The below chart shows the TOEFL scores required by universities in the USA. These are the minimum scores required in order to be accepted into the universities. Scores above the minimum will increase your chance of being admitted into the university, while scores below the minimum will guarantee you being denied admittance. Have you taken the TOEFL yet? If so, compare your score to the minimum requirements for the school of your choice. If your lower by less than 20 points, we guarantee you will achieve your target score after you learn the best test taking strategies with one of our TOEFL courses.
