# ORGANISATIONAL OVERVIEW

KELTRON is a private company established in 1994, which was set up to provide high end, high quality work specialising in industrial electrical and mechanical installations and services.

Since we opened we have been providing high quality electrical installations and mechanical services to the construction and industrial sectors and Keltron has now become Uganda's leading electrical contractor having successfully completed numerous high profile and prestigious projects - for example: The Munyonyo Commonwealth Hotel, Emin Pasha Hotel and the American USAID building.

Over the last 3 years Keltron has been a significant contractor in the energy sector having installed over 250MW of generators for Aggreko, and 50MW of generators for Jacobsen. Keltron's well trained staff and equipped workshops have also been supporting Uganda's fledgling oil exploration sector by constructing temporary camps and fabricating the required infrastructure for the drilling companies.

Our engineers and AutoCAD technicians design electrical and mechanical services

in-house to enable Keltron's talented and highly skilled staff to modify shipping containers into power houses, offices, canteens, toilets and shower blocks.

Keltron's target market is the construction industry, for both installation and fabrication projects, and in recent years we have focused more in setting up installations for companies arriving in Uganda.

We currently employ a full time workforce of 21 professionals, financial and administrative staff. Keltron's technical staff are well trained and equipped to provide high standard electrical and mechanical installation works - all technical staff meet BS, IEE and SABS standards.

Keltron's future prospects are focused on supporting Uganda's fledgling oil industry, as well as looking to broaden horizons into Southern Sudan and DRC, in both the electrical and the mechanical fields. Keltron is also looking to revisit the domestic electrical installation market including PAT testing domestic appliances.

• Electrical Installation • Mechanical Installation • Materials and Equipment Sales • Consultancy

## QUALITY STATEMENTS

### VISION

To be the leading electrical and fabrication company in East Africa.

### MISSION

To provide a consistent, value for money, on-time, high quality service in support of the project requirements for electrical designs and fabrication services to ensure customer satisfaction.

### QUALITY POLICY

Keltron Development Services Limited is dedicated to providing quality electrical and mechanical services tailored to exceed our customer's satisfaction through excellent top quality work and efficient delivery.

We are committed to realising customer satisfaction by not compromising on the quality of the materials used and the work practices carried out, and always deploying technically skilled and competent personnel. All staff shall be reminded of the need to comply with all applicable requirements and/or

regulations pertaining to proper business process execution. The workforce shall also be encouraged to work safely through applying proper tooling, correct use of personal protection equipment (PPE) and safe working practices.

Keltron shall continue to maintain high expertise in its operations by offering relevant training in respect to the company business and sensitising the workforce on new developments within the industry.

## ELECTRICAL PROJECTS

**CLIENT:** JACOBSEN INTERNATIONAL

**Location:** • Namanve, Kampala, Uganda

**Services:**

- Electrical installation of 50MW heavy fuel thermal power plant
- Construction of all cable trays and laying of all cable
- Supply of skilled labour to terminate, test and connect the 11KV cables

**Date:** • January 2008 – August 2008

**Contract Value:** • US\$770,000

## ELECTRICAL PROJECTS

**CLIENT:** **AGGREKO INTERNATIONAL POWER PROJECT**

- Location:**
- Jinja and Lugogo - Uganda
  - Embakasi and Eldoret - Kenya
- Contract:**
- Electrical and mechanical installations at the thermal power stations
- Services:**
- Construction of all cable trays and laying of all cable
  - Supply of skilled labour to terminate, test and connect the 11KV cables
  - Fabrication of engine stands and lighting
- Date:**
- January 2005 – August 2007
- Contract Value:**
- US\$626,000

## ELECTRICAL PROJECTS

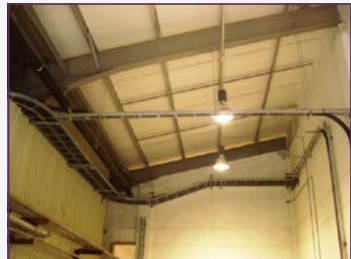

**CLIENT:** CENTURY BOTTLING  
COMPANY

**Location:** Namanve, Kampala

**Contract:** Electrical Upgrade-Line 4

**Services:** LV and HV Cabling  
Lighting  
Power Installation

**Date:** Nov 2009 -Feb 2010

## ELECTRICAL PROJECTS

**CLIENT:** **KYAGALANYI COFFEE FACTORY**

**Location:** Namanve Industrial Park, Uganda.

**Contract:** Electrical And Mechanical Design Installations

- Services:**
- Supply & Installation Of Main Switch Board C/w Gears
  - Supply And Installation Of 810kva Factory Generator
  - Factory Internal & External Lighting On Sodium Lamps
  - Connection Of Power, Data And Earthing Of Weighbridge
  - Supply & Installation Of Ring Main Unit & Its Auto Switch
  - Installation Of Emergency Stop Switches For Compressors
  - Supply And Installation Of Transformers
  - Connection Of Mobile Factory Weighing Scales
  - Supply And Installation Of Low Voltage Switch Board
  - Ground Earthing Using Exothermic Welding Material
  - Supply And Installation Of Distribution Boards & Cabling
  - Supply And Installation Of Power Stabilisers & Transformer
  - Supply And Installation Of Auto Fuel Filtration System
  - Laying Of Welded Wire Mesh Cable And Cabling

**Date:** July 2013-Dec 2014

## MECHANICAL PROJECTS

**CLIENT:** BMS MINERALS

**Location:** • Hoima, Uganda

**Services:** • Container modification into a communication house furnished with:

- Aluminium checkered plate
- Aluminium sliding windows with mosquito netting
- 25mm solid block boards
- An inverter system and a solar system

**Date:** • October 2007

**Contract Value:** • US\$14,000

## MECHANICAL PROJECTS

**CLIENT:** **KRAKOW OIL & GAS  
EXPLORATION  
COMPANY LTD**

**Location:** • Hoima oil drilling sites

**Services:**

- Container modified into a mess hall facility furnished with:
- 18mm x 350mm x300mm table tops
- MDF S/F Sapel Fare faced boards
- 100 litre capacity water heater
- 6" extraction fans
- Stainless steel double sink
- Work tops
- Cupboards
- Aluminium sliding windows

**Date:** • March 2009

**Contract Value:** • US\$34,000

## MECHANICAL PROJECTS

**CLIENT:** KRAKOW OIL & GAS  
EXPLORATION  
COMPANY LTD

**Location:** • Hoima oil drilling sites

**Services:** • Container modified into a water purification plant furnished with:

- 3mm mild steel plate floor finish
- 1000 litres/hr pure water treatment plant

**Date:** • October 2008

**Contract Value:** • US\$11,400

## MECHANICAL PROJECTS

### CLIENT: TOYOTA UGANDA

- Toyota Uganda, being the main supplier of vehicles to Tullow Oil Uganda, contracted Keltron to fabricate and install car roll cages in all vehicles for Tullow Oil sites from 2007. These include ambulances, double cabins, pick ups and 4WD ATVs.

Location: • Kampala, Uganda

Services: • Fabrication of car roll cage into various vehicles

Date: • From July 2007 to date

Contract Value: • US\$2,000 per vehicle

## CONSULTANCY PROJECTS

**CLIENT:** **MAMBA POINT GUEST HOUSE**

- Location:**
- Nakasero, Kampala, Uganda
- Services:**
- Electrical and mechanical consultancy
- Other Consultants:**
- FBW Group (Architecture)  
[www.fbwgroup.com](http://www.fbwgroup.com)
- Date:**
- 2003
- Project Value:**
- US\$450,000

## CONSULTANCY PROJECTS

**CLIENT:** **MUNYONYO  
COMMONWEALTH HOTEL**

- Location:**
- Munyonyo, Kampala, Uganda
- Services:**
- Electrical and mechanical consultancy
- Other Consultants:**
- FBW Group (Architecture)  
[www.fbwgroup.com](http://www.fbwgroup.com)
- Date:**
- 2007
- Project Value:**
- US\$35,000,000

## CONSULTANCY PROJECTS

**CLIENT: GERMAN EMBASSY**

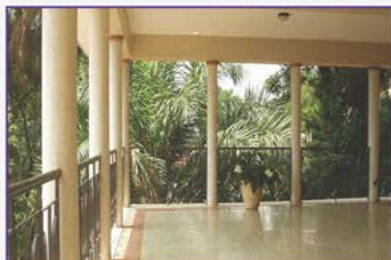

**Location:** • Kololo, Kampala, Uganda

**Services:** • Electrical and mechanical consultancy

**Other Consultants:** • FBW Group (Architecture)  
[www.fbwgroup.com](http://www.fbwgroup.com)

**Date:** • 2007

**Project Value:** • US\$650,000

## ELECTRICAL PROJECTS

Other electrical projects that Keltron has completed include:

- **Century Bottling Company:** Electrical and mechanical installations and material supply for Coca-Cola plants
- **Tullow Oil Uganda:** Electrical design and installations at Tullow Head Office
- **Kaweri Coffee Plantation:** Design and installation of electrical equipment for the dry and wet processing mill
- **Kageera Sugar:** Re-wiring and commissioning overhead gantry cranes
- **Kampala City Council:** Supply and installation of street lights
- **Gapco:** Central fuel depot electrical upgrade
- **Gulu FM:** Design and installation at the radio station
- **Alcatel:** Installation of communication towers, BTS's and microwaves
- **US Embassy:** Supply and installation of communication towers
- **USAID:** Electrical and mechanical installations at USAID building

## MECHANICAL PROJECTS

Other mechanical projects that Keltron has completed include:

- **Krakow Uganda:**
  - Internet cafe
  - Toilet facility
  - Mess hall facility
  - Water purification facility
  - Changing rooms
  - Electrician's office
- **BMS Minerals:**
  - Kitchen facility
  - Mess hall facility
  - Accommodation facility
  - Office facility
  - Power house
  - Mobile clinic
  - Laundry facility
  - Internet cafe
- **Tullow Oil Uganda:**
  - Airstrip facility
- **US Embassy:**
  - Fire fighting pump

## AGENCIES REPRESENTED

The following are the agencies represented by Keltron in Uganda:

### UK

- **Gentec:** Generators
- **MK, Novar Electrical:** 3 compartment trunking and accessories
- **Watford Control:** Stabilisers
- **Sartra International:** Light fittings
- **MEM:** Industrial switch gear
- **Pfisterer:** Overhead line materials

### South Africa

- **Cabstrut:** Cable tray and cable ladders
- **Beka:** Light fittings
- **Electromechanica (Pty) Ltd:** Contractors, breakers, etc.

### United Arab Emirates

- **Quick Electric:** Distribution boards and accessories
