## VISION

To create a reservoir of human resources towards making a happier and healthier society.

To make learning endeavours a lifelong process and there by allow the benefits to percolate down to enhance the quality of life of all the members of the society and allow it to grow to be a more humane and considerate knowledge society.

## MISSION

To educate and train the future leaders of various Professions and to inculcate in them skills and abilities for lifelong learning and growth.

To conduct research and create new knowledge as an integral part of our education programme and its continued renewal for the enhancement of the quality of the profession.

To create and sustain an educational environment to provide an ambience not only for materialistic search but also for a spiritual quest.

# WELCOME TO PRIST

From the day one of its establishment, it has been the Philosophy of the PRIST university to provide high quality educational programmes specially designed for young minds who **thurstly** seek knowledge, skills and also who wish to become apt, strong competitive on the job market and pursue successful in the age of knowledge.

A magnifying personality with undaunted faith and indomitable courage, striving decade after decade for the cause of social reform, humanism and education – this description aptly fits the Chancellor Prof. P. Murugesan.

The staff of PRIST University obviously put a lot of **endeavours** to provide and maintain high level of educational and scientific research standards.

An ongoing assessment of market demands and the University's flexible structure allow us to upgrade, improve and adjust our educational offer to market needs on a continuous basis. PRIST University is one of the **toppest** institutions in the application of the latest IT solutions in the teaching process.

On the grounds of an international collaboration, our students have the best opportunity to undertake periods of study or work experience abroad. At PRIST University students can get to know other countries' culture, customs and make friends with their peers all over the world. Our university offers intellectual challenge and stimulation and a warm atmosphere as well as assistance in every matter.

# WHY STUDY AT PRIST

## **DEDICATED RESEARCH ENVIRONMENT:**

Our postgraduate research students benefit from PRIST's outstanding research environment. Most of the programs have a global cynosure, involving collaborative with our global educational partners and alumni.

## **QUALITY AND STANDARDS:**

PRIST University is ranked one of the best institutions for pursuing higher education. It is the lease private university in Tamil Nadu and one of the most modern universities in the country. At PRIST University a long list of aims and abstract ideas of citizenship to that of internationalism. In the spiritual atmosphere of PRIST University students rise up from the principles of morality to those of spiritualism and from being faithful to the parents, society and the great nation. It takes endeavours to inculcate the sense of tolerance to achieve the ideal state of cosmopolitan outlook and to the attainment of sophistication in the national life.

## **ABOUT SANDWICH**

The esteemed PRIST university offers a sandwich mechanical engineering Degree Program on the dedicated vision of enabling students of understand the dignity of labour. This specialized technology Sandwich course has been designed to provide quality education to the strengths by allowing them to participated and work in the university approved industry based training program with stipend. This Sandwich program paves the concrete way to develop the industry knowledge.

## **INTERNSHIP:**

Work experience acquired in PRIST University provides a great opportunity to gain real life work experience.

## **ERASMUS:**

PRIST University offers the Erasmus programme which enables students studying abroad at an European University for a period of time.

## **GREAT SOCIAL AND LEISURE FACILITIES:**

At extensive range of leisure activities, sport and fitness are available in the campus of PRIST University. Various active student organizations of the PRIST University pave the way to enhance university experience.

## **DEDICATED SUPPORT FOR INTERNATIONAL STUDENTS:**

PRIST University offers comprehensive service in friendly atmosphere for international students both before start and throughout their time at PRIST University. Exclusive international events and excellent orientation days are held at PRIST University.

## **MULTICULTURAL UNIVERSITY:**

Motley student group over 100 International students from 10 country worldwide i.e., Canada, Africa, Dubai, China, Nepal, U.K. etc.,

## **IMPRESSIVE COMPUTING FACILITIES:**

PRIST University the most advanced facilities and outstanding resources for learning and teaching. During the semester the learning center open seven days a week.

## **IT CERTIFICATES:**

PRIST University serves as an authorized centre of internationally recognized certificates: CISCO Systems, Microsoft & Oracle.

## **FRIENDLY NEIGHBOURHOOD:**

One of the safest states in India. Living expenses is much lesser than the neighboring States.

# STUDENT TESTIMONIAL

"The PRIST University is the most suitable place for achievement and academic excellence. My education beyond academics at the campus was immeasurable. I convey my profound appreciations to the academicians of University for the invaluable support during my tenure."

**Ganesh Muthiah**

*Consulting Head, Vyuga Consulting*

My college life is a way different from my school life. The Students with diverse cultural background presented different sense of fashions and styles that has made the PRIST campus very special to me.

**Vaishnavi C.**

*Consultant, G Groups*

The two years of Mater Degree in computer science has widened my skill set. The faculty has demonstrated in many ways that definitely counts for my success. With the support of the institution my future looks promising.

**Prabhu B.**

*General Manager, Vee Farm Products*

I am so grateful to the faculties of PRIST University. The mentorship I received was impeccable and a mile stone in my career

**Purnima S.**

*Research Associate*

The few things I admired about the PRIST University are the highly co-operative administration and professors; they handled my application swiftly and professionally. They helped me in developing my skills and understanding beyond what I could have hoped for.

**KARTHICK C.**

*Manager, Jaro Education*

PRIST University is a great place to study and keep things better and better. The college helped me in making my dreams come true. My experience here has been splendid so far and I don't hesitate to recommend my University to any prospective student looking to fulfill a lifetime ambition.

**Rajesh M.**

*Consultant, Verizon*

# STUDYING AT PRIST

The designed system of education at our university creates conducive atmosphere which enables students to continue their education in other countries or attend extra curriculum classes. It supports development and professional prospects of exceptionally gifted students.

## STUDENT SERVICES

**Information Kiosks** PRIST University contain all data pertaining to student personal data, progress information, grades, tuition fees and other payments and class schedules are available in the information wings of PRIST University.

**Text Messages** forwarded directly to students' mobile phones, contain information about their grades, tuition fees, attendance, exam dates, results, fee details and circular.

**Electronic ID** cards provide access to computer labs information kiosks, Hostel and Resource Hub.

**E-Mail Boxes** these are well modified E-mail boxes at PRIST University, which all detailed information concerning grades, tuition fee, notes, question bank, events and other payments, changes in class schedules, regulations and important decisions made by PRIST University authorities, is timely forwarded to students' E-mail boxes.

**Virtual University** PRIST Virtual System provides student and university teachers with the Internet access to the majority of the university database. The admissions office of PRIST University helps students to find accommodation in the town.

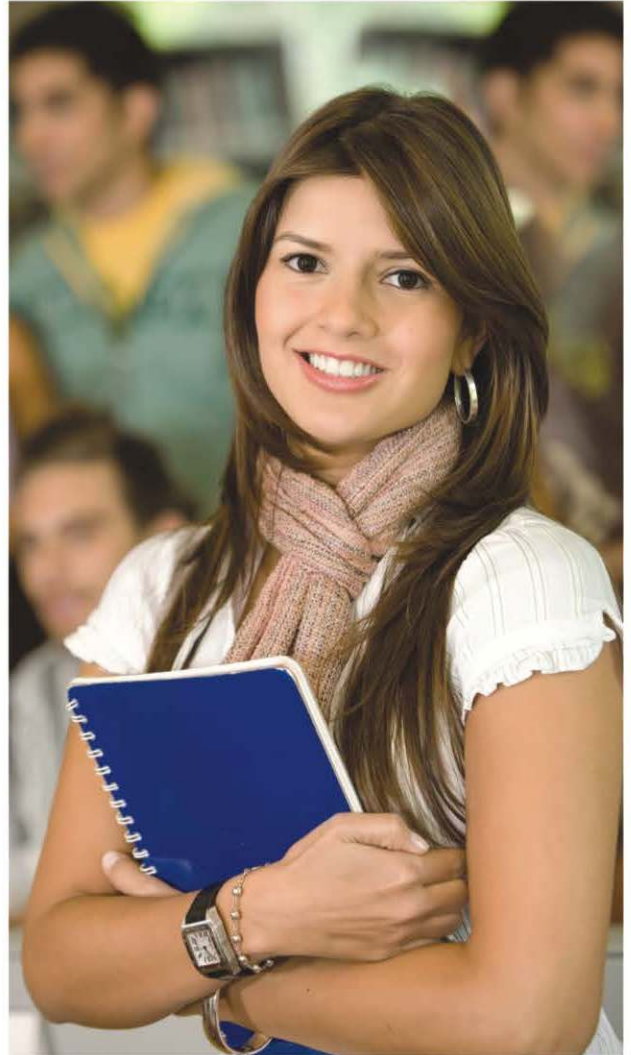

# STUDYING AT PRIST

## WEB-BASED TRAINING (WBT) AND COMPUTER-BASED TRAINING (CBT)

PRIST University CBT is a distance (teaching) learning method in which computer system is a main tool. Students are provided free learning material on CD's. Students easily obtain information via e-learning platform. The incorporation of computer based and web-based teaching methods into the PRIST University study programmes have opened up new educational possibilities. The computer and web based material allow each student to test their knowledge in a given area and also acquire additional learning skills with the use of resources available on CD's and internet.

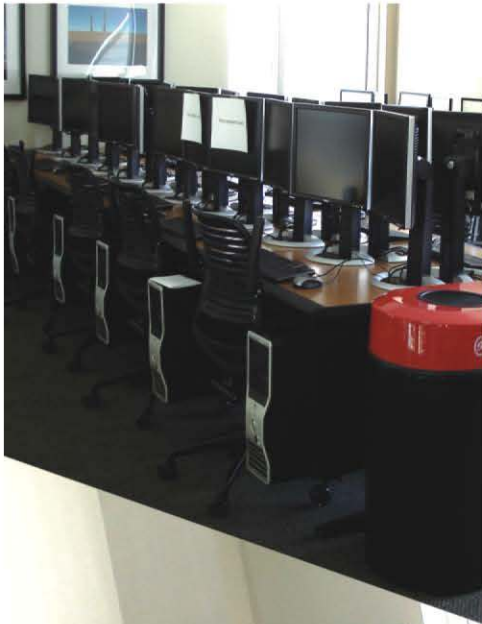

## CREDIT TRANSFER SYSTEM

During this program students of PRIST University can visit the partnering global university and can attend the classes, gain credits and return to their home university. Where they submit the earned grades for the attended course.

# RESEARCH & DEVELOPMENT

## CENTRE FOR RESEARCH & DEVELOPMENT

The Centre for Research and Development (CRD) with cutting-edge technology had been established at PRIST University in the academic year 2008 to help the society in promoting science and technology on energy, environment, food, materials, biomolecules and mechanisms, drug discovery and stem cell platforms for regenerate medicines. The CRD is housed in an independent, multistoried building with the state-of-the-art equipment and infrastructure to help achieve its mission and vision. The centre has dedicated laboratories for Chemical and Biomolecular Engineering, Environmental Engineering, Industrial Biotechnology, Molecular Microbiology, Inorganic and Analytical Chemistry, Physical Sciences, Plant Tissue Culture, Animal Biotechnology, Nanotechnology, Stem Cell Research, Pharmacology and Pharmaceuticals. The centre with 32 dedicated scientists from different disciplines is now marching on to attain on par excellence in the arena of academic and research activities under the directions of Prof. Dr.V. Manivannan.

## FACILITIES

The plinth area of the Centre for Research and Development is 40,000 Sq.ft, of which 19,200 Sq.ft is currently dedicated to active research units such as Drug Discovery, Stem Cell Biology, Molecular Biotechnology, Metabolic Engineering, Environmental Engineering, Material Sciences, Physical Sciences and Plant Biotechnology. Each division as the state-of-the art facilities to carry out the mission of the centres.

# RESEARCH & DEVELOPMENT

## Funding Agencies for Research Projects

- Defence Research and Development Organization, Government of India
- Department of Science & Technology, Government of India
- Department of Biotechnology, Government of India
- Ministry of Earth Sciences
- World Noni Research Foundation

## Research Grants Sanctioned by Funding Agencies (DST, DRDO, DBT and Etc...)

- Number of Research Projects : 9
- Total Research Grant Amount Sanctioned : Rs.3.58 Crores
- Number of Research Project Proposals under pipe line of funding agencies : 16

## MoUs Signed for Collaborative Research:

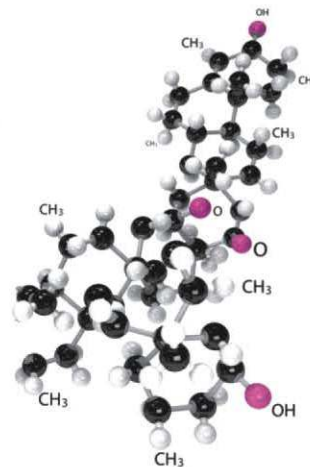

- Changwon National University, South Korea
- Myongji University, Yongin, South Korea
- Pusan National University, South Korea
- South Dakota School of Mines and Technology, USA

## Research Output during the last 3 years:

- Number of Research Publications : 956
- Number of Ph.Ds Awarded : 62

## Areas of Consultancy Services

- Animal Feed Formulations
- Animal Breeding
- Alternative Energy Models
- Aquaculture
- Bio-fertilizers
- Effluent Treatment
- Organic Farming
- Vermi Composting
- Rural Development
- Mushroom Cultivation
- Consolidated Bio-processing
- Animal Breeding and Supplies
- Pollution Monitoring Control
- Socio-economic development
- Solar Panel Construction and Process Automation
- Solid waste and waste water management to industries
- Aromatic and Medicinal Plants Cultivation and Supplies
- Aromatic and Medicinal Plants Cultivation and Marketing
- Farming System and Management for Agriculturists / Farmers
- Production of bulk and fine chemicals, biomaterials and energy related products

# PRIST UNIVERSITY CAMPUSES IN INDIA

## THANJAVUR MAIN CAMPUS

The PRIST University at Thanjavur is spread over a 70 Acres Green Campus in the capital kingdom of Chola Empire.

- Over 10 inter disciplinary research centers
- Secured with IP camera surveillance
- On-campus ventilated, fully residential accommodation
- Wi-fi Enabled Campus
- Student Biometric Attendance Management
- Entrepreneurial Incubation Cell
- State of the art Soft skills laboratory

- Design studios like Robotics and Aero-modeling
- Adventure Sports Academy with mock Warfield
- Separate Hostels for Boys and girls (with AC and Non AC facilities)
- Free Medical and clinical assistance
- Fully Air conditioned amphitheatres for organizing events
- Yoga, Gym and Health Centre
- Delicious dining services centered on culinary expertise, fresh ingredients and healthy options
- Well-equipped guesthouse with suites containing double/single occupancy rooms
- More than 100 buses that facilitates student commutation across Cauvery Delta Region.

## CHENNAI CAMPUS

The PRIST University at Manamai is spread over a 40-acre green campus

- State of the art – Medical laboratories with Well equipped Hospital
- Secured with IP camera surveillance
- On-campus ventilated, fully residential accommodation
- Wi-fi Enabled Campus
- Yoga, Gym and Health Centre
- Design studios like Robotics and Aero-modeling
- Fully air-conditioned amphitheatres for organizing events / Delicious dining services centered on culinary expertise
- Adventure Sports Academy
- Transportation services across the region

## PUDUCHERRY CAMPUS

A vast 25-acre campus at Puducherry offers a wide range of Engineering and Management programmes both full time and part time across various disciplines.

- Sports complex with facilities for indoor and outdoor sports events
- Air-conditioned amphitheatres halls
- World class laboratories
- Free Medical and clinical assistance
- Secured and sanitized campus
- 100 buses that spreads the wings across all villages of the Cauvery Delta Region.
- AC and Non AC accommodation for students

## TRICHY CAMPUS

Spread over a vast 20-acre area on the Dindigul Highways of the Rock fort city and offers a wide range of Engineering and Management programmes both full time and part time across various disciplines.

- Big and spacious lecture halls
- Sports Complex spread over 2 acres.
- Air-conditioned amphitheatres halls
- World class state of the art laboratories
- Secured and sanitized Campus
- Transportation services

## MADURAI CAMPUS

A vast 40-acre campus in Arasanoor village in the Temple City of Tamil Nadu and offers a wide range of Engineering and Management programmes both full time and part time across various disciplines.

- Sports complex with facilities for indoor and outdoor sports events
- Separate Hostels for Boys and girls (with AC and Non AC facilities)
- Soft skill laboratory
- Secured and sanitized campus
- World class laboratories
- Air-conditioned amphitheatres halls
- Excellent transportation that reaches out the entire Madurai sub region.

# STUDENT SUPPORT

## THE RESILIENT PRIST STUDENT SUPPORT SERVICES

Student Support Services (SSS) preserves the student centric learning environment and committed to upkeep the values of the esteemed PRIST University by appreciating mutual respect, diversity and excellence in education amongst the student contingents. SSS offers complete and personalised services to students to realize their educational goals. SSS has a structured framework to support the various student contingents and they are:

**The Student Cabinet Council** of the esteemed PRIST University is a representative structure of the **students, by the students and for the students** through which they can participate in the routine affairs of the University, work in partnership with university management, staff and parents for the benefit of the University and its students.

**The Office of International Student Services (OISS)**, a division of Student Support Services of the PRIST University with the knowledge and tested practices that assist the international student contingents of the esteemed PRIST University by helping the students to plan and adhere to the procedures and policies of the esteemed University and Visa – Immigration procedures of the Great Indian Nation. OISS plays a key role in encouraging cross-cultural learning experience by exhibiting the values of the various international communities.

**The Career Services** of the directorate of Training and Placement, PRIST University helps student contingents to understand the dignity of labour by introducing 'Learn while you earn concept' in the curriculum. The University educates appropriate business traits and knowledge amongst the students through PRIST's experiential learning mission.

**The healthcare Services** of PRIST University is a dedicated division that ensures good health to the students of the University by administering a well-equipped team of doctors from department of medical sciences.

# SPORTS CLUB

## PRIST SPORTS CLUB

A dedicated sports club governed by the PRIST University that patronages any form of organized sports and offers opportunities to the student contingents by sponsoring and organizing at zonal and state level competitions. It encourages various sports like volleyball, carrom, chess, cricket, table tennis, badminton, tennis, treasure hunt and track and field.

## ADVENTURE SPORTS ACADEMY

The adventure sports Academy of PRIST University has invested in adequate capability for experiential learning mission designed to deliver high impact practical life skills training and personality enrichment programmes. The academy promotes the development of student agency, belonging and competence by introducing resources and behaviours that usually values caring, compassion, responsibility, accountability, individuality, creativity, critical thinking, team work, from of self expression and learn to cope with success and failure. The academy conducts the following activities

**Trekking** is all about enjoying a great walking holiday. The hills and the mountains are alluring and you will soon find yourself addicted to them. Trekking is not a risky affair as far as your health is concerned, but it does demand a certain level of fitness that will enable you to enjoy a good day's walking, uphill and down.

**Rock climbing** is the sport of scaling rocks, using special equipment. Learn the right way to use your climbing equipment because poor use can prove very risky.

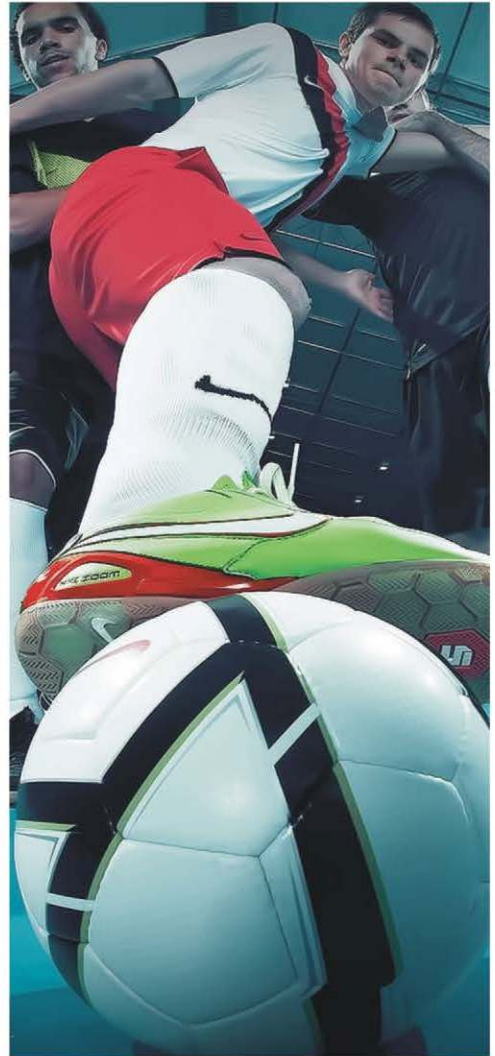

**Rappelling** is a descent of a vertical surface, as a cliff or wall, by sliding down a belayed rope that is passed under one thigh and over the opposite shoulder or through a device that provides friction.

**War Field Imitate**, a game field with dispersed natural or artificial terrain that allows participants to adopt strategic play.

**Paintball**, an organized sport played around the globe year round, outdoors and indoors.

**Archery**, a recreational activity and competitive sport that propels arrows with the use of bows.

**Aero-modelling**, an up coming organised sport activity of the University that designs, constructs, flies model aircrafts and helicopters.

# CORPORATE TRAINING

The esteemed PRIST University presents Project Quest, a tailor made training program offered to the corporate world. The approach is totally employee centred; workshops combine practical and experiential learning that underpins the organisational values. The training program helps corporates to promote life long learning mission by recommending outdoor learning and nature exploration through a spectrum of adventure activities. The training programs are delivered over different time scales to suit the client

We offer structured experiential adventure Education workshops each lasting 1 to 3 days. What we aim to achieve is helping these candidates understand more about themselves and the impact they are having on those around them, help them discover their true strengths and give them opportunities to make real life changing choices that will transform the way they think and behave.

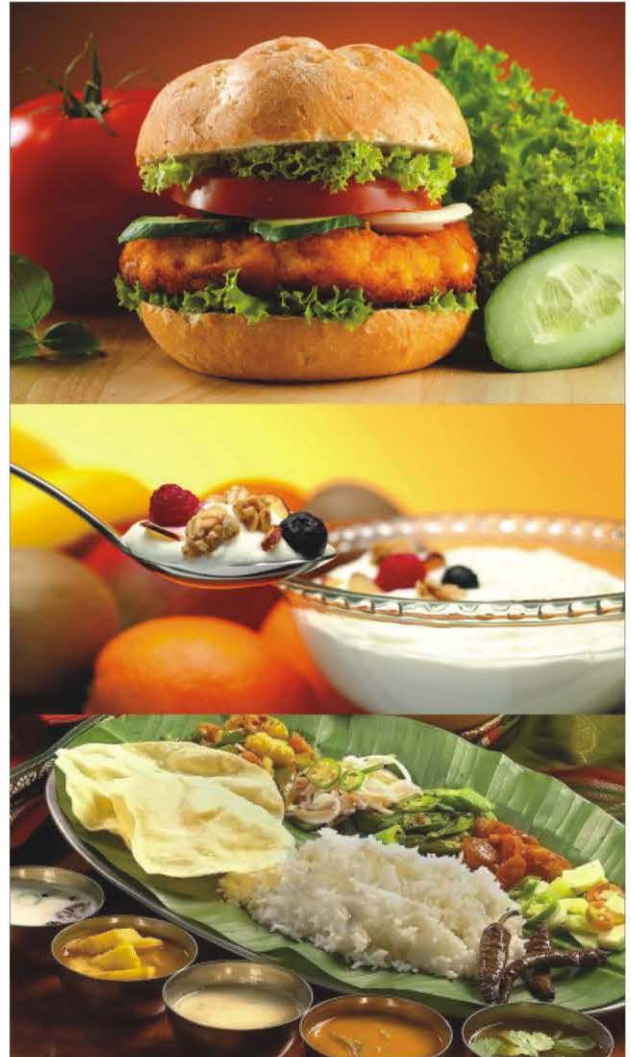

The Training program /Workshop assists participants in planning for specific improvements in the way the team operates. Participants will gain an integrated set of skills that can be applied anytime and anywhere, while enhancing team performance, leadership and team unity. The Training programs help candidates to develop positive self-image. By celebrating emotional and behavioural development. We positively affect the psychological well-being of the people we work with. All our work builds self-esteem and confidence, empowering candidates to make good decisions. Every participant's effort is recognised and celebrated appropriately and we always identify and reward success. Use of appreciative enquiry techniques helps even extremely negative people to understand they can make a positive contribution to their team, their friends and indeed their own future. Wherever possible young people are encouraged to take part in decisions and are consulted and involved in the planning and organising of workshops and activities

# FOOD & ACCOMODATION

The University offers accommodation to students and guests at greater number of places inside the premises. The hygiene of University accommodations are strictly monitored and maintained by a dedicated house keeping department, thereby receiving appreciations from students at all times.

A delightful banqueting experience awaits all guests and students of the esteemed University. The banquet team offers multi-cuisine and a delicious choice of seven-meal plan that comprises balanced and nourishing foods.

# SANDWICH PROGRAMS

## The Context

Successful courses require careful planning and continual revision. The esteemed PRIST University offers **Bachelor of Technology (IT, Mechanical, CS & Civil) - Sandwich Courses**, a four-year degree program designed to help student contingents by allowing them to attend internship programs for duration of 12 months with stipend.

## The Objective

When we define the course goals, we focus on student learning. One way to formulate these goals is to determine what students should be learning in terms of content, cognitive development, and personal development. Consider the following questions that pave ways in setting up the goals:

- How should taking your course change students?
- What skills should students gain in this course?
- What do you want your students to remember from your course?

Contemplating the above, the university has defined and adopted the sandwich courses through experiential learning mission. This program realizes the needs of the industry and as fruit of various industrial collaborations; the university strongly believes that every curriculum should spell quality time in industrial implant training programs.

# SANDWICH PROGRAMS

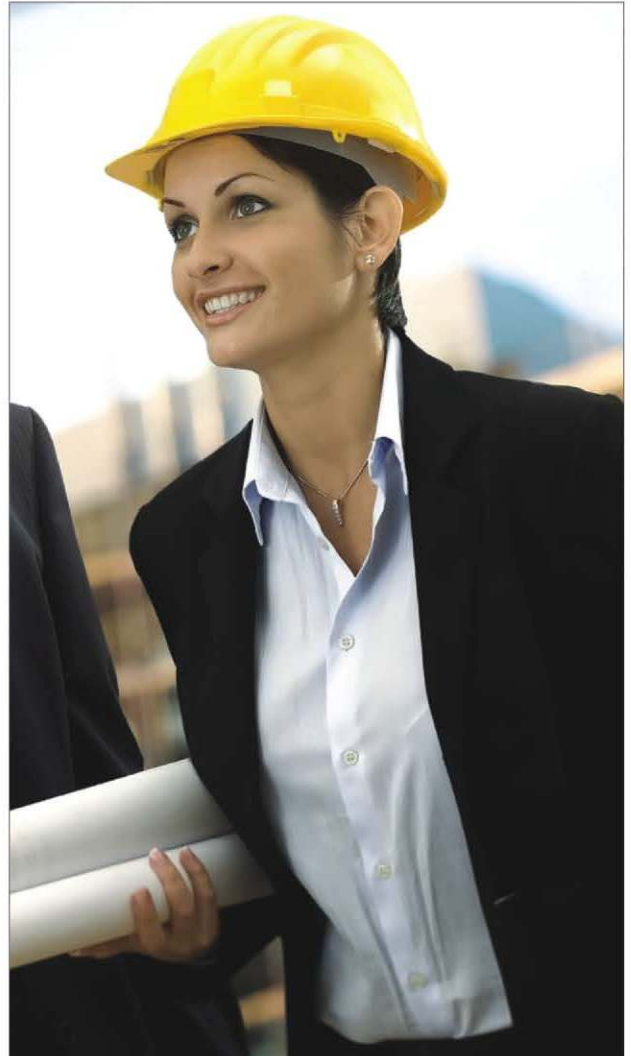

## Approach

The University helps the students to reliably relate cause and affect of the act. Students today do not understand the consequence of their behaviours, because of the environment they are in, and so refuse or are unable to make the connection between what they have learned and the effect it has on themselves and the world around them. The industry environment allows us to demonstrate the link between cause and effect in a very short time scale, the link between their actions, attitude and behaviour and the effect that this is having on them. We ensure that the skills and principles developed during the course are not only directly related to scenarios that the student may currently be encountering. The benefits of this strategy are simple and emphatic:

- Improved attitude and behaviour
- Improved levels of self confidence
- Developed social and interpersonal skills
- Increased self reliance and motivation
- Collaborative approach to goal setting
- Personal growth
- Hands on training with industry certification

# PLACEMENT RECORD 2013 -2014

## INDUSTRY BASED PLACEMENT STATISTICS 2013 - 2014

Globalization and highly competitive times demand world-class education and skill sets and we are dedicated to facilitate and provide assistance, guidance and support. The Directorate of Training and Placement, PRIST University, a directorate with the knowledge and tested practices that drive change and transform students by harnessing their knowledge and experience; allowing it to flourish, develop and grow.

The directorate is a member unit of the esteemed Ponnaiyah Ramajayam Institutions, Thanjavur and has invested in adequate capability for experiential learning mission that makes conscious application of the student knowledge and experience by integrating them into curriculum and designed to deliver high impact practical life skills training and personality enrichment programmes.

The directorate takes this opportunity to whole-heartedly thank all its recruiters across industry sectors and domains for their unstinted support in placing our students over the years. Presented below is a snapshot of our placement track record.

The directorate of training and placement, PRIST University is a member unit of the esteemed PR Institutions, Thanjavur and has invested in adequate capability for experiential learning mission that allows students to successfully pursue in provincial placements drives hosted by the University. As always the directorate maintains the record in placing almost 600 students in various industries.

Hearty thanks to
