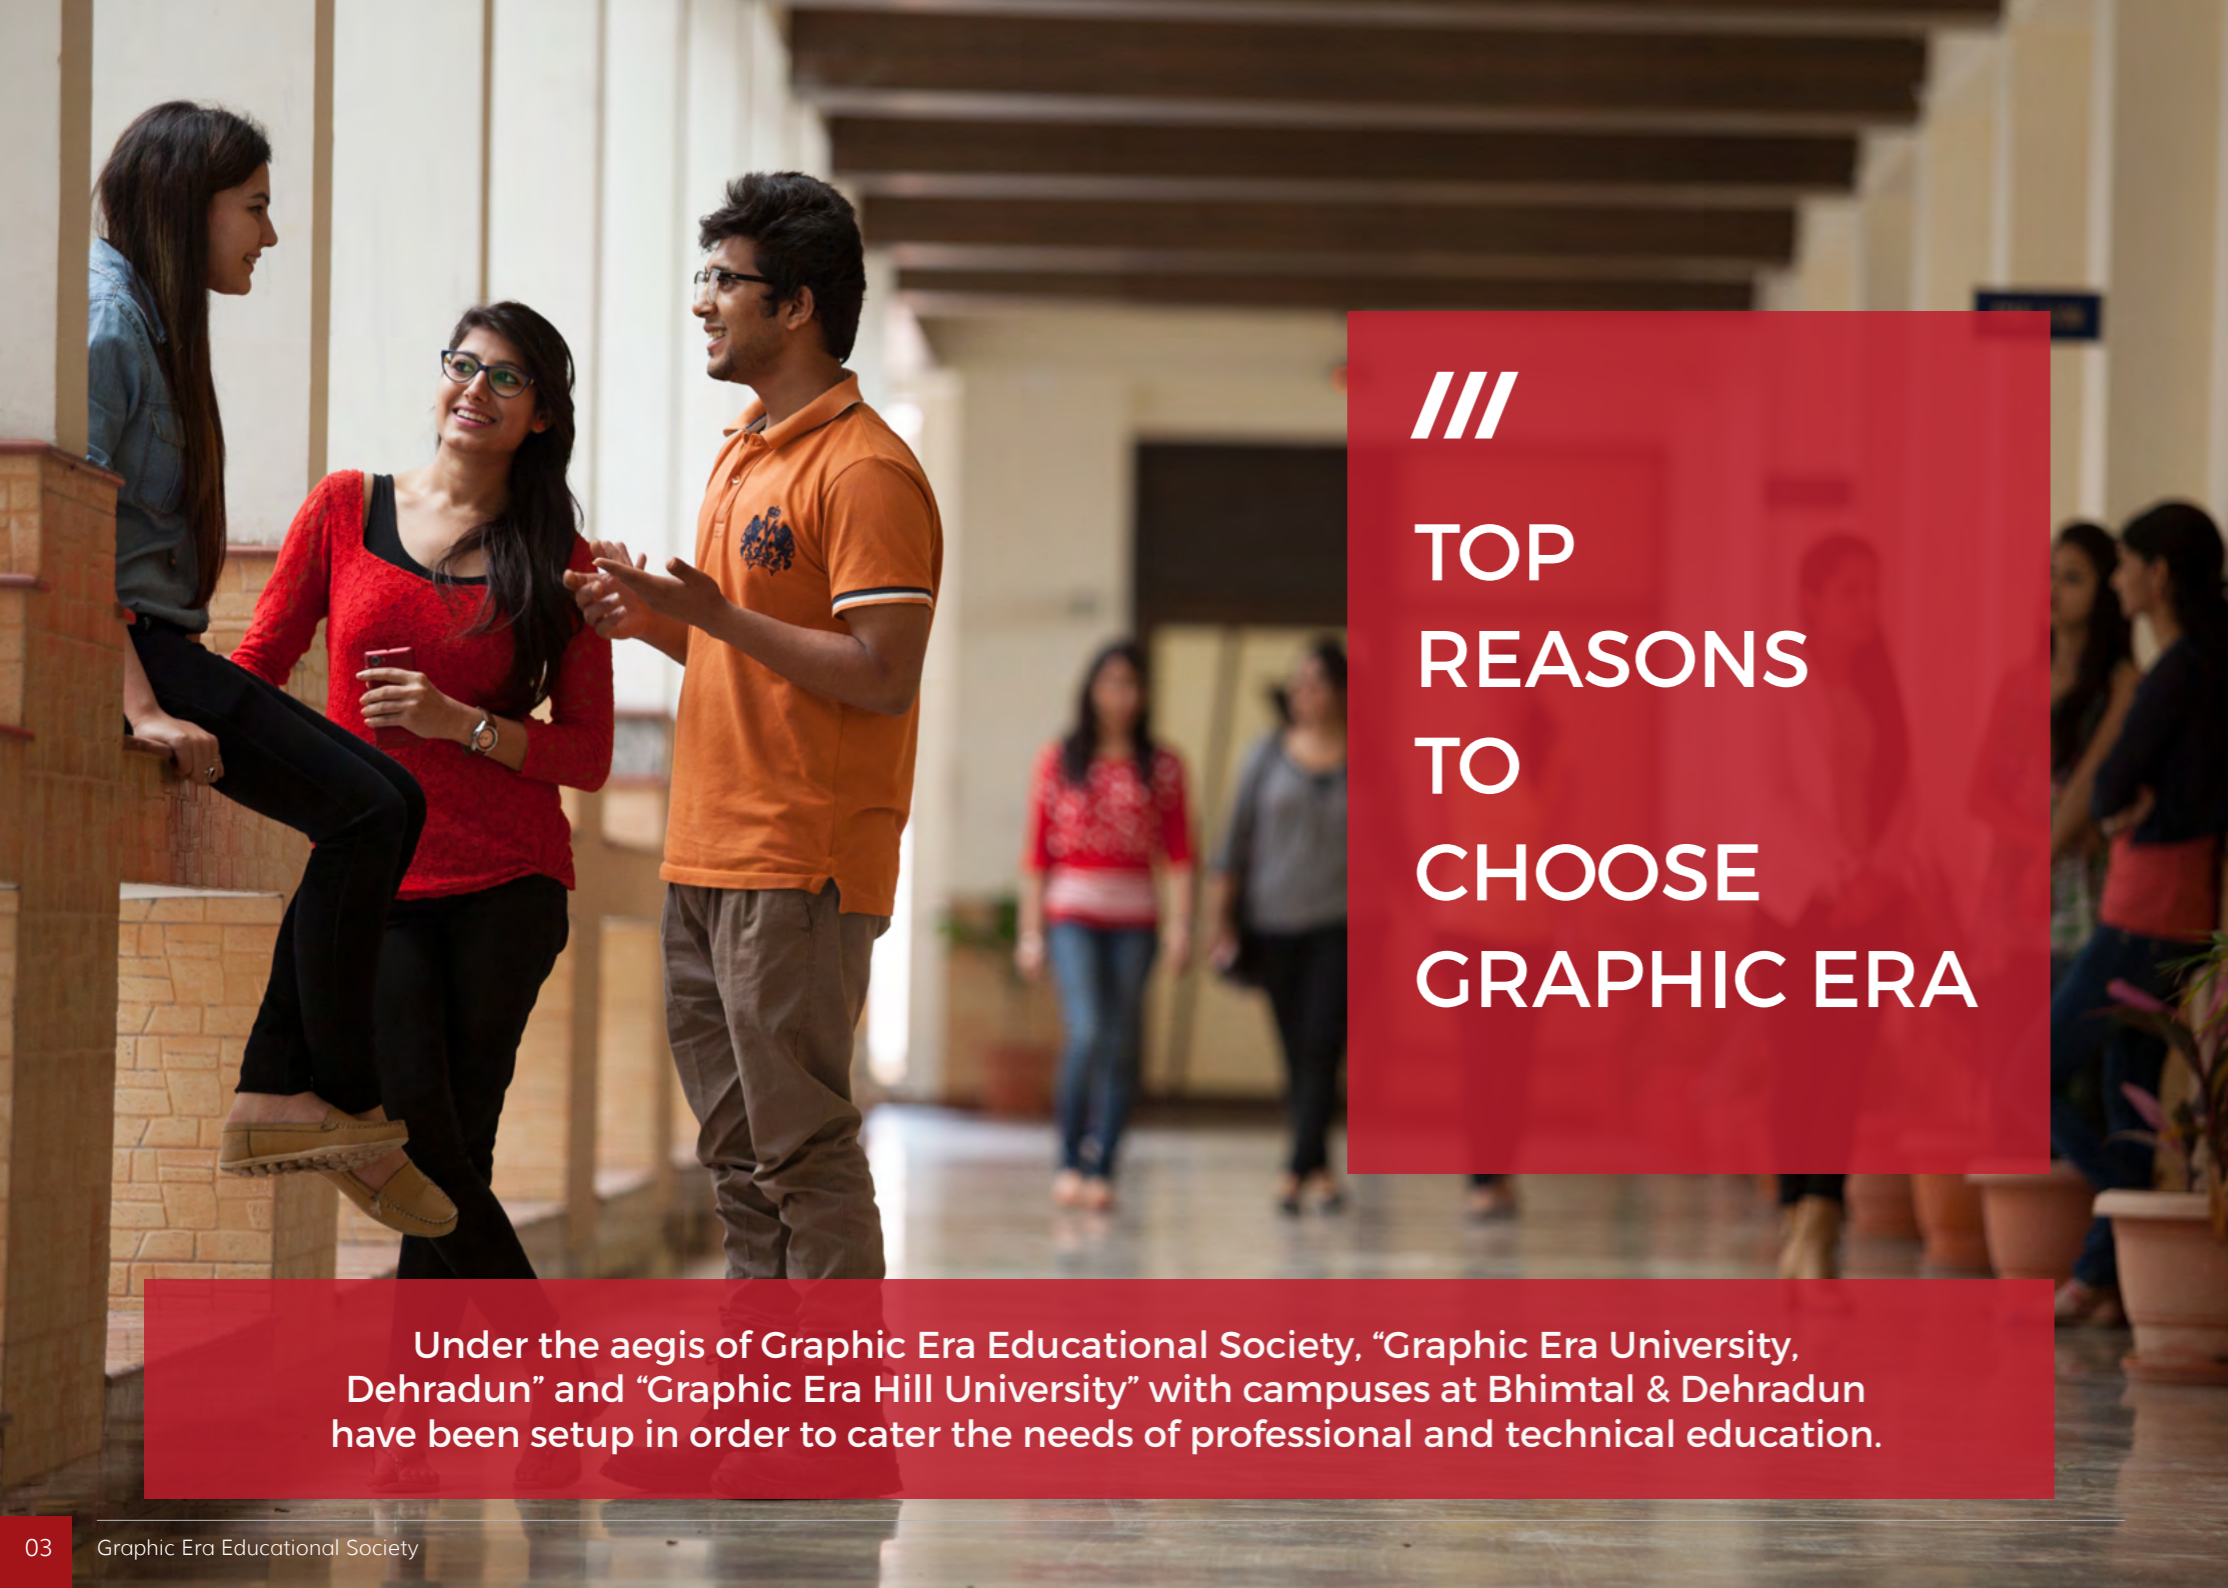

GRAPHIC ERA is a global institution on a rapid rise. From Graphic Era to Graphic Era Institute of Technology, to Graphic Era University and Graphic Era Hill University is a long and meaningful journey which has provided me with a grand opportunity to create a society closer to the one of my dreams, with our youth brimming with confidence and knowledge, equipped with aptitude and attitude to work , and above all the maturity and wisdom to strike a balance in their lives, and those whom they influence. Here at GRAPHIC ERA, we aim at providing a nurturing environment in which students are challenged to learn, grow, develop, and succeed. Whether you are a student, professor, alumnus or partner, you will find a myriad of programs and initiatives here that will interest you. GRAPHIC ERA is a microcosm of the world.

Our international reputation and standing has enabled us to attract the best and brightest students. Integrity, accountability, and transparency are values that we embrace as an institution of higher education. A journey of 22 years in the path of education has not only enriched my life but also given me an opportunity to light fire of knowledge and wisdom in the lives of many more. As we continue to grow and progress as an institution, we will always remember the commitment to community, civility, integrity, and a personalized approach to education that makes us stand class apart. We prepare our students for a globalised world and we do research that will improve the lives of mankind and benefit humanity. When you join Graphic Era fraternity, you don't just join an institution, you join an organization with a history of success and achievements.

PROF. (DR) KAMAL GHANSHALA

Prof (Dr) Kamal Ghanshala, an engineer with a doctorate in computer science, began his illustrious journey 22 years ago with a computer center. He is an "edu"preneur in the true sense who relentlessly strives to make quality education across multiple disciplines easily accessible to all. He has a rich teaching experience and is inarguably one of the leading experts in teaching of Computer Aided Design, programming languages and data structures.He is truly the "Global Indian" and his excellence can be gauged from the fact that he has presented many papers and received recognition at various international conferences and seminars such as those held at Denmark, Croatia, Johannesburg (South Africa), Turkey, London, Paris and Bangkok (Thailand).

OUR MENTORSHIP

Mentoring is an essential leadership skill. In addition to managing and motivating students, it's also important that the mentors can help students to learn, grow and become more effective in their tasks. Mentoring enhances the experience of mentees; however, mentors and their institutions will also reap the rewards of a mentorship culture. Sound mentorship can contribute significantly to the intellectual and professional development of mentees.

SCHOLARSHIPS

Scholarship support not only makes attending Graphic Era possible but also helps to spare graduates from excessive and debilitating debt. We want Graphic Erians to do the great work that excites them, rather than choosing a career path for economic reasons alone. By keeping student loans to a minimum, we free our graduates to go on to graduate and professional schools, engage in public service, and pursue their professional passions, all of which will maximize their ability to contribute significantly to their communities and to the world. A scholarship gift is an investment in the lives of individual students—in every innovation they engineer, every groundbreaking discovery they make, every leap in the human experience they reveal. Some investments are simply beyond calculation.

Merit Based Scholarships & Grants

Merit-based scholarships and grants are awarded to students based on high academic achievement, research & innovation, projects, co-curricular activities, sports and almost every field where students prove their mettle.

CORPORATE SPEAK

Transforming Dreams into Reality

Had a wonderful experience here since morning. Kind of research you are driving is really amazing. Seeing the progress of this University, I can say that if I were a student and had the choice, I would pick up Computer Science at Graphic Era rather than Aerospace in IIT. Really amazing Professors here! Very passionate, Very committed and very dedicated to bring the students to a level which at par with the International level.

Mr. Rajiv Arora
Director-DPE
Microsoft-India

The total number of career streams and the options we have in this university, it's probably one of the differentiators from other educational institutions. There is a commitment in this university to bring in infrastructure and to put in investments to grow research. GEU is a great university. The Management here is very professional, very committed, extremely humble and down to earth.

Mr. Rajiv Sachdeva
Vice-President-Technical
IBM

The recruitment numbers have continuously gone up year on year, indicating that the performance of students in the recruitment process has been continuously improving, the students were found to be articulate and are able to express themselves well. The training performance has been over all good & has been steadily going up year on year.
