TEST II GENERAL ENGLISH

Q.41-50. Read the following carefully and answer the question given below it. Certain words are printed in **bold** to help you to locate while answering some of the questions.

Once upon a time there lived a queen in the city of Benaras. Her name was Khema and she was the wife of King Bahuputtaka. One night, the Queen had a dream of a beautiful golden goose that spoke with great wisdom, almost as if he was a sage. She told her husband that she desperately wanted to see a bird just like the one in her dream. So the king asked his ministers to find out all that they could about a bird such as this. He was told that such a bird did exist but was extremely rare and difficult to find. They advised him to build a

beautiful lake on the outskirts of Benaras so that he may attract such rare and lovely creatures to reside there. In this way the queen might have her wish.

Towards the north, on Mount Cittakuta, there lived about ninety thousand wild geese headed by a beautiful golden goose called king Dhatarattha. He got to hear of this exquisite lake surrounded by water lilies and lotuses floating on the surface. The king had invited all the birds to come and live on it, promising that none of them would ever be harmed. Corn was scattered on a daily basis in order to attract the birds. So a couple of geese went up to their King, the golden goose and told him that they were quite tired of living up on the mountains and would like to see this wonderful lake where they had been promised food and protection. The king agreed to their request and took the flock down south towards Benaras. Meanwhile, at the lake King Bahuputtaka had placed hunters all around in order to capture any golden goose that happened to pass by. So the next morning when the headhunter saw this flock of geese approaching he was vary excited to see their golden leader. He immediately went about setting up a snare amongst the water lilies and lotuses, as he knew that the leader would definitely by the first to alight.

The whole flock came flying down in one mighty swoop and as expected it was the king's foot that touched the water first. He was ensnared and could not escape. Seeing this, the other geese flew into a panic. But none had the courage to try to free their king and so flew back to Mount Cittacuta for safety. All except one. He was the chief captain, Sumukha. King Dhatarattha entreated him to fly to safety too, as he surely be captured if he stayed by his side. But Sumukha replied that he would never desert his master in the face of danger and would

either try to save him or die by his side.

At this point the hunter approached and as Sumukha saw him he decided to appeal to his compassion. The hunter asked the golden goose how come he had not noticed the trap that was set. The golden goose replied that when one's time was up it was no use to struggle against what was fated and one must just accept it. The huntsman was very impressed with his grace and wisdom. He then turned to Sumukha and asked why he had not fled with the other birds even thought he was free to do so. Sumukha answered that the golden goose was his King, best friend and master and that he could never desert him even at the cost of his own life. Hearing this, the hunter realized that these were a couple of rare birds of great nobility. He did not much care for his own King's reward and decided to do the right thing and set them free. He told Sumukha that as he was ready to die for his King he would set them both free to fly wherever they wish.

- Q.41. Why were the geese keen on visiting the lake in Benaras?
 - (1) They were invited personally by king Bahuputtaka.
 - (2) They were tired of their old lake.
 - (3) They were amused by the water lilies and lotuses.
 - (4) The lake was not very far from mountains.
 - (5) To lake was to be a source of good food and protection.
- Q.42. Why did the king approach the ministers?
 - (1) In order to find out the best location for the lake.
 - (2) In order to find out if golden goose existed
 - (3) To enquire about his wife's dreams.

Solved Paper

- (4) To devise a plan to capture all rare bird species.
- To eniquire about the best hunter in the locality.
- Q.43. What advise did the minsters give to the king?
 - (1) That no such golden goose existed and he was only wasting his time searching for one.
 - To create an artificial golden goose for the queen.
 - (3) To build a lake in order to attract the golden goose.
 - (4) To open a sanctuary of rare birds for the queen.
 - (5) To have a beautiful garden surrounded by flowers and trees.
- Q.44. Which of the following statement would best describe the qualities of Sumukha?
 - (1) Betrayer of the flock.
 - The Selfless Goose.
 - (3) Loyal towards the King

Q.71-75. Rearrange the following six sentence/group of sentences (A), (B), (C), (D), (E) and (F) in the proper sequence to from a meaningful paragraph; then answer the question given the below them.

- (A) The merchant greedily counted his gold and said, "The purse I dropped had 200 pieces of gold in it. You've already stolen more than the reward ! Go away or I will tell the police,"
- (B) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well, that's a considerable cost. But, the purse this beggar found had only 100 pieces of gold",
- (C) Being an honest man, the beggar came forward and handed the purse to the merchant saying "Here is your purse. May I have my reward now?"
- (D) "This purse therefore cannot be the one you lost," And, with that, the judge gave the purse and all the gold to the beggar.
- (E) A beggar found a leather purse that someone had drpped in the marketplace. On opening it, he discovered that it contained 100 pieces of gold. Then he heard a merchant shout, "A reward! A reward to the one sides of the story.
- (F) "I am an honest man," said the beggar defiantly. "Let us take this

matter to the court. The judge patiently listened to sides of the story.

- Q.71. Which of the following should be the FIRST sentence after the rearrangement?
 - (1) E
- (2) B (4) C
- (3) D
 - F
- (5) F
- Q.72. Which of the following should be the **FOURTH** sentence after the rearrangement?
 - (1) D
- (2) F
- (3) B
- (4) E
- (5) C
- Q.73. Which of the following should be the FIFTH sentence after the rearrangement?
 - (1) E (2) D
 - (3) B
- (4) C
- (5) F
- Q.74. Which of the following should be the **SIXTH (LAST)** sentence after the rearrangement?
 - (1) A (2) D
 - (3) F
- (4) E
- (5) C
- Q.75. Which of the following should be the **SECOND** sentence after the rearrangement?
 - (1) A
- (2) D
- (3) F
- (4) B
- (5) C

Q.76-80. In the following passage, there are blanks, each of which has been numbered.

These numbers are printed below the passage and against each, five words are suggested, one of which fits the blank appropriately. Find out the appropriate word in each case.

Solved Paper

The Bhagavad Gita is a poem of 700 verses which is a part of the Mahabarata. It is the only philosophical song existing in all languages. Its popularity and influence have never waned. It (76) light and guidance to the troubled mind in times of crisis. It is in the (77) of a dialogue between Arjuna and Krishna on the battlefield. Arjuna's mind is troubled at the thought of the killings of his friends and relatives. He cannot conceive of any gain. Arjuna is the (78) of the tortured spirit of man torn by conflicting obligations and moralities.

The dialogue proceeds and takes us to the higher level of individual duty and social behaviour, application of ethics to practical life and social outlook that should govern all. An attempt is (79) to reconcile the three paths of human advancement – the path of knowledge, the path of action and the path of faith. But more (80) is laid on faith. There is a call of action to meet the obligations of life keeping in view the spiritual background and the large purpose of the universe.

- Q.76. (1) provides
 - (2) shines
 - (3) enforces
 - (4) secures
 - (5) seeks
- Q.77. (1) programme
 - (2) constitution
 - (3) part
 - (4) formation
 - (5) form
- Q.78. (1) conceived
 - (2) dream
 - (3) source
 - (4) figures
 - (5) symbol
- Q.79. (1) generated
 - (2) made

- (3) established
- (4) coined
- (5) given
- Q.80. (1) important
 - (2) significant
 - (3) declaration
 - (4) emphasis
 - (5) blessings

TEST III **Quantitative Aptitude**

Q.81-90. What should come in place of the question mark (?) in the following questions?

Q.81.
$$\frac{9}{10} + \frac{3}{11} + \frac{7}{5} = ?$$

- (1) $1\frac{217}{330}$ (2) $1\frac{221}{330}$
- (3) $1\frac{211}{330}$ (4) $1\frac{197}{330}$
- (5) None of these

Q.82.
$$\sqrt[3]{42875} - ? = 21$$

- (1) 18
- (2) 13
- (3) 15
- (4) 11
- (5) None of these

Q.83.
$$\frac{57}{67} \times \frac{32}{171} \times \frac{45}{128} = ?$$

- (1) $\frac{15}{262}$ (2) $\frac{15}{268}$
- (3) $\frac{15}{266}$ (4) $\frac{17}{268}$
- (5) None of these

Q.84.
$$\frac{1}{4}$$
th of $\frac{1}{2}$ of $\frac{3}{4}$ th of 52000 =

Q.97. 28% members of a certain group are married. What is the respective ratio between the number of married members

- to the number of unmarried members?
 (1) 7:17 (2) 5:18
 (3) 7:18
 (4) Cannot be determined
- (5) None of these

Q.98. The average of five numbers is 49. The average of the first and the second numbers is 48 and the average of the fourth and fifth numbers is 28. What is the third number?

Solved Paper

- (A) 92
- (B) 91
- (C) 95
- (D) Cannot be determined
- (E) None of these
- Q.99. In how many different ways can the letters of the word 'SECOND' be arranged?
 - (1) 720
- (2) 120(4) 270
- (3) 5040
- (5) None of these
- Q.100. If the numerator of a certain fraction increased by 200% and the denominator

is increased by 150% the new faction thus

formed is $\frac{9}{10}$. What is the original

fraction?

- (1) $\frac{3}{4}$
- (2) $\frac{1}{4}$
- (3) $\frac{3}{5}$
- $(4) \frac{2}{5}$
- (5) None of these

Q.101-105. Study the following table carefully and answer the questions that follow:

Number of employees from six different banks located in different cities, M = Males, F = Females

City	ity Agra		Delhi		Mum bai		Chennai		Patna		Kolkata	
Name of Bank	M	F	M	F	M	F	M	F	M	F	M	F
A	553	224	254	456	457	388	114	378	234	120	353	325
В	673	116	346	256	346	456	124	235	241	156	348	174
С	443	500	366	345	124	456	235	688	650	234	396	439
D	534	454	478	285	235	235	255	175	124	165	358	234
E	256	235	256	166	574	599	324	198	124	324	125	235
F	556	357	345	287	589	190	189	256	155	181	278	192

- Q.101. What is the ratio of the number of males to the number of females respectively in Patna from Bank A, Bank C and Bank E together?
 - (1) 175:173
- (2) 177: 173
- (3) 177:172
- (4) 175: 172
- (5) None of these
- Q.102. What is the ratio of number of males to the number of females respectively in Bank D from all the cities together?
 - (1) 496:387
- (2) 487 : 356
- (3) 422:385
- (4) 486: 397
- (5) None of these

- Q.103. The number of females in all the banks together in Delhi are **approximately** what percent of the number of males from all the banks together in the same city?
 - (1) 88
- (2) 98(4) 68
- (3) 78
- (5) 58
- Q.104. The number of females in Bank B from Agra are what percent of the females in Bank C from the same city?
 - (1) 33.2
- (2) 23.2
- (3) 13.2
- (4) 28.2
- (5) None of these

Solved Paper

- Q.105. What is the **approximate** average of the number of males working in all the banks together in Kolkata?
 - (1) 350
- (2) 310
- (3) 340
- (4) 380
- (5) 360
- Q.106. The area of a triangle is half eh area of square. The perimeter of the square is 224 cms. What is the area of the triangle?
 - (1) 1856 cm^2
- (2) 1658 cm²
- (3) 1558 cm²
- (4) 1586 cm²
- (5) None of these
- Q.107. how much will be compound interest to be paid on a principle amount of Rs. 85,000/- after 3 years at the rate of 6 p.c.p.a.?
 - (1) Rs. 16623.36/-
 - (2) Rs. 16236.36/-
 - (3) Rs. 16325.36/-
 - (4) Rs. 16632.36/-
 - (5) None of these
- Q.108. Yesterday Priti types an essay of 5000 words at the speed of 60 words per minute. Today she types the same faster and her speed was 15% more than yesterday. What is the approximate difference in the time she took to type yesterday and the time she took to type today?
 - (1) 20 minutes
 - (2) 30 minutes
 - (3) 10 minutes
 - (4) 40 minutes
 - (5) 1 hour
- Q.109. The average speed of a train is 3 times the average speed of a car. The car covers a distance of 520 kms in 8 hours. How much distance will the train cover in 13 hours?
 - (1) 2553 kms
- (2) 2585 kms
- (3) 2355 kms
- (4) 2535 kms

- (5) None of these
- Q.110. What the value of (x) in the following

equation?
$$\frac{(x)^{0.7}}{36} = \frac{9}{(x)^{1.3}}$$

- (1) 17
- (2) 19
- (3) 16
- (4) 14
- (5) None of these
- Q.111-115. What **approximate** value should come in place of the question mark (?) in the following questions?

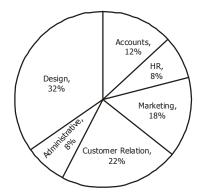

(**Note:** You are not expected to calculate the exact value.)

- Q.111. 105.003 + 307.99 + 215.630 = ?
 - (1) 610
- (2) 650
- (3) 660
- (4) 670
- (5) 630
- Q.112. $5223 \div 36 \times 0.93 = ?$
 - (1) 135
- (2) 125(4) 155
- (3) 145
- (5) 115
- Q.113. $635 \times 455 \div 403 = ?$
 - (1) 735 (2) 795
 - (1) 735(3) 695
- (4) 685
- (5) 715
- Q.114. $\sqrt{2228} = ?$
 - (1) 57
- (2) 47
- (3) 67
- (4) 37
- (5) 27
- Q.115. $\sqrt[3]{5332} = ?$
 - (1) 8
- (2)38
- (3) 58
- (4) 68
- (5) 187
- Q.116-120. Study the following graph carefully and answer the questions that follow:

Solved Paper

Percentage of employees in different departments of a company

Total No. of employees = 4500

- Q.116. What is the total number males from Design, Customer Relation and HR departments together?
 - (1) 1550
- (2) 1510
- (3) 1540
- (4) 1580
- (5) None of these
- Q.117. What is the ratio of number of males in HR department to the number of males in Accounts departments respectively?
 - (1) 3:17
- (2) 4:15
- (3) 2:15
- (4) 2:13
- (5) None of these
- Q.118. The number of females in the Marketing department are **approximately** what percent of the total employees in Marketing and Customer Relation Department together?
 - (1) 26
- (2) 36
- (3) 6
- (4) 46
- (5) 16
- Q.119. What is the respective ratio of number employees in Administrative department to the number of males in the same department?

Percentage of females in each departments in the same company

Total No. of female in the organisation = 2000

- (1) 9:4
- (2) 8:3
- (3) 7:2
- (4) 8:5
- (5) None of these
- Q.120. The total number of females are that what percent of the total number of males in the organization?
 - (1) 90
- (2)70
- (3) 80
- 80 (4) 60 None of these

Solved Paper

TEST IV **REASONING ABILITY**

Q.121. If it is possible to make only one meaningful word with the first, fourth, fifth and tenth letters of the word TELEVISION, which of the following would be the second letter of that word from the right end? If no such word can be made, give 'X' as your answer and if more than one such word can be formed, give your answer as 'Y',

1. X

2. L

3. N

4. E

5. Υ

Q.122. In a certain code TRUMP is written SUTON. How is FIRED written in that code?

1. GJQEF

2. JGEQF

3. JQGEF

4. JGQFE

5. JGQEF

Q.123. If each of the vowels in the word GOLIATHS is changed to the next letter in the English alphabetical series and each consonant is changed to the previous letter in the English alphabetical series, and then the alphabets so formed are arranged in alphabetical order from left to right, which of the following will be sixth from the left of the new arrangement thus formed?

1. S

2. P 5. F 3. G

4. J Q.124. In a certain language 'WEAK' is coded as '4\$9â' is coded 'REST' is coded as '7\$8#' and 'WREK' is coded as '4\$â7', How will 'KEWRA' be coded in the same code?

2. â7\$8#

5. 478â\$

- 1. 74\$â# 3. #â974 4. \$ â 7 9 4
- Q.125. How many such pairs of letter are there in the word FORMATION each of which has as many letters between them in the word (in both forward and backward directions) as they have between them in the English alphabetical order?

1. None 3. Two

2. One

5. More than three

4. Three

Q.126. 'Music' is related to notes' in the same way as 'Language' is related to _

1. Sentences

2. Combination

Grammar

4. Alphabets

5. Syntax

Q.127. How many meaningful English words can be formed with the letter ADIC using each letter only once in each word?

> 1. None

2. One

Two 3.

4. Three

More than three

Q.128. If the digits in the number 79246358 are arranged in descending order from left to right, what will be the difference between the digits which are third from the right and second from the left in the new arrangement?

1. 1

2. 2

3 3.

4. 4

5. Q.129. Four of the following five are alike in certain way and so form a group, which is the one that does not belong to that group?

> 1. Violin

2. Harp 4. Flute

3. Guitar 5. Sitar

Q.130. In a certain language 'give me more' is coded as '735', she has more' is coded as '971' and 'she asked me gently' is coded as '6321', which of the following is the code for 'give' in that language?

> 1. 5 3. 6

2. 7 4. 9

5. 1

Q.131-135. Read the following information carefully and answer the question which follow:

If 'Pê Q' means 'P is the mother of Q',

If 'P \times Q' means 'P is the father of Q',

If 'P + Q' means 'P is the sister of Q',

If 'P - Q' means 'P is the brother of Q',

If P > Q', means P is the son of Q',

If P < Q', means P is the daughter of Q',

Solved Paper

TEST V MARKETING APTITUDE / COMPUTER KNOWLEDGE

- Q.161. The term ____ refers to data storage systems that make it possible for a computer or electronic device to store and retrieve data.
 - (1) retrieval technology
 - (2) input technology
 - (3) output technology
 - (4) storage technology
 - (5) None of these
- Q.162. The term ____ refers to any computer component that is required to perform work.
 - (1) bootstrap (2) Kernel
 - (3) resource
 - (4) source code
 - (5) None of these
- Q.163. A computer system includes ____.
 - (1) hardware (2) software
 - (3) peripheral devices
 - (4) All of these
 - (5) None of these

Solved Paper Q.164. A ____ is a software program used to Internet telephony view Web pages. Instant messaging (2) E-mail (1) site (2) host (3) (3)link (4) browser (4) E-commerce None of these None of these (5) Q.165. is the maximum amount of data that Q.170. You use a(n)___, such as a keyboard or can be stored on a storage medium. mouse, to input information. Magnetic storage (1) storage device processing device Optical storage (2)(2) Solid - state storage input device output device Storage capacity (4) (5) None of these None of these (5)Q.166. The ___ is responsible for perfoming Q.171. Which of the following is not true calculations and contains decision concerning user IDs and passwords? making mechanisms. When you enter your ID and Central Processing Unit password, the computer knows it (1) (2) Memory Unit Arithmetic and Logic Unit If your computer asks for a user ID (4) Output Unit and password, you can create your (5) None of these Q.167. A ___ is a large and expensive computer Sometimes you are assigned a user capable of simultaneously processing ID and password for security data for hundreds or thousands of users. reasons handheld computer You should share your user ID and (2) mainframe computer password with at least one other person (3)personal computer (4) tablet computer None of these Q.172. One who designs, writs, tests and (5) None of these Q.168. Which of the following is not true about maintains computer programs is called a computer files? (1) (1) They are collections of data saved User (2) Programmer to a storage medium (3) Designer (4) Operator Every file has a file name (5)None of these (3) A file extension is established by Q.173. Items such as names and addresses are the user to indicate the file's considered contents information (1) All files contain data (2) input None of these (3) records allows voice conversations to (5) None of these Q.169. data travel over the internet.

GENERAL AWARENESS

India's Fiscal Deficit for April-May Period stood at 1.41 Lakh Crore Rupees

As per the latest data released by the Controller General of Accounts (CGA), India's fiscal deficit during the April-May, the first two months of the fiscal year 2012-13 stood at 1.41 lakh crore rupees, 27 per cent of the budget estimates. The increased fiscal deficit figure came despite revenue receipt witnessing a substantial hike and stood at 47897 crore rupees, which was 5.1 per cent of the budget estimates. Total expenditure of the government in the first two months of fiscal year 2012-13 was 1.90 lakh crore rupees, or 12.8 per cent of the budget estimates. For the fiscal year 2012-13, the government has pegged the fiscal deficit target at 5.13 lakh crore rupees, or 5.1 per cent of GDP. In the corresponding period during the last fiscal year, the fiscal deficit was 32 per cent of the budget estimate amounting 1.3 lakh crore rupees.

Base Price for Auction of 2G Spectrum set at 14000 Cr. Rupees

The Union Cabinet approved the reserve price for auction of 2G spectrum as well as spectrum usage charges (SUC). The Cabinet set the reserve price of 14000 crore rupees for the 5 megahertz pan-India spectrum in the 1800 megahertz band. The price is 22 percent lower than the telecom regulator's suggestion. An auctioneer will be soon appointed to conduct a fresh auction. The Cabinet also endorsed the EGoM's recommenda-

tion that the reserve price for the 800 megahertz band, which is used by CDMA operators, be fixed at 1.3 times the price for 1800 megahertz band. Telecom Regulatory Authority of India (TRAI) had recommended the base price at 18000 crore rupees, which drew a heavy criticism from telecom companies, who argued that the base price suggested by TRAI is irrational. The fresh auction of 2G spectrum was necessitated after the Supreme Court scrapped 122 telecom licences on 2 February 2012 as it found the process of spectrum allocation cramped with flaws.

Highlights of the RBI Quarterly Monetary Policy Review:

- Repo rate the rate at which banks borrow from RBI remained unchanged at 8 percent.
- Reverse repo rate the rate at which, the banks lend to RBI – kept unchanged at 7 percent.
- CRR the amount of total deposits that banks are required to keep with the central bank - also remained unchanged at 4.75
- SLR was changed to 23 percent from the erstwhile 24 percent
- Projection for WPI based inflation for March 2013 raised to 7 percent
- Economic growth outlook for the fiscal year 2012-13 cut to 6.5 percent

Exports from SEZs grew 64%

Exports from Special Economic Zones (SEZs) grew 64 per cent to Rs 118321.56 crore during the first quarter (April-June) of the fiscal 2012-13. Export Promotion Council for EOUs and SEZs (EPCES) mentioned that investments worth Rs 213605.54 crore were made in SEZs as on 30 June 2012. As on 30th June, 2012 investments worth Rs.213605.54 crore were made in SEZs and

this sector generated employment to 920243 persons. The Union Government had granted 588 formal approvals for setting up of SEZs. Of the total 588, 386 had been notified while 158 were in operation as on 30 June 2012. The Minimum Alternate Tax and Dividend Distribution Tax had affected SEZ growth, investments, employment and exports. MAT/DDT implementation also sent wrong signals to the international investment community which look at India for its resources of skills and manpower. The EPCES had on 30 July 2012 sought Prime Minister Manmohan Singh's intervention for some long-term benefits to this sector in order bring it back to its established state.

EXERCISE

- Seven member IOA, Indian Olympic Association Committee selected in April 2012 Ajit Pal Singh as Chef de Mission for Indian mission in London 2012 Olympics. In this regard what is correct?
 - Ajit Pal Singh was famous Indian hockey player who won Arjun award in 1970.
 - 2. He belongs to state of Haryana
 - (a) 1 only (b) 2 only
 - (c) Both 1 and 2
 - (d) neither 1 nor 2.
- Arjun Vajpai, famous Indian mountaineer climbed Mount Manaslu and Mount Lhotse in year 2011. He earlier also climbed Mount Everest. Which of following is correct?
 - 1. In year 2010 he become youngest Indian to climb Mount Everest.
 - 2. He is the youngest person to climb three larger than 8000m mountains

- 3. Reinhold Messner of Italy hold records of climbing 14 highest mountains in the worl(d)
 - (a) 1 only
- (b) 2 and 3
- (c) 1, 2 and 3
- (d) 1 and 3
- 3. Which of the following country in 2011 decided to phase out nuclear power plants by 2022?
 - (a) Germany (b) Japan
 - (c) France (d) Australi(a)
- 4. Match the following.

US presidential

Candidate for 2012 State

- 1. Newt Gingrich P. Pennsylvania
- 2. Mitt Romney Q. Georgia
- 3. Rick Santorum R. Texas
- 4. Rick Perry S. Massachusetts
 - (a) 1-Q, 2-S, 3-P, 4-R
 - (b) 2-Q, 1-S, 3-P, 4-R
 - (c) 1-Q, 2-S, 4-P, 3-R
 - (d) 1-Q, 4-S, 2-P, 3-R
- 5.The Parliamentry Standing Committee on Finance recently rejected the National Identity Authority of India bill, 2010. The Panel headed by former Finance Minister Yashwant Sinha rejected proposal on various claims. Which among the following was not the REASON given to reject AADHAR?
 - 1. UID (Unique Identification Number) being issued to residents and not just citizens and hence allowing illegal migrants to be counte(d)
 - 2. The method used for identification is not DNA based and hence not complete full proof
 - Similar exercise in other countries have faile(d)
 - (a) 1 Only
- (b) 2 Only
- (b) 3 Only
- (c) 2 and 3 only

ANSWERS

1. A 2. C 3. A 4. B 5. B

QUANTITAIVE APTITUDE

AVERAGE

The average of a given number of quantities of the same kind is expressed as

Average

Sum of the quantities

Number of the quantities

Average is also called the Arithmetic Mean.

Also, Sum of the quantities = Average × Number of the quantities

Number of quantities =

Sum of the quantities

Average

- If all the given quantities have the same value, then the number itself is the average.
- If all the given quantities are not all the same, then the average of the given quantities is always greater, then the smallest number and always less than the largest number. Equivalently, atleast one of the numbers is less than the average and atleast one is greater then the average.
- If each of the given quantities is increased by a constant *p*, then their average is also increased by *p*.
- If each of the given quantities is decreased by a constant p, then their average is also decreased by p.
- If each of the given quantities is multiplied by a constant *p*, then their average is also multiplied by *p*.
- Whenever the given quantities form an arithmetic sequence and if the given quantities has odd terms, then the average is the middle term in the sequence and if the given quantities has even terms, then

taverage of the sequence is the average of the middle two terms.

- In order to calculate the weighted average of a set of numbers, multiply each number in the set by the number of times it appears, add all the products and divide by the total number of numbers in the set.
- If the speed of an object from A to B is x km/h and from B to A is y km/h, then the average speed during the whole journey is

$$\frac{2xy}{x+y}$$
 km/h.

If the average of N₁ quantities is x and N₂ quantities is y then the average of total (N₁

+
$$N_2$$
) quantities is given by $\frac{(N_1x + N_2y)}{N_1 + N_2}$

Example 1: What is the average of first five even numbers.

Solution. The first prime even numbers are 2, 4, 6, 8, 10

$$\frac{2+4+6+8+10}{5} = \frac{30}{5} = 6$$

Example 2: The average of five consecutive even numbers is 50. What is the largest of these numbers?

Solution. Let the numbers be x - 4, x - 2, x, x + 2, x + 4.

Average

 $= \frac{\text{Sum of the quantities}}{\text{Number of the quantities}}$

$$=\frac{x-4+x-2+x+x+2+x+4}{5}=50$$

$$\Rightarrow \frac{5x}{5} = 50$$

$$\Rightarrow x = 50$$

So, the numbers are 46, 48, 50, 52, 54. The largest of these numbers is 54.

EXERCISE

- The average weight of 8 persons increases by 2.5 kg when a new person comes in place of one of them weighing 65 kg. What might be the weight of the new person?
 - 1. 82 kg 2. 85 kg 3. 76.5 kg 4. 80 kg 5. data inadequate
- 2. Sumitra has an average of 56% on her first 7 examinations. How much she should make on her eighth examination to obtain an average of 60% on 8 examinations?
 - 1. 88% 2. 78% 3. 92% 4. 68% 5. 58%
- 3. Ages of 'A' and 'B' are in the ratio of 2 : 3 respectively. Six years hence the ratio of their ages will become 8 : 11 respectively. What is B's present age?
 - 1. 18 years 2. 28 years 3. 27 years
 - 4. 25 years 5. 26 years
- 4. The total age of *A* and *B* is 12 years more than that of total age of *B* and *C*. *C* is how many years younger than A?

 Average
 - $= \frac{Sum \ of \ the \ quantities}{Number \ of \ the \ quantities}$

$$=\frac{x-4+x-2+x+x+2+x+4}{5}=50$$

- 1. C is elder than A 2. 26 3. 12 4. 25 5. 22
- 5. The average marks fetched by Mohan in History, Geography, Science and Mathematics is 10 more than the marks fetched in Mathematics. If he has got 110 marks aggregate in History and Geography, what will be the aggregate marks fetched in Science and Mathematics?
 - 1. 90 2. 70 3. 75 4. 85 5. data inadequate

ANSWERS

1. (2) 2. (1) 3. (3) 4. (3) 5 (4)

REASONING (VERBAL)

SERIES COMPLETION

Example 1. 4, 9, 25, 49, 121, 169,...

- (a) 324
- (b) 289
- (c) 225
- (d) 196

Solution. (b) The given series is a consecutive square of prime number series. The next prime number is 289.

Example 2. 5, 7, 13, 23, ...

- (a) 25 (c) 29
- (b) 27 (d) 41
- **Solution.** (d) The difference between prime numbers is increasing. 7 is next prime to 5; 13 is second to next prime to 7; 23 is third to next to 13. Hence, next should be fourth to next prime to 23. Hence, required number is 41.

Multiplication Series

Example 3. 4, 8, 16, 32, 64... 256

- (a) 96
- (b) 98
- (c) 86
- (d) 106

Solution. (a) The numbers are multiplied by 2 to get the next number.

$$64 \times 2 = 128$$

Example 4. 5, 20, 80, 320, ... 1280

- (a) 5120
- (b) 5220
- (c) 4860
- (d) 3642

Solution. (a) The numbers are multiplied by 4 to get the next number.

$$1280 \times 4 = 5120$$

Difference Series

Example 5. 3,6,9,12,15,.... 21

- (a) 16
- (b) 17

Click Here To Buy Comprehensive Guide for Clerk Examination: ttp://upscportal.com/civilservices/order-form/sbi-clerk-guide

(d) 18

Solution. (d) The difference between the numbers is 3.

$$15 + 3 = 18$$

Example 6. 55, 50, 45, 40,....30

- (a) 33
- (b) 34
- (c) 35
- (d) 36

Solution. (c) The difference between the numbers is -5.

$$40 - 5 = 35$$

Division Series

Example 7. 5040, 720, 120, 24,2,1

- (a) 8
- (b) 7
- (c) 6
- (d) 5

Solution.

$$\frac{5040}{7} = 720, \frac{720}{6} = 120, \frac{120}{5} = 24, \frac{24}{4} = 6, \frac{6}{3} = 2, \frac{2}{2} = 1$$

Example 8. 16, 24, 36,... 81

- (a) 52
- (b) 54
- (c) 56
- (d) 58

Solution. (b) Previous number $\times \frac{3}{2} =$

Next number

n² Series

Example 9. 4, 16, 36, 64, 144

- (a) 112
- (b) 78
- (c) 100
- (d) 81

Solution. (c) The series is square of consecutive even numbers. 2^2 , 4^2 , 6^2 , 8^2

Next number is $10^2 = 100$

Example 10. 1, 4, 9, 16, 25, 36, 49, ...

- (a) 100
- (b) 121

81

(d) 144

(c) 64 **Solution.** (c) The series is 1^2 , 2^2 , 3^2 , 4^2 , $5^2,6^2,7^2,\ldots$

The next number is 82

$$16 \times \frac{3}{2} = 24$$
, $24 \times \frac{3}{2} = 36 \times \frac{3}{2} = 54$, $54 \times \frac{3}{2} = 81$

 $(n^2 + 1)$ Series

Example 11. 17, 26, 37, 50,

65,....101

- (a) 82
- (b) 75
- (c) 78
- (d) 90

The series is 4² + Solution. (a)

 $1, 5^2 + 1, 6^2 + 1, 7^2 + 1, 8^2 + 1.$

The next number is $9^2 + 1$

82

Example 12. 101, 401, 901, 1601,

4901 2501, (a) 2201

- (b) 3301
- (c) 4401
- (d) 3601

Solution. (d) The series is $10^2 + 1$, $20^2 + 1$, $30^2 + 1$, $40^2 + 1$, $50^2 + 1$, etc.

The next number is $60^2 + 1 = 3601$

EXERCISE

Directions (Q. No. 1-10): Find the missing term in each of the following series:

- 1. 625, 5, 125, 25, 25, ?, 5
 - (1) 5
- (2) 25
- (3) 125
- (4) 625
- (5) 220
- 3, 4, 7, 7, 13, 13, 21, 22, 31, 34, ?
 - (1) 42
- (2) 43
- (3) 51
- (4) 52
- (5) 44

3.

- 11, 10, ?, 100, 1001, 1000, 10001
- (1) 101
- (2) 110
- (3) 111
- (4) 113
- (5) None of these
- 13, 32, 24, 43, 35, ?, 46, 65, 57, 76
 - (1) 45

GENERAL ENGLISH

Parts of Speech

Traditional grammar classifies words based on eight parts of speech: the noun, the pronoun, the adjective, the verb, the adverb, the prepositin, the interjection and the conjuncion.

Noun: A part of speech inflected for case, signifying a concrete or abstract entity.

Pronoun: A part of speech substitutable for a noun and marked for person.

Adjective: A part of speech sharing the features of the verb and the noun.

Verb: A part of speech without case inflection, but inflected for tense, person and number, signifying an activity or process performed or undergone.

Adverb: A part of speech without inflection, in modification of or in addition to a verb

Preposition: A part of speech placed before other words in composition and in syntax.

Interjection: A part of speech expressing emotion alone.

Conjunction: A part of speech binding together the discourse and filling gaps in its interpretation.

Each **part of speech** explains not what the word is, but how the word **is used**. In fact, the same word can be a noun in one sentence and a verb or adjective in the next. The next few examples show how a word's part of speech can change from one sentence to the next, and following them is a series of sections on the individual parts of speech, followed by an exercise.

Books are made of ink, paper and glue. In this sentence, "books" is a **noun**,

the subject of the sentence.

Deborah waits patiently while Bridget **books** the tickets.

Here "books" is a **verb**, and its subject is "Bridget."

We walk down the street.

In this sentence, "walk" is a **verb**, and its subject is the **pronoun** "we."

The mail carrier stood on the walk.

In this example, "walk" is a **noun**, which is part of a **prepositional phrase** describing where the mail carrier stood.

The town decided to build a new jail.

Here "jail" is a **noun**, which is the object of the **infinitive phrase** "to build."

The sheriff told us that if we did not leave town immediately he would **jail** us.

Here "jail" is part of the **compound verb** "would jail."

They heard high pitched **cries** in the middle of the night.

In this sentence, "cries" is a **noun** acting as the direct object of the **verb** "heard."

The baby **cries** all night long and all day long.

But here "cries" is a **verb** that describes the actions of the **subject** of the sentence, the baby.

The next few sections explain each of the parts of speech in detail. When you have finished, you might want to test yourself by trying the exercise.

EXERCISE

Fill in the blanks with words of the appropriate part of speech.
