PLACEMENTS 2014

*Our Best APIs
for your valuable formulations*

NGSM Institute of Pharmaceutical Sciences

(A constituent Institution of Nitte University)

*Placed under Category "A" by MHRD, Govt. of India
Accredited with Grade "A" by NAAC
UG program accredited by NBA*

Vision

Vision

To build a humane society through excellence in education and health care

Mission

To develop Nitte University as a centre of excellence imparting quality education, generating competent, skilled manpower to face the scientific and social changes with a high degree of credibility, integrity, ethical standards and social concern.

Mission

Justice K.S. Hegde
Founder, Nitte Education Trust
(1909-1990)

Kowdoor Sadananda Hegde, born in Kowdoor village of Karnataka State completed his early education at Karkala and Mangalore. Thereafter, he obtained a degree in Economics from the Presidency College, Madras and a degree in Law from the Government Law College, Madras.

K. S. Hegde began his legal practice at Karkala in 1936, after which he moved to Mangalore, where he was appointed public prosecutor of South Canara district in 1948. He was elected Member of the First Council of States (now known as the Rajya Sabha). In 1954, he represented India at the General Assembly of the United Nations. Later he became a Judge of the Mysore High Court. In 1966, he was appointed the first Chief Justice of the Delhi and Himachal Pradesh High Court. He held this office till he was elevated to the post of Judge of the Supreme Court of India in 1967.

A man of integrity and strong values, Justice K S Hegde resigned from the post of Chief Justice in 1973, in protest against the supercession of senior judges in the appointment of the Chief Justice of India. In 1977, he won the election to the Lok Sabha and was elected Speaker of the Lok Sabha, an office he held till 1980.

After a distinguished career spanning over four decades, Justice K. S. Hegde retired from public life and settled at Nitte to relentlessly work for the upliftment and empowerment of the rural people. He passed away on May 25, 1990.

Always in pursuit of truth and excellence of human endeavour, Justice K. S. Hegde began a journey of exploration that continues with the Nitte Education Trust and Nitte University.

Sri N. V. Hegde
Chancellor, Nitte University

Chancellor's Message

Nitte Education Trust has grown to emerge as a centre of excellence, recognized for imparting quality education, and developing competent and skilled professionals to face the scientific, technological, managerial and social challenges in the fast-changing global scenario. Our students take with them a high degree of credibility, integrity, ethical standards and social concern.

Carefully moulded by the Nitte Education Trust, comes a shining beacon in the form of Nitte University. The University is aimed at imparting excellent education, thereby engraving its name among the premier institutions imparting quality education.

We remain steadfast in our mission to promote excellence. This is reflected in features like our state-of-the-art campuses which are highly conducive to learning and the prevailing functional discipline visible in our classrooms, hostels and colleges. All our campuses are professionally and aesthetically designed and landscaped, each of them being self contained with all student amenities and facilities that promote both quality education and personality development.

Nitte Education Trust believes that its students are powered by the knowledge imparted to them and the values they gain to be better and responsible citizens. They have the empathy that enables them to understand human behavior and appreciate the conditions under which the society strives for material progress. They are prepared to lead and promote a life of harmony and peaceful co-existence through active participation in community development programmes.

It is the aim of all Nitte institutions to train and present young men and women who have speculative knowledge (jnana) and actual experience of the perfection (vijana) ultimately leading to the betterment of society and the nation.

N. Vinaya Hegde

Pro-Chancellor

Prof. Dr. M. Shantharam Shetty

Prof. Dr. M. Shantharam Shetty, M.B.B.S., M.S. (Ortho), F.I.C.S. (Ortho), F.I.A.M.S, FRCS, an Orthopedic Surgeon of international repute, was a visiting Professor at various universities in the U.S.A., U.K., Germany, Netherlands and India. He was a professor of orthopaedic surgery and a teacher par excellence for more than 34 years. He was also the Director of Post Graduate Studies at Kasturba Medical College, (KMC) Mangalore. He was the Dean of the K S Hegde Medical Academy (KSHEMA) and retired from KSHEMA in 2007. He was the first Vice-Chancellor of Nitte University and is presently the Pro-Chancellor of the University, and also the Vice Chairman of the Nitte Education Trust. He has been conferred the honorary fellow of the Royal College of Surgeons of England (FRCS) ad aundem. This rare honour comes to him for his contribution to the field of Orthopaedic surgery and Traumatology. He is also the Trustee, AO International representing the Asia-pacific region. He received the "Rajyotsava Award" by the Karnataka Government in recognition of his outstanding contribution in the field of Medicine.

Vice-Chancellor

Prof. Dr. S. Ramananda Shetty

Prof. Dr. S. Ramananda Shetty is the Vice-Chancellor of the University. He is the former Vice-Chancellor of Rajiv Gandhi University of Health Sciences, Bangalore. Prior to that he was the Director of Medical Education(DME) of Karnataka. As the DME he was instrumental in starting 6 new government medical colleges, one government dental College and 3 government nursing colleges. He has also served as principal of the Government Dental College at Bangalore. With long and vast experience of 35 years he led several committees and councils constituted by the Government of Karnataka for regulating medical, dental and other health science education in the state. To name a few, he was the Chairman of the Karnataka Medical Council, Chairman of the Para Medical Board, Chairman of the Selection Committee for PG and UG candidates for Para Medical Courses and Member of Karnataka Nursing Council. He was President of Indian Prosthodontic Society, President of Prosthodontic Forum and Member of Dental Council of India. He was also Director in-charge of Kidwai Memorial Institute of Oncology, Bangalore. He was the President of Indias nominee to the Banaras Hindu University.

Mr. Vishal Hegde
Trustee, Nitte Education Trust

Trustee

Mr. Vishal Hegde is the trustee of Nitte education Trust. After graduating in Business Management in 1992, at a very young age of 21, he became the director of the Lamina Group of Companies which is engaged in the manufacture of Automobile Leaf Springs and brake drums employing more than 2000 employees. The company has been catering to markets in India and abroad. Besides his hectic business engagements, Mr. Vishal is also actively involved in the management of 28 educational institutions run by the trust across 3 campuses at Mangalore, Bangalore and Nitte.

Prof. Dr. M. S. Moodithaya

Registrar

Dr. Moodithaya assumed charge as the Registrar of Nitte University on 29th November, 2013. He was earlier the Director-Global Initiatives of the University since January 2011. He was the director of Justice K S Hegde institute of Management, Nitte for nearly 13 years, after being the Principal of Dr. NSAM First Grade College Nitte for two years. Dr. Moodithaya is a postgraduate in Cost Accounting from University of Mysore and a postgraduate diploma holder in Marketing and Sales Management from Bharathiya Vidya Bhavan, Bombay. Mangalore Univerisity has awarded him the degree of Ph.D. for his thesis on "Problems and Prospects of Rural Industries in the Context of Globalization".

During his teaching, consultancy and research career of nearly three decades, Dr. Moodithaya has published six books, several articles in peer reviewed journals and completed more than a dozen research projects funded by organizations like Indian Institute of Banking and Finance, Karnataka State Agriculture and Marketing Board, Corporation Bank, NABARD, Ford Foundation, ICSSR, Indian Overseas Bank, Sir Ratan Tata Trust, Ministry of Finance, Govt. of India etc. He has also guided and produced Ph Ds on contemporary issues in management.

Dr. Moodithaya has worked as an advisor to several organizations and is widely traveled in India and abroad and visited countries like USA, Japan, UK, France, Switzerland, Kenya, UAE, Ethiopia, Singapore, Hong Kong, Canada, Uganda, Germany, Belgium, Oman, Philippines, Sri Lanka, South Africa, Malaysia, Indonesia, Netherlands, China etc. on teaching, research and consultancy assignments. He serves in the Boards of Universities, for-profit and not-For-Profit organizations. He has strong research interests in International Business Strategy, Financial Inclusion and Sustainable Development

Principal's Message

Greetings from Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences (NGSMIPS), a three decade old premier pharmacy college and a Post graduate and doctoral study centre. Since inception in 1983, the college has remained focused and taken positive strides to translate into reality, the vision of the university - ***"To build a humane society through excellence in education and healthcare"***.

The Indian pharmaceutical industry is in the midst of exciting times. The world is turning to India to reap the ***'low cost – high value'*** advantage in terms of generic drug manufacture, clinical trials, stem cell studies, genomics, formulations development, data mining/analysis, scientific writing and other significant areas.

To meet these growing needs of the pharmaceutical industry, it is mandatory for pharmacy educational institutions to concentrate on the regular up-gradation of syllabus by adopting most modern trends and developments. This is possible only when both the academic scholars and industry veterans come together to actively promote 'Good Pharmacy Education Practice' – GPEP and thereby play a catalytic role in turning into reality India's pharma vision 2020 which aims at making India a global leader in the pharmaceutical sector.

We have already started taking positive and significant strides in this direction by inviting veterans of the pharmaceutical industries to be part of our advisory council, board of studies and curriculum development committee.

I am proud to share with you that, in recognition of our mission to provide quality education driven by best practices, innovation, constant review and upgradation of the syllabus to match to the needs and standards of the industry, Nitte University has been placed in 'A' category by the Ministry of Human Resource & Development, Govt. of India. We are also accredited with 'A' grade by NAAC, and our UG programme is accredited by National Board of Accreditation (NBA). The college is also approved by Pharmacy Council of India (PCI) and All India Council for Technical Education (AICTE).

On behalf of the management, my eminent faculty and students, I invite you and your team to participate in our placement process. I am pleased to place before you our college placement brochure-2014 which is indeed a 'treasure trove' of competent, motivated and raring-to-go students ready to get into the healthcare and pharmaceutical settings and deliver *par excellence*.

Prof. C. S. Shastry, M.Pharm., Ph.D.

Our University

*The Driving Force in the exploration
of new frontiers of knowledge*

Nitte Education Trust with over 30 years of experience in the field of providing quality education manages 28 educational institutions across three campuses- Mangalore, Bangalore and Nitte. It has under its wing 8 Health Science institutions, 2 Engineering institutions, 5 Management institutions, 2 Technical colleges, 5 Science and Commerce colleges, 4 Schools, a 1200 bed multi-specialty hospital and 20 satellite healthcare centres. All the institutions are approved by the respective Statutory Councils and have a proven track record of maintaining consistency in imparting quality education and training. Students from all over the country and abroad study at Nitte institutions, thereby giving an international perspective.

A centre of excellence in education and community service in Karnataka State, Nitte was conferred the status of Deemed-to-be University in June 2008, by the Ministry of Human Resources Development, Government of India. Within four years the university has been placed in category 'A' by MHRD, Govt. of India and grade 'A' by National Assessment and Accreditation Council (NAAC). This is a matter of pride and honour for us.

Nitte University offers graduate, postgraduate, fellowship and Ph.D. Programs in Medicine, Dentistry, Pharmacy, Nursing and Physiotherapy. The constituent colleges with independent buildings, state-of-the-art infrastructure and amenities are located in a sprawling campus of over 50 acres at Deralakatte, Mangalore.

Constituent Units of Nitte University

- K. S. Hegde Medical Academy.
- A. B. Shetty Memorial Institute of Dental Sciences.
- N. G. S. M Institute of Pharmaceutical Sciences.
- Nitte Usha Institute of Nursing Sciences.
- Nitte Institute of Physiotherapy.

Our College

NGSM Institute of Pharmaceutical Sciences
Committed to bring healthcare to your doorsteps...

Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences (NGSMIPS), established in the year 1983, is affiliated to the Nitte University. The college is recognized by the All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI), New Delhi and the UG Programme accredited by National Board of Accreditation (NBA). The Institute is also a recognized research centre of Rajiv Gandhi University of Health Sciences and Nitte University for doctoral study. The college offers B.Pharm, M.Pharm in six specializations, Pharm.D and Pharm.D (Post Baccalaureate) programs in Pharmacy.

The College is located in the sylvan surroundings of the beautiful and vibrant city of Mangalore - also called the 'education-hub' of coastal Karnataka. The city is ensconced between the sandy beaches of Arabian sea and lush green forests of the western ghats and is also well connected by road and air to all other cities of India.

It is our commitment to provide the best education to the students who would play crucial role in health care system in their professional life. We are aware there is no room for complacency, negligence or mediocrity when it comes to dealing with public health. It is our endeavour to attain excellence and try to take the health care to the doorstep of every person. The experienced and committed faculty, post graduate and doctoral students of the institution have contributed to the development of the institution. Over the years the faculty members have contributed in the area of research which is reflected in publishing scientific papers in journals of repute and several funded projects. We are looking forward to associate with industry and research institutions in the area of research and development. Convergence of the goals and objectives and optimal utilization of human resources will result in focused development of the pharmaceutical sciences.

Department of Pharmacology

With India becoming the hub for pre clinical and clinical trials, the pharmacologists are playing key role in establishing safety and efficacy of the drugs. Study of pharmacokinetic and pharmacodynamic properties of drugs and formulations, toxicity studies are some of the thrust areas of the department. According to **Prof. C. S. Shastry**, Head of the department, in another decade India will be the centre of drug research due to various reasons - availability of highly skilled manpower, excellent infrastructure and relatively low cost of drug development. In this scenario, pharmacologists will be playing a vital role and will be in short supply. It will be very prudent on the part of students to develop proficiency in core areas like pre clinical studies, toxicity profiling etc.

Department of Pharmaceutics

Development of novel drug delivery system is the major thrust area of Department of Pharmaceutics, headed by **Dr. R. Narayana Charyulu** who has more than 15 years of research experience. Faculty is engaged in the development of colonic, ocular and transdermal drug delivery systems. Pharmaceutics is the most sought after specialization because of the need for skilled and trained manpower in pharmaceutical industry. Competency in the areas like pharmacokinetic studies, novel drug delivery system, regulatory affairs etc makes post graduate students with specialization in pharmaceutics first choice of the industry.

javedh.shareef@gmail.com

The profession of pharmacy in India which was industry-centric so far is gradually getting to be patient-centric vis-a-vis international setting. Training students into patient counseling, therapeutic drug monitoring, adverse drug reaction monitoring and pharmacovigilance has become the focal point of the profession says **Dr. D.S.Puranik**, the Head of the Department. A two year post graduate course in pharmacy practice and newly introduced six year Pharm.D course, are centered on training in this area. These courses are designed to train the students in clinical environment of a hospital where the skill acquisition is through ward round participation, analysis of cases, discussions, interactions with other health care professionals and patient counselors.

The pharmacy practice division of NGSM Institute of Pharmaceutical Sciences in association with the 1200 bed K.S.Hegde Charitable Hospital, is providing the facilities to train the student in the nuances of clinical, hospital and community pharmacy and also practice of pharmacotherapy and phramacovigilance.

PG course started in 2010 | Intake: M.Pharm - 18
Total number of Publication in Indexed Journals (5 years) - 15

Area of research

Epidemiological studies of topical diseases, Therapeutic drug monitoring, Adverse drug reaction monitoring and reporting, Improvement of patient complaints.

Animal House – for preclinical studies

Nitte University Centre for Animal Care and Experimentation-NUCARE

A state-of-the-art animal house – Nitte University Centre for Animal Care and Experimentation - 'NUCARE' spread over 5000 sq.ft. has been set up in accordance to the GLP guidelines for pharmacological screening. An Institutional animal ethics committee is in operation to observe and monitor the animal experimentation.

Apart from basic research, the centre offers pre-clinical trials and toxicity profiling of drug molecules for pharmaceutical industry and research institutions. The centre has excellent infrastructure, instrumentation and qualified technical staff.

Salient features of the Animal House-NUCARE

- Fully Air-conditioned with air handling units
- Controlled and automated day and night lighting cycles
- Wet and dry corridors to prevent cross contamination
- Data Record and presentation room
- Qualified and trained personnel
- Advanced instrumentation

SERVICES OFFERED

- Toxicological profiling
- Pre-clinical screening
- Histopathology
- Microbiology
- Biochemistry
- Pharmacokinetic (PK) studies
- Bioavailability and bioequivalence studies

Academicians, researchers, pharmaceutical companies and scientists engaged in drug development can avail the services of the centre for testing compounds and formulations for the above mentioned activities.

Institute-Industry Collaboration and Placement Cell - IICP

ICMR sponsored Seminar on Medicinal Plants and Mental Illness

Dr. Hanumanthachar Joshi-Principal, Sharada Vilas College of Pharmacy, Mysore spoke on 'Medicinal Plants with Neuroprotective activity.'

The Institute Industry Collaboration and Placement Cell – IICP has been playing a catalytic role to bridge the gap and eliminate the disconnect that exists between the Industry and academia and thereby meet the objectives of all the stake holders: Students-Industry-Institute and the Society at large.

Activities

- Campus Interviews are organized by inviting various pharmaceutical companies.
- Guest lectures, Workshops, seminars, conferences and symposia related to the syllabus and professional training programmes outside the curriculum like industry orientation, training in soft skills - communicative English, personality development, self confidence, motivation are conducted regularly.
- Industrial training of students is organized with a view to orient them with the corporate work culture to comprehend and appreciate the practical application of theoretical concepts learnt in the college.
- Facilitate regular interactions between faculty and heads of pharmaceutical companies to invite their expert guidance and valuable inputs to offer contemporary syllabus to students.
- Signing of MOU with pharmaceutical companies for mutual exchange of expertise, promote research initiatives and participation of pharmaceutical industry veterans in syllabus up-gradation and advisory council of the college.

Companies associated with IICP(- A Partial List)

The IICP acknowledges the excellent support and guidance from pharmaceutical companies like Karnataka Antibiotics & Pharmaceuticals Ltd, Atrimed Inc, Quintiles, Semler Research Centre, Global Calcium, Juggat Pharma, Sami Labs Ltd, Bhat Bio-Tech India (P) Ltd, Bal Pharma Limited, Micro Labs Limited, Lotus Labs Pvt Ltd, Sterling Lab, Lake Chemicals Pvt Ltd, , Group Pharmaceuticals Pvt Ltd, Manan Healthcare Pvt Ltd, On Top Pharmaceuticals Ltd...

Dissertation Title: A Study of Drug Utilization Pattern of Antihypertensives in a South Indian Tertiary Care Hospital

Seminars/Conferences/Workshops attended:

- Attended MIR IFCR sponsored Industrial orientation Program-Workshop on "Personalised Medicine" on 14 May 2011 at Pushpagiri College of Pharmacy, Thiruvalla, Kerala.
- Attended National Seminar on "Different Aspects of Pharma Research" on 18 May 2011 at Nazareth College of Pharmacy, Thiruvalla, Kerala.
- Attended National Seminar on "Phytonutraceuticals, Pharmacovigilance, CADD and Drug Development on 16 September 2011 at Pushpagiri College of Pharmacy, Thiruvalla, Kerala.
- Attended CME on "Metabolic Syndrome-Pathophysiology and Life Style Modifications" on 27 April 2013 at Yenepoya Medical College, Mangalore, Karnataka.
- Attended CME on "Macro-nutrients and Modern Diseases" on 30 April 2013 at Yenepoya Medical College, Mangalore, Karnataka.
- Attended CME on "Obstructive Sleep Apnoea" on 6 July 2013 at K S Hegde Charitable Hospital, Mangalore, Karnataka.
- Attended ICMR sponsored Workshop on "Medicinal Plants and Mental Health" on 6 September 2013 at NGSM Institute of Pharmaceutical Sciences, Mangalore, Karnataka.
- Attended International Conference on "Convergence of Science, Engineering and Management in Education and Research- A Global Perspective" on 26-27 September 2013 at Dayananda Sagar Institutions, Bangalore, Karnataka.
- Attended International Conference on "A Molecular Approach towards Innovations in Radiation Research" on 25-27 October 2013 at K S Hegde Medical Academy, Mangalore, Karnataka.
- Attended conference "Manipal Cardiology Update-2013" on 1 November 2013 at Manipal, Karnataka.
- Attended CME on "Update on Receptor Pharmacology" on 6 November 2013 at K S Hegde Medical Academy, Mangalore, Karnataka.
- Attended Seminar on "Trends in Clinical Research-An Overview" on 12 November 2013 at NGSM Institute of Pharmaceutical Sciences, Mangalore, Karnataka.
- Attended Workshop on "Cracking that Interview-A Holistic, Practical Placement Preparation Workshop for MPharm Students" on 10 December 2013 at NGSM Institute of Pharmaceutical Sciences, Mangalore, Karnataka.
- Attended the 65th Indian Pharmaceutical Congress-2013 on "Pharma Vision 2020-Empowering Pharmacist" on 20-22 December 2013 held at Amity University, Noida, Delhi NCR.

Paper Published/Poster Presented:

- Presented a poster on one day National Seminar on "Acupuncture as a treatment for lower back pain" at Pushpagiri College of Pharmacy, Thiruvalla, Kerala on 16 September 2011.
- Presented a paper on two days International Conference on "Formulation and evaluation of Carbamazepine as solid dispersions using croscarmellose sodium as superdisintegrant "at Dayananda Sagar Institution, Bangalore, Karnataka on 26-27 September 2013.
- Presented a poster on three days International Conference on "Nanotherapeutics as an alternative to conventional cancer chemotherapy" at K S Hegde Medical Academy, Mangalore, Karnataka on 25-27 October 2013.
- Presented a poster on one day Conference on "Current role of Sildenafil in the treatment of pulmonary arterial hypertension" at Manipal, Karnataka on 1 November 2013.
- Presented a poster on the 65th Indian Pharmaceutical Congress on "Age and gender based utilization pattern of antihypertensive drugs in a tertiary care hospital in dakshina kannada district" held at Amity University, Noida, Delhi NCR on 20-22 December 2013.

Area of Interest: Clinical Pharmacy, hospital pharmacy, clinical research, lecturer, quality assurance

Achievements/Skills:

- Obtained A+ grade in one month computer training programme conducted by KELTRON, a government of kerala undertaking.
- Obtained one month training in a 300 bedded hospital pharmacy.

Our M-Pharm Students

NEETHU FATHIMA UMAR

Qualification : M.Pharm (Pharmacy Practice)
M.Pharm I Year : 83.14%
B.Pharm : 74%
Address : Chullikkattil House, Povalapad, Trissur District, Kerala - 680567
Contact No : 8095930545, 9961096992
Email ID : neethufathima2@gmail.com
Date of Birth : 10. 09.1985
Languages Known : English, Hindi, Tamil, Arabic, Malayalam

Dissertation Title: Assessment of Medication in Elderly

Seminars/Conferences/Workshops attended:

- International Conference On Convergence of science engineering and management, 26-27 sept 2013.
- 64th Indian Pharmaceutical Congress. 8-10 Dec 2012.
- 63rd Indian Pharmaceutical Congress. 16-18 Dec 2011.
- National conference on New methodology in drug discovery and Research. SANJOE SPECTRA 2012. 2-4 Feb 2012.
- National seminar on Herbal and indigenous medicine for better living. 21st and 22nd Jan 2011.
- National symposium on Biopharmaceutical technology -2012, BIOVISION 2012.
- National seminars on Recent Biopharmaceutical advancements in drug design and development of dosage forms. 19th and 20th Feb 2010
- National seminar on Glacial overview of tuberculosis.
- CME on Macronutrients and modern diseases, 30th Apr 2013.
- CME on Metabolic syndrome pathophysiology and life style modification, 27th Apr 2013.
- CME on Obstructive sleep apnoea, 6th Jun 2013.
- 1st Haematology CME on Current concepts in management of anaemia 16-17 Mar 2013.
- One day work shop on Medicinal plants and mental health, 6th Sep 2013.

Papers Presented:

- A study on drug related problems in patients undergoing haemodialysis in a tertiary care hospital of Dakshina Kannada District.
- Phytochemical investigation, invitro antibacterial and antiarthritic screening of *Sauropus sanguine*.

Posters Presented:

- Evaluation of antimicrobial activity of various extracts of *Allium cepa* (won 2nd prize).
- Study of antimicrobial activity of Piper bettle.
- Anti-inflammatory, antibacterial and photochemical investigation of *Sauropus sanguine*.
- Determination of extractive yield of *Tamarindusindica* in different solvents by different methods.

Area of Interest: Teaching, research, quality control, product management training, hospital pharmacy, clinical pharmacy.

Achievements/Skills:

- Won the second prize in National elocution competition organised by the Indian Pharmaceutical Association during IPC Chennai 2012 at SRM University.
- Won the first place in Karnataka state level elocution competition organised by IPA in the year 2012.
- Won the fourth place in National elocution competition organised by Indian Pharmaceutical association during IPC Bengaluru 2011 at Bangalore international exhibition centre.
- Won the first place in Kerala state level elocution competition organised by IPA in the year 2011.
- Won the second place for Best poster presentation titled "Evaluation of antimicrobial activity of various extracts of *allium cepa*".
- Won third prize for poem writing and essay writing competition in connection with the Pharmablizz 2007 at St. James College of pharmaceutical sciences.
- Was the Master of Ceremony (MOC) for various national seminars and symposiums during 2007-2011 at the St. James College of pharmaceutical sciences, Chalakudy.
