Earn your degree on your terms. Whether you choose to learn online or at a local campus, you can count on our challenging curriculum and a supportive learning environment.

Mahatma Gandhi University, an institution which promises to become one of India's leading universities with an acknowledged reputation for excellence in research and teaching. Needless to say it has achieved resounding success in all its ventures including professional education. MGU has emerged as a global university with boasting distinctive strengths in education and entrepreneurship. As a platform for excellence in teaching, learning & administration, state-of-the-art information technology is extensively used in M.G.U, contributing information to the development of well trained graduates, post graduates and doctorates to meet the professional manpower needs of not just India but the world.

This Group has come a long way with a motto of "Education for all". We are managing Approx. 900 Study Centres with 50,000 Students, pursuing various professional courses. As we have the core motive of educating the keen learners of the society, we follow the rigorous Career Counseling for the awareness of the students. We ensure the excellent learning environment to our students. A vast infrastructure along with the most knowledgeable faculty is just the kind of an environment any young student can dream of.

We empower the students to face the growing corporate world with assurance and conviction. At MGU we aspire to provide premier values in professional excellence to our future leaders. We conduct various seminars & workshops for the student which gives them an opportunity to apply their creativity & intelligence, which eventually prepares them to conquer the competitive industry. We also arrange several development programs for the faculty to enhance their educational proficiency.

...To enlighten, nurture,
and bring to the forefront
the Mahatma in
India's future Generations,
Mahatma Gandhi University
was established in the
Indian State of Meghalaya.

Harish Rawat

Minister of State

Agriculture, Food Processing Industries
& Parliamentary Affairs
Govt. of India

I am very happy to know that the Mahatma Gandhi University, Meghalaya has been established by the Government of Meghalaya under the State Legislation 'Mahatma Gandhi University Act' with the main objective of introducing employability in Meghalaya for solving the problems of unemployment and poverty in the State of Meghalaya. I am confident that the University would continue to rise higher heights in the academic world in future.

I have come to know that the new University will lay emphasis on employment and entrepreneurship generating programmes in emerging new fields at undergraduate, postgraduate and Ph. D levels. It is indeed a very noble idea as the changing global scenario demands trained human resource in the areas.

I send my best wishes and greetings to all the Members of the Managements, Vice Chancellor, Faculties, teaching and supporting staff and students and wish the University good luck in its new and future activities.

Anurag Singh Thakur

Member of Parliament

(Lok Sabha)

I am extremely glad to know that the Meghalaya Government has established the "Mahatma Gandhi University" and starting various technical, professional and skill development courses with new latest technology.

The present century is of knowledge society and we are at present in the age of digitization. As such both of them have to conjoin and work with both the hands together. Knowledge governs and conditions our lives in many discernible and subtle ways.

The wealth of a nation consists in the number of educated men and women in its harbours. In a competitive world where global market share is determining winners and losers among nations, its has become increasingly necessary to ensure that, besides a sound education, our students have the ability to engage and win in the global context.

Having embraced the glory of reason, believing that Knowledge is Power, Knowledge is Safety and Knowledge is Happiness. We understand that the Institute can be a powerful force-a place where thinking people can act and interact, not just to share old knowledge but, to make a new knowledge. And, in the course of making new knowledge, these people are themselves remade and transformed. They become leaders-not just capable students, not just competent workers but, men and women with ideas of their own, ready to change the landscape of the future.

I wish them Good Luck!

Online Educational Support & Features

Self Learning Material (SLM)
E-Learning
Learning Management System (LMS)
Dynamic Web-Portal
Online Admission Facility
Online On-demand Examination
Multi-Entry and Multi-Exit Facility
Student Placement Services
Online career counselling

Self Learning Material(SLM)

To facilitate smooth self-study for students MGU provides detailed study material along with E-Books for respective courses.

All the students are provided with comprehensive Self Learning Material(SLM) at the beginning of every semester. Renowned authors specially design the self-learning material for each course of the curriculums, with the distance learning methodology in mind. Our study material is 'self explanatory' and 'self evaluating' (test papers, tasks etc. are available). Students can also find books, references and online links for additional studies/reading.

E-Learning

MGU has introduced 'e-learning' as a supplementary methodology for all its students to enhance understanding of key concepts and bridge the gap between distance and classroom based learning. The e-learning sessions enhance the understanding of the subject matter by presenting scenarios, audio / video clips, case studies, quizzes and activities.

Students can go through the e-learning modules available on the MGU website or CD packed along with the self learning material

Learning Management System

Mahatma Gandhi University introduces "learning management system" to provide complete online education facility to the students. This facility is specially designed to impart a platform for students to learn at his/her own pace with a dedicated online mentor, a large group of fellow students, various online resources and a wide exposure to enjoy & enhance his/her computer as well as communication skills. Under "LMS" following features are available on a cost that is optional to the students.

- Content management system
- Chat Learn at anyplace anytime with your mentor online.
- Notice Board
- Digital Resource Library
- Discussion Forum/Blogs
- Chapter End Exercise & Online Questions
- Syllabi & E-Books
- Tags and Bookmarks
- Trouble call

Students Placement Services

We arrange job opportunities for the eligible and interested students. Our faculty even provides assistance to suggest corrective measures to non-eligible and interested students to make them placeable. We invite best companies of different industries for recruitment of students. We provide students with an experience of real life job selection process of the industry.

Online Career Counselling

MGU understands that students require sound advice & counselling from experts during various phases of their lives, Especially when it involves their career. So we have a special department to provide students assistance in various career avenues as well as how to excel in the field chosen or desired by the students.

PROFESSIONAL PROGRAMS

Program Objective:

These programs aim to train students in the latest industry relevant modules and technical educational tools for their career development. These programs carry intensive course curriculum and experiential training designed to give every student the competitive edge in the world of animation.

The main objective of these programs is to produce full fledged animation professionals who are completely at ease with their skills and can confidently create a rewarding career for themselves in a booming industry with wide job openings.

Just as ship without direction or
destination goes adrift,
so does labour without an aim
or an ideal runs to waste !
