Financial Aid

A student who is admitted as a graduate student can only receive financial aid for graduate courses. Undergraduate courses cannot be included when determining a graduate student's enrollment status (full-time, half-time, etc.) for purposes of financial aid eligibility.

Important Note for Graduate Students

If the student has received a bachelor's degree from an accredited institution and wishes to enroll in more than eight (8) credit hours of undergraduate or graduate courses offered by the University, the student must file an Application for Admission. The student must request that an official transcript be sent to the Office of Graduate Admissions from the college granting the bachelor's degree, as well as official transcripts showing any post-baccalaureate work. The student must list all colleges attended on the application. Admission as a post-baccalaureate student, however, does not constitute acceptance as a candidate for a master's degree. A separate application for admission to candidacy for the master's degree must be requested from the Graduate Office.
