From the Desk of Chairman, NIMCET-2015

It gives me an immense pleasure to invite all the eligible candidates to apply and write NIMCET- 2015 test for admission into Master of Computer Applications Programme (MCA) offered by 11 participating National Institutes of Technology (NITs) at Agartala, Allahabad, Bhopal, Calicut, Durgapur, Jamshedpur, Kurukshetra, Raipur, Surathkal, Tiruchirappalli and Warangal, for the year 2015-16. It is interesting to note that this year also we permit the eligible candidates to apply for NIMCET-2015 through online only and then to post a hard-copy of electronically generated application form along with necessary enclosures. Candidates' profile cannot be altered online on their own, after submitting his/her online application form. After scrutiny of applications, admit cards will be made available for downloading.

I am glad to emphasize one significant change made this year as compared with that of the previous year. Candidates will be paying their processing fee and initial fees through electronic fee payment system only, i.e. credit/debit card, netbanking etc. from NIMCET-2015 website only. Admission into MCA programme in the participating NITs is based only on NIMCET-2015 rank. Rank cards will not be posted. However, ranks secured by the candidates will be published in the website <https://nimcet2015.nita.ac.in> and also in websites of the participating NITs. Like previous years, this year also, candidates are not required to apply separately to participating NITs for admission to MCA programme. Admission Procedure and Counseling Process will remain same as in the past. There will be three rounds of allotment followed by a final round of allotment. Depending on the seats left unfilled, there could be a spot allotment round at individual institute. Those candidates who will be given allotment / take admission in some NITs, but wishes to participate in final round of allotment have to surrender seat allotted to them and then fill their choices afresh. All candidates are advised to read the brochure carefully and understand the process clearly before filling the choices carefully.

Relevant information will be occasionally updated and will be available on website <https://nimcet2015.nita.ac.in>. Aspiring candidates should frequently visit this website, as well as the website of the institute where they are planning to join.

I am sure that the NIMCET-2015 examination and admission process will provide a simple and efficient way of admission into participating NITs. I once again take this opportunity to wish all stakeholders for their effort and commitment and wish them the very best in the NIMCET -2015 examination and counseling process. I wish all the aspiring candidates the best in their professional endeavor and career.
