## AN INTRODUCTION

**National Institute of Pharmaceutical Education and Research (NIPER)** is the first national level institute in pharmaceutical sciences with a proclaimed objective of becoming a center of excellence for Advanced studies and research in pharmaceutical sciences. The Government of India has declared **NIPER** as an 'Institute of National Importance'. It is an autonomous body set up under the aegis of Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, Government of India. NIPER is a member of Association of Indian Universities and Association of Commonwealth Universities.

National Institute of Pharmaceutical Education and Research (**NIPER**), Kolkata was created in 2007 under the aegis of Ministry of Chemicals & Fertilizer as a Centre of excellence for higher education, research and development in pharmaceutical sciences. The institute was declared as an Institute of National importance by Government of India through Act of Parliament (**NIPER Act 1998 & NIPER amendment Act 2007**). At present the new Institute is housed at **Indian Institute of Chemical Biology(IICB)**, a premier Institute of the Council of Scientific & Industrial Research, India.

## VISION

"To become a globally recognized brand in the areas of education and research in pharmaceutical sciences for the benefit of people of India and other countries and the growth of the pharmaceutical industry."

## MISSION

- Imparting quality education in the areas of Pharmaceutical Sciences.
- Promotion of innovative and translation research.
- Study of national/ international pharmaceutical policy issues.
- Creation of specialized centers to cater to the needs of pharmaceutical industries and other research and teaching institutes.

## INFRASTRUCTURE AND FACILITIES

The institute as it stands today housed in CSIR-IICB.

The Centre has the following state-of-the-art facilities:

- Air-conditioned auditorium-260 seats .
- Air-conditioned seminar hall-80 seats .
- Conference Hall and Class rooms .

## LIBRARY

It is spread over 2500 sq.ft consisting of 1000 books and more than **2000 journal volumes** encompassing all disciplines of pharmaceutical sciences and technology viz.

- Pharmaceutics
- Pharmaceutical Technology
- Natural Products & Phytochemistry
- Synthetic & Medicinal chemistry
- Biotechnology & Biochemistry
- Pharmacology and Toxicology
- Biostatistics

### PROJECT DIRECTOR'S MESSAGE

The National Institute of Pharmaceutical Education and Research, Kolkata (NIPER-Kolkata) was established in 2007 as a center of excellence for higher education, research and development in pharmaceutical sciences. NIPER-Kolkata admits students for M.S. (Pharm.) in three disciplines, Medicinal Chemistry, Natural Products and Pharmacoinformatics. All the students are GATE /GPAT qualified and get admitted through Nation-wide open joint entrance examination. NIPER-Kolkata boasts of an excellent faculty numbering to more than eighty guest faculty members. NIPER-Kolkata is currently housed at Indian Institute of Chemical Biology (IICB), a premier Institute of the Council of Scientific & Industrial Research (CSIR), India. With the untiring and sincere efforts of the faculty and the dedication and devotion of the students, the first six batches of students have graduated and majority of them have secured Placements in Universities, Research Institutes, Industry and Academic Institutions. After completion of the second semester the seventh batch of 49 M.S.(Pharm.) students in Medicinal Chemistry, Natural Products and Pharmacoinformatics are currently undergoing their thesis work, some in the mentor institute and some in the University departments, in other research institutes in Kolkata like Bose Institute and Saha Institute of Nuclear Physics and in companies like Chembiotech and TCG Life Sciences. The students will be graduating in June,2015 to offer themselves for suitable academic and research opportunities in academic organizations, research institutes and pharmaceutical industry. I am confident that our students are well prepared, competent in their subjects, well behaved and well groomed to fit well as professionals in their future carriers. I welcome the academic and research institutions and the pharmaceutical industry all over the country to come and visit NIPER-Kolkata, conduct campus interviews and offer suitable opportunities to the deserving students. I wish all the outgoing students the very best in their future endeavours.

Sd/-  
Asish Kr. Banerjee,  
Project Director,  
NIPER-Kolkata.

### From the Registrar's desk

After qualifying GATE/GPAT, the students appear for the Nation-wide open Joint Entrance Examination (JEE) conducted by NIPER, Mohali and then appear for joint counselling in NIPER, Mohali. Hence NIPER-Kolkata students are virtually from all parts of the country as can be seen from the state-wise break up of the seventh batch of students given below.

### State-wise distribution of Students

State	Medicinal Chemistry	Natural Products	Pharmacoinformatics
Andhra Pradesh	8	8	8
Bihar	-	1	1
Chattisgarh	-	1	-
Madhya Pradesh	-	0	2
Maharashtra	2	-	-
Punjab	-	1	-
Telangana	4	2	4
Uttaranchal	-	-	1
Uttar Pradesh	-	1	-
West bengal	3	2	-

In view of the distribution of students from various parts of the country, the students of NIPER-Kolkata are amenable to serve anywhere in the country. Hence I welcome the pharmaceutical industries all over the country to come and visit NIPER-Kolkata, conduct campus interviews anytime from now on till the 30<sup>th</sup> of June, 2015, and offer suitable openings, mainly in the R & D sections, to the deserving students.
