

ABRIDGED ANNUAL REPORT 2014 – 2015

Corporate Office: 9th Floor, Crescenzo, C-38 & 39, G Block, Bandra-Kurla Complex, Bandra (E), Mumbai – 400 051 • Tel.: 022 61793000 • Fax: 022 67425687 Email: partnerforlife@sbimf.com • Website: www.sbimf.com

Dear Investor,

The year gone by was one of many firsts and a landmark year for India. The election of a new government with a clear majority, the first by a non-Congress party since independence, was by far the biggest development of the year. Markets picked up the positive sentiments from the new pro-growth government and rallied to their all-time highs with active participation from retail and institutional investors. The mutual fund industry benefited from this growth as well with a record increase in individual folios and the industry Assets Under Management touching a high of ₹ 12 lakh crore.

The fiscal year 2014 was an eventful one for SBI Mutual Fund as we looked at different aspects of the fund house where we could add value for the investor. The launch of an online investment platform for institutional investors is one such initiative in that direction as the online medium has now become a powerful enabler. We launched multiple New Fund Offers during the year to add to our product offerings across asset class and time horizon. New product ideas emerged due to the evolution of the industry. Products like SBI Dynamic Asset Allocation Fund and SBI Inflation Indexed Bond Fund were offered to address the opportunities arising out of prevailing investment climate. We continued with multiple offerings under SBI Dual Advantage Fund Series and SBI Equity Opportunities Fund to meet the demand of the investor community. For those seeking to follow broad-based market indices we launched 3 Exchange Traded Funds: SBI-ETF BSE 100, SBI-ETF Nifty Junior and SBI-ETF Banking, as well. In addition, we launched SBI Banking & Financial Services Fund, a fund focused on the banking & financial services sector, and SBI Long Term Advantage Fund – Series I & II which offers investors' tax benefits under Section 80C while helping to build wealth over the long-term. We increased our footprint across the country, adding new locations to serve you, and with over 222 points of acceptance we are committed to reach out to the ultimate investor.

I am proud to inform you that our existing funds continue to perform well and get featured for their performance and pedigree. On the equity side, funds like SBI Magnum Equity Fund, SBI Blue Chip Fund, SBI Magnum Global Fund, SBI Magnum Balanced Fund, SBI Magnum Multiplier Fund, SBI Magnum Midcap Fund and SBI Pharma Fund have done well while on the debt side, SBI Magnum Gilt Fund – Long Term, SBI Ultra Short Term Debt Fund and SBI Magnum Monthly Income Plan – Floater have done well.

To enable you to experience the convenience of investing we offer varied services at the fund house. Our m-Easy service allows you to complete any mutual fund transaction simply by sending an SMS from your registered mobile number. In the Missed Call Facility, an investor has to simply call the toll free number 1800 2700 0060 and after 5 seconds the call gets disconnected automatically and a call back is arranged. With iSIP, you can start a SIP from the convenience of your home through our website www.sbimf.com. You can also send an SMS to 56161 with SBIMF as the keyword if you are interested in knowing more about any of our schemes. Rest assured we continue to invest in people, technology and processes to help you invest and manage your investments safely and conveniently.

I ask for your continued patronage as we continue our journey with excitement and hope. We would be glad to hear from you on our dedicated customer care numbers 1800-425-5425 and (044) 28881101 / 36 from Monday to Saturday and please do feel free to write to us on customer.delight@sbimf.com with any queries or suggestions you might have. Alternatively, you can also visit your nearest SBI MF Branch for any assistance.

Best Wishes,

marian

Dinesh Kumar Khara Managing Director & CEO

REPORT OF THE BOARD OF DIRECTORS OF SBI MUTUAL FUND TRUSTEE COMPANY PRIVATE LIMITED FOR THE YEAR 2014-15

The Directors of SBI Mutual Fund Trustee Company Private Limited are pleased to present the Audited Accounts in respect of the schemes of SBI Mutual Fund for the year ended 31st March, 2015. The scheme-wise financial statements for the year 2014-15, are enclosed with the report of the auditors. The significant accounting policies through which the financial statements of the schemes are drawn and the explanatory notes to accounts of each of the schemes are also attached. The financial statements have been prepared as per the SEBI (Mutual Fund) Regulations 1996, in the manner required and exhibit a true and fair view of the operating results.

1. SCHEME PERFORMANCE & ITS JUSTIFICATION, FUTURE OUTLOOK AND OPERATIONS OF THE SCHEMES

SBI Dynamic Bond Fund has underperformed the benchmark return of 14.59% (CRISIL Composite Bond Fund Index) by 0.89 bps under the regular plan. The scheme has generated return of 13.69% under regular plan and 14.42% under direct plan. The portfolio would seek to actively churn allocations to take advantage of tactical market opportunities. The positioning of the fund in the last year has been predominantly in Gilts given the tightening of AAA spreads.

Scheme Name	6 Months	1 Year	3 Years	5 Years	Since Inception
SBI Dynamic Bond Fund - Reg Plan - Growth	9.4911	13.6941	9.1913	9.3033	4.9725
Benchmark: - Crisil Composite Bond Fund Index	7.8869	14.5868	9.3197	8.1268	6.2439
SBI Dynamic Bond Fund - Dir Plan - Growth	9.8360	14.4184	NA	NA	8.9657
Benchmark: - Crisil Composite Bond Fund Index	7.8869	14.5868	NA	NA	9.1750

N.A. - Not Applicable FUTURE OUTLOOK:

EQUITY:

FY 2014-15 has been a year of strong performance for Indian Equities. It also marked return of domestic investors in Indian Equities after a span of almost 5 years. The BSE Sensex ended the year on a high and closed at 26,717, a gain of 24.89% during the year. This also marked third consecutive year of positive returns from equity markets in India and helped turn around the sentiment of retail investors in India.

On the domestic front, the year started with a high pitch election campaign and a thumping majority for NDA in the general elections. Also important to note was the fact that BJP got a simple majority on its own, a feat achieved by political party in India after a gap of 30 years. The election was fought on the promise of development agenda and hence such a big majority generated immense hope amongst investors, both local and global, in Indian economy and consequently equity markets in India. The lack of strong policy measures and high subsidy regime in last 5 years had weakened the Indian economy considerably and thus Narendra Modi becoming the Prime Minister of the country reignited the hope of derailed economy coming back on 7% + growth track.

The new government has been helped by lot of good luck as the crash of global commodity prices including crude helped the process of economic recovery in India. The government continued to move on positive path with announcement of reforms, lowering of subsidies and streamlining of policies. The key economic success of the government so far has been abolishment of Diesel subsidies and freeing up of petroleum product prices, big move on financial inclusion, successful completion of coal and telecom spectrum auction, etc. However, over capacity in domestic economy along with non-supportive global environment has led to growth stalling in India. Thus while inflation in country has come down below 5% at consumer level government has not been able to revive growth which is stuck at close to 5%.

The global environment continued at its volatile best. While initially there were hopes of US economy picking up speed, all that hopes started fading with poor holiday season sales in the last quarter of calendar 2014. Europe continued its struggle for growth in the backdrop of no reforms and excessive debt in peripheral economies. Japan also offered some ray of hope on back of 'Abenomics' but it lasted as long as 'dawn to dusk'. Asian economies including China which rely largely on exports suffered on account of lack of growth in their customer markets and thus IMF kept on revising the world GDP growth downward every quarter. Excessive volatility was also seen in commodity and forex markets leading to disturbance of economic equilibrium in many economies in the world.

Amidst all these gloom and doom in the world, very few economies offered a ray of hope in pulling up global growth. India being one of them emerged as 'Oasis of Growth in Desert of Deflation' in the world. This ignited the 'hubris' and led to massive 'hope' trade in Indian equity markets. Financial year 2014-15 was one of the very few years in history of Indian stock markets where both foreign and domestic investors poured large sums of money in equity markets. In the financial year 2014-15 FIIS invested more than 9 billion USD in Indian equities while the domestic institutions invested more than INR 50,000 crores.

While the markets have moved on 'hope' trade so far, it will pause for a reality check going ahead. Equity market will look for delivery on the reforms, policies, growth and earnings front. Any incremental upmove would have to be backed by earnings growth. On valuations, markets are trading at an above-average forward PE of 17.3x FY16E. We believe the work done by government in 2014-15 will start showing results in the current financial year. Apart from that lower inflation will also boost domestic demand. While private capex may take some time to pick up, government will kick-start the investment cycle led by infrastructure investment. Thus the positive momentum in economy will start getting reflected from second half of FY2015-16 leading to higher growth, better earnings and improved sentiments.

FIXED INCOME

Bond yields have corrected by about 100 bps over the last fiscal year helped by downtick in CPI inflation, FPI flows and also expectation of change in monetary policy cycle. Post the policy cuts bond yields have stayed in a range over the last quarter.

The Inflation targeting framework instituted in the Monetary Policy framework would entail that the hurdle for aggressive monetary easing moves higher. Recent developments on the inflation outlook provide reasonable confidence of medium term inflation closer to 5 to 5.50%. With the stated comfort of the central bank on a real policy rate in the range of 1.5% to 2.0%, the expectations of a terminal repo rate in the range of 7.0% to 7.25% seems achievable

at this stage. Continuation of favorable inflation momentum and fiscal and supply side reforms could provide space for additional cuts even as the overall global environment also looks supportive.

Our portfolio construct remains biased towards a higher duration given that medium term prospects for bond yields remains positive. However we remain alert towards any material changes in macro parameters that could change the outlook on policy rate cuts and also the medium term CPI evolution.

Operations of the schemes

SBI Mutual Fund manages 35 open ended and 10 close ended schemes and 01 interval scheme, out of which 21 are equity schemes (6 close ended),1 balance scheme, 2 liquid schemes, 2 gilt scheme, 14 debt schemes (4 close ended & 1 interval) and 5 ETF Scheme, 1 Gold Fund scheme. (As per March 2015 – Monthly Cumulative Report)

SBI Mutual Fund continues to hold certain securities which were sold by it but these have not been got transferred by the buyers in their names. These securities do not belong to SBIMF, but are held on behalf of the unknown buyers and not as Owners/Investors. FINANCIAL STATEMENTS — MARCH 31, 2015 TOGETHER WITH INDEPENDENT AUDITOR'S REPORT

To the Trustees of SBI Mutual Fund

Report on the Financial Statements

We have audited the accompanying financial statements of the SBI DYNAMIC BOND FUND which comprise the Balance Sheet as at March 31, 2015, the Revenue Account, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Trustee of SBI Mutual Fund and SBI Funds Management Private Limited, the Scheme's Investment Manager are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the Scheme in accordance with the accounting principles generally accepted in India, including the accounting policies as specified in the Ninth Schedule of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 and amendments thereto ("the Regulations"). This responsibility also includes the design, implementation and maintenance of adequate internal financial controls and ensuring their operating effectiveness and the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements of the Scheme that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the SBI Mutual Fund has in place an adequate internal financial controls system over financial reporting and operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Regulations as applicable in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Scheme as at 31st March, 2015, its surplus and its cash flow of the Scheme for the year ended on that date.

Other Matters

The financial statements of the Scheme for the year ended March 31, 2014, were audited by another auditor whose report dated June 13, 2014 expressed an unmodified opinion on those statements.

Report on Other Legal and Regulatory Requirements

As required under the Regulations, we report that:

- 1. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- 2. The Balance Sheet, Revenue Account and Cash Flow Statement dealt with by this Report are in agreement with the books of account of the Scheme;
- 3. In our opinion, the Balance Sheet, Revenue Account and Cash Flow Statement dealt with by this report have been prepared in accordance with the accounting policies and standards as specified in Ninth Schedule of the Regulations.
- 4. The methods used to value non-traded securities, as determined by SBI Funds Management Private Limited and as approved by the Trustee of SBI Mutual Fund are in good faith and in accordance with the guidelines for valuation of securities for mutual funds as mentioned in the Eighth Schedule of the Regulations issued by the Securities and Exchange Board of India, and are fair and reasonable.
