## **THE HERO GROUP**

*Founded by the promoters of the Hero Group, BML Munjal University (BMU) is a unique and innovative educational institute that aims to transform higher education in India by creating a 'new age' teaching-learning environment that's truly world-class. The 50-acre, fully residential and co-educational, UGC recognised university has been notified under the Haryana Private Universities Act, 2006. The university has been named after the Hero Group co-founder and chairman, Brij Mohan Lall Munjal.*

## INTERNSHIPS

Throughout the programme, our BTech students will gain invaluable practical experience by applying inter-disciplinary learning to real-world problems. This will be carried forward by way of the **Practice School concept**, an initiative which will enable them to immerse themselves in real industry experience. Over a period of four years at the School of Engineering and Technology, our students will spend around **32 weeks or 22% of the total contact hours** interning with industry; for which they will be evaluated and graded just like any other course.

## ELIGIBILITY

BMU has a multi-dimensional selection process to assess an applicant's eligibility. Selection will be made on the basis of Class XII, Class XI and Class X marks, ranking in national entrance exams (JEE or equivalent), performance in academic and extracurricular activities, essay and performance in personal interview.

Applicants with a minimum percentage of 70% aggregate in Physics, Chemistry and Mathematics (PCM) in Class XII; and a JEE score will be eligible for admission to the BTech programme.

The decision to shortlist applicants for a personal interview, and make a formal offer of admission thereafter, will be taken by the Selection Committee, whose decision in this regard will be final and binding.
