Vice-Chancellor's Message

and miles to go..

Dravidian University, from the time of its inception has rapid, yet steady progress in its academic journey. I am extremely happy to become a part of this process by assuming charge as its Vice-Chancellor on 20th April, 2012. Since then, I have been focusing on the strengthening of the teaching and research programmes of the University. It is heartening to note that, in the last one year, numerous academic events like seminars and workshops are being organized on certain pertinent aspects. I am happy that the faculty of the University are engaged in rigorous teaching and research activities and they are publishing quality research papers in reputed journals.

I have a definite vision for Dravidian University, which I hope to implement with the total support and commitment of the teachers and non-teaching staff of the University. Let us not forget that the students are our *raison d'être*. My goal is to see that Dravidian University will shine in all areas of academic excellence. Administrative excellence is another very important goal. It is vital that we get our priorities right in order to make Dravidian University one of the best in the Southern region, and eventually in the entire country. One of the hallmarks of a developing University as ours is the sense of constant upward gradation in terms of knowledge and infrastructure. Hence, they would be my priorities in the times to come. In accordance to the same, measures have already been taken.

Dravidian University unlike its counterparts in the State was founded primarily to do quality research in the areas of Dravidian Culture, Languages, Folklore and Tribal Studies, History, Archaeology, Literature and Philosophy. In addition to this, the university has an obligation to serve the adjoining rural areas by offering professional courses including Science and Technology that have job potential and empowers the people. To cater to exactly this need, the university is introducing Choice-Based-Credit-System (CBCS) from this academic year (2013-2014) onwards.

It is a known fact that every academic body in the country is gearing up to get accreditation from the National Assessment and Accreditation Council (NAAC). Dravidian University is also getting ready to go for Accreditation. To achieve this goal, Internal Quality Assurance Cell (IQAC), as per the UGC guidelines of has been constituted.

In this context, I wish to reiterate the inceptive goals and chief objectives of the university which shall remain guiding and monitoring forces for me and the university in fulfilling the following goals:

- To conduct international level advanced research in the areas of Dravidian Culture, Folklore, History, Archaeology, Literature and Philosophy with comparative and holistic approach.

- To work for an integrated development of Dravidian languages, both written and spoken, including tribal languages of the Dravidian family.
- To advance and disseminate learning and knowledge in and on Dravidian languages, literatures, cultures and traditional technology through diverse means of learning technologies.
- To take up extension activities with emphasis on rural development.
- To encourage research inside and outside the country in and on Dravidian studies.
- To translate books of Dravidian languages into other languages and also to translate books from other languages into Dravidian languages.
- To develop Dravidian languages as vehicles of modern knowledge systems.
- To provide for instruction in such branches of knowledge, sciences, technologies, vocations and professions as the University may determine from time to time and to make provision for research.

Apropos to the spirit of the statutes of the University, eight new Departments (Self-financing), viz. M.A (Rural Development Management), M.A (Sociology), M.S.W (Social Work), M.Sc (Bio-Chemistry), M.Sc (Botany), M.Sc (Microbiology), M.Sc (Physics) and M.Sc (Zoology) are started and the courses will be offered from this academic year onwards itself. I have strong desire to make this university as one of the leading academic centers of excellence in the country. I am very much conscious of the fact that I have miles to go before I reach the goal. In this context I assure to all the academic fraternity that I will be working sincerely for achieving the set goals.

The University

The Dravidian University was established by the Government of Andhra Pradesh through a Legislature Act (No.17 of 1997) at Kuppam, a tri-lingual junction in the south-western part of Andhra Pradesh with the initial support extended by the governments of Tamil Nadu, Karnataka and Kerala for an integrated development of Dravidian languages, literatures thus paving way for cultural and emotional integration of all the regions that carry forward the ancient historical torch of the nation.

The University, which formally came into existence in 1997, began functioning with two departments in 1999, has today grown into a strong institution of 30 Academic Departments and 4 Centers.

Located in a sylvan scene, pollution-free and aesthetically appealing, Srinivasavanam, the campus presents a picture of blending tradition and modernity harmoniously.

The Emblem

The Emblem of Dravidian University is designed to indicate the main objectives and ideals of the University. The *open book* symbolizes knowledge accessible to all. The popular maxim *Knowledge is Power* found at the top of the open book indicates supreme place given to knowledge. The basic aim of the university being the promotion of knowledge, the university has chosen this maxim as its motto.

Lotus is a symbol representing the seat of learning and prosperity and the blossomed lotus symbolizes various facets of knowledge to which the University contributes.

The *lighted lamp with four wicks* is indicative of the destruction of ignorance and emergence of brightness and liveliness from all sides paving the way for learning and progress.

The word *dravida* in the scripts of the four major Dravidian Languages is a unifying interpretation of the coalescence of Dravidian culture.
