Chancellor's Message

You will be happy to know that Symbiosis International University has been accredited by National Assessment and Accreditation Council (NAAC) which is an autonomous body of University Grants Commission (UGC) with highest Grade 'A'. This is a rare achievement of which all of us should be proud.

Symbiosis in the last three decades has strived for excellence in education and future prospects of students joining symbiosis. Amongst all 37 institutes that range from kindergarden to postgraduate programmes, a student is central to symbiosis. One of the major driving forces in establishing Symbiosis National Aptitude Test is to provide convenience and ease of a common entrance test for admissions to twelve constituent Institutes of Symbiosis International University offering Post Graduate education.

Symbiosis has been rated among the top Management & Post Graduate institutes in India time and again and has a vast network of alumni excelling in their fields. Symbiosis undergraduate institutes too are recognized with top ranking at national level.

The first stepping stone- the SNAP, will remain one of the significant components of enhancing quality in admission process to these institutes; while it provides the comfort and convenience to students of appearing for a single test. It is offered in major cities of India so that students all over can take the test in a city closest to their homes.

I welcome all students and wish them a bright future!

Dr. S. B. Mujumdar

Vice Chancellor's Message

The Symbiosis National Aptitude Test (SNAP) is a test conducted by the Symbiosis International University. The test is conducted at the National level to ensure that meritorious students are admitted to the various constituent institutes of Symbiosis International University

The test is conducted in various cities to ensure that maximum number of student get the advantage to appear for the entrance test and thereby get admitted to the prestigious Institutes of Symbiosis International University

Symbiosis is a place, which ensures that the student receives a high quality education and an all round personality development. I welcome you to the Symbiosis family.

Dr. Bhushan Patwardhan

The Symbiosis National Aptitude Test (SNAP) is a test conducted by the Symbiosis International University's Test Secretariat to judge the aptitude of the student for particular Programmes.

This test is conducted in many cities for the convenience of students and parents too.

This one single test makes you eligible for all Postgraduate programmes of Symbiosis. I wish you all the best and welcome you to be a part of the Symbiosis family.

Dr. Vidya Yeravdekar

Symbiosis National Aptitude (SNAP) Test is a common and mandatory written test for the admission to all the Post-Graduate Programmes of Symbiosis International University.

However, it is only the first step. In addition, a candidate has to undergo the selection process of the desired Institute to qualify for the admission. A student aspiring to take higher studies at Symbiosis International University needs to do the following:-

Addressing the outstanding demand from the student community, SIU has started with effect from last year commence an additional test for non-MBA Courses as follows:

1)   SIMC – MMC-(For Pune campus only)
2)   SIG – M. Sc (Geoinformatics)

These tests would enable admission for students selecting the MMC course of SIMC (Pune) and for the M. Sc (Geoinformatics) course of SIG. However in addition to this candidates appearing for **SNAP** Test are also eligible for SIMC – MMC-(For Pune campus only) and SIG – M. Sc (Geoinformatics). More details Log on to the SNAP test website link namely www.snaptest.org

For the candidates aspiring to take admission for M.Sc. (Biomedical), M.Sc. (Economics), M.Sc. (Medical Technology) and M.Tech. Programmes following is applicable:-

a.   Discipline-specific test during GE/PI process for SNAP/GATE cleared candidates.

b.   Aptitude and discipline-specific test before GE/PI, for candidates not appeared for SNAP.

Stage-1: SNAP Test

- Register online at www.snaptest.org
- Upload a latest scanned photograph of own at the time of SNAP Online Registration.
- Follow the instructions for payment for Test fee of Rs. 1550/- on above website.
- **Any Changes in the online application form may be made only up to the closing date of Registration i.e., Tuesday, 20 November 2012. No change is permitted after this under any circumstances.**
- **All disputes between candidate and the Symbiosis Test Secretariat shall be subject to exclusive jurisdiction of Pune city and by Arbitrator only.**
- Download and print "Admit Card" through the SNAP website.**[www.snaptest.org]** From Monday, December 03, 2012 till Sunday, 16 December 2012.
- Admit Card along with Photo Identity proof should be carried to the Test Centre at the time of test.

    *(Candidates should note that authenticated Admit Card is an important document without which the candidate will not be permitted to appear for further selection processes of the institutes. **If Admit card is lost, no duplicate Admit Card will be issued**. It should be preserved till admission process is over).*

SNAP Score will remain valid for admission to all Post Graduate Programmes of Symbiosis International University for the academic year of 2013-14. (Note: - SNAP Result will be available on the web site for 1 month from the date of Declaration of SNAP Result i.e. upto February 10, 2013.)

Stage-2: Submission of Application fee to the desired constituent institute of Symbiosis International University.

- Before applying to an institute a candidate must register for the SNAP 2012.
- Visit desired institute website for institute registration and institute application fees.
- **Pay the fee of Rs.1000/- to each institute as Institute Application fee** to the institute/s in which candidate seeking to take admission.
  (The application fee for SICSR is Rs. 1000/- for each programme).
- The SNAP website allows a facility for online payment for application fee for many of its constituent PG institutes along with online payment of SNAP fee.
- Candidate can also make payment from the institute website.
- Candidate can apply for more than one institute.

Stage-3: Further selection process of the chosen institute.

- SNAP Score will be declared as a percentile to all candidates.
- Section wise percentage scores (as a percentage of the highest score in the section and not as a percentage of the maximum marks of the section) will be given to all candidates.
- Shortlisting for GE/PI will be based on SNAP percentile.
- The final merit score will be based only on SNAP percentile.

Sr. No.	Parameter	Marks
1	SNAP Score	180 marks scaled down to 40 marks
2	Attributes as defined by respective Institutes	20
3	GE	20
4	PI	20
5	Total	100

Payment of Fees through Demand Draft / Cash.

- The candidates those are paying through cash or DD, should ensure the following,

    1. *Symbiosis Copy of Axis Bank Challan for cash payment,*

    2. *Demand Drafts and Payment Advice Form for Demand Draft payment.*

  [Demand draft should be of Rs. 1550/- from any Nationalize Bank in favor of, **"Symbiosis Test Secretariat",** Payable at Pune.] Should reach to Symbiosis Test Secretariat by December 1, 2012.

- **International or NRI candidates are requested to check the eligibility on International student Cell website www.scie.ac.in before SNAP Test online registration.**
- **No any changes acquire in the SNAP online form after the closing date of SNAP registration.**
- **Symbiosis Test Secretariat will not hold information about the Institute shortlist policies / process and declaration of lists and GD/PI process. Candidates should contact to respective institute for the same.**
- **Symbiosis Test Secretariat will not be held responsible for non-delivery or any delay on the part of Courier / Postal Services.**
- **SNAP Registration Fee is non-refundable. No claim for refund of the SNAP Registration fee will not be entertained for any reason.**

At the time of filling online application form or while appearing for SNAP test, any attempt to impersonate or indulge in any other malpractice would automatically disqualify the candidate from admission processes to all post graduate programmes of Symbiosis International University and may also lead to any legal action deemed fit.

✓ SNAP/ SIMC-(MMC)/SIG (M.Sc. Geoinformatics) Test duration is 120 minutes.

✓ SNAP/SIMC-(MMC)/SIG Test is an objective test. Each question has 4 responses. Candidate should choose an appropriate response.

✓ Candidate must use Blue or Black ball point pen only.

✓ Each wrong answer attracts **25% negative marks.**

The Symbiosis Centre for International Education (SCIE)

The Symbiosis Centre for International Education (SCIE) is a department of the University, providing leadership & support for the University's efforts to internationalize the campus and the curricula. The admissions are centralized for all the constituent institutes of Symbiosis International University and routed through SCIE. The online admission procedure has made it accessible to each and every student to apply from different parts of the world and in the comfort of their homes.

To check if you fall under International Students' Category, please refer to the categories listed below:

Foreign National (FN)

A student is eligible to apply as a Foreign National (FN) if he/she holds a foreign passport.

Person of Indian Origin (PIO)

A student is eligible to apply as a Person of Indian Origin (PIO) if he/she has a PIO card, and is a citizen of a country other than India.

Overseas Citizen of India (OCI)

A student is eligible to apply as a Overseas Citizen of India (OCI) if he/she has a OCI card, and is a citizen of a country other than India.

Non Resident Indian (NRI)

A student is eligible to apply as a Non Resident Indian (NRI) if he/she has appeared either for the 10+2 (equivalent to the Indian 10+2) examination or Graduation outside India. It is mandatory for one of the two qualifying examinations to be given outside India.

It is mandatory for the Postgraduate Students who fall in the NRI Category and have appeared for their graduation in India to appear for the SNAP TEST.

To assist students with their application to Symbiosis International University (SIU) a detailed stepwise procedure is available on www.scie.ac.in Interested students can apply online through user friendly online application software.

Introduction

Symbiosis Institute of Business Management [SIBM], Pune was established in 1978 and is the flagship institute under the faculty of Management of the Symbiosis International University. Likethe proverbial sapling that grows into a huge tree, SIBM Pune started out humbly 34 years ago and has indeed come a long way, to become a leading B- schools in India.

SIBM Pune has an atmosphere in which demanding training turns students into industry-ready professionals prepared to take on corporate responsibilities. The Institute has had a most outstanding placement record for several years.

SIBM Pune has ties with several companies for co-administering certain selected portions of the curricula. This is done with a view to enrich the practical knowledge of students with respect to current business trends and practices.

For the last four successive years, SIBM, Pune has been ranked at number four in the Business Today and India Today national Business School Surveys.

Vision

To become a premier business school recognized globally for its excellence in academics, intercultural solidarity and understanding and for its valuable contribution to industry, society and students.

Mission

To make SIBM better and better in terms of excellence in education, research, service to industry, society and students

Infrastructure / Facilities - Hostel / Mess / Library / Auditorium / Lab/ Canteen, Health Club etc.

SIBM Pune's residential campus is a model educational campus of the city. Apart from the state of the art classrooms the campus has the best of facilities such as the Central Library, Auditorium, Conference Halls, Canteen, Health Care Centre, Centre for Recreation Activities, Shopping, Guest House, Gymnasium and Swimming Pool.

Facilities

The Symbiosis Center of Health Care (SCHC) is an in-house Health Care Centre exclusive to the staff & students of the various institutes of Symbiosis. SCHC has a team of specialist doctors who conducts annual health checkups and look after the health needs of students and staff.

Each student is insured under a Mediclaim & Road Traffic Accident Policy. SCHC provides preventive, promotive as well as curative health care services that ensure positive health for all members of the Symbiosis Family.

Programmes offered
MBA Programme

Two years full-time Master of Business Administration (MBA) [Specializations in Marketing / Finance / Human Resources / Operation Management]
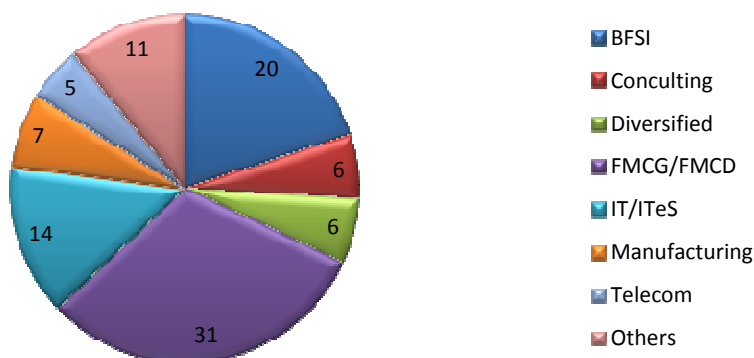

Placement

The Campus Recruitment Programme at SIBM Pune gives an opportunity to the institute to showcase its talent pool to the corporate world and reinstate their confidence in recruiting from the institute.

The highly skillful base of students delivering stellar performances eventually lead to long term mutually beneficial association with the corporate world and this has been proved time and again by the number of Pre-Placement Offers (PPOs) / Pre-Placement Interviews (PPIs) being given to SIBM Pune students.
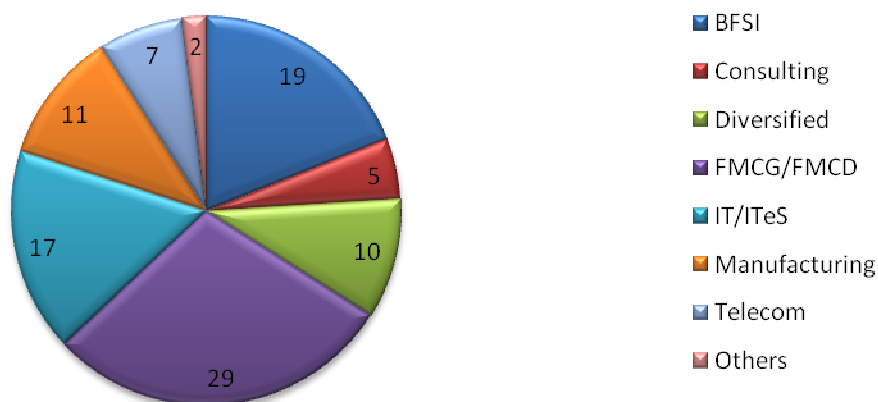

The companies that came to campus offered a plethora of profiles across verticals and functional domains like Investment Banking, Private Equity, Project Finance, Equity Research, Business Advisory and Strategy, Sales, Marketing, SCM Consulting, Operational Research and Technology Advisory.

The average compensation this year was Rs. 11.61 Lakhs p. a. and the highest package offered this year was INR 19.22 Lakhs p.a. 84 companies had participated this year. We have received 30 pre placement offers

Introduction

SICSR, celebrating its 27th year is one of the first institutes in Maharashtra to offer high quality computer education.

SICSR is located in the heart of Pune City, and build up with classrooms and a laboratory for learning. Our location, our broad portfolio of academic IT programmes, our talented and diverse student body, and our dedicated faculty members work together to create an educational experience that is relevant, enriching, and uniquely Symbiosis. If you are considering IT & Management education, we invite you to explore Symbiosis Institute of Computer Studies and Research (SICSR).

Vision

SICSR shall be the leading Techno-Management Institute in the field of Information Technology.

Mission

SICSR shall continuously improve the quality of academic programmes and create unique environment conducive for the overall development of students.

Facilities
Hostel facilities

SICSR has limited hostel facilities for girls and boys hence we provide a database of Paying Guest accommodation to students if needed.

Library

The main objective is to provide innovative, responsive and effective services, which will meet the changing needs of the academic community. Our library provides a range of books, periodicals, E-resources and other media at appropriate levels for the need of the students. We have to access the world's best electronic reference databases like EBSCO, DELNET.

Lab

SICSR has truly world class, state-of-the-art Computer Labs which includes powerful servers, dedicated Internet and email access, desktop PCs and laser / all in one laser printers etc. All computers are connected to a 10/100/1000 Mbps network, which in turn is connected to Gigabit Ethernet. For the Internet, there is 24 x 7 connectivity through 2 leased lines with 4 Mbps and 2 Mbps each. The labs are equipped with Hardware Firewall and content filtering tools with latest Antivirus Gateway level Scanning.

Canteen

Our canteen is not only a place to fill appetite but also a venue for a mélange of ideas and views to converge and give rise to innovative ventures. It has a mess, which offers vegetarian delicacies, & caters to diverse palates. Delicious food is prepared following strict standards of hygiene.

Teaching Aids and Pedagogy

SICSR's approach to teaching includes a combination of lectures, class discussion, group work self study and has developed e-learning portal using Moodle, for blended learning evaluation and continuous evaluation of students. SICSR uses blended learning techniques and KirkPatrick techniques.

Health and Medical care and Gym

The Symbiosis Center of Health Care (SCHC) provides an in house, modern, state of art health club & fitness centre with a view to facilitate a holistic development of mind & body for an all round development of our students. Each student is insured under the Mediclaim & Road Traffic Accident Policy.

Our Programmes

MBA (IT): Master of Business Administration (Information Technology)

(2 year Full Time Postgraduate Master Degree programme)

Objective: Golden mix of Management & Information Technology subjects aimed at creating techno managers and business analysts.

MSc (CA): Master of Science (Computer Applications)

(2 year Full Time Postgraduate Master Degree programme)

Objective

This programme will equip students with knowledge highly relevant to emerging technologies. The programme aims to provide a comprehensive framework for understanding, by integrating theoretical foundations with extensive practical work.

Eligibility

Graduate in any discipline of any statutory University with minimum of 50% marks. (45% marks for SC / ST category candidates)

Intake Capacity

90 for each programme

Introduction

Symbiosis Institute of International Business (SIIB) was established in 1992 as an autonomous Institute. Today Symbiosis Institute of International Business is a constituent of Symbiosis International University and is one of the highly acclaimed business schools in the country. It has been recognized as a B-School that combines an excellent academic foundation with a strong leadership perspective. In an increasingly globalised world, SIIB is ahead of the curve. The pioneering work in commencing focused MBA programs in International Business (1992), Agri-business Management (2004), and Energy & Environment (2009) has been lauded by industry. This foresight has proved very valuable for organizations that seek global managers in diverse functional areas. SIIB therefore has a strong track record of excellent placements.

The diversity of programs, with the pivotal fulcrum of International business, has helped to create a unique synergy in the curriculum, besides bringing to the campus young, vibrant minds from diverse disciplines, fostering a healthy exchange of ideas.

Briefly, therefore, SIIB has a unique advantage to train young professionals, to take on the challenges of global commerce in the domestic as well as the international arena.

Vision

To be the preferred institute for students aspiring to develop a global perspective, in management education and to transform them into socially conscious, reliable, healthy and contemporary managers.

Mission

- To foster global competencies amongst students.
- To provide for holistic and value based development of students which ultimately enhances employability of students.
- To develop social consciousness amongst students.
- To identify and train students in diverse sectors of high potential, keeping in mind the needs of the nation.

Infrastructure & Facilities

Campus

SIIB has an ultra-modern administrative and academic campus of its own. The campus has dedicated spacious classrooms for each program with state-of-the-art audio-visual teaching facilities, conference halls, discussions rooms and auditorium

Hostel

There are separate Hostels for Boys and Girls.

Library

An excellent library having access to more than 12027 books, 162 periodicals and 413 CDs on a wide variety of management subjects is available for students.

Computer Lab

A fully equipped computer laboratory is available to students for teaching as well as practice. Wi-Fi Internet connectivity is available in the academic and residential blocks.

Mess/Canteen

A mess facility and a well-stocked cafeteria are available on campus and all the students are the dining members of the mess.

Health

A swimming pool and a state-of-the-art health club facility with Gym, aerobics and yoga are available for students. A residential Medical Officer stays on the campus.

Programs Offered

Masters of Business Administration – International Business [MBA – (IB)]

(Two years, full time, residential, post graduate degree program)

Specializations Offered - Marketing, Finance, HR and Supply Chain Management.

The MBA – IB is an intensive programme specifically designed for a rewarding career in business management, globally.

Students from diverse academic backgrounds like engineering, pharmacy, economics, mathematics, chartered accountancy, IT, and commerce, provide a vibrant tone to this unique and interactive program. The student is exposed to a wholesome blend of the theory and practices in business, both domestic and international. The first year creates the base for understanding business management through courses designed to take into account the varied backgrounds of the students. Core courses in International Business are spread over the two years to create a strong foundation, which is enhanced by specializations in the functional areas of Marketing, Finance, Supply Chain Management and HR from the third semester.

Masters of Business Administration – Agri Business [MBA – (AB)]

(Two years, full time, residential, post graduate degree program)

Agriculture has long been seen as a sector with tremendous potential in India. In the last few years the sector has seen an unprecedented upsurge with several government and private sector initiatives. This, coupled with changing global norms such as the WTO rulings and increased global competitiveness, means, there is a tremendous need for professional courses in agribusiness management, and this makes it one of the most challenging and exciting sectors to be in, either as a professional or as an entrepreneur. The MBA (AB) program is thus a response to this growing need for professionals who can contribute to and engineer the agribusiness revolution.

Masters of Business Administration – Energy & Environment [MBA – (E&E)]

(Two years, full time, residential, post graduate degree program)

Energy is at the core of all economic activity. Indeed, the pace of development of any country is determined by this crucial sector. To ensure sustainable development, it is imperative to understand the related environment issues such as climate change, loss of bio-diversity, ozone layer depletion etc. These are global issues and have been a key feature in all recent global debates.

As an Institute of International Business, SIIB believes that strengthening and building capacity in this emerging sector is critical and has taken the initiative to create young professionals who can be assets to organizations in this crucial sector - a sector whose importance will only grow, and grow at an amazing pace, in the years to come. This MBA – Energy & Environment program provides a judicious blend of theory and practice and thus prepares the applicant to meet contemporary global requirements.

Career Prospects & Placements: 2010-12

The International Business students attracted a cross section of finance / consulting companies: prominent among them were Infosys, Crisil, Deloitte, Citibank, Darashaw, E-Clerx and Cheers Interactive. They offered the students a wide range of functions such as business analyst, business development, asset management, corporate investment banking and insurance.

The marketing students had the most sought after profiles with companies offering them diverse opportunities in the areas of sales, branding, and marketing functions. Companies like Tata Chemicals, Welspun, Asian Paints, ACG Worldwide, VIP Industries, Henkel, Godrej & Boyce and Vinculum, visited the campus and gave exciting offers. Regular recruiters like Danfoss, HDFC, HDFC Life, State Trading Corporation and Union bank, visited the campus and offered students prestigious roles. **The highest package offered was 10.12 lakhs and the average salary was 7.78 lakhs.**

The Agri Business students put up an impressive parade and 94% of them were placed in superlative companies. The masthead included: Monsanto, Devgen, Bisleri and L&T Finance. Banks offered the students opportunities to serve in the rural sector. IDBI and Axis Bank picked up students and vindicated the fact that Agriculture is the backbone of the country. Mahindra & Mahindra picked up a good number and Mars international and Almaria were new entrants. **The highest package in the Agri business was 9.6 lakhs per annum and the average stood at 6 lakhs.** The insurance sector saw a great surge in the wake of employment, and companies like SBI Life visited the campus for placements

The Energy and Environment **students were highly appreciated by the industry. The major recruiters were Wipro Eco Energy, Danfoss, Aqua Tech Solutions Cheers Interactive and FICCI.** The highest salary paid was 8 lakhs per annum and the average was 6.25 lakhs.

Method of Instruction
Theory lectures, practical exercises, business simulation, group projects and presentations, case studies, workshops, guest lectures, summer training, live projects, field visits, organizing events under the guidance of excellent faculty.

Profile of Past Students
MBA – International Business (MBA – IB)
In view of the implications of globalization, this programme attracts students from diverse academic disciplines. The composition of past students was mainly from engineering, commerce, science and management backgrounds. At least 50% of the class has 2 – 3 years of work experience.

MBA – Agri Business (MBA – AB)
The major portion of the Agri Business program consists of graduates in Agri Sciences or Agri related discipline. Fisheries, Biotechnology , Horticulture, Agri engineers, engineers with B.Sc. (Agri.), M. Tech., etc. were also part of the batch .

MBA – Energy & Environment (MBA – E&E)
The composition of students in this programme comprises of varied academic backgrounds, however majority of the batch consists of engineers. Commerce / Science background students with relevant work experience were also considered.

Symbiosis Institute of International Business [SIIB]

G. No. 174 / 1, Hinjewadi,
Taluka – Mulshi, Dist.
Pune – 411057,
Maharashtra, India

Introduction

Since its inception in 1993, SCMHRD has come a long way in nurturing young and dynamic minds to become leaders and entrepreneurs of tomorrow. It gives an opportunity to gain a rich, cultural and diverse experience that drives one to achieve not just academic excellence, but also a holistic growth.

Vision

To become a centre of excellence for global leadership and entrepreneurship – setting the standards by which others are measured.

Mission

To create leaders and entrepreneurs of tomorrow, their dedication to excellence, absolute.

Programmes offered

Masters in Business Administration (Finance/Marketing/HR/Operations)

The flagship program of SCMHRD is a two-year full-time residential course spread over 4 semesters and offered across four specializations viz. Finance, Marketing, Human Resource Management and Operations Management.

Masters in Business Administration (Infrastructure Management)

Proper Infrastructure is the hallmark of a developed nation and a necessity for attaining inclusive growth, improving the quality of life and enhancing the competitive advantage of the nation. This course at SCMHRD is sharply focussed on preparing the students for the emerging market of infrastructure and space management. It aims at creating a force, taking responsibility of appreciating needs of the Infrastructure sector and generating services at reasonable costs, ensuring effective and efficient management of execution and operations of projects within the requirements of regulatory environment and governance.

Programme Structure

The first semester focuses on the core curriculum to help students explore and gain better insight into the various management disciplines and prepare them for the challenges that they will be facing in the corporate world. From the second semester onwards, the students are given the power to customise their MBA through a basket of electives. The basket of electives is a unique concept from which the students can pick and choose those electives that match their career goals and aspirations.
Hence 'they learn what they choose to learn'.

Teaching Methodology

At SCMHRD, we believe that learning does not happen just through classroom sessions. It happens in myriad other ways that include Case Studies, Presentations, Guest Lectures, Lab Sessions, Field and Research Projects.

Library and Learning Facilities

The Wi-Fi enabled library provides access to more than 24000 books, about 2000 audio and video CDs-DVDs, International and National business periodicals, recent journals, case studies and publications in diverse areas of Leadership, Business, Entrepreneurship and Management. The library also provides access to on-line data bases including EBSCO and EMERALD. The Institution's membership with the

British Library enables even wider access to information. The library is equipped with a reading section and a discussion room which facilitate collaborative research.

The Harvard Publication Research Centre provides access to thousands of Harvard Business Review published books and articles. This facility gives students a global exposure and in depth learning about business issues affecting organisations today.

Summer Internship

At the end of the second semester, the students are required to intern with various Corporate Houses employing their knowledge as per their chosen specializations for various Live Industry Projects. They work across verticals and across departments adding a vocational experience to the non vocational curriculum and further boost their career prospects.

Campus and Hostel Facilities

The institute is self-contained, with all essential amenities available to students within the campus. The entire campus is Wi-Fi enabled. The mess, cafeteria, juice shop and a fully equipped provisional store caters to the needs and tastes of the students from diverse backgrounds. Excellent health care and 24 hour medical facilities are also available on campus, run by the Symbiosis Centre of Health Care (SCHC). Apart from these, the institute has the following facilities:

- Gymnasium – Aerobics- Yoga
- Swimming Pool
- Auditorium
- Sports

Placements

SCMHRD has become one of the trusted names in the corporate arena for delivering quality at the workplace. This is evident from SCMHRD's track record of placing its students in the most sought after companies where they have successfully managed challenging job profiles. This year, SCMHRD has emerged as one of the very few b-schools of India whose placement report adheres to IPRS (Indian Placement Reporting Standards) and has been audited and approved by CRISIL. Adhering to IPRS is a reflection of our commitment to bring in more transparency and professionalism to the entire placement process.

Our recruiters include FMCG, BFSI, Automotive, Manufacturing, Telecom, Consulting, Power/Energy and IT/ITES sectors. Recruiters like **JPMC, P&G, HUL, ITC, Marico, GSK-Consumer Healthcare, Dabur, Coca-Cola, General Motors, Mahindra & Mahindra, Deloitte, Avalon, Intel, Perfetti Van Melle, L'Oreal and Whirlpool** are regulars on the campus. This year, giants like **Goldman Sachs, Akzonobel, Reliance Industries Ltd., Sundaram Clayton, Mercer Consulting, Aon Hewitt, Boehringer Ingelheim, Philips, Tata Motors, Ernst & Young** also recognized the talent and growth potential of the students of SCMHRD.

Perhaps the biggest testimony to the quality of students was that 22% of the batch eligible for placements was offered Pre Placement Offers (PPO).
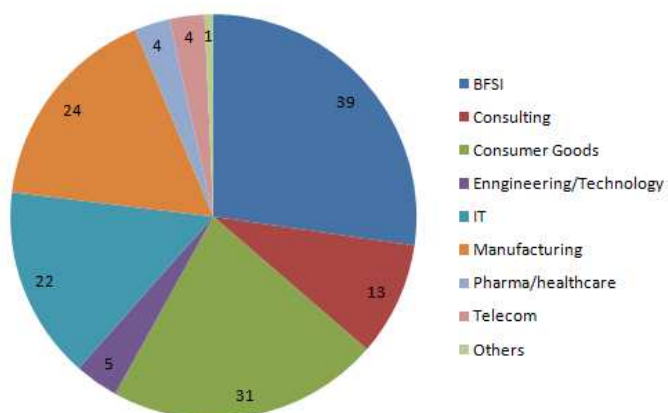

The average salary stood at 10.49 lakhs per annum, the median salary was 10.12 lakhs per annum. The highest salary stood at 18.6 lakhs per annum while the minimum accepted compensation was 6 lakhs per annum.

The detailed audited report of both summers and final can be found at www.scmhrd.edu .

Introduction

Realizing the opportunities and needs of the new economy, Symbiosis Institute of Telecom Management (SITM) was established in the year 1996. We are the pioneers in the field of Telecom Management education in the country and Asia. We focus on three basic components Management, Telecom technologies and Information Technology, to develop world class Telecom Business Leaders who can manage technology efficiently. Telecom revolution in India started in the early nineties and today India is the fastest growing telecom market in the world. As this sector continues to expand and mature, it is creating exciting techno commercial career opportunities for graduates and working professionals. Our alumni have been making their mark in the industry in various roles, some of which are Technical and Business Consultants, Network Implementers, Project Leaders, and Business Development Executives.

In addition to the two year full time residential post graduate program, the Institute conducts an Executive MBA program in Telecom Management which is offered to working professionals. The Institute is also actively engaged in formulating Management Development Programs (MPD) for the companies.

SITM is a constituent of Symbiosis International University (SIU) established under Section 3 of the UGC Act 1956, by notification No. F 9-12/2001-U 3 of the Government of India.)

Vision

Symbiosis Institute of Telecom Management will be the preferred destination for all who aspire to become world – class telecom business leaders.

Mission

To develop world class Telecom Business Leaders who can handle the ever-changing Technology and the Business Scenario effectively at all levels of the corporate ladder. More importantly, to instill human values to make better citizens.

Infrastructure

Hostel

It is a residential campus. All rooms are fully furnished and have Internet connectivity.

Central Library

The Campus has a well-stocked library with pleasant interiors. It is fully digitalized with a terminal for accessing library catalogue. It also has OPAC (On line Public Access Catalogue), which enables students to access library data from any computer in the Institute.

Labs

SITM has the latest state-of-the-art IT Infrastructure with a Software Lab and a specialized Network Lab with a 8Mbps wireless broadband leased line, and 24 hour Internet Connectivity.

SITM has a specialized CISCO Lab where students can experiment with network operating systems and perform network related practical assignments. SITM has signed up with CISCO for an academic partnership in the CNAP program. The entire CCNA program is thus incorporated into the Systems & Finance Specialization.

Canteen

The campus has an all day canteen with mess facility, which caters to the various tastes and budgets of the students.

Sports

The Institute is located in the Symbiosis Knowledge Village Campus which is about 22kms from Pune Railway Station. Sports facilities like Football, Volleyball, Cricket, Table Tennis, Badminton, Tennis, Squash, Yoga, Gym and Swimming are available.

Program offered

SITM offers a two year full time Post Graduate Degree in Master of Business Administration (Telecom Management) with dual specialization in Marketing & Finance and Systems & Finance.

Placements

We have been achieving 100% placements since inception. Last year, we have achieved almost 100% placements with the maximum salary being 16.65 lacs for International Placement and 13.5 lacs for Domestic. The average salary was Rs 7.15 lacs. Placements happen across all verticals of the Telecom Industry and IT like Telecom consulting, IT Consultancy, Network Integrator, IT security, Cellular Service Provider, Equipment Vendor, ISP & Billing, ILD etc.

Method of Instruction

This includes Classroom teaching, Guest lectures, Workshops, Industrial visits, Seminars, Research projects and summer projects. Every course is taught with extensive number of case studies and students are expected to make several presentations.

Career prospects and profile of past students

Our alumni are working as Business Development Managers, Consultants, Marketing Heads, Country Managers, Project Leaders, Account Managers and Business Analysts in leading Indian companies and MNCs like Accenture Barclays Bank, Ernst & Young, EMC, HP, Infosys, IBM, KPMG, On mobile ,PWC, Protiviti Global, Sify, TCS, Tata Teleservices, Tech Mahindra Vodafone, Virgin Mobile, Wipro. SITM senior alumni are holding key positions in several companies and continue to deliver value to their employers.

Eligibility

The minimum requirement for admission is a Graduate Degree in any discipline from a University or Board in India and abroad recognized by University Grants Commissions, Association of India Universities with minimum of 50% marks in the qualifying examination(45% for SC/ST). Final year students are also eligible to apply.

Intake

Sanctioned Intake   120
Over and above Intake   15% for International Students
2 seats for Kashmir Migrants

Reservation of Seats

As per Symbiosis International University (SIU) norms

Introduction

SCIT is a premier IT Business School where students are groomed to become future leaders in Information Technology arena. SCIT gives opportunities to those students who are willing to take on challenges and are ready to transform themselves into proactive professionals. The institute supports their transformation with innovative teaching-learning methodology, state-of-the-art computer labs, platform for peer learning and opportunities to learn management in real time. The success of our alumni is a proof to claim that - SCIT ensures overall professional development of students, who are transformed into industry-ready IT professionals.

SCIT Vision

"To be a world-class IT B-School known for creating global IT professionals"

SCIT Mission

- To remain the outstanding provider of continually evolving market responsive IT education.
- To create proactive IT professionals dedicated to excellence, who deliver innovative solutions that, improve the performance of their organizations**.**

Today, several graduates of SCIT are with reputed companies contributing towards innovative solutions and playing a crucial role in the success of their organizational plans.

SCIT received the following awards in 2011-12

- SCIT was awarded for "Outstanding Use of New Technology and/or Delivery System" by Global e-learning, On 28 th June 2012, Mumbai.
- SCIT ranked 39th in the Best B School Ranking & 27 th Ranked in Salary Statistics 2012 by CNBC-TV18.
- CRISIL Rated SCIT MBA as A*** at the state level and A** at National level in July 2011.
- Symbiosis Centre for Information Technology won 19th Dewang Mehta Best B school award for Best Academic Input (Syllabus) in Information Technology.
- Symbiosis Centre for Information Technology was awarded the Best B-School using Information Technology in Training/Education by Star News in National B-School Awards 2011.
- Symbiosis Centre for Information Technology was awarded the Best B-School with Industry related curriculum in Information Technology by Star News in National B-School Awards 2011.

Infrastructure/facilities – Hostel, Library, Lab, Canteen, Club etc.
Campus

Located in the hub of the IT industry, Rajiv Gandhi InfotechPark,Pune, SCIT campus is central to the dynamic IT environment. The IT majors such as Infosys, Cognizant, Wipro etc. lend to the atmosphere. The campus is fully residential and provides excellent facilities to students. The campus also has a fully equipped and functional gymnasium and swimming pool. Excellent healthcare facilities are provided on campus with a resident doctor, mini operation theater and a tie-up with a local hospital for emergency services. There is also a modern 400-seater auditorium and an open-air amphitheater. The campus facilities include faculty housing and a guesthouse.The Campus is run by Chief Administrator, who manages the entire campus infrastructure and amenities. The facilities include security, garden, housekeeping, mess, ATM counter etc.

Labs

Computer Labs are equipped with a rich suite of software packages and also hardware. Three different platforms viz. Windows, Solaris and Linux make them the right place for developing platform-independent professionals. Lab practical on SW development methodology and business management are carried out in the different terminal clusters. Besides, SCIT being subscriber to MSDNAA and IBM academic initiative gives access to a range of latest software. SCIT has University alliances with SAP as well .Thus the students are privy to on-line SAP courses conducted in the Lab.

The labs with 120 computers in form a major resource deliver programs based on University Alliances with SAP and also IBM.

A unique facility with diverse networking environments and platforms, it gives a free arena to students to experiment with different technologies and products for simulating diverse environments. For example, student's experiments with security mechanisms have led to the deployment of a centralized authentication mechanism in SCIT's own multi-platform environment. Students work on advanced areas such as high performance networks, security, messaging etc. fully utilizing the facilities in the Proof of Concept Lab. POC Lab provides the student necessary equipment and also independent link to set up simulated environment to experiment various network concepts and practices, such as, fixed line wireless integration, ethical hacking, Voice commands, virtualization of servers and storage, MPLS.

Library

SCIT has modern library facilities with more than 9,000 books on technology and management and nearly 1000 CD's. The students have access to nearly 20,000 books housed in the same building by sister institutes. SCIT students look forward to and actively participate in Book Reviews which are held regularly by the library. Certificates are awarded for Best Book Review and also to all those who review books.

Programmes offered

Masters of Business Administration (MBA) in Information Technology Business Management with options to choose elective Courses from 4 different areas listed below.

- Information Security Management
- IT Infrastructure Management
- Software Solutions and Management
- Systems

Method of Instruction

At SCIT, a variety of instruction methods are used to impart knowledge to the students. Traditional classroom teaching to build the fundamental concepts, practical exercises students can get hands – on experience by applying the lessons learnt. Case studies are extensively used, Along with this, Role Plays are used to simulate a real world situation dramatically and encourages the students to explore the solutions. Pilot projects, Internships and dissertation are some mandatory exercises which every student has to do in order to build up their practical skills and develop an inclination towards research. Besides this, students are also involved in research projects in which they may have to do field work, building case studies and writing research papers as a part of their course curricula. Guest lectures and seminars is strong component of teaching as it gives industry inputs and increases the awareness of the students about the current state of industry .Performance of students is check through regular class test, assignments, surprise test, quiz. Efforts are made to make the teaching more active and interactive. SCIT focuses on innovative teaching methodologies which help in making the classroom sessions more active and interactive.

Profile of Past Students

Over the years SCIT students have been offered niche profiles such as, IT Security Consultants, Business Analysts, Associate consultants – Presales, Associate consultants – Sales, Business Development Managers, Quality Assurance Manager, Business Process Managers, SAP consultants, IT Infrastructure consultants etc

Placement

By joining SCIT, a student does not become eligible automatically for placement. Students are expected to participate in all sessions, workshops, seminars etc. in the first and second year. Those students who fulfill the eligibility criteria as laid down and declared well in advance, are permitted to participate in the Campus Recruitment Program. Placement is not a right but a facility offered to a student.

Career Prospects etc.

MBA ITBM at SCIT concentrates on Business management skills development, bolstering Information technology underneath it that transforms students to professionals. SCIT's ITBM program allows the students to widen their opportunities by opting specialization subjects of their interest among the specializations viz. Systems, Information Systems and Security, Networks and IT Infrastructure Management and Software Solutions Management. The core course subjects focuses on building a strong foundation in the areas of Technical and General Management.

Career prospects range from IT Security consultants, Business Analysts, Associate Consultants – Presales and Sales, Business development Managers, Business Process Managers, SAP Consultants, IT Infrastructure Consultants etc. Shortly after gaining some industry experience, the students have a good opportunity to rise to managerial and decision making positions.

Eligibility

Graduate of a statutory university with 50% marks (45% for SC/ST) at graduation level in

 • IT/computer science/computer application; or
 • Engineering; or
 • Any other faculty with IT related experience.

Note

Candidates appearing for Final year bachelor's degree examinations may apply but their admission will be subject to obtaining a minimum of 50% marks. (45% for SC/ST).

Introduction

Symbiosis Institute of Geoinformatics(SIG) Geoinformatics is a newly emerging field with wide ranging application in almost all walks of life. Personalities from academia, such as Dr P.S. Roy, Dean of Indian Institute of Remote Sensing, Dehradun and industry representatives, such as , Shri A. Ramnathan of Reliance Industries and Shri Rajesh Mathur of ESRI India, and Dr Satish Thigale of University of Pune assisted with a vision to formulate the program. SIG provides a two years Post-graduate M.Sc. degree programme to open up a variety of opportunities to graduate students who aspire to build their career in the exciting field of science and technology.

Response of GIS Industry to course curriculum of SIG continues to be encouraging. As in the case of the first seven batches, all eligible students received worthy response to their requests for allotment of projects cum placement.

It is noteworthy that Dr S.B. Mujumdar launched an institute in this niche' field in 2004 with a futuristic vision, while the Planning Commission of India launched the Indian National GIS Organization (INGO) in 2009, to explore full potential of this new technological tool. This indicates a long term vision of the Founder Director and President of Symbiosis to explore future technology in the interest of society.

We continue to remain committed to our motto of 'Pursuance of Excellence in the field of Geoinformatics', and would strive to realize the mission of Symbiosis to create a potential reserve of trained human resource in Geoinformatics for the benefit of the GIS Industry and Society at large.

Vision

To create a professional human resource in the field of Geo-spatial Technology; equipped with IT and Information Management skills; to cater to the global Geoinformatics industry requirements.

Mission

- To impart rigorous training in Geoinformatics encompassing GIS, Photogrammetry and Remote Sensing etc.
- Lay special emphasis on industry requirements such as AM/FM, Vehicle tracking, E-Governance, Spatial Decision Support Systems etc.
- Enable students with additional IT and Business Management skills leading to a elevated career profile.
- Provide industry exposure through extensive project work matching global expectations.
- Provide contemporary training abreast with the latest technology tread.

Infrastructure

SIG has infrastructure ideally suited to conduct training, which exposes students to recent developments taking place in the corporate world of Geoinformatics.

Laboratory

is equipped with state-of-the-art computing facilities; with latest GIS and Image Processing software and matching random facilities with leased line internet facility.

Library

SIG has an excellent collection of relevant books and journals in its reference library.

Canteen
The campus has an all day canteen with mess facility.

Health, Medical care and Gym Facility:
The Symbiosis Center of Health Care (SCHC) provides an in house, modern, state-of-the-art health club and fitness centre with a view to facilitate a holistic development of mind and body for an all round development of our students. Each student is insured under the Mediclaim and Road Traffic Accident Policy.

Placements
SIG has had an excellent track record of projects – cum-placements. SIG offers placement support facility to those students, who secure minimum acceptable grade ('C+' grade), in every subject of the first year that is, first two semesters end examinations and two months project.

Method of Instruction
This includes classroom teaching, guest lectures, workshops, industrial visits, seminars, research projects and summer projects. The medium of instruction is English.

Hostel
Limited numbers of seats are available on first cum first served basis and are allotted on confirmation of provisional admission.

Programmes Offered
2 years full time M.Sc. (Geoinformatics)

Career prospects
SIG has designed the course based on in-depth discussions with industries and academicians. There are giant corporate houses that have further enhanced applications of Geoinformatics to cater to the requirements of government and public sectors. Few prominent names in GIS industries functioning in India are CyberTech Systems and Software Ltd., ESRI (NIIT – GIS) India, Erdas India., Lavasa Corporation Limited, Leica Geo Systems, Reliance Energy, Ltd., Reliance Communcations Ltd., Magnasoft consultancy services, Reliance Industries Ltd., RMSI Ltd Rolta India Ltd., Speck SpatialTech Ltd., Tata Consultancy Services (TCS), Patni Computer Systems Ltd., Tele Atlas Kalyani India Ltd., CHF International, Janaghraha, CEE and so on.

Eligibility
Graduates or Post graduates in Engineering, IT, Computer Science, Science, Agriculture, Management, Geography and Commerce with minimum 50% marks(45% marks for SC/ST candidates). Final year students awaiting results may also apply.
Candidates pursuing degree examination by part time / correspondence course, or in one sitting are not eligible.

Intake
80 students

Reservation of Seats
As per the norms of the University

Introduction

Symbiosis Institute of Operations Management (SIOM) Aims towards World Class Management Programs with emphasis on Operations Management. There is a need for managers who have a deep understanding of not just the commercial aspects but also the technical / technological aspects which drive business. SIOM thus emphasizes on Operations Management with its uniquely devised syllabus focusing on diverse sectors like Retail, Logistics, IT operations, Consulting, banking & Insurance and of course manufacturing. SIOM is an effort to nurture the students' mindsets and skills so that they master the ability to manage ambitious corporate growth by achieving cost excellence, acquiring market excellence rapidly, strengthening and customizing design and building global / regional operating footprints.

SIOM is born out of the conviction that engineers, if forged and chiseled in an exclusive B-School environment can be outstanding "Techno-Business" managers - professionals atop the current competitive markets with a vision for world class excellence

Vision

Empowering Operations Excellence"

Mission

SIOM aims to deliver the Managerial Competencies of Broad Based Knowledge, Multi-Disciplinary Skills and Positive Attitude to the diverse Industrial and Business Sector on a sustainable basis.

Infrastructural facilities

SIOM being a residential institute houses the boys and girls in hostels with triple occupancy. The hostel buildings are in close proximity to the Main building facilitating students' waste no time reaching classes and going to library later in the evening. Hygienically prepared vegetarian and non-vegetarian (as per weekly menu) food is served which includes Breakfast, Lunch and Dinner. There is Cafeteria open in the morning and afternoon hours, for tea/coffee and snacks. There is a shop to buy essentials. The daily Laundry service opens in the evening. The campus has been developed with lot of green trees around with lovely flower beds and hedges. There is round the clock security manning the Gate and hostel premises including female guards for girl's hostel. Arrangements are made for 24 hours water and electricity and Wi-Fi services in the hostel. There are recreational facilities like TV and indoor games such as T.T., Caroms, Chess, and Billiards. There is also a Basketball court prepared to the highest standard and an indoor Badminton court is also available. The entire campus and the hostel are monitored by CCTV to maintain the safety of the campus and the students.The academic block consists of spacious and well-equipped Lecture Halls, Library, Gymnasium, Aerobics hall and other Indoor sports facilities. There are separate lounges accessed by students for Placements and Class room discussions. It also has 2 computer labs with higher level of computing facilities, out of that one is completely dedicated for the practice of students.

An outstanding learning center, catering to the ever growing and uncompromising information and intellectual requirements of learners. The mission is to support the academicians / students of the Institute by providing information, materials, and a wide range of library services. The library houses around 11141 Books, 43 Periodicals and Journals (National & International), 16 News Papers (including Wall Street Journal), 1046 CDs & DVDs, 108 Online Journals, Directories Annual Reports of the Companies, Numerous Case Studies and HBR Bound Volumes (since 1984). The library also subscribes to a host of online databases like Prowess. EBSCO where one can get the full text articles on from the

journals. The library is equipped with specialized user friendly library software-Libsuite, in addition to other ICT equipment such as Bar Code Readers and Scanner. Various events have been hosted by the library such as: Treasure Hunt for students & Staff, Beer Game, Pandora's Box, Quizzines, Movie Club, Book Exhibition, Book Review Competition, Budget Foray

SIOM is equipped with state-of-art computing facilities to compliment classroom pedagogy. It has a server room equipped with Two Compaq ML 370 Server and SAP server HP ML 350 Servers running on Windows 2003 and two Computer Labs housing a total of 100 computers and workstations running Windows XP. All classrooms and offices are equipped with Internet connectivity with a 5 MBPS (1:1) Leased line. Every classroom and Assembly hall is fitted with LCD projection facilities and LAN. Lectures are typically augmented by multimedia. The Hi-Tech lab is especially suited to the requirements for SAP ERP where the students are trained and other specialized software training like SPSS, Minitab, Lindo Lingo, Crystal ball etc.

Programmes offered

MBA (Operations Management) at SIOM is designed to meet the needs of diverse sectors of economy viz. manufacturing, service, IT and consulting. Students develop, in-depth strategic understanding of operations systems, their components, contributions, and interactions with other functional areas and the analytical and computer tools necessary to address both strategic and tactical issues. **The MBA Operations Management Programme** aims to equip each **ENGINEER** with vital skills and knowledge necessary to design, manage, analyze and improve the operations in an enterprise. The objective is to develop amongst the students' crystal clear, strategic understanding of Operations systems, their vital components, contributions, interactions with other functional areas and the analytical tools necessary to address practical and strategic issues in operations management. SIOM MBA provides various career prospects in different sectors.

With Operations in its core delivery, SIOM is determined to lead and design the curriculum closely with the Industry needs. This is evidenced by the various accolades from the leading B-School award functions. Supported by the Industry practitioners, SIOM always fine tunes the delivery according to the dynamism of the market. It also carved out the areas of Operations in the various streams in Marketing, HR, Finance and Information Technology in the form of Minor specializations. The curriculum also motivates the students to understand the business environment holistically and try to impart the business problem solving skills, with respect to the core values and changing times of the market. The curriculum also invites for associations with various leading institutions like KPMG, Dale Carnegie and APICS etc. to raise the Industry readiness of the students. Live projects, Case study analysis, Personality development programs and various other academic initiatives are helping the students to groom the students to face the Challenging Industry situations. Students, by virtue of their curriculum will be able to appear for International certification program such as CPIM, CSCP, and PMP etc. Student Initiatives such as Society in Free Enterprises (SIFE), Spandan activity (Social projects), Entrepreneurship cell are highly active in the campus.
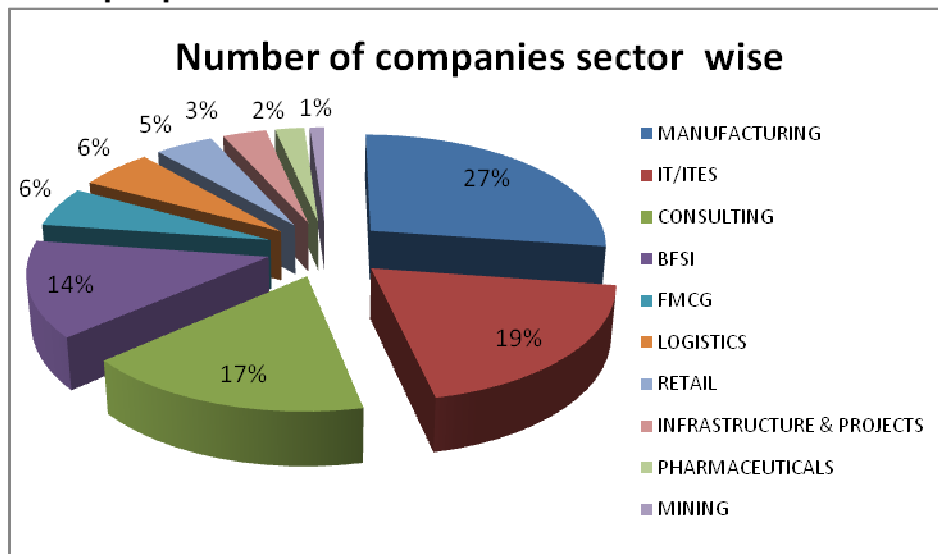

Placements

Symbiosis Institute of Operations Management, Nashik has been securing 100% placements right from the first batch in the year 2007. Leading corporates from 10 different sectors like Manufacturing, Consulting, BFSI, IT/ITes, FMCG, Retail, Logistics, Retail, Mining, Pharmaceuticals and Infrastructure have been participating in the placement process. Two overseas placements were secured last year.

Introduction / Mission / Vision.
Introduction
The Symbiosis Institute of Health Sciences (SIHS) is a proud member of the prestigious Symbiosis International University SIU. A pioneer in the field of Health education, SIHS has conceptualized & implemented a unique, innovative, career oriented professional up-gradation programme to equip future healthcare professionals with appropriate tools and knowledge to meet the goals of this competitive and growing healthcare industry. The SIHS plans to raise a cadre of professionals who would ensure delivery of optimum healthcare services.

Mission
To foster relevant & pertinent knowledge in all domains of healthcare through an interdisciplinary approach.

Vision: To become an internationally renowned institute which would offer contemporary, need based academic programmes suited to the needs of ever-changing & ever expanding horizon of the healthcare sector.

Infrastructure / facilities – Hostel, Library, Lab, Canteen, Club etc.

Library: SIHS has a splendid learning resource center with over 3717 books, reports, journals, periodicals, CDs and video cassettes. Services included are ,Reading Services, Online database Services, Reference Services, Home Lending Services, Photo copy Services, Wi-Fi facility, WEB-OPAC.

Computer Lab.: The Computer lab, with free Internet facility for all the students.

Wi-Fi campus: The Wi-Fi campus enables the students to get on-line anywhere on campus without the hassle of wires and plug-ins. The campus, truly, is the high tech face of the new-age SIHS.

Classrooms: All lecture classrooms are well ventilated and equipped with the latest audiovisual facilities.

Auditorium: The in-house facilities include a 567seater modern auditorium and a modern conference hall located at Symbiosis Vishwabhavan.

Mess and Cafeteria: An all-day Mess and cafeteria ensures refreshments for busy minds.

Accommodation: For outstation students (Ladies& Gents) accommodation can be arranged at Symbiosis Hostel on first come first serve basis.

Career Counseling and Placement Cell: SIHS Placement Cell will assist students to obtain employment in respective industries in the healthcare domains.

Programmes offered along with following information
Programmes offered

**MBA-Hospital and Healthcare Management**

Placement.

The SIHS Placement Cell assists students to obtain employment in respective industries which include Multispecialty and tertiary care Hospitals (both in the private & public sector), Government Organizations, NGOs, IT, Pharmaceutical, Health Insurance, Consultancy, Manufacturing and Medical Equipment.

Method of Instruction.

The programme aims at adopting a synergistic blend of academic knowledge and practical intricacies of the field to train professionals to undertake a wider range of administrative and managerial responsibilities within the healthcare organizations with real time inputs from partnerships in the healthcare delivery system in India & abroad. All the different teaching styles that are used and all the different ways that study material is presented, give the students ample opportunities to assess how they learn best. A Wi-Fi enabled campus further facilitates this mode of learning. In addition, the SIHS aims at all round personality development by way of students' participation in creative pursuits such as presentations, book reviews, participation in student-industry interfaces, analysis of current affairs etc.

Profile of Past Students.

Batch 2010-12, MBA-HHM

Career prospects etc.

With the rapidly growing healthcare sector, the need for managing hospitals & healthcare establishments professionally has become even more acute. With increasing emphasis on quality of health care, cost effective utilization of resources and patient satisfaction, there is a tremendous and growing need for persons with professional qualifications in Hospital & Healthcare Management. Thus there are challenging job opportunities in, multispecialty hospitals, nursing homes, Government Organizations and NGOs operating in the health care sector as also in the Insurance, IT, medical equipment manufacturing, clinical research organizations, Pharmaceutical sector, medical tourism and other emerging stake holder's organizations.

Eligibility

Eligibility: Graduate of a Statutory University with 50% marks (45% for SC/ST) at graduation level. Candidates passing degree examination by part-time / correspondence / external course / distance learning or in one sitting are not eligible.

Note: Candidates appearing for Final year Bachelor's degree examinations may apply but their admission will be subject to obtaining a minimum of 50% marks. (45% for SC/ST) at the graduation exam.

M.Sc. Medical Technology

Placement

The SIHS Placement Cell assists students to obtain employment in respective industries which include Multispecialty and tertiary care Hospitals (both in the private & public sector), Diagnostic sector, Manufacturing and Medical Equipment.

Method of Instruction

The programme aims at adopting a synergistic blend of academic knowledge and technical skills. M.Sc. program provide in-depth knowledge in the specific modality of Medical Technology and prepare the students for leadership roles in hospitals/ diagnostic labs/ research centers/ healthcare industry and provide professional growth to the students in the various specializations. The master's program in Medical Technology will help the students to develop high level of expertise & technical skills in the opted specialization. This will make these professionals best suited for the ever upgrading & expanding medical field. The student would spend most of his time in learning the practical skills under guidance of a mentor, who is qualified professional in a hospital environment. All the different teaching styles that are used and all the different ways that study material is presented, give the students ample opportunities to assess how they learn best. A Wi-Fi enabled campus further facilitates this mode of learning.

Profile of Past Students
- B.Sc. Medical Technology 66%, B.Sc.
- Respiratory Therapy – 17%,
- B.Sc. Biotechnology – 17%

Career prospects etc.

Well trained technocrats with a strong scientific foundation make Medical Technology a challenging and rewarding career. The demand for professionals who can provide diagnostic and therapeutic service has been growing at a much faster pace than the number being trained every year. Students can pick up global careers in hospitals, healthcare & diagnostic sectors, research and as application specialists in equipment organizations from the very day they complete the programme successfully.

ELIGIBILITY CRITERIA

Cardiac Care
- B. Sc. Degree in Cardiac Technology or equivalent from a recognized university.
  OR
- B. Sc. In Life Sciences from recognized university or equivalent and Diploma/ certificate program in cardiac technology with minimum two years clinical experience in the department of Cardiology from a reputed institute.

Respiratory Therapy
- B. Sc. Degree in Respiratory Therapy or equivalent from a recognized university.
  OR
- MBBS / BHMS / BAMS / Nursing / B.Sc. Life Sciences / Bachelors of Physiotherapy or equivalent from a recognized university.

Medical Imaging
- B. Sc. Degree in Medical Imaging Science / Technology or equivalent from a recognized university.
  OR
- Bachelors in Physics or Life Sciences as major or equivalent from recognized university with two years relevant experience of working on specific modality.

Clinical Laboratory

- B. Sc. Degree in Clinical Laboratory Science / Technology or equivalent from a recognized university.
  OR
- Bachelors in Life Sciences/ Microbiology/ Chemistry or equivalent from recognized university.

Introduction

Symbiosis Institute of Media & Communication, SIMC, Bengaluru, Serving as bedrock of the dynamic vision of our Founder President & Chancellor, Padma Bhushan Prof Dr S B Mujumdar, in extending the presence of this great Institution to the South of India in Bengaluru, SIMC-B has been taking forward the ethos of excellence. Deemed as the Centre for Excellence in Advertising & Public Relations, SIMC-B has proved to be a valuable constituent of the Symbiosis International University.

 At SIMC-B, learning is a participative and interactive activity. The Curriculum is contemporary, fluid, dynamic and totally industry driven. The state of the art, expansive, inviting ambience of SIMC-B has all the facilities that a top-notch Media and Communication Professional Institute needs. SIMC-B aims to serve the multi-faceted needs of the Media and Communication industry in particular, and the society in general, through education, training, research and advocacy. It seeks to develop competent, responsible and innovative professionals in the practice, development and management of Media and Communication. The academic program is holistic - involving group discussions, case studies, seminars and workshops, live projects, NGO Internships, besides summer and winter Internships. Equal emphasis is laid upon curricular, co-curricular and extra-curricular activities.

The Graduates of our MBA in Communication Management, specializing in Advertising and Public Relations, ideally fit into the areas of Advertising, Advertising Creatives, Client Servicing, Brand Management, Brand Development, Marketing, Marketing Communication, Market Research, Media Planning, Media Buying & Selling, Public Relations, Internal Communication, Employee Relations, Corporate Communication, Business Development, Event Management, Print, Broadcast, Electronic and Digital Media and associated fields .

Our students have so far been placed in leading Ad/PR agencies and corporate houses.

Vision

Symbiosis Institute of Media and Communication will be the preferred destination for all who aspire to excel in the field of Media and Communication Management.

Mission

- To receive information related to Media and Communication, assimilate it and then disseminate the same in an effective manner.
- To inform, educate, entertain and empower the participants to meet the challenges of competitive and evolving globalised media environment.
- To educate and inspire media aspirants in social communication within a world class ambience.
- To develop a unique Institute where the programmes provide training in new global media technology.

Infrastructure

Hostel Facilities

SIMC - B has an on campus hostel facility for girls. An additional comparable facility in the vicinity for boys is provided.

Library

The main objective is to create a Knowledge Resource Centre with an exhaustive collection of books and case studies in the domain in order to meet the dynamic needs of the ever growing enquiring minds that are driven by a passion for seeking knowledge. Our Library provides a range of books, periodicals and e-resources at appropriate levels for the needs of the students.

Lab

SIMC-B has a world class, state-of-the-art Design Lab which includes powerful servers, dedicated internet and email access, desktops PCs and laser / Colorjet printers etc. For the Internet, there is 24x7 connectivity through independent server having three fibre-optic lines. The labs are equipped with firewall and content filtering tools with the latest Antivirus Gateway level Scanning.

Canteen

Our canteen is not only a place for gourmet delights but also a venue for a mélange of ideas and views to converge and give rise to innovative ventures. The mess offers a variety of vegetarian delicacies and caters to diverse palates. Nutritious, sumptuous food is prepared that is not only delicious but also adheres to strict standards of hygiene.

Health and Medical Care and Gym

The Symbiosis Center of Health Care, 'SCHC', provides an in house, modern, state-of-the-art Health Club & Fitness Centre with a view to facilitating a holistic development of the mind, body and soul of our students. Each student is insured under Mediclaim & Road Traffic Accident Policy.

Studio

A basic studio for enabling photography and editing films.

Mini Auditorium

There is a tastefully designed mini-auditorium conducive to engaging in creative deliberations as well as free flow of exchange of ideas.

Amphi-theatre

The Campus has an amphi-theatre housing a lotus pond for holding cultural events such as the fine arts and performing arts besides book exhibitions.

Auditorium

An impressive, full air-conditioned and acoustically treated 400 seating capacity auditorium that boasts of very professional light and sound equipment.

Introduction

Symbiosis School of Banking Management was established in June 2010 to address the growing demand for trained workforce in the Banking and Financial Services (BFS) Sector . SSBM is among the newer institutes in the family of 27 constituent institutes of SIU. For decades Symbiosis has been proactive in understanding the needs of the market and providing trained manpower, thus contributing to the growth and development of the country. Given that a strong and resilient banking system is critical for fueling and sustaining growth, the importance of having industry-ready manpower cannot be over-emphasized. This programme - MBA (Banking Management) has been designed to provide the necessary education and skill-sets to equip students to innovate, manage, lead and take on the challenges of this increasingly complex and dynamic sector.

Our Vision

To be recognized as the cradle of innovative and ethical banking practices.

Our Mission

- To create an environment conducive to continuous research leading to creation of knowledge in the Banking and Finance sector

- To offer programmes that will disseminate relevant knowledge and provide skills to function effectively in a challenging environment.

Infrastructure / facilities.

Campus & Facilities

SSBM is located at Symbiosis Knowledge Village near Pune. A sprawling, state-of-art campus atop a green,misty hill, SSBM has an environment that is conducive to learning and self-development. To enrich the campus experience, Symbiosis offers the finest infrastructure for its students. Ours is a fully Wi-Fi campus.

Class Rooms

The institute has well equipped, spacious classrooms that facilitates audio-visual aids and interactive classroom sessions.

Computer Laboratory

A well equipped Computer lab with LCD projector and internet connection is available for the students to facilitate the teaching learning process.

Learning Resources

A well stocked library will contain t books, journals, magazines and on-line resources.

Outdoor Sports Facilities

The University Sports Board plays a key role in facilitating a number of indoor and outdoor games at the Lavale campus. Campus sports-events is a primary catalyst that brings students of various institutes together building an atmosphere of camaraderie and well-being.

Health Care Centre

Every campus of Symbiosis International University has a health care centre with one medical doctor and medical staff. This provides primary medical aid and advice.

Programmes offered

The MBA programme in Banking Management is a full-time, two-year, residential programme.

Apart from the basic courses in the functional areas of management, the intensive curriculum, spread over the two years, covers courses specific to the banking and financial services industry such as general banking operations, credit management, legal aspects of banking, international banking, risk management, treasury management to name a few.

The emphasis is on blended learning methodology that combines classroom interaction, self study modules enriched by research and experiential learning.

On completion of the first year, an internship of about 8 to 10 weeks duration in BFSI sector forms an integral part of the programme. In addition, one project of social relevance and a project in one's own area of interest are mandatory.

This programme has been designed as a contemporary, rigorous and practical source of management education specific to the BFS industry. It would cater to the growing needs of this industry by providing a pool of talented young executives who would be thoroughly trained and ready to shoulder managerial responsibility in the banking and financial sector.

Career Prospects

The steady growth trajectory projected for the Indian economy in the years to come, coupled with the increasing possibilities of foreign trade and investments is expected to unfurl a host of opportunities in the BFSI sector.

This growing trend will translate into a large requirement of trained personnel who would be able to support this increase in scale and complexity in existing and new domains. In addition to the need to recruit and train the additional staff, the public sector banks will also recruit to fill vacancies arising due to the retirement of a large part of their workforce. In addition, the other constituents of BFS sector like the NBFC's operating in the Capital market, Consultancy and Research firms, would recruit to meet their growing requirements. The gap for trained and industry-ready manpower continues to be the concern for the BFS sector as the demand is huge.

Placement

The first batch has pass out in April 2012 and has joined various organizations in BFS sector. The recruiters were public sector banks like Bank of India, Union Bank of India, Central Bank of India, private banks like ICICI bank, IndusInd bank, IDBI Bank, etc. The various other organizations were Capgemini, Avista Advisory group, Credit Capital Research technologies.

Eligibility for Admission (Indian students)

Graduate with minimum 50% marks for general (open) category and 45% marks for students of SC and ST category.

Note

i. Students awaiting results of the final year examination can apply but their admission will be provisional and subject to fulfillment of the minimum percentage criterion. Diploma holders are not eligible.

ii. It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International University.

Admission   (International Students)

Symbiosis International University admits international students through Symbiosis Centre for International Education. All international students aspiring for admission to the institutes of Symbiosis International University are required to contact this office.

Introduction / Mission / Vision
Introduction
The Symbiosis School of Economics (SSE) was established in the year 2008 while the M. Sc (Economics) was introduced in 2011 with specializations in International Trade and Development Studies. This degree allows the student to be fully immersed in a subject matter they truly feel passionate about. It provides an advanced knowledge on a specialized area in the theoretical and applied sense in research, as well as, professional application. Apart from creating an advantage while competing for jobs, a Master's degree in Economics is often predominantly considered for certain higher-level positions in the fields of business, public policy, consultancies, administration, academia and research.

Vision
To provide 'the' environment for an incredible educational experience and to evolve into a major research & consultancy centre - creating a difference in a civilized society.

Mission
Symbiosis School of Economics will be known for rigorous applied economic analysis relating to real world issues of social relevance.

Infrastructure / facilities – Hostel, Library, Lab, Canteen, Club etc.
The Class-rooms
All class-rooms are air-conditioned and equipped with LCD projectors and Wi-Fi connections.

Library
The library at SSE is continuously being upgraded with books, journals, magazines, periodicals and newspapers. Faculty and students also have access to libraries of the other SIU institutions.

Computer Lab
The computer lab is Wi-Fi enabled with wide-ranging Statistics and Econometrics related software packages.

Canteen
The canteen has a wide variety of snacks and meals to choose from and is easily accessible.

Hostel
Limited accommodation is available at the boys and girls hostel on the campus. However, the administration office at SSE assists students with information regarding the accommodation available in the hostel.

Health Care Center
All the students and staff have to undergo an annual health check-up from the in-house health centre.

Other Facilities
- The campus at Symbiosis School of Economics is Wi-Fi enabled.
- A state-of the art auditorium with a seating capacity of more than 500 students
- An air-conditioned Seminar/Conference Hall.
- A well-equipped gymnasium on the campus.

Programmes offered along with following information,
M. Sc (Economics)

The programme is intended for those students who desire a rigorous higher education and training in the field of Economics with the aim to pursue career paths that include analytical, empirical, financial, advisory, managerial and research oriented work at positive and normative levels.

The degree develops a strong background in Economic Theory, Mathematics, Statistics and Econometrics and provides the basis for acquiring special focus within the related fields and subfields of Economics. This programme, as is evident, is very quantitative in nature and approach. It provides an all-inclusive path to meticulously understand and apply economic theories and their applications to modeling and forecasting in the real world. The approach to leaning is analytical and comprehensive. While providing a strong foundation in Economic theory and practice, the course also provides deep insights into Mathematics and Statistics. It includes internships, community projects, exposure to various statistical and software packages and interactive learning methods designed for the students to be fully immersed in the subject matter while preparing them with valuable research and industry relevant skill sets.

Pedagogy (Method of Instruction)
At SSE we have adopted a multi-pedagogical approach. It integrates

- Multi-media based lectures with relevant application of taught concepts
- Case study building and analysis through qualitative and quantitative data
- Data analysis (simulation and forecasting) through primary data collection and other relevant international Economics related databases
- Library assignments leading to original papers
- Learning through live projects to get a flavour of on-site realities
- Industrial visits to understand how different organizations are set up and function
- Live surveys and in-depth research projects to grasp the practicalities and nitty-gritty of hands-on research and methodologies
- Presentations of original ideas and thoughts by students in order to develop independent opinions on issues
- Conferences and talks by guest lecturers to get diverse viewpoints of socio-economic concepts and their implications in the real world
- Innovative instruction methodologies such as the Wikipedia India Education Programme, colloquia driven classes, issue based class seminars etc.

Student Profile

Students at SSE come from all over the country and abroad – they come from over 25 states and 11 countries. This gives them a remarkable exposure to different cultures, regions, traditions and languages.

Integrated M. Sc - Ph. D Programme

SIU offers deserving Master's candidates the option of upgrading their student status from an M. Sc to a Ph. D candidate, along with a fellowship grant. Commendable students, who are willing to pursue higher degrees in academia, have to undergo a screening process, if they opt for the Integrated M. Sc. - Ph. D route.

Ph. D Course Work

Since 2010 the faculty at SSE has also been instrumental in preparing and conducting a sharply designed Ph. D course work for the Faculty of Humanities and Social Sciences at the Symbiosis International University (SIU).

Placement

On successful completion of the M. Sc programme, the students can avail of assistance provided by the active Placement Cell at SSE. The Placement Cell functioning in close coordination with its faculty advisor works throughout the year towards generating placement opportunities for the students. It also facilitates Internship endeavors of the students. The activities of the cell includes:

- Organizing pre-placement soft skills training to enable students face research and corporate interviews
- Connecting with various corporate houses, research institutions and NGOs regularly and inviting them to the campus for pre-placement talks and recruitment.
- Assisting the corporate who visit the campus for recruitment to conduct various tests and Group Discussions.
- Organizing industrial visits to students and faculty to various industries.
- Helping final year M. Sc. students to tie-up with the industry for their project work.

Career Prospects

The first batch of M. Sc. Economics is yet to graduate in 2013. Initiatives for their final placements in academia, industry and the NGO sector are dedicated and ongoing. However, we are proud to mention that our students have interned at esteemed organizations where many have already been offered job positions after they complete the programme. Some such institutions are Research and Information System for Developing Countries (Delhi), Tata Institute of Social Sciences (Mumbai), Indian Statistical Institute (Kolkata), India Development Foundation (Gurgaon), Institute for Social and Economic Change (Bangalore), etc. Standard Chartered Bank, HDFC Bank, other firms committed to financial forecasting and analysis have also taken interns from our M. Sc. programme. Several students have submitted internship project reports that have been selected for official publications in journals and online repositories, as recommended by these organizations themselves. With such an experience, we gather that the final placements are likely to be significant, as well.

Eligibility

- Any graduate with exposure to Economics/Mathematics/Statistics/Physics are welcome. B.Tech and B.E. graduates may also apply. Graduates from any statutory university with a minimum of 50% marks (45% for SC/ST) at graduation level.
- Students appearing for final year examinations can apply but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

Intake

Intake Procedure

Students will be selected on the basis of academic merit, group discussion and personal interview.

Sanctioned Intake: 40 students

Reservation of seats

As per the norms of the University.

Introduction/Mission/Vision

Symbiosis Institute of Technology, being the flagship institute of the prestigious Symbiosis International University has set high standards for itself. The institute endeavors to provide quality education in line with the requirements of today's competitive industry and rapid developments in technology. The institute provides an environment conducive for harnessing the potentials of faculty and students through systematic and effective learning, both within and outside the classrooms. The roadmap developed for the institute envisions it to acquire the status of a prestigious Institute of Technology at National level.

Among the initiatives taken to make SIT one of the most sought after institutes of technical education in the country are; recruitment of highly qualified and experienced faculty, their continual professional growth through attending conferences and publications of research papers; regular revision of curriculum in line with fast changing need of industry; employing innovative methods of teaching and providing ample opportunities for learning outside the classroom through projects, tech fests and cultural programs.

Vision

To be a destination of choice for quality education focused on creating competent professionals with sound domain knowledge and skills, managerial acumen, human values and interpersonal skills.

Mission

To provide high quality technical education, strongly integrated with human values of equality, compassion, sharing and social responsibility so as to realize the dream of "Vasudhaiva Kutumbakam" (World is one family).

Infrastructure/facilities – Hostel, Library, Lab, Canteen, Club, etc

Symbiosis Institute of Technology is located at Lavale on the foot hills in Symbiosis Knowledge Village which also houses Symbiosis International University. State of the art infrastructure includes spacious classrooms with multimedia, well-equipped laboratories, auditorium, seminar rooms, amphi-theatre, conference rooms, canteen and common rooms for students, well constructed spacious hostels with all necessary amenities, playgrounds, gymnasium, facilities for indoor games like TT, squash, badminton, billiards and a food court, all with round the clock power supply.

Well equipped laboratories for conduct of M.Tech programme include computers with high end configuration, software for modeling, design and analysis like Autocad, PROE,CATIA and ANSYS, CNC tuning centre, EDM machine, MAT Lab software and Lab View software which can be used for research by the students. In addition to this latest software and equipments are available for the students pursuing M.Tech in Electronics and Telecommuication and Computer Science and engineering.

Besides the well developed infrastructure, the pleasant weather of Pune makes stay in the campus, comfortable and conducive for learning.

Programmes offered
- B.Tech programmes in Civil Engineering, Computer Science and Engineering, Electronics and Tele-communication Engineering, Information Technology and Mechanical Engineering. (Admissions through SET, AIEEE, IIT-JEE and MHT-CET Entrance examination.
- M.Tech Programmes in the following disciplines;

Programme	Intake	Eligibility
Computer Aided Design and Manufacturing	18	B.E./B.Tech in Mechanical, Production, Industrial, Automobile, Aeronautical or Metallurgical, with at least 55% marks.
Electronics and Tele-communication Engineering	18	B.E./B.Tech in Electrical, Electronics, Communication Engineering, Electronics and Tele-communication, or Instrumentation, with at least 55% marks.
Computer Science and engineering	18	B.E./B.Tech in Computer Science Engineering or Information Technology, with at least 55% marks.

Career Prospects

The students qualifying M.Tech programme can find a challenging and fulfilling career in teaching, research and industry. The institute, through its curricular and extra-curricular activities train the students for a rewarding career.

Profile of Past Students

The institute started M.Tech programme in the area of Computer Aided Design and Manufacture in the year 2011. Fifteen students took admission in this year. They were mostly from the state of Maharashtra. In 2012, M. Tech programmes in Electronics and Tele-communication Engineering and Computer Science and Engineering were introduced. Students who took admissions in the three M.Tech programmes are not only from Maharashtra but also from other neighboring states. It is expected that slowly the Institute would be able to attract students from all parts of the country as is the case with our B.Tech programmes.

Placement

The institute has a very well organized placement and training cell. The infrastructure in placement cell includes; a seminar hall for conducting pre-placement talks, discussion rooms, interview rooms and other necessary amenities and support. The cell has close contacts with a large number of renowned companies who visit the institute for campus recruitments. All the students of the final year are prepared for campus interviews through special programs on technical and soft skills, which would help them get prestigious jobs. First batch of B. Tech students passed out in June 2012. Most of these students got jobs in renowned companies. First batch of M. Tech Computer Aided Design & Manufacture will pass out in June 2013. Process for their placements has already been started.

Reservation of Seats

As per the norms of the University.

Important Dates related to the Institute

Activity	Date
Admission/Counseling	22nd June 2013
Start of Semester	22nd June 2013

Symbiosis Institute of Technology (SIT)
Address: Symbiosis Institute of Technology**,**
Symbiosis International University,
Near Lupin Research Park,
Gram:Lavale, Tal: Mulshi,
Pune 412115.

Introduction / Mission / Vision
Introduction
Symbiosis International University has started Symbiosis School of Biomedical Sciences (SSBS) and Symbiosis Biomedical Research Cluster (SBRC) under the Faculty of Health Sciences last year. The primary goal of the SSBS and SBRC is to provide top quality education and undertake evidence-based translational research involving science and technology applications for affordable healthcare solutions. SSBS offers integrated MSc. PhD programmes in Biomedical Sciences, Biotechnology and Nutrition & Dietetics.   Research focus is on metabolic disorders, cancer and public health using tools like cellular and molecular biology, systems and synthetic biology, pharmacogenomics, immunology, pharmacology, biochemistry, microbiology, pharmaceutical biology, drug discovery and development, stem cells, traditional systems of medicines. Students are encouraged to take up research in biomedical areas from the first semester which could be successfully continued for PhD.

Mission
- To offer an intellectually stimulating environment for hands-on teaching through research
- To attract the finest scientists, educators and students for extending the scientific frontier of biomedical sciences.
- To become an acknowledged global leader in biomedical sciences.

Vision
To train the next generation of world-class biomedical science leaders, create an ecosystem for innovation and develop key enabling technologies of social relevance.

Infrastructure / facilities – Hostel, Library, Lab, Canteen, Club etc.
SSBS has state of art laboratories for Genomics and Molecular Biology, Bioanalytical laboratory, Microbial Technology, Animal tissue including culture Library and Hostel facilities.

Programmes offered along with following information

Programmes offered
MSc. Biomedical Sciences (Drug Discovery and Development)
MSc. Biotechnology
MSc. Nutrition and Dietetics

Placement
SSBS is facilitating students for their placements

Method of Instruction
Teaching, Experimental laboratory, Field work, Seminars, Group Discussion, Journal clubs

Profile of Past Students
This is the first batch of students from SSBS

Career prospects etc.
Pharma companies (Drug discovery and Clinical research), Biotechnology Industry, Hospitals and Academic Institutes

Eligibility
B.Sc, B. Pharm, M.B.B.S, B.H.M.S, B.A.M.S, B. Tech (Biotechnology), B.H.Sc.

Intake
In take capacity for each discipline is 20.

Reservation of Seats
As per the norms of the University.

Important dates related to Institutes

Activity	Date
Entrance test	2nd June, 2013
Interview	2nd June, 2013
Confirmation of admission	16th June, 2013
Commencement of classes	1st July, 2013
