

INDIAN INSTITUTE OF TECHNOLOGY BOMBAY

**Information Brochure
Ph.D. Admissions
2017-18**

CONTENTS

- i Important Guidelines for Ph.D. Application
- ii Important Dates for Autumn and Spring Semester Admission

A) GENERAL

- A.1) The Institute
- A.2) Research Facilities
- A.3) Student Amenities
- A.4) Ph.D. Programme
- A.5) Eligibility Criterion for Admission
- A.6) Application Categories and Financial Support
- A.7) Admission Procedure
- A.8) Payment of Fees and Deposits
- A.9) Registration for the Ph.D. Degree
- A.10) Confirmation of Registration
- A.11) Submission of Thesis and Award of Degree

B) INFORMATION ON DISCIPLINES AND ACADEMIC UNITS

- B.1) Aerospace Engineering (AE)
[Department of Aerospace Engineering]
- B.2) Biosciences and Bioengineering (BB)
[Department of Biosciences and Bioengineering]
- B.3) Chemical Engineering (CL)
[Department of Chemical Engineering]
- B.4) Chemistry (CH)
[Department of Chemistry]
- B.5) Civil Engineering (CE)
[Department of Civil Engineering]
- B.6) Climate Studies (CM)
[Interdisciplinary Group in Climate Studies]
- B.7) Computer Science and Engineering (CS)
[Department of Computer Science and Engineering]
- B.8) Design (ID)
[Industrial Design Centre (IDC)]
- B.9) Earth Sciences (ES)
[Department of Earth Sciences]
- B.10) Educational Technology (ET)
[Interdisciplinary Group in Educational Technology]
- B.11) Electrical Engineering (EE)
[Department of Electrical Engineering]
- B.12) Energy Science & Engineering (EN)
[Department of Energy Science & Engineering]
- B.13) Environmental Science and Engineering (EV)
[Centre for Environmental Science & Engineering] (CESE)
- B.14) Geoinformatics & Natural Resources Engineering (GNR)
[Centre of Studies in Resources Engineering (CSRE)]
- B.15) Humanities and Social Sciences (HSS)
[Department of Humanities and Social Sciences]
- B.16) Industrial Engineering & Operations Research (IO)
[Interdisciplinary Group in Industrial Engineering & Operations Research]
- B.17) Management (MG)
[Shailesh J. Mehta School of Management]
- B.18) Mathematics (MA)
[Department of Mathematics]
- B.19) Mechanical Engineering (ME)
[Department of Mechanical Engineering]

- B.20) Metallurgical Engineering and Materials Science (MM)
[Department of Metallurgical Engineering and Materials Science]
- B.21) Nanotechnology & Science (NT)
[Centre for Research in Nanotechnology & Science (CRNTS)]
- B.22) Physics (PH)
[Department of Physics]
- B.23) Policy Studies (PS)
[Centre for Policy Studies]
- B.24) Systems & Control Engineering (SC)
[Interdisciplinary Group in Systems & Control Engineering]
- B.25) Technology and Development (TD)
[Centre for Technology Alternatives for Rural Areas(CTARA)]
- B.26) Urban Science & Engineering (US)
[Centre for Urban Science & Engineering (C-USE)]

C) APPENDICES

- C.1) Fees and Deposits
- C.2) Sponsorship letter for full-time candidates
- C.3) Employer's Letter in case of candidates joining Ph.D. programme on Study Leave
- C.4) Sponsorship Certificate for External Registration
- C.5) No Objection Certificate for College Teacher
- C.6) Statement of Purpose for Ph.D. Application (SoP)

I. Important Guidelines for Ph.D. Application

- 1 Please read the instructions given in the brochure carefully before filling up the application form.
- 2 **Online** Application Form & Information Brochure (including the admission schedule along with the important dates) is available on the Institute website at the following link.
<http://www1.iitb.ac.in/newacadhome/phd.jsp>.

You are required to submit the application **ONLINE**. No Downloadable Forms will be available. After filling the form, you are advised to take a print of your application and keep the same for the record.

- 3 The application fee is as follows,

| | |
|-------------------------------|-------------|
| Women candidates | : Rs. 150/- |
| SC/ST/PwD category candidates | : Rs. 150/- |
| All other candidates | : Rs. 300/- |

The fee is to be paid by Debit Card / Credit Card / SBI Internet Banking / Online Payment System and you do not have to submit the printed copy of the application. **Applications without online payment details will not be considered.**

APPLICATION FEE IS NON-REFUNDABLE.

- 4 You can apply for up to **THREE** disciplines/specialisations.
- 5 (i) Along with your application, you have to submit a Statement of Purpose for all academic units.
(ii) If you are applying to Management (SJMSOM), you are required to submit research proposal (1500 words) on a topic of your research interest in place of Statement of Purpose. The proposal should contain (a) problem identification, (b) brief review of literature, and (c) proposed methodology.
(iii) If you are applying to Department of Humanities & Social Sciences, Policy Studies, CTARA or CSRE, you need to upload Statement of Purpose as well as a research proposal along with the application form. The Research Proposal for applying to Policy Studies, Technology & Development (CTARA) should contain (a) problem identification, (b) brief review of literature and (c) proposed methodology. The SOP for CSRE should refer to one or more topics of interest FROM THE LIST of topics announced on CSRE webpage <http://www.csre.iitb.ac.in>.
(iv). Candidates applying to IDC are required to submit a SOP along with a 1500 word proposal that should specify (a) research area (b) brief review of literature and (c) methodology. The candidates have also to submit a recent work or paper related to their area of research.
- 6 You should complete the application form in all respects. Incomplete application will not be considered.
- 7 You **MUST** upload the following while submitting the Ph.D. Application.
 - Scanned version of photograph.
 - Scanned version of signature.
 - Mark-sheet of the last semester/ Consolidated mark-sheet of the qualifying degree. Result awaited candidates have to upload their latest/previous semester mark-sheet.
 - Caste Certificate (OBC-NC/SC/ST), if applicable. An affidavit for having applied in case the certificate is not yet received.
 - PwD Certificate, if applicable.
 - Sponsorship certificate, if applicable.
 - Statement of Purpose (SoP), a sample of writing (if applicable), research proposal (if applicable), as a single file irrespective of the number of disciplines/specialisations.

- 8 The limit of annual income for OBC-NC is Rs. 6 lakhs. The OBC-NC certificate issued for the financial year for 2016-17 by the Competent Authority in the prescribed format must be uploaded in the ONLINE application and submitted at the time of admission.
- 9 Seats are reserved for Other Backward class-Non-Creamy layer(OBC-NC)/Scheduled Caste (SC)/Scheduled Tribe (ST) /Person with benchmark disability (PwD) category, as per Government of India rules.
- 10 You should check the Institute website for results / important announcements.
- 11 You should check emails sent to the email address provided in your application for all important communications and announcements.
- 12 Candidates called for written test/interview should bring with them (i) Photo ID Card, (ii) Printed copy of the application submitted online, (iii) Thesis / dissertation / report / publications (iv) copy of certificates and mark-sheets.
- 13 Candidates having degree from foreign universities should submit equivalence certificate from Association of Indian Universities (AIU), New Delhi for qualifying Exam and proof of having First class or 60% (55% for SC/ST) marks or equivalent in qualifying examination.
- 14 Students must submit self-attested copies of his/her qualifying degree certificate / final transcripts on or before **September 30, 2017 (admitted in Autumn Semester)/January 30, 2018 (admitted in Spring Semester)**, failing which, admission will stand cancelled.

II) Schedule of Ph.D. Admission - Application form throughout the year

(A) Important Dates: {AUTUMN SEMESTER}

| No | Particulars | Dates |
|-----|--|---|
| 01. | Advertisement (in all leading Newspapers and on website) | March 19, 2017 |
| 02. | Available of online application forms mode | March 29, 2017 |
| 03. | Last date for submission of completed application forms | April 18, 2017 |
| 04. | Last date for Departments to send the list of candidates to be called for Written Test/Interview (for other categories) except TA/RA | April 21, 2017 |
| 05. | To display the list of candidates called for <u>Entrance Test and/or Interview</u> | April 24, 2017 |
| 06. | <u>Date of Entrance Test and/or Interview (for all categories)</u> | |
| | Climate Studies, | May 04, 2017 (Written Test and Interview) |
| | Electrical Engineering, | May 4, 2017 (Written Test) May 5 & 6, 2017 (Interview) |
| | Chemical Engineering. | May 5, 2017 (Written Test) May 5, 6 & 7, 2017 (Interview) |
| | Systems & Control Engineering | May 5, 2017 (Written Test) May 6, 2017(Interview) |
| | Mechanical Engineering, | May 8, 2017 (Written Test) May 9, 2017 (Interview) |
| | Civil Engineering | May 8 & 9, 2017 (Written Test and/or Interview) |
| | Mathematics, Physics, Earth Sciences | May 9, 2017 (Written Test) May 9 & 10, 2017 (Interview) |
| | Biosciences & Bioengineering | May 9, 10 & 11, 2017 (only Interviews) |
| | Chemistry | May 9,10 & 11, 2017 (Interview) |
| | Humanities & Social Sciences | May 9 & 10, 2017 (Written Test and/or Interview) |
| | Aerospace Engineering, Metallurgical Engineering & Materials Science, | May 9, 2017 (Written Test) May 10 & 11,2017 (Interview) |
| | Energy Science & Engineering | May 10, 2017 (Written Test) May 10 & 11, 2017 (Interview) |
| | IE&OR | May 9, 2017 (Written Test) May 9 & 10 ,2017(Interview) |
| | Environmental Science & Engineering, | May 10, 2017 (Written Test and/or Interview) |
| | Computer Science & Engineering, | May 11 & 12, 2017 (Written Test and/or Interview) |
| | Centre for Technology Alternatives for Rural Areas, Educational Technology | May 11, 2017 (Written Test and Interview) |

| | | | |
|-----|---|--|------------------------------|
| | Centre of Studies in Resources Engineering, Centre for Research in Nanotechnology & Science, Centre for Urban Science and Engineering | May 12, 2017 (Written Test and/or Interview) | |
| | Shailesh J. Mehta School of Management | May 12, 2017 (Written Test and Interview) | |
| | Industrial Design Centre | May 11 & 12, 2017 (Presentation and Interview) | |
| | Policy Studies | May 13, 2017 (Written Test and Interview) | |
| 07. | Recommendations from Heads of Dept/School/ Centre/ID groups to reach Academic Office | 15 th to 18 th May, 2017 | |
| 08. | Declaration of Result/Payment of fees | Result Announcement | Last date of payment of fees |
| | 1 st offer | May 25, 2017 | May 31, 2017 |
| | 2 nd offer(if required) | June 08, 2017 | June 15, 2017 |
| | Final Offer (if required) | June 22, 2017 | June 29, 2017 |
| 09 | Registration and Orientation Programme (tentative) | July 13, 2017 to July 15, 2017 | |
| 10. | Instruction begins (tentative) | July 17, 2017 | |

**TENTATIVE SCHEDULE OF ADMISSION FOR Ph.D. PROGRAMME 2017-18
{SPRING SEMESTER}**

| No | Particulars | Dates |
|------------------------------|---|---|
| 01. | Advertisement (on IITB website) | September 1, 2017 |
| Mode of Application : Online | | |
| 02. | Availability of application forms | September 1, 2017 |
| 03. | Last date for submission of completed application forms for Spring Semester | October 16, 2017 |
| 04. | Last date for Departments to send the list of candidates for Written Test/Interview | October 23, 2017 |
| 05. | To display the list of candidates called for <u>Entrance Test and/or Interview</u> | October 27, 2017 |
| 06. | Date of Entrance Test and/or Interview (for all categories) | |
| | Electrical Engineering, | November 30, 2017 (Written Test) December 1 & 2, 2017 (Interview) |
| | Aerospace Engineering, Civil Engineering, Computer Science and Engineering, Earth Sciences, Energy Science & Engineering Mathematics, Mechanical Engineering, Metallurgical Engineering & Materials Science, Physics, | December 1, 2017(Written Test) December 1 & 2, 2017 (Interview) |
| | Biosciences & Bioengineering | December 1, 2 & 3, 2017 (Interviews) |
| | Chemical Engineering. | December 1 & 2, 2017 (Written Test/ Interview) |
| | Chemistry | December 1, 2 & 3, 2017(Interview) |

| | | |
|-----|--|---|
| | Systems & Control Engineering, | November 30, 2017 (Written Test) December 1, 2017 (Interview) |
| | Humanities & Social Sciences | December 5 & 6, 2017 (Written Test & Interview) |
| | Industrial Engineering & Operations Research, Climate Studies | December 4, 2017 (Written Test and/or Interview) |
| | Shailesh J. Mehta School of Management | December 4, 2017 (Written Test and Interview) |
| | Centre of Studies in Resources Engineering, Centre for Research in Nanotechnology & Science, Centre for Technology Alternatives for Rural Areas, Environmental Science & Engineering, Centre for Urban Science and Engineering | December 5, 2017 (Written Test and/or Interview) |
| 07. | Recommendations to reach Academic office | December 11, 2017 |
| 08. | Declaration of Result | December 15, 2017 |
| 09. | Payment of fees on or before | December 22, 2017 |
| 10. | Registration and Orientation Programme (tentative) | January 1, 2018 to January 3, 2018 |
| 11. | Instruction begins (tentative) | January 4, 2018 |

Results will be declared on IIT website: <http://www.iitb.ac.in/newacadhome/phd.jsp>.

The dates given above are tentative. Any changes in the dates will be indicated on the website.

PS : GATE 2017 qualified candidates may apply after the GATE 2017 results are announced and uploaded on the Institute Admission ONLINE application portal.

A) GENERAL

A.1) THE INSTITUTE

The Indian Institute of Technology Bombay (IIT Bombay) is one of the higher Institutes of Technology in the country set up with the objectives of making available facilities for higher education, research and training in various fields of Science and Technology. The Institute was established in 1958. It is located at Powai in a campus extending over 220 hectares amidst picturesque surroundings with Vihar and Powai lakes on either side.

At present, Undergraduate (B.Tech.), Postgraduate (M.Tech.) and Doctoral (Ph.D.) programmes are offered by the Departments Aerospace Engineering, Chemical Engineering, Civil Engineering, Computer Science and Engineering, Earth Sciences, Energy Science & Engineering, Electrical Engineering, Mechanical Engineering and Metallurgical Engineering and Materials Science. Interdisciplinary groups in Industrial Engineering & Operations Research and Systems and Control Engineering offer M.Tech. and Ph.D. Programmes. A Ph.D. Programme in Climate Studies is offered by the corresponding group.

The Industrial Design Centre offers a 2-year M.Des. Programme in Industrial Design, Visual Communication, Animation, Interaction Design, Mobility and Vehicle Design and a Ph.D. Programme in Design. M.Sc. and Ph.D. programmes in Applied Geology and Applied Geophysics, Chemistry, Mathematics, Physics, M.Sc. Programme in Applied Statistics and Informatics are offered by the respective Departments. The Department of Physics also offers a 4-year B.Tech. Programme in Engineering Physics. The Humanities and Social Sciences Department offers doctoral programmes and a 2-year M.Phil programme. The Centre of Studies in Resources Engineering (CSRE) offers a 2-year M.Tech. Programme in Geoinformatics & Natural Resources Engineering and doctoral programmes. The Departments of Physics, Energy Science and Engineering, Centre for Environmental Science and Engineering are also offering dual-degree M.Sc.+Ph.D programmes and their admissions are through JAM. CTARA offers M.Tech. in Technology and Development and a Ph.D. Programme. Ph.D in Nano Technology is offered by CRNTS. Cross-departmental M.Tech. programme in Materials, Manufacturing & Modeling (MMM) is offered jointly by the Departments of Mechanical Engineering, Met. Engineering & Mat. Sci. and Mathematics. The Shailesh J. Mehta, School of Management offers a 2-year Master of Management programme, doctoral programme and Executive Master of Business Administration (EMBA) in collaboration with Washington University in St. Louis. The Department of Biosciences and Bioengineering offers M.Sc. and Ph.D. programmes in Biotechnology, M.Tech. and Ph.D. programmes in Biomedical Engineering and Dual-Degree M.Sc.+Ph.D. Programme in Biotechnology. The Centre for Urban Science & Engineering (C-USE) offers Ph.D. Programme in Urban Science & Engineering. The Institute also has dual-degree M.Tech.+Ph.D. programmes in several disciplines. New Ph.D. Programme in Policy Studies has been introduced from the year 2017.

The Institute on an average admits 1202 candidates for the Undergraduate programmes and 1598 candidates for different Postgraduate and Doctoral programmes every year. Students from Bangladesh, Egypt, Ethiopia, Fiji, Iran, Iraq, Pakistan, Jordan, Mauritius, Malaysia, Nepal, Palestine, Sri Lanka, Vietnam and Yemen are also undergoing training in various programmes. In addition to these academic programmes, the Continuing Education Programme (CEP) organizes short, intensive courses in specialized topics both for practicing engineers as well as for teachers from engineering colleges; and also conducts seminar and conferences on current scientific and technological developments. Further, teachers from various engineering colleges also join Institute for the postgraduate and doctoral programmes. under Quality Improvement Programme (QIP).

A.2) RESEARCH FACILITIES

All the Academic Units of the Institute have well equipped research laboratories and workshop facilities. In addition, there are a number of central facilities such as Central Workshop, Central Library and Computer Centre. The Central Library has more than 3 lakhs books, a large collection of back volumes of periodicals, standard specifications and other literature. It subscribes to over 1500 current journals in Science, Engineering, Humanities and Social Sciences. The Computer Centre provides high-end networked computing facilities.

The Institute has many research collaborations with leading universities in USA, Europe, Japan, and other East Asian countries. As part of these collaborations, the postgraduate students get opportunities to carry out joint research projects with faculty and students from them.

The location of IIT Bombay, in close proximity to several leading R&D Centers and major industrial establishments, offers excellent opportunities to interact with them and plan research programmes in collaboration with them. The Industrial Research and Consultancy Centre (IRCC) coordinates collaborative projects with industry and other research organizations such as BARC, TIFR and CSIR labs. The Institute is actively collaborating with several organizations of other countries on a bilateral basis.

A.3) STUDENTS AMENITIES

The Institute is fully residential and has 16 hostels for students. Each hostel is an independent entity with its own mess facilities, recreation areas, etc. However students may be permitted to have their own arrangements for accommodation outside campus. Some flatlets are available for married research scholars.

Extra-curricular activities are provided by the Students' Gymkhana. These activities include Sports, Cultural programmes and Social Service. Various clubs of the Gymkhana encourage individual talents of students in hobbies such as painting, modeling, music, photography, aeromodelling and fabrication of electronic devices. A swimming pool is an additional facility. A well-planned Student Activities Centre (SAC) routinely organizes several vibrant extra curricular events.

A.4) Ph.D. PROGRAMME

With extensive infrastructural facilities and a sound research base, the Institute offers Ph.D. programme in a wide range of areas in Engineering, Sciences and Humanities & Social Sciences. The broad objectives of the Ph.D. programme are to contribute to expanding the frontiers of knowledge and to provide research training.

The academic programme leading to the Ph.D. degree is broad-based and involves a course credit requirement and a research project leading to thesis submission. The Institute also encourages research in interdisciplinary areas through a system of joint supervision and interdepartmental group activities. The Institute undertakes sponsored research and development projects from industrial and other organizations in public as well as private sector.

Facilities for research work leading to the Ph.D. degree are available in the departments of Aerospace Engineering, Biosciences and Bioengineering, Chemical Engineering, Chemistry, Civil Engineering, Computer Science and Engineering, Earth Sciences, Electrical Engineering, Energy Science & Engineering, Humanities and Social Sciences, Mathematics, Mechanical Engineering, Metallurgical Engineering and Materials Science, Physics, Industrial Design Centre, Centre for Environmental Science & Engineering, Centre of Studies in Resources Engineering, Centre for Research in Nanotechnology & Science and Centre for Technology Alternatives for Rural Areas, Centre for Urban Science and Engineering, Interdisciplinary Groups in Climate Studies, Educational Technology, Industrial Engineering & Operations Research and Systems & Control Engineering and in Shailesh J. Mehta School of Management.

A.5) ELIGIBILITY CRITERION FOR PH.D. ADMISSION

A.5.1) General eligibility criterion for Admission in all academic units : Departments, Centres, Schools and Interdisciplinary Groups

ONE of the following in appropriate subject areas:

1) Master's Degree in Engineering/Technology or equivalent degree, with First class or 60% marks (55% marks for SC/ST) as described later in A.5.4.

2) One of the following:

- (i) Bachelor's degree in Engineering/Technology with First class or 60% marks (55% marks for SC/ST) as described later in A.5.4.
- (ii) Master's degree in Science or equivalent degree, with First class or 60% marks (55% marks for SC/ST) as described later in A.5.4.
- (iii) Master's degree in Arts/Commerce or equivalent degree in allied subjects with a minimum of 55% marks (50% for SC/ST), only for admission to the Ph.D. programmes offered by the Industrial Design Centre and Department of Humanities & Social Sciences.

Such candidates must also fulfill ONE of the following additional requirements:

- i. Valid GATE/CEED Score.
- ii. Junior Research Fellowship (JRF) of CSIR/UGC/NBHM/DBT/ICAR/ICMR/ICPR or DST INSPIRE Fellowship.
- iii. Candidates having UGC-NET Lectureship (LS) are also eligible for Teaching Assistantship in addition to other academic qualifications in Humanities & Social Sciences Department.
- iv. Minimum of 2 years of professional experience (acquired after obtaining the qualifying degree and completed before the starting of the semester in which admission is sought).

In addition to the general eligibility criterion, the applicant must satisfy the eligibility criteria specified for the respective Departments / Centres / Schools / Interdisciplinary Groups. Further, the eligibility criteria for financial support for specific category has to be satisfied.

Candidates are informed that an ongoing degree may also be considered as a qualifying degree provided by the applicant graduates before the Ph.D. programme starts.

A.5.2) Requirements for Teaching Assistantship (TA/TAP), Research Assistantship (RA/RAP) and Project Staff (PS)

TA/TAP/RA/RAP category (as described later): Candidates with Master's Degree in Engineering/Technology or equivalent degree are eligible for admission under these categories without valid GATE score. Candidates without Master's Degree in Engineering / Technology or equivalent degree are required to have either a valid GATE score or JRF of UGC / CSIR / NBHM / DBT or DST INSPIRE fellowship.

PS category (as described later): In addition to meeting the eligibility criteria for admission, the candidates should have 6 months of service (before the starting of the semester in which admission is sought) in sponsored projects at the Institute. In case of students with B.Tech./M.Sc. or equivalent degree and without GATE score, the six month project experience may be counted as part of two-year professional experience.

A.5.3) Admission for IIT B.Tech. degree holders

Candidate having an B.Tech. Degree from IITs and having a CGPA/CPI score of 8.00 (on 0-10 scale) and above are exempted from requirement of GATE qualification. They may be admitted to M.Tech. Programme under TA/RA positions through written test and/or interview.

A.5.4) Requirement of First Class/60% for PG admissions at IIT Bombay

For general category candidates and/or for candidates where no concession in academic performance is called for, the First Class/60% in the qualifying degree examination as the eligibility requires meeting ANY ONE of the following criteria :

- (1) a minimum of 60% marks in the final academic year of the programme.
- (2) a minimum of 60% marks in aggregate or as specified by the university (any one of them).
- (3) a First Class as specified by the university.
- (4) a minimum Cumulative Grade Point Average (CGPA) or Cumulative Performance Index (CPI) of 6.0 on the scale of 0-10; with corresponding proportional requirements when the scales are other than on 0-10,(for example, 4.8 on a scale of 0-8).

For SC/ST category candidates, the corresponding criteria are :

- (1) a minimum of 55% marks in the final academic year of the programme.
- (2) a minimum of 55% marks in aggregate or as specified by the university (any one of them).
- (3) a First Class as specified by the university.
- (4) a minimum Cumulative Grade Point Average (CGPA) or Cumulative Performance Index (CPI) of 5.5 on the scale of 0-10; with corresponding proportional requirements when the scales are other than on 0-10, (for example, 4.4 on a scale of 0-8).

A.6) APPLICATION CATEGORIES AND FINANCIAL SUPPORT

The Institute admits Ph.D. candidates under the following categories:

FULL-TIME RESEARCH SCHOLAR

- i Teaching Assistantship (TA)
- ii Teaching Assistantship through Project (TAP)
- iii Govt./Semi Govt. Fellowship Award (FA: QIP, CSIR, UGC, DAE, DST, DBT, NBHM, etc.)
- iv Sponsored Candidates (SW)
- v Self-Financed, including those on Study Leave (SF)
- vi Foreign Nationals with Indian Council for Cultural Relation Award (ICCR)
- vii Self-Financed Foreign Nationals (FRN-SF)
- viii Foreign Nationals with Teaching Assistantship (FRN-TA)

PART-TIME RESEARCH SCHOLAR

- i Institute Staff of IIT Bombay (IS)
- ii Project Staff of IIT Bombay (PS)
- iii Research Assistantship (RA)
- iv Research Assistantship through Project (RAP)
- v External candidates sponsored by recognized R & D organizations (EX)
- vi College Teacher: Candidates working in Colleges / Educational Institutes (CT)

A.6.1) Teaching Assistantship (TA)

Students under this category are entitled to financial support as per MHRD norms.

- i. For students with M.Tech./M.E. or equivalent degree as the qualifying degree, the assistantship is payable for a maximum duration of 5 years or up to the thesis submission, whichever is earlier. At present, the monthly rate of assistantship is Rs. 25,000/- for the first 2 years and enhanced rate of Rs. 28,000/- for the remaining period.
- ii. For students with B.Tech./B.E. or equivalent degree and students with M.Sc./M.A./M.Com. or equivalent as the qualifying degree and having valid GATE score or having Junior Research fellowship (JRF) of UGC/CSIR/NBHM/DBT or DST INSPIRE fellowship, the assistantship is payable for a maximum duration of 5 years or up to the thesis submission, whichever is earlier. At present, the monthly rate of assistantship is Rs. 25,000/- for the first two years and enhanced rate of Rs.28,000/- for the remaining period.
- iii. Students in SJMSOM with M.B.A. as the qualifying degree and with B.Tech./B.E. or equivalent degree, the assistantship is same as in (i) above. For other students the amount is as in (ii) above.
- iv. To get Teaching Assistantship, the students concerned must assist in teaching or research, as assigned by the respective Academic Unit to the extent of 8 hours of work per week.
- v. The continuation of the assistantship will be subject to satisfactory performance of the duties assigned by the Academic Units as well as satisfactory academic performance.
- vi. Employees on the rolls (with or without pay) of any organization are not eligible for admission under this category.

As per MHRD directives, the employees of any organizations with or without pay are not eligible for admission under TA category. Such candidates may be considered under SW/SF category, if found suitable. Students getting assistantships from the Institute may join projects sponsored by external agencies and obtain corresponding fellowships in lieu of TA ship.

A.6.2) Teaching Assistantship Through Project (TAP)

The students under this category receive financial support from sponsored projects. Only some disciplines have TAP seats. The candidates do not have to indicate their preference for TAP separately. The rate of stipend may be same or higher than the TAship. The admission procedure and other requirements are same as applicable to TA.

A.6.3) Fellowship Award (FA)

These students are financially supported under various Govt. / Semi Govt. schemes (CSIR, UGC, DAE, DST, DBT, NBHM, etc.) and some other organizations. The admission procedure and other requirements are same as applicable to TA.

A.6.4) Sponsored Candidate (SW)

These students are sponsored by their employers for doing research work in the Institute. They are expected to be released for full-time course work and research at the Institute for a minimum period of three years. They will not receive any financial support from the Institute. Sponsorship letter (**Appendix C.2**) should be submitted at the time of written test and/or interview.

A.6.5) Self-Financed Indian Nationals, including those on Study Leave (SF)

This category refers to persons who are admitted through the usual admission procedure but are not eligible for financial support from the Institute. Such students are not entitled for hostel accommodation on campus. If admitted, these students have to complete their programme within the prescribed time without any financial support from the Institute.

This category also includes the students who are released from Governmental or educational institutions on study leave for a period not less than three years for doing research work at the Institute. Employer's Letter for Study Leave (**Appendix C.3**) should be produced at the time of joining, if selected.

A.6.6 Self-Financed Foreign Nationals (FRN-SF)

Foreign Nationals applying under Self-financed (FRN-SF) category should visit the following link for Foreign Students on the website of the IIT Bombay International Relations Office:
<http://www.iitb.ac.in/academic/toadmission.jsp>

A.6.7) Foreign Nationals with Indian Council for Cultural Relations Award (ICCR)

These students are sponsored by their Governments and awarded scholarship by them. They should apply for admission through Indian Embassy in their country.

A.6.8) Institute Staff of IIT Bombay (IS)

This category is for the persons employed as Institute Staff at IIT Bombay.

- (i) The candidate should have been employed as Institute Staff for at least 2-years (before the starting of the semester in which admission is sought).
- (ii) The concerned academic unit will shortlist the eligible candidates. Admission will be on the basis of written test and interview as applicable to the concerned programme.
- (iii) If selected, the permanency or otherwise of the candidate will not come in the way of admission process.
- (iv) If an employee admitted under this category is not serving as Institute Staff while pursuing the degree, then he/she cannot continue under the IS category but may be considered under the SF category.

- (v) The shortlisted candidates should produce a letter of recommendation from the Head of the Department at the time of interview.

A.6.9) Project Staff (PS)

This category refers to candidates employed at IIT Bombay and working on sponsored projects undertaken by the Institute and admitted to the Ph.D. programme, if the duration of the Project at the time of admission is 3 years or more.

In addition to meeting the eligibility criteria for admission, the candidates should have 6 months of service (before the starting of the semester in which admission is sought) in sponsored projects at the Institute. In case of students with B.Tech./M.Sc. or equivalent degree and without GATE score, the six month project experience may be counted as part of two-year professional work experience.

The shortlisted candidates should produce a letter of recommendation from the Principal Investigator of the sponsored project at the time of interview.

A.6.10) Research Assistantship (RA)

Depending upon the requirements, each Academic Unit may induct ONE Research Assistant every year. The candidates under this category are eligible for Research Assistantship based on the following norms :

- i. For students with M.Tech./M.E. or equivalent degree as the qualifying degree, the assistantship is payable for a maximum duration of 5 years or up to the thesis submission, whichever is earlier. At present, the monthly rate of assistantship is Rs. 28,000/- for the first two years and enhanced rate of Rs. 31,500/- for the remaining period.
- ii. For students with B.Tech./B.E./ or equivalent degree and students with M.Sc. / M.A. / M.Com. or equivalent as the qualifying degree and having valid GATE score or having Junior Research fellowship (JRF) of UGC / CSIR / NBHM / DBT or DST INSPIRE fellowship, the assistantship is payable for a maximum duration of 5 years or up to the thesis submission, whichever is earlier. At present, the monthly rate of assistantship is Rs.28,000/- for the first two years and enhanced rate of Rs. 31,500/- for the remaining period.
- iii. Students in SJMSOM with M.B.A. as the qualifying degree and with B.Tech./B.E. or equivalent degree, the assistantship is same as in (i) above. For other students the amount is as in (ii) above.
- iv. Ph.D. Research Assistants have to look after the laboratories and also assist in teaching or research or other work assigned by the respective Academic Unit. They are required to work for about 20 hours a week.
- v. The continuation of the assistantship will be subject to satisfactory performance of the duties assigned by the Academic Units as well as satisfactory academic performance.
- vi. Employees on the rolls (with or without pay) of any organization are not eligible for admission under this category.

A.6.11) Research Assistantship Through Project (RAP)

The candidates under this category will be considered for Assistantships supported under Sponsored Research Project being carried out at the Institute. The admission eligibility criteria are the same as for TA. Only some disciplines have RAP seats. The candidates do not have to indicate their preference for RAP separately.

A.6.12) External (EX)

The candidates employed in recognized R&D organizations and desirous of pursuing Ph.D. programme while in employment may apply for admission as external candidates. After fulfilling the coursework requirement at the Institute, these candidates will be allowed to register for Ph.D. with a Supervisor (internal) from the Institute and a Co-supervisor (external) from their parent organization where they will be doing the research work. The admissions are based on the following norms:

- i. The competence of these candidates will be assessed along with the regular candidates.

- ii. The candidate should submit at the time of application, a Sponsorship Certificate (**Appendix C.4**) from the organization in which he / she is employed giving an undertaking that the candidate would be released from the normal duties to fulfill the coursework requirement (and qualifier examination, if applicable). The certificate should also provide details of facilities relevant to the research programme and available to the candidate.
- iii. The candidate is required to be at the Institute as a full-time student for the coursework (and qualifier examination, if applicable) of his/her Ph.D. Programme. The coursework requirement is likely to be a period of 1-2 semesters. Depending on the student's background and the programme requirements, an additional semester may be needed to complete the coursework/qualifier examination.
- iv. To promote interaction between the internal supervisor and external co-supervisor, meeting between them should be arranged at least once in a year in the Institute or in the sponsoring organization.
- v. The Ph.D. registration of an external candidate would be reviewed at the end of each year from the date of registration in terms of his progress in courses / seminars / approved research programme by a Research Progress Committee (RPC) nominated by the concerned Department Postgraduate Committee (DPGC).
- vi. The option of external registration is for applicants who are working in well-equipped scientific institutions, laboratories, R&D establishments and industrial organizations engaged in research based activities. Persons working in colleges/universities are not eligible under this category (they may apply under CT).
- vii. **At the time of joining the programme, the students will have to produce a “Relieving certificate” from his / her employer that he / she has been fully relieved from normal duties during the semester(s) to complete the course work and other academic work at IIT Bombay.**

A.6.13) College Teacher (CT)

The candidates employed as faculty members in Colleges and Universities and desirous of pursuing Ph.D. Programme while in employment and without availing study leave may apply for admission under this Category. The admissions are based on the following norms:

- i. The competence of these candidates will be assessed along with the regular candidates.
- ii. The candidate should submit at the time of application, a “NO OBJECTION CERTIFICATE (NOC)” (**Appendix C.5**) from the College/University in which he / she is employed giving an undertaking that the candidate would be relieved from the normal duties to fulfill the coursework requirements (and qualifier examination, if applicable).
- iii. The candidate is required to fulfill the coursework requirement (and qualifier examination, if applicable) of his/her Ph.D. Programme which is likely to be a period of 1-2 semesters. Depending on the student's background and the programme requirements, an additional semester may be needed to complete the coursework/qualifier examination.
- iv. After fulfilling the coursework requirements (and qualifier examination, if applicable), these candidates will be allowed to register for Ph.D. with a Supervisor (internal) from the Institute and a Co-supervisor (external) from their parent organization. Appointment of external co-supervisor is optional based on recommendations of the supervisor and respective DPGC.
- v. Candidates admitted under this category will be treated on par with SF category as far as payment of fees and deposits are concerned.
- vi. Place for research will be treated as IIT Bombay even though candidate may be carrying out part of the work at their Institute. These candidates are required to be available with the Supervisor (internal) for interaction during weekends, holidays and vacations.

A.7) ADMISSION PROCEDURE

Admission is offered on the basis of an interview held usually a month before the commencement of the semester for which admission is sought. The interview may be supplemented by a written test, if necessary. Merely satisfying the general eligibility criterion as well as criterion set for each admission category is no guarantee for being called for test/interview. Depending on the number of applications received and considering the constraints of time and other resources for conducting Written Test and Interview, the Academic Units may put additional academic performance based shortlisting criterion.

Candidates called for the written Test/Interview under Teaching Assistantship (TA) category, only candidates belonging to SC/ST and PwD categories will be paid single second class return railway fare by the shortest route (as per rules) from their place of residence to the Institute. They have to produce evidence (Original/Photocopy of Railway Ticket) in support of their claim. A candidate called for more than one discipline, can submit only one claim.

A.8) PAYMENT OF FEES AND DEPOSITS

Various fees and deposits for the programme are given in **Appendix C.1**.

A.9) REGISTRATION FOR THE PH.D. DEGREE

After a candidate has been admitted to the Institute, he/she has to make an application on a prescribed form for registration for the Ph.D. degree. This application will be considered by the Departmental Postgraduate Committee (DPGC) which will make appropriate recommendations to the Senate regarding (a) the course work prescribed for the candidate and (b) the date of registration.

The period of validity of Ph.D. registration for all candidates is FIVE/SIX years from the date of confirmation of registration (Registration is confirmed as per rules, after successfully completion of course credit requirements).

A.10) CONFIRMATION OF REGISTRATION

All Ph.D. Admissions are provisional until the "Confirmation of Registration" is completed. This confirmation takes place after six months to a year after admission, and only if academic performance criterion set by the department is met. Some academic units (departments / interdisciplinary groups / centres / schools) prescribe a qualifier examination for the Ph.D. Programme. These must be completed successfully prior to confirmation of registration. Failure to meet satisfactory performance criterion may lead to termination of studentship.

Ref.: Rules & Regulations for Ph.D. Programme, <http://www.iitb.ac.in/academichome/rules.jsp>

A.11) SUBMISSION OF THESIS AND AWARD OF DEGREE

Subject to fulfilling the course credit requirements and other conditions as may be laid down from time to time, the candidate may submit the Ph.D. thesis after two years from the date of registration (3 years for external candidates). The thesis is examined by two/three referees from outside the Institute. The Senate examines the reports of the referees and on acceptance of the thesis, appoints a Board of Examiners to conduct a *viva-voce* examination at which a candidate is required to defend the thesis. On the basis of the report of the Board of Examiners, the Senate decides the student's eligibility for award of the degree of Doctor of Philosophy.

B) INFORMATION ON DEPARTMENTS, CENTRES, SCHOOLS AND INTERDISCIPLINARY GROUPS

In addition to the eligibility requirements as given in A.5, the candidate should also fulfill the requirements for admission in the disciplines and specialisations of their choice.

B.1) AEROSPACE ENGINEERING (AE) [Department of Aerospace Engineering]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

(i) M.Tech./M.E. or equivalent degree in Aerospace Engineering OR in other branches of engineering relevant to the research areas in the department.

(ii) B.Tech./B.E. or equivalent degree in Aerospace Engineering OR in other branches of engineering relevant to the research areas in the department,

OR

M.Sc. or equivalent degree in Mathematics OR Physics OR in other specializations relevant to the research areas in the department.

Candidates are advised to visit the department web page <http://www.aero.iitb.ac.in> and contact individual faculty member for available research topics and the corresponding background expected of the candidates. Shortlisted candidates will be called for written test and/or interview.

RESEARCH AREAS

I. Aerodynamics: Experimental Aerodynamics, Experimental Hypersonic Aerothermodynamics, Shock Waves and their applications, computational Hypersonic Aerothermodynamics, Computational Fluid Dynamics, computational Electromagnetic , Vortex and particle methods, vortex flows, Aero-acoustics, Aircraft Design, Air Transportation, Turbulence modeling and applications, Computational studies of scramjet intakes, Supersonic mixing, Computation of high enthalpy flows, plasma assisted flow control, Thermoacoustics , Morphing Aircraft, Unmanned Aerial Vehicles, and Lighter-Than- Air Systems.

II. Dynamics and Control: Flight mechanics, guidance, trajectory optimization, navigation, state and parameter estimation, tracking and control of launch vehicle , missiles, aircraft, manned and unmanned aerial vehicles, mini aerial vehicles(MAVs), satellites, multi-agent systems, nonlinear adaptive and robust flight control, integrated navigation systems, air-breathing and gas turbine engine control, swarm, path planning and formation flying of aerial vehicles, hardware-in-loop-simulation, co-operative missions for MAVs.

III. Aerospace Propulsion: Aircraft and spacecraft Propulsion, Experimental and numerical studies on detonations, Combustion instabilities , Development of new techniques for emission reduction from combustion systems, Heat Transfer, Infrared Signatures of Aerospace Vehicles, Micro-Channel cooling of Gas Turbine Blades.CFD of propulsive systems, Aerodynamic design and performance analysis of axial flow turbomachines, Flow control of turbomachines and internal duct flows, Computational Hypersonic aerothermodynamics, Turbulence modeling and applications, Computational studies of scramjet engines, Supersonic mixing and combustion, Computational studies of high enthalpy flows, Plasma assisted combustion and flow control, Thermoacoustics, Non- Equilibrium , Thermodynamic of Dissipative Structures, Entropy Generation Studies in Micro-Flows, Fuel atomization and sprays, Optical diagnostics of combustion systems.

IV. Aerospace Structures: Structural Health Monitoring, wave Propagation, Aeroelasticity, Aeroservoelasticity, Structural Dynamics & Stability, Multidisciplinary Optimization, Mechanics of Materials (Metals, Metallic Alloys and Composites), Fracture and Fatigue in material.

B.2) BIOSCIENCES AND BIOENGINEERING (BB)

[Department of Biosciences and Bioengineering]

The Department of Biosciences and Bioengineering comprises of Biosciences (BS) and Biomedical Engineering (BME) as core academic groups. Eligibility criterion and research areas for the two groups are mentioned below. Under the item No.10(b) of Application Form, the candidate should enter the groups (BS, BME) they wish to join in the order of priority.

B.2.1. Biosciences (BS)

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech. or equivalent degree in Biotechnology.
- ii. M.Sc. or equivalent degree in subjects related to Life Sciences / Physics / Chemistry OR B.Tech. in Biotechnology with one of the following:
 - a) a valid GATE score (for TA/TAP/RA/RAP)
 - b) a valid CSIR/UGC/DBT JRF or a valid ICMR JRF not linked to ICMR project (for FA)
 - d) Experience as specified earlier in A.5 and A.6 (for CT, EX, IS, PS, SF, SW)

RESEARCH AREAS

(A) Biophysics and Computational Biology: Bioinformatics, Glycobiology, Computational Biology, Protein crystallography, NMR based structural Biology, Physics of Biological system and Computational Modeling of bio-molecules, Dynamics of cytoskeletal filaments and Chromatin remodelling, physical properties of the extracellular matrix, protein folding/mis-folding, aggregation and neuro-degeneration.

(B) Biochemistry: Enzyme kinetics and enzyme secretion, microbial metabolism and regulation, aromatic hydrocarbon metabolism and genetic engineering, enzyme inhibitor design, molecular mechanisms of DNA replication, repair and packaging in double-stranded DNA viruses, Molecular Enzymology.

(C) Microbial Biology: Fungi, Viral assemblies, Bacterial Pathogenesis, Host-Pathogen Interactions, molecular parasitology.

(D) Cell Biology: Cellular Biophysics, micro-tubule dynamics, bacterial cell division, Chromosomal and extra chromosomal segregation in fungi, Neurobiology.

(E) Immunology: Molecular immunology and cell signaling, Cellular Immunity, Tumor Immunology, Cancer biomarker.

(F) Genetics and Molecular Biology: Functional Genomics, Epigenetic Regulation, Fungal Molecular Genetics.

(G) Proteomics, System Biology and Biomarkers of infectious diseases.

B.2.2 Biomedical Engineering (BME)

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Biomedical Engineering, Chemical Engineering, Computer Science & Engineering, Electrical Engineering, Electronics/Telecommunications Engineering, Instrumentation Engineering, Mechanical Engineering and Engineering Physics.
OR
MBBS with MD/MS, BVSc with MVSc, BDS with MDS, BPTTh with MPTh, BOTTh with MOTTh.
OR
M.Pharm.

- ii. B.Tech./B.E. or equivalent degree in Biomedical Engineering, Chemical Engineering, Computer Science & Engineering, Electrical Engineering, Electronics/Telecommunications Engineering, Instrumentation Engineering, Mechanical Engineering and Engineering Physics.

OR

M.Sc. or equivalent degree in Biochemistry, Biophysics, Biotechnology, Ceramics, Chemistry, Electronics, Ergonomics, Material Science, Mathematics, Molecular Biology, Physics and Physiology.

OR

MBBS/BDS/BPTh/BOTTh/BVSc (4-year degree) or equivalent degree in appropriate branch.

OR

B.Pharm. (with entrance examination)

Applicants with qualifying degrees listed in (ii) above and seeking admission under TA/TAP/RA/RAP should have valid scores of GATE (for Engineering and Science graduates) or GPAT (for Pharmacy graduates) or AIIMS / MCI / JIPMER / PGI-Chandigarh / AFMC-Pune postgraduate entrance examinations (for medical graduates). For admission under FA category, the candidate should have a valid CSIR/UGC/DBT JRF or a valid ICMR JRF (not linked to ICMR project).

RESEARCH AREAS

- **Sensors and Devices:** Bioinstrumentation for diagnostics and therapeutics, early detection of carcinoma and tropical diseases, bioMEMS devices, Fluorescent Biosensors, Nanoengineered Sensors, Layer-by-Layer Self-Assembly, Microfluidics for biomedical applications.
 - **Biomaterials, Drug delivery and tissue engineering:** Nano-biotechnology, Design of scaffolds for tissue engineering, Controlled Release technologies, Neuroprosthetic devices including aids for the handicapped, Signal processing, Telemedicine and knowledge based systems. Microfabrication for immunotherapy.
 - **Computational physiology:** Cardiac electrophysiology and muscle mechanics, Computational Neurophysiology.
 - **Movement Neuroscience, Rehabilitation technology**
 - **Medical Optics – Optical tomography, Blood flow measurements, Computational Imaging**
-

B.3) CHEMICAL ENGINEERING (CH) [Department of Chemical Engineering]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Chemical Engineering OR in other branches of engineering with an academic background relevant with the research areas in the department.
- ii. B.Tech./B.E. or equivalent degree in Chemical Engineering OR in other branches of engineering with an academic background relevant with the research areas in the department.

OR

M.Sc. or equivalent degree in disciplines consistent with the research areas of the department.

Candidates applying to the Department of Chemical Engineering, please visit the following link for information : <http://www.che.iitb.ac.in/online/education/phd/phd-admission-information>.

RESEARCH AREAS

Process Systems Engineering: Process Simulation, Optimization, Process Integration and Scheduling, Energy Conservation and Optimal Resource Management, Artificial Intelligence and Mathematical

Modelling, Multi-scale Modelling, Systems Identification and Process Safety Analysis, Nonlinear control, fault diagnosis.

Biotechnology & Bio-Systems Engineering: Biosystems Engineering, Metabolic & Genetic Engineering, Bio-separations, Bioinformatics, Systems Biology, Drug Discovery, Enzymology, Bioprocess Development, and Food Engineering.

Materials Engineering: Polymer materials, Polymer Reaction Engineering, Polymer Processing, Polymer Physics, Polyurethane, Rubber, Polymer Rheology, Ceramics, Polymers, Biomaterials, Drug Delivery, Microscopy, Nano-composites, Statistical Thermodynamics, and Supercritical Fluids.

Catalysis & Reaction Engineering: Catalysis, Multiphase Reactions, Bio-reaction Engineering and Reactor Modelling, Process intensification & reactive distillation.

Transport, Colloids & Interface Science: Fluidization, Granular flows, Powder Mixing, Membrane Separations, Rheology of Complex Fluids, Colloids, Sol-gels, Emulsions & Foams, Paints and Coatings, Microstructural Engineering, Aerosols, Electro-hydrodynamics, Fluid Mechanics & Stability, Computational Fluid Dynamics, Heat & Mass transfer, Flow through porous media, and Microfluidics.

Energy and Environment: Climate change, Coal Gasification, Energy Integration, Green Engineering, Renewable Resources, Waste Management, Pollution Control, Air Pollution Prediction & Control and Vermiculture.

B.4) CHEMISTRY (CH) **[Department of Chemistry]**

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

M.Sc. or equivalent degree in Chemistry / Physics / Biochemistry / Biotechnology / Bioinformatics.

Candidates having CSIR/UGS (LS) (Lecturership) only are not eligible for admission to Ph.D. Programme in Chemistry.

Candidates are advised to visit the department webpage: <http://chem.iitb.ac.in> for more details on Ph.D. Admissions and research topics.

RESEARCH AREAS

- Biophysical Chemistry
 - Coordination Chemistry
 - Bio-inorganic Chemistry
 - Organometallic Chemistry
 - Bio-organic Chemistry
 - Chemistry of Natural Products
 - Synthetic Organic Chemistry
 - Photochemistry and Spectroscopy
 - Polymer Chemistry
 - Thermodynamics
 - Electrochemistry
 - Solid state Chemistry and Physics
 - Catalysis
 - Theoretical Chemistry
-

B.5) CIVIL ENGINEERING (CE)

[Department of Civil Engineering]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Civil Engineering OR in disciplines consistent with the research areas of the department
- ii. B.Tech./B.E. or equivalent degree in Civil Engineering OR in disciplines consistent with the research areas of the department

OR

M.Sc. or equivalent degree in disciplines consistent with the research areas of the department.

RESEARCH AREAS

i. Transportation Systems Engineering: Transportation Planning: Sustainable urban transportation planning, Travel survey design and analysis, Travel demand modelling, Travel behaviour and choice modelling, Transport system analysis and economic evaluation, Land use and transport planning models, Air travel demand modelling, Freight transport modelling, public transport planning and design, and Transport network modelling. Traffic Engineering: Traffic flow theory and capacity analysis, Traffic management, operations and control, Pedestrian flow modelling, Intelligent Transportation Systems, and traffic impact assessment and externalities. Highway Planning and Design: Optimal alignment design, Performance based geometric design, Road safety. Pavement Engineering: Characterization and performance tests of pavement materials, Recycled and warm mix asphalt mixes, Asphalt rheology, Constitutive modelling of pavement materials, Pavement maintenance, rehabilitation and management systems, and design and performance evaluation of concrete pavements.

ii. Geotechnical Engineering: Geotechnical earthquake engineering; Geoenvironmental engineering; Energy geotechnics; Computational geomechanics; Foundation engineering; Seismic hazard study; Liquefaction; Constitutive modelling of soil; Soil-structure interaction; Offshore geotechnical engineering; Pipeline geotechnics; Soil Characterization, Foundation for offshore structures, Bio-geo interface study; Earth dam problems; Rock Mechanics and tunnelling; Soil dynamics; Soil stabilization; Expansive soils; Earth retention structures; Slope stabilization; Ground improvement; Reinforced soil structures and geosynthetics; Physical modelling in geotechnics; Centrifuge modelling of geotechnical problems; Optimization techniques and environmental geotechnics; Landslides; GIS applications for geotechnical problems; Earthquake resistant design of geotechnical structures; Reliability analysis; Dynamic soil characterization; Landfills and waste containment engineering; Sea walls.

iii. Water Resources Engineering: a) *Experimental Fluid Mechanics and Computational Fluid Dynamics* - Fluid flow investigation by experimental and numerical studies, Turbulent flows, Sedimentation and erosion problems, Fluid transients in closed conduits, Pipe network analysis; b) *Groundwater Flow, Transport Process and Remediation*- Groundwater movement and recharge, Seawater intrusion in coastal aquifers, Transport of pollutant in aquifers and aquifer remediation; c) *Surface water Hydrology*: River and lake hydrodynamics, Contaminant transport process, River basin and watershed scale modelling of hydrologic processes, Hydraulic structures; d) *Floods and Droughts studies*; e) *Water Resource System and Optimization* - Reservoir operation and management; f) *Urban water management* - Urban water supply, Storm water and wastewater management, Water quality modelling; g) *Hydroinformatics* - GIS and remote sensing applications in water resources, Use of Artificial Intelligence Techniques; h) *Simulation*- optimization for water resources environmental engineering problems; i) *Climate change and Impact Studies* - Detection and attribution of hydrologic change; Modelling of hydroclimatic extremes, Hydrologic statistics

iv. Structural Engineering: Computational Mechanics; Finite element techniques; Composite materials and mechanics; Reinforced and prestressed concrete structures; Steel structures; Strength, stability and dynamics of thin membranes; Plates and shells; Structural optimization; Structural resilience, Structural response to blast, impact and shock loading; Pressure vessels; Reliability analysis; Seismic vulnerability and fragility assessment of structures; Bridge engineering; Machine learning; Probabilistic

design methods; Curved grid; Cable networks; Plastic analysis techniques; Structural dynamics; Earthquake engineering; Earthquake disaster management; Vibration control of structures; Wind effects on structures; Inverse problems and artificial intelligence applications; Offshore structures; Shell foundation; Structural health monitoring;

v. Ocean Engineering: (a) Physical modelling – wave-structure interactions, floating body dynamics, offshore and maritime infrastructures design, nearshore dynamics, nonlinear waves and sediment transport; (b) Numerical modelling – coastal processes, tidal hydrodynamics, pollutant dispersion in coastal waters, wave-current interactions, tsunami, storms, surges and extreme events, sea level rise, climate change impacts on met-ocean parameters, oil spill dispersions, coastal erosion, shoreline changes; (c) Soft computing techniques – Application of statistical, stochastic and neural networks analysis on ocean parameters; (d) Remote Sensing and GIS – Application of RS and GIS for assessment of coastal vulnerability and nearshore processes.

vi. Remote Sensing: Development of methods and algorithms for digital analysis of Remotely Sensed Data (RSD); Remote Sensing, GIS and DTM in Hydrological Modelling; Decision Support Systems in Watershed Development; Remote sensing for Glacier Studies, Remote sensing data assimilation, Microwave remote sensing; Uncertainty modelling; Digital image processing; Fuzzy logic

vii. Construction Technology and Management: Building materials, Concrete technology; Construction management; Infrastructure project management.

B.6) CLIMATE STUDIES (CM)

[Interdisciplinary Group in Climate Studies]

The interdisciplinary programme (IDP) in Climate Studies was initiated at the Indian Institute of Technology Bombay, in January, 2012, at the doctoral level. The mission of the IDP in Climate Studies is to foster a fundamental understanding and problem centered analysis of climate change science and solutions, from local to global scales. The IDP in Climate Studies has over 24 faculty participants drawn from 9 departments, across IIT Bombay, with expertise in climate science, vulnerability assessment and adaptation and mitigation and policy. The doctoral curriculum in the IDP in Climate Studies includes an introductory course and advanced courses in two broad tracks of climate science and climate policy, on a broad range of theoretical and practical topics.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criteria, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Aerospace Engineering, Atmospheric Science, Chemical Engineering, Civil/Construction Engineering, Computer Science Engineering/Information Technology, Electrical/Instrumentation Engineering, Energy Science & Engineering, Environmental Science/Engineering/Management, Mechanical Engineering, Resource Engineering, Geoinformatics, Agricultural Engineering, Materials Engineering, Mining Engineering, or any other related Engineering discipline.
OR
M.Des./M.Arch./M.Planning or equivalent degree.
OR
M.Phil.(2-year) or equivalent degree in Social Sciences (Economics, Geography, Sociology, Planning etc.)
OR
M.Mgt./MBA or equivalent degree.
- ii. M.Sc/MA or equivalent degree in Atmospheric Science, Chemistry, Earth Science, Energy Science, Environmental Science, Geophysics, Physics, Social sciences (Economics, Geography, Sociology, Planning etc.) or any other related discipline with
valid GATE score
or CSIR/UGC JRF
or DST INSPIRE Fellowship

or Minimum of 2 years of professional experience (acquired after obtaining the qualifying degree and completed before the starting of the semester in which admission is sought).

- iii. B.E./B.Tech. or equivalent degree in Aerospace Engineering, Atmospheric Science, Chemical Engineering, Civil/Construction Engineering, Computer Science Engineering/Information Technology, Electrical/Instrumentation Engineering, Energy Science & Engineering, Environmental Science/ Engineering/Management, Mechanical Engineering, Resource Engineering, Geoinformatics, Agricultural Engineering, Materials Engineering, Mining Engineering, or any other related Engineering discipline, with valid GATE score or Minimum of 2 years of professional experience (acquired after obtaining the qualifying degree and completed before the starting of the semester in which admission is sought).

WRITTEN TEST

Shortlisted candidates will be called for a written test and interview. The syllabus for the written test and sample question papers can be found on the website of the IDP at www.iitb.ac.in/climate.

RESEARCH AREAS

i. Climate Science: Detection, attribution and prediction of climate extremes,, factors affecting the Indian monsoon, aerosol radiative processes, LES of cloud processes, causality analysis and data assimilation, impact on hydrology and water resources, climate change impact on ocean processes, ocean mixing dynamics.

ii. Vulnerability Assessment and Adaptation: Climate change impacts on cities, drivers and costs of adaptation; vulnerability analysis at national, sub-national and community levels; social & economic implications of climate change.

iii. Mitigation and Policy: Climate mitigation, strategies for low-carbon development, assessment of climate change policies and mechanisms, enhanced carbon capture systems, multi-criteria mitigation assessment.

B.7) COMPUTER SCIENCE AND ENGINEERING (CS)

[Department of Computer Science and Engineering]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

i. M.Tech./M.E. or equivalent degree in Engineering/Technology

ii. B.Tech./B.E. or equivalent degree in Engineering/Technology

OR

M.Sc. or equivalent degree in Science or MCA

Such candidates have to fulfill one of the following additional requirements:

- Valid GATE score
- CSIR / UGC / NBHM / DBT award
- Minimum of 2 years of professional work experience

WRITTEN TEST

Shortlisted candidates will be called for written test and interview. The syllabus for written test can be found on the website of the department at www.cse.iitb.ac.in > Admissions > Ph.D.

WAIVER FOR WRITTEN TEST

Eligible candidates meeting one of the following criteria may apply for a waiver of the written test:

- B.Tech. from the IITs who have graduated with a degree in Computer Science and Engineering/ Information Technology within the last five years and with a CPI/CGPA of 8/10 and above.
- Masters from the IITs/IISc who have graduated with a degree in Computer Science and Engineering/ Information Technology within the last five years and with a CPI/CGPA of 9/10 (7.2/8) and above.
- Bachelors/Masters who have passed the GATE exam in the discipline of Computer Science within the last five years and with a GATE score of 875/1000 and above.

Candidates seeking a waiver should email to pgadm@cse.iitb.ac.in expressing their interest in the waiver before the last date for submission of completed application forms. Further, their application material must contain documents providing proof of the criteria mentioned above.

Candidates for whom the waiver has been approved will be notified by email. The information will also be put up on <http://www.cse.iitb.ac.in> -> Admissions -> PhD before the interview.

INDUSTRY SPONSORED FELLOWSHIPS

Industry sponsored fellowships covering tuition fees, generous contingencies, and providing monthly stipends of approximately Rs.25,000/- per month are available to meritorious Ph.D. Students.

RESEARCH AREAS

Refer to the department web page for more information about various RESEARCH AREAS. Candidates are also encouraged to visit individual faculty member's home page to learn about his/her research interest.

i. Algorithms: Algorithms and complexity; Combinatorics and graph theory; Geometric Algorithms.

ii. Artificial Intelligence: Image Processing, Pattern Recognition and Computer Vision; Intelligent systems and their applications-tutoring systems, Natural language understanding; Machine learning and neural networks; Machine translation, Semantics Extraction; Document understanding; Cross lingual information Retrieval; Intelligent interfaces.

iii. Computer Graphics, Computer Vision and Image Understanding: Computer-aided graphics design; Multimedia; High Performance computing; Visualization; Rendering; Animation; Image and video retrieval; motion capture; point based methods.

iv. Computer Security: Performance and security of cryptographic algorithms, Design/verification of security protocols for wired and wireless communication, malware and botnet obfuscation and detection, Web application security, Trust management in P2P networks.

v. Computer Networks: Performance modeling, analysis and design of wired and wireless networks, Implementation and verification of network security protocols. Deployment, data management, communication and energy-efficiency issues in Sensor Networks, Design of content distribution networks for data dissemination, Architectures and protocols for metro optical networks, Network algorithms, Utility and Pricing models, Quality of service protocols, Mobile Computing, Voice Routing, Voice over IP, RFID networks, Enterprise networks, Access and Broadband networks.

vi. Database and Information Systems: Object oriented, temporal and parallel databases; Query optimization and transaction management; Real time databases systems, indexing multidimensional data; Wide area distributed database systems; Data dissemination systems; data warehousing and database and application security.

vii. Data Mining: Data integration models and algorithms, Graphical models, Information extraction and retrieval, Forecasting and smart e-business, Sensor and Bioinformatics data mining, Text and Web data mining. Integrated mining with relational DBMS, Temporal mining, Integrating mining with OLAP

viii. Distributed Systems: Performance Evaluation, fault tolerance and scalability issues in distributed systems; Distributed object-based systems, Programming models and runtimes for generic agents, Parallel Computing, High performance cluster computing, Distributed operating systems, Selfconfiguration using abstract performance and capacity models of distributed component based applications, Topology based problem detection and root cause isolation in enterprise environments.

ix. Formal Methods: Formal specification, design and verification of hardware and software systems including distributed systems; Logic, automata theory and their applications in reasoning about systems; Automated theorem proving; Model checking; Reachability analysis of large and infinite state spaces: exact and approximate techniques.

x. Formal Languages and Bioinspired Computing: DNA, Membrane and Quantum Computing, Combinatorics on words.

xi. Programming languages and Compilers: Theory of code optimization; Optimizing and parallelizing compilers; Analysis and implementation of functional and logic programming languages; Theory of programming languages.

xii. Real-Time and Embedded Systems: Functional Programming Applications, Reconfigurable computing, Automobile Telematics, Embedded control units, Design and development of robots and sensor platforms.

xiii. Software Engineering: Object oriented software development; Component architectures. Re-engineering of software; systems analysis and design; MIS systems; Project management; Quality assurance.

B.8) DESIGN (ID)

[Industrial Design Centre (IDC)]

Over the past few years, the need of research and knowledge generation in design has been growing which resulted in starting the Ph.D. program in Design at IDC. Apart from the core areas of design, designers are expected to work in many interdisciplinary areas such as management, information technology, engineering, sociology, psychology, media, education, etc. throwing up new challenges.

The admission for Ph.D. will be held only once a year i.e. in Autumn Semester each year. No applications will be invited during Spring Semester.

ELIGIBILITY FOR ADMISSION

Qualifying degree and eligibility:

- i. M.Des. / M.Arch. / M.Tech. / M.Phil. (2-year degree) / MFA / Postgraduate Diploma in Design of NID, Ahmedabad and equivalent degree with First Class or 60% marks (55% marks of SC/ST) as specified in the General Eligibility Criterion.
- ii. B.Des. / B.Arch. / BFA / MA / M.Sc. / Undergraduate Diploma in Design of NID, Ahmedabad or equivalent degree with First Class or 60% marks (55% marks of SC/ST) as specified in the General Eligibility Criterion and with exceptionally outstanding design related work.

OR

MA or equivalent degree with 55% marks (50% marks of SC/ST) and with exceptionally outstanding design related work.

Such candidates should have valid CEED score. Candidates with a minimum three years of relevant professional experience without CEED score can also be considered, but will not be eligible for TA/TAP/RA/RAP.

RESEARCH AREAS

The faculty at IDC besides working on application and project oriented research, also works in depth on various topics mentioned below:

Themes

Design theory, education pedagogy

Design tools

Design management

Typography, script, calligraphy, lettering, type design

Interaction design

Visual language
Storytelling
Information design
Sustainability
Product semantics
Mental imagery in design thinking
Biomimetics
Manual Material Handling
Ergonomics at Home

Domains of research

Design for development
Education
Healthcare
Design for children
Design for elderly/special people
Women and occupational health
Control, display and motion stereotype
Ergo-Design

Research methods

Qualitative methods
Semiotics
Active people watching, visual ethnography
Visual narratives, static visual narratives
Cluster analysis
Eye movement studies
Historical methods
Philosophical analysis
Protocol analysis
Psycho-physiological analysis of product
User centred behavioral analysis

It is desirable that the research area of the candidate overlaps one or more of the above themes, domains and methods. Candidates are advised to refer to the department web page for updates to these areas. Candidates are encouraged to visit/discuss their research interests with individual faculty members of IDC before applying.

B.9) EARTH SCIENCES (ES)

[Department of Earth Sciences]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.Phil. (2-year degree) or equivalent degree in Geology, Geophysics or in any other related Geosciences field.
- ii. M.Sc. or equivalent degree in Geology, Geophysics, or in any other related Geosciences field.

OR

M.Sc. or equivalent degree in Physics, Chemistry, Mathematics, Oceanography, Life Sciences, Marine Sciences, Atmospheric Sciences or equivalent and having Geology / Physics /Mathematics/Chemistry at the Bachelors level as principal subjects.

RESEARCH AREAS

- Active Tectonics and Tectonics
- Electromagnetism
- Engineering Geology

- Geochemistry
- Geothermics
- Geostatistics
- Geomagnetism
- GPS and Geodesy
- Gravity and Magnetic
- Hydrogeology
- Isotope Geology
- Igneous Petrology
- Mineralogy
- Micropalaeontology
- Metamorphic Petrology
- Ore Petrology and Ore deposit modeling
- Organic Geochemistry
- Petroleum Geology
- Remote Sensing and GIS
- Sedimentology
- Structural Geology
- Stratigraphy
- Seismology
- Volcanology
- Numerical modeling in Geophysics
- Geophysical Signal Processing

B.10) EDUCATIONAL TECHNOLOGY (ET)

[Interdisciplinary Group in Educational Technology]

The Inter-disciplinary Programme (IDP) in Educational Technology at IIT Bombay deals with research and education in technologies to promote the learning-teaching process. It consists of faculty members in various departments, centres, and schools at IIT Bombay, covering engineering, sciences, humanities and social sciences, design, and management. Please visit <http://www.et.iitb.ac.in> for details regarding faculty members, students, research areas, projects, and other activities in the IDP in Educational Technology.

The admission for Ph.D. will be held only for the Autumn Semester each year. No applications will be invited for the Spring Semester.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- | | |
|--|----|
| (i) M.Tech./M.E. or equivalent degree in any branch of Engineering | OR |
| M.Des. | OR |
| M.Phil. (2-year degree) in Social Sciences | |

- | | |
|---|----|
| (ii) M.A./M.Sc./M.Phil. (1 year) | OR |
| M.Ed. (with technology adoption and assessment studies) | |

For applicants with degrees in (ii) above, one of the following will be required in addition:

- . a valid GATE score (eligible for Institute TA/ RA) OR
- . a valid CSIR/UGC JRF (eligible for Institute TA/ RA) OR
- . a valid UGC/CSIR Lectureship (eligible only for project positions) OR
- . Two or more years of research experience in fields related to educational technology (eligible only for project positions)

For other admission-related details, please visit the Admissions page of the IDP in Educational Technology : [www.et.iitb.ac.in/ Admissions.html](http://www.et.iitb.ac.in/Admissions.html)

RESEARCH AREAS

The research focus of the IDP in Educational Technology includes the development of technology for teaching and learning, as well as research into effective pedagogies for technology-enhanced learning. The thrust areas of research of the IDP in Educational Technology are:

- . Technology-enhanced learning environments for pan-domain cognitive abilities.
- . Frameworks for teacher use of educational technology tools and strategies.
- . Development of AI & ICT based tools for above teaching-learning goals.

For more details please visit <http://www.et.iitb.ac.in/Overview.html>

B.11) ELECTRICAL ENGINEERING (EE) **[Department of Electrical Engineering]**

AREAS OF SPECIALIZATION

- | | |
|--|-----|
| 1. Communication Engineering | EE1 |
| 2. Control and Computing | EE2 |
| 3. Power Electronics and Power Systems | EE3 |
| 4. Microelectronics | EE4 |
| 5. Electronic Systems | EE5 |

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Biomedical Engineering, Computer Science, Computer Science and Engineering, Electrical Engineering, Electronics/Telecommunications Engineering, Instrumentation Engineering, Engineering Physics, Materials Science and Engineering.
- ii. B.Tech./B.E. or equivalent degree in Biomedical Engineering, Computer Science, Computer Science and Engineering, Electrical Engineering, Electronics/Telecommunications Engineering, Instrumentation Engineering, Engineering Physics, Materials Science and Engineering.

OR

M.Sc. or equivalent degree in Mathematics, Physics, Electronics / Electronic Sciences.

RESEARCH AREAS

Communication Engineering (EE1)

- Communication Systems
- Communication Networks and Internet
- Computational Electromagnetics
- Image Processing and Computer Vision
- Microwaves, RF and Antennas
- Multimedia Systems
- Optical Communication and Photonics
- Signal Processing
- Speech Processing
- Wireless and Mobile Communication
- Information Theory and Coding
- Magnetic Resonance Imaging

Control and Computing (EE2)

- Linear Systems Theory
- Optimal Control and Optimization
- Modeling and Identification of Dynamical Systems
- Control of Distributed Parameter Systems
- Nonlinear Systems
- Modern Filter and Network Theory
- Behavioral Systems Theory
- Computational Methods in Electrical Engineering
- Software and System Reliability
- Cryptography and Security
- GPU-based Computing

Power Electronics and Power Systems (EE3)

- FACTS, HVDC and Power Quality
- Distributed Generation
- Power System Restructuring
- Wide Area Measurements and System Protection
- EMI / EMC
- Coupled Field Computations
- Electrical Machines: Modeling, Analysis, Design and Control
- Special Machines
- Power Electronic Converters, Electric Drives
- Power Electronics for Non-conventional Energy Sources
- Reliability in Power Systems and Power Electronic Systems
- Smart Grids for Energy Harvesting

Microelectronics (EE4)

- Devices and IC Technology
- Reliability of Electronic Devices and Circuits
- Device Simulation and Modeling
- VLSI and System Hardware Design
- CAD Tools
- MEMS Design and Technology (including Bio-MEMS)
- Flash Memory Devices
- Organic Semiconductor Devices
- CMOS Devices
- Spintronic Devices
- Photovoltaic Devices
- Material Growth and Characterization

Electronic Systems (EE5)

- Electronic Instrumentation
- Signal Processing Applications
- Speech and Audio Processing
- Biomedical Electronics
- Embedded System Design

B.12) ENERGY SCIENCE AND ENGINEERING (EN)**[Department of Energy Science & Engineering]**

Energy is a critical input required for development. Fossil fuel reserves in the country are limited and there is a need to develop viable cost effective alternatives. Renewable and Nuclear Energy can provide possible long term solutions for the energy problems. There are problems in the large scale development and deployment of these alternatives that need to be addressed. In the short run India has to aggressively pursue energy efficiency and Demand Side Management to Improve the efficiency of supply and utilization devices and systems. The development of new energy technologies provides a

technological challenges as well as significant business opportunity. In order to help meet these challenges, the Department of Energy Science and Engineering (DESE) has been established with a mission to develop sustainable energy systems and solutions for the future. There is a requirement for high quality trained manpower in the energy sector. This also provides scope for engineering innovators/entrepreneurs. The DESE programme has two laboratories (Solar Energy and Energy Systems Laboratory) and a computational facility. In addition to this, DESE students are actively involved in the research and development activities of the Thermal Hydraulics facility, Gasification Laboratory, Heat Pump Laboratory (Mechanical Engineering), Power Electronics and Power Systems Laboratory (Electrical Engineering). DESE faculty have been organizing several Continuing Education Programme on a continuous basis on Renewable Energy, Energy Management, Process Integration, Solar Passive Architecture and have initiated a series of programmes for the Nuclear Power Corporation. DESE has established linkages with industries like Thermax, Forbes Marshall, BSES, Mahindra & Mahindra, BHEL and organization like Atomic Energy Regulatory Board, Ministry of New and Renewable Energy, International Energy Initiative and The Energy and Resource Institute which have sponsored M.Tech/Ph.D Projects. This has ensured the relevance of the DESE research output.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Aeronautical/Aerospace Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Energy Science & Engineering, Mechanical Engineering, Metallurgical Engineering or equivalent disciplines relevant to energy.
- ii. B.Tech./B.E. or equivalent degree in Aeronautical/Aerospace Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Energy Science & Engineering, Mechanical Engineering, Metallurgical Engineering or equivalent disciplines relevant to energy.

OR

M.Sc. or equivalent degree in Chemistry, Physics, Mathematics or equivalent disciplines relevant to energy.

RESEARCH AREAS

● **Energy Efficiency/Improvements in conventional Energy Systems:** Heat pumps, Energy integration, Process integration for resource optimization, Pinch Analysis Development of techniques for optimization of Utility systems, Demand Side Management/Load Management in the Power Sector, Variable Speed Drives, Power Generation and Systems Planning, Energy Management and Auditing, Efficient Motor Drive Systems, Electronics Ballasts, Static VAR compensators, Illumination control, Power Electronics in Energy Efficient Systems, Electric Vehicles, Boilers and Fluidised Bed Combustion, Exhaust Heat Recovery, Cogeneration, Building Energy Management, Efficient Air Conditioning Systems, Hydrogen Generation and Storage, Fuel Cells.

● **Renewables:** Coal Gasification, Biomass Gasifier Design, Development and Testing, Liquid fuels from Biomass through the thermochemical and algal route, Microbial, Hydrogen, CNG Kit development, Industrial Solar Thermal concentrators, Stirling Engine Systems, Testing of Solar Collectors and systems, Passive Solar Architecture, Development of Carbon PV cell, Decentralized Power Systems Grid Integration Issues, Hybrid Systems for Rural Electrification, Wind Energy, Low Cost Solar Drier, Fuel Cells, Thin film solar cells, Carbon nano tubes for hydrogen storage, Solar photovoltaic concentrator, Development of Engines for SVO, Biodiesel, Dual fuelling etc., Biodiesel manufacturing process, Complex Fluid Dynamics, Flow of Granular Materials, Multiphase flows, Computational Fluid Dynamics, Molecular Dynamic Simulation of Particulate Flows.

● **Nuclear:** Nuclear Safety, Nuclear Waste management, Thermal Hydraulics Research, Computer Simulation Models for Analysis of Transients in Pressurized Heavy Water Reactor, Advanced Numerical Methods for neutron diffusion and fluid flow, Two-phase flow modeling, Nuclear thermal hydraulics and safety, Analytical solution of multilayer heat conduction problems.

B.13) ENVIRONMENTAL SCIENCE AND ENGINEERING (EV) **[Centre for Environmental Science & Engineering CESE]**

In view of the interdisciplinary nature of the Environmental Science and Engineering subject, students from diverse areas of sciences, engineering and medical sciences are permitted to apply for Ph.D. However, students who do not have adequate background knowledge will have to take additional courses to enable them to successfully pursue research in Environmental Science and Engineering. For further details, visit www.cese.iitb.ac.in

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Aeronautical/Aerospace Engineering, Agricultural Engineering, Atmospheric Science, Chemical Engineering, Civil Engineering, Energy Science & Engineering, Biotechnology, Environmental Science & Engineering, Mechanical Engineering, Metallurgical Engineering & Materials Science, Mining Engineering.
- ii. B.Tech./B.E. or equivalent degree in Aeronautical/Aerospace Engineering, Agricultural Engineering, Atmospheric Science, Chemical Engineering, Civil Engineering, Energy Science & Engineering, Biotechnology, Environmental Science & Engineering, Mechanical Engineering, Metallurgical Engineering & Materials Science, Mining Engineering.

OR

M.Sc. or equivalent degree in Atmospheric Science, Biochemistry, Biotechnology, Chemistry, Earth Sciences, Environmental Toxicology, Environmental Science, Meteorology, Microbiology, Physics, Public Health & Statistics. Mathematics at 10+2 level is a mandatory requirement.

RESEARCH AREAS

The major focus areas of research at CESE are: Water Supply; Water & Wastewater Treatment, Tertiary treatment options, Urban and Industrial Solid Waste Management, Environmental Management; and Environmental Systems Modelling & Optimization, GIS for Environment, Industrial Effluent and Sludge Management Nanotechnology, Air pollution monitoring of indoor and outdoor environments, Aerosol and air quality, Health impact of air pollutants, Carbon dioxide sequestration methods, Detection of pathogenic microbes in drinking water, Evaluation of disinfection processes and by-products, Detection of trace and emerging contaminants in treated water and wastewater, Chemical and biological processes for the removal of trace and emerging contaminants from water

List of current research topics:

- Advanced oxidation processes for the removal of persistent organic and inorganic compounds from industrial wastewaters
- Reductive remediation of organic pollutants such as chlorinated pesticides, textile dyes using zero-valent metals and bimetallic systems
- (N & P) removal from wastewater using a combination of physico-chemical and biological process,
- Development of technologies for arsenic removal from water
- Treatment of leachate (generated from municipal solid waste landfill) using physico-chemical processes
- Application of natural coagulants for water and wastewater treatment
- Treatment of textile wastewater by biological and physicochemical processes
- Eco-centric and low-cost wastewater treatment systems
- Fate and transport of pollutants in aquatic and subsurface systems
- Biotransformation and biodegradation of oily sludge and toxicity evaluation
- Biodegradation of endocrine disrupting chemicals such as lower and higher phthalate esters and chlorinated pesticides,
- Bacterial cellulose: An alternative greener approach for the production of cellulose

- Application of biochemical processes (enzyme catalyzed processes) for cleaner production technologies
- Hazardous waste minimization and pollution prevention
- Biomonitoring and microbial bioassays for toxicity testing
- Detection and monitoring of bacteria and viruses in potable water
- Mechanical biological treatment of municipal solid waste (MSW)
- Energy recovery from solid recovered fuel (derived from MSW) and sludge generated from sewage treatment plants and industries
- Hazardous, municipal & biomedical waste management
- Air pollution dispersion modelling
- Air quality monitoring and management,
- Indoor and integrated air pollution exposure assessment
- Aerosol and air quality
- Environmental health assessment
- Environmental noise assessment
- Health impacts of air pollutants
- Hot gas clean-up (thermal gasification)
- Satellite remote sensing for air quality
- Nano-powder synthesis, Nanotechnology for the treatment of wastewater and disinfection processes
- Environmental statistics and design of experiments
- Environmental Impact assessment of construction activities and industrial activities
- Eco-industrial networking
- Environmental policy and preventive environmental management
- Environmental and Water Resources Systems: development of optimization models for surface water quality management, irrigation water management, floodplain planning and management, landfill leachate contamination risk assessment, optimal design of water & wastewater conveyance systems, design & evaluation of water quality monitoring network
- Uncertainty Modeling and Decision Science for Environmental Systems: probabilistic, fuzzy and interval approaches; multi-attribute decision making Hydro-climatic Extremes and Flood Management: multivariate flood and drought frequency analyses
- Non-stationary modeling of hydro-climatic extremes, mapping vulnerability to natural and human-induced hazards using GIS, flood risk mapping, near-real-time flood forecasting,
- Environmetrics: multivariate statistical surface water quality assessment, evaluation of trophic states, rationalization of water quality monitoring stations.

B.14) GEOINFORMATICS & NATURAL RESOURCES ENGINEERING (GNR) **[Centre of Studies in Resources Engineering (CSRE)]**

Geoinformatics & Natural Resources Engineering is an interdisciplinary area encompassing diverse issues in exploration and management of natural resources such as land, water, mineral, forest, soil and ocean resources; socioeconomic aspects of sustainable development with respect to environmental impact of natural resources exploitation; renewable energy resources management; global warming and climate change. Contemporary techniques of scientific assessment using satellite remote sensing, GIS and GPS are evolved and used in the study of natural resources. Researchers in this area come from diverse backgrounds of science and engineering and work may be of applied or theoretical nature as in the fields listed below.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- M.Tech./M.E. or equivalent degree in Agricultural Engineering, Civil Engineering, Environmental Science & Engineering, Mining Engineering, Electrical Engineering, Electronics/Telecommunication

Engineering, Computer Science & Engineering, Information Technology, Remote Sensing, Geoinformatics, Geomatics, Architecture and Town Planning.

- ii. B.Tech./B.E. or equivalent degree in Agricultural Engineering, Civil Engineering, Environmental Science & Engineering, Mining Engineering, Electrical Engineering, Electronics/Telecommunication Engineering, Computer Science & Engineering, Information Technology, Remote Sensing, Geoinformatics, Geomatics, Architecture and Town Planning.

OR

M.Sc. or equivalent degree in Earth Sciences, Environmental Science, Geology, Geophysics, Marine Sciences, Agriculture, Physics, Mathematics, Computer Science, Information Technology (Mathematics at 10+2 level is a mandatory requirement).

WRITTEN TEST

A pre-interview written test will be conducted for screening. The written test will consist of questions related to the selected PhD topic. Shortlisted candidates after the written test will be interviewed.

The interested applicants are advised to visit CSRE webpage www.csre.iitb.ac.in/PHDtopics.html, for a detailed and updated list of topics/ RESEARCH AREAS.

RESEARCH AREAS

a. Application Areas

- i. Water Resources
- ii. Terrain Evaluation, Landuse Planning and Monitoring
- iii. Agroinformatics and Rural Development
- iv. Precision agriculture and wireless sensor network
- v. Mineral Systems studies and Mineral Exploration
- vi. Natural Hazards of Droughts, Desertification, Landslide, Avalanche, Earthquake, Tsunami
- vii. Marine Resources and Ecology.
- viii. Snow, Glaciers and Atmosphere
- ix. Applications of Microwave Remote Sensing
- x. Internet of Things for Agriculture

b. Theoretical Areas

- i. Digital Image Processing and Analysis
- ii. Digital Photogrammetry and Cartography
- iii. Geographic Information Science, Geospatial Data Mining, Big Data, High Performance Computing, Internet of Things
- iv. Synthetic Aperture Radar Information Analysis and Polarimetry
- v. Global Positioning Systems

B.15) HUMANITIES AND SOCIAL SCIENCES (HSS)

[Department of Humanities and Social Sciences]

ELIGIBILITY FOR ADMISSION

- i. M.Phil. (awarded by IIT Bombay or equivalent 2-year degree) in any of the disciplines pertaining to the research areas in the Department, with First Class or 60% marks (55% marks for SC/ST) as specified in the General Eligibility Criterion.
- ii. M.A. or equivalent degree in Humanities & Social Sciences subjects, with 55% marks (50% for SC/ST).

OR

Master's degree in Commerce with 55% marks (50% for SC/ST).

OR

M.Sc. or equivalent degree in Science, with First Class or 60% marks (55% marks for SC/ST) as specified in the General Eligibility Criterion.

OR

B.Tech./B.E. or equivalent degree in Engineering/Technology, with First Class or 60% marks (55% marks for SC/ST) as specified in the General Eligibility Criterion.

Candidates with degrees in Science, Commerce, Design, Architecture, Management and Engineering/Technology or candidates with two years of PGDM from recognised Govt. Institution will be considered for research areas consistent with their academic background.

Candidates having UGCNET Lectureship (LS) are also eligible for Teaching Assistantship in addition to other academic qualifications

RESEARCH AREAS

Economics: Applied Econometrics, Banking & Finance, Economic Impacts of Climate Change, Corporate Investment, Environment Economics, Economic Policy, Energy Economics, International Business, International Finance, International Trade Industrial Economics, Monetary Economics, Open Economy Macro Economics, Technology Transfer & Competitiveness.

English: Modern Critical Theory, Indian Writing in English, Drama, Novel, Creative Writing, Women's Studies, Culture Studies, Genre Studies, Film Studies, Intertextuality, Trauma and Literature, Aesthetics, Theoretical Linguistics and Language Acquisition / Learning, English Language Teaching.

Philosophy: Continental Philosophy, Indian Philosophy, Philosophy of Language, Contemporary Western Philosophy, Meta-Ethics, Applied Ethics, Philosophy of Mind, Social and Political Philosophy, Philosophy of AI.

Sociology: Political Sociology, Science, Technology and Society, Sociology of Development, Environmental Sociology, Social Movements, Sociology of Religion and Kinship, Urban Studies, Ethnicity and Multiculturalism, Sociology of Caste and Social Stratification, Gender Studies, Sociological Theory, Rural and Urban Planning, Sociology of Contemporary India, Law and Governance, Risk and Vulnerability.

Indian Science and Technology in Sanskrit (CISTS): Sanskrit language, Paninian grammar, Philosophy of language, Aesthetics, Astronomy (Jyotisha), Mathematics (Ganita), Logic (Nyaya-sastra), Meta-physics.

B.16) INDUSTRIAL ENGINEERING AND OPERATIONS RESEARCH (IO) **[Interdisciplinary Group in Industrial Engineering & Operations Research]**

The discipline of Industrial Engineering and Operations Research (IEOR) essentially deals with efficient operation of systems and optimal utilization of resources. Concepts and results from the discipline are becoming increasingly important these days in almost all sectors of the economy viz., industrial, transport, service, agriculture, education, communication etc. With present day technology, various types of data, including the transactional type, are available relatively easily and designing appropriate decision making algorithms is becoming a realistic goal, sought by competitive and forward looking organizations in both private and public sector. Also, the role of theory to provide some insight into the tradeoffs involved in decision making becomes significant.

There is opportunity to work on interesting problems that involve modeling, analysis and computation.

Industrial Engineering and Operations Research (IEOR) at IIT Bombay conducts research in a unique and insightful manner in today's economic context. The programme offers a blend of theory, modelling and application, drawing from traditional as well as modern areas of operations research, together with a systems view derived from longstanding principles of industrial engineering. The programme is unique in its contemporary flavor, with specialized courses in Integer Programming, Game Theory, Markov Decision Processes, Analysis and Control of Queues, Services Management, Supply Chain Management, Financial Engineering, Knowledge-based systems, Neural Networks, System Dynamics to name a few. The programme is equally strong in background building with updated courses in Optimization Techniques, Stochastic Models and Simulation. Broad areas of application are in manufacturing systems, supply chains, logistics, transport including railways, finance, communication

networks, services, infrastructure and other industrial systems; application of quantitative methods in quality and maintenance management systems; development and application of decision support, intelligent and knowledge-based systems.

The website <http://www.ieor.iitb.ac.in/> has details on the faculty, students, research, teaching, academics, admissions, and other activities of the programme.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in any branch of Engineering with adequate exposure to Industrial Engineering & Operations Research
- ii. B.Tech./B.E. or equivalent degree in any branch of Engineering
OR
M.Sc. or equivalent degree in Mathematics, Statistics, Operations Research

RESEARCH AREAS

i. Optimization: Models, Theory and Algorithms: Large-scale linear optimization; Mixed-integer, integer and conic programming; Combinatorial optimization; Polyhedral theory; Nonlinear optimization; Dynamic programming; Theory, Algorithms and Computational methods for Mixed-Integer Linear and Nonlinear Optimization.

ii. Stochastic Models: Queuing Theory; Queuing models; Resource sharing; Parameter optimization; Performance Analysis; Polling systems; Applications in wireless communication.

iii. Stochastic Control: Stochastic dynamic programming (MDPs); Sensitivity analysis; Reinforcement learning; Diffusion equations; Viscosity solutions; Optimal control; Stochastic Approximation.

iv. Simulation Modeling and Analysis: Discrete-event simulation; System dynamics methodology; Hybrid (discrete-continuous) modeling; Distributed and parallel simulations; Statistical data analysis; Simulation-optimization; Multilevel Monte Carlo methods.

v. Game Theory: Mechanism design; Dynamic and stochastic games; Deterministic and stochastic differential games; Games with stopping; Approximate equilibria; Auctions.

vi. Artificial intelligence based methods: Search methods; Metaheuristics; Neural networks; Model predictive control; Reinforcement learning.

vii. Logistics, Inventory and Transportation: Transport operations planning (road, rail, air, and sea); Network design; Capacity planning; Operations scheduling and routing; Fleet and crew planning and rostering; Timetabling and rake allocation of rail services.

viii. Supply Chain Analysis: Information sharing; Coordination; Contract analysis and design; Real-time decision making; Performance and stability analysis; Reverse logistics and closed loop supply chains; Decision-making under uncertainties; Quality of service.

ix. Financial Engineering: Mathematical finance; Modeling and pricing of derivatives; Insurance and asset pricing; Portfolio management; Pricing; Revenue sharing and revenue management.

x. Planning, Scheduling and Control in Manufacturing Systems: Operations management; Project management; Quality management; Hierarchical production planning; Facilities planning; Reconfigurable and flexible systems; Enterprise resource planning; Product variety management; Dynamic, reactive and proactive scheduling.

B.17) MANAGEMENT (MG)

[Shailesh J. Mehta School of Management]

ELIGIBILITY FOR ADMISSION

At least one of the following criteria must be met :

- (i) B.E./B.Tech. or equivalent degree with 60% marks / 6.5 CPI (55% marks / 6.00 CPI for SC/ST) and at least two years of work experience and qualified in GATE/UGC– NET(Lectureship)/UGC-JRF/CSIR-NET (Lectureship)/CSIR-JRF or having CAT/GMAT/GRE score within the last five years.
- (ii) Master of Management /ME/M.Tech./M.Pharma/M.Phil./ 2 years MBA or 2 years PG Diploma in Management from any institute recognized by Government body (AICTE/UGC/AIU) with 60% marks/6.5 CPI (55% marks / 6.0 CPI for SC/ST).
- (iii) M.Sc. / M.A. / M.Com. / LLM / MCA or equivalent degree with 60% marks / 6.5 CPI (55% marks / 6.0 CPI for SC/ST) at post graduation level and qualified in GATE/UGC– NET(Lectureship)/UGC-JRF/CSIR-NET (Lectureship)/CSIR-JRF or having CAT/GMAT/GRE taken within the last five years.
- (iv) CA with 60% marks / 6.5 CPI (55% marks / 6.0 CPI for SC/ST) in the preceding degree.

RESEARCH AREAS

- i. Accounting
- ii. Corporate Competitiveness
- iii. Economics
- iv. Entrepreneurship
- v. Financial Management
- vi. General Management
- vii. Human Resource Management
- viii. Information Systems
- ix. Intellectual Property Rights
- x. International Business
- xi. Management of Information Technology
- xii. Marketing Management
- xiii. Operations Management
- Xiv. Organization Behaviour
- xv. Project Management
- xvi. Quality Management
- xvii. Statistics and Operations Research
- xix. Strategy and Business Policy
- xx. Technology Management

B.18) MATHEMATICS (MA)

[Department of Mathematics]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

M.Sc. / M.A. or equivalent degree in Mathematics / Statistics / Computer Science
OR

M.Stat. or equivalent degree
OR

B.Tech./B.E. or equivalent degree in Engineering/Technology
OR

M.Tech./M.E. or equivalent degree in Engineering/Technology

RESEARCH AREAS

i. **Algebra and Number Theory:** Commutative and Homological Algebra (Blowup algebras, Hilbert functions, local cohomology, projective modules, complete intersections, Gorenstein rings). Algebras with involution, Galois cohomology of classical groups. Representations of algebraic groups. Reductive groups and related structures. Automorphic forms, L-functions, Diophantine equations.

ii. **Analysis:** Functional Analysis (Operator Theory, unbounded subnormals, Hilbert modules, Operator algebras), Numerical Functional Analysis (Approximate solutions of operator equations and eigenvalue problems, spline theory), Real Analysis (Mean periodic functions, generalized integrals).

iii. **Combinatorics:** Polyhedral combinatorics (approximation algorithms, combinatorial optimization) Enumeration (posets, generating functions, q-analogues), Graphs (colouring problems, eigenvalues, trees), Codes (linear codes associated to projective algebraic varieties), Design theory (finite geometries, symmetric designs and related structures), Extremal combinatorics. Theoretical computer science (computational complexity, analysis of algorithms).

iv. **Geometry & Topology:** Algebraic Topology (stable homotopy theory), Differential Topology (harmonic manifolds, matrix varieties). Algebraic Geometry (Schubert varieties, determinantal varieties, varieties over finite fields), Lie groups (discrete subgroups, congruence subgroups, homogeneous spaces, probability measures), Ergodic theory.

v. **Partial Differential equations and Numerical Analysis:** Partial Differential Equations (Hyperbolic systems of quasilinear partial differential equations, nonlinear waves, partial integro-differential equations, homogenization), viscoelastic fluid flow problems, Shock waves in hyperbolic systems of conservation laws. Numerical Analysis (Finite element methods, finite volume methods).

vi. **Statistics and Probability:** Computational Biology (Biostatistics, Bioinformatics), Statistical data mining in proteomics (probabilistic optimization problems in Molecular Biology), Reliability Theory, Industrial Statistics, Construction of reliability test plans, Statistical Inference (Geostatistics, modeling bivariate distributions), Stochastic Differential Game Theory (Stochastic Control Theory, Mathematical Finance), Applied Probability, Statistical Inference. Linear and generalized linear models, design of experiments.

B.19) MECHANICAL ENGINEERING (ME)

[Department of Mechanical Engineering]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC / ST), as specified in the General Eligibility Criterion for admission in this brochure in :

i. M.Tech./M.E. or equivalent degree in Mechanical Engineering, Production Engineering, Industrial Engineering, Aerospace Engineering, Chemical Engineering, Metallurgical Engineering, Mechatronics, Instrumentation & Controls, Laser Technology, Engineering materials technology, Biomechanics.

OR

M.Tech./M.E. or equivalent degree in other branches of Engineering / Technology with an outstanding academic record for research areas consistent with the academic background of the candidates.

ii. B.Tech./B.E. or equivalent degree in Mechanical Engineering, Production Engineering, Industrial Engineering, Aerospace Engineering, Chemical Engineering, Metallurgical Engineering

OR

B.Tech./B.E. or equivalent degree in other branches of Engineering / Technology with an outstanding academic record for research areas consistent with the academic background of the candidates. .

RESEARCH AREAS

i. **Heat Transfer and Thermodynamics:** Convective and radioactive heat transfer, Thermal Insulation, Transport properties, Combustion, Solar energy, Boiling, Condensation, Nanofluids.

- ii Fluid Mechanics:** Computational Fluid Dynamics, Turbulent flows, Compressible Flows, Microflows, Rarefied Gas Dynamics, High Performance Computing, Geophysical Fluid Dynamics, Fluid-structure interaction, Surface tension driven flows, Laser based experimental techniques.
- iii. Refrigeration and Air-conditioning:** Refrigeration systems, A.C. systems, Cryogenics, Miniature Cryorefrigerators, Absorption systems, Food preservation, Liquification systems.
- iv. Internal Combustion Engineering:** Fuel injection problems, Performance studies on petrol and diesel engines, Alternate fuels, Emission studies.
- v. Thermal Power Engineering:** Power plant analysis and design, Nuclear engineering, Nuclear reactor heat transfer, Reactor physics problems, Isotope applications and nuclear techniques.
- vi. Fluid Power:** Fluid mechanics, Fluid Machinery, Fluid power control, Microfluidics.
- vii. Combustion and Flames:** Laminar and turbulent flame propagation, Flame stabilization, numerical study of reactive flows, turbulence and combustion modelling, Studies with vitiation of combustion air, Combustion in closed vessels, Fluidised bed combustion.
- viii. Combustion and Emissions in Gas Turbine:** Fuel injection problems, Performance studies, Alternate fuels, Emission studies, combustion chamber design, stability limits.
- ix. Automatic Control :** System modeling, Optimal control, Model reduction techniques, Computer control, Microprocessor based control and automation, Digital control techniques, Computer vision based control in automation and Robotics.
- x. Computer Aided Design:** Simulation optimization, Interactive graphics.
- xi. Stress Analysis:** Photoelasticity, Analytical methods based on complex variables, Numerical methods – Finite element and boundary element methods, etc.
- xii. Fracture & Fatigue:** Linear elastic fracture mechanics, Elastic-plastic fracture mechanics, Fracture of composites, Dynamic fracture, 3-D problems of fracture, Low and high cycle fatigue, Creep, Corrosion, Creep-fatigue interactions, Fatigue-creep-corrosion interactions, Finite element and boundary element method applications.
- xiii. Vibration, Noise, Acoustics and Dynamics:** Linear and non-linear vibrations, Chaotic vibration, Vehicle dynamics, Switchgear dynamics, Rotor dynamics, Acoustics and noise control, Finite element and boundary element method applications, Nondestructive method for crack detection.
- xiv. Robotics, Kinematics and Control:** Analysis and optimal synthesis of planar and spatial mechanisms, Error analysis and calibration of robots, Programmable mechanisms, Identification and nonlinear control of rigid and flexible manipulators, Design issues related to walking and running robots and mechanical logic gates.
- xv. Design Engineering:** Gears, Pressure vessel design, Tribology and lubrication, Machinery maintenance, Optimization, CAD, Textile Machinery.
- xvi. CAD / CAM / CIM, CNC, Computer Assisted Process Planning, Design for Manufacturing and Assembly, Manufacturing Automation & Control, Intelligent Manufacturing Systems, Rapid Prototyping and Tooling.**
- xvii. Design, Optimization and Modelling of Manufacturing Processes (Casting, Forming, Machining, and Welding), Precision and Micro-Manufacturing Processes, Computer Aided Tool Design.**
- xviii. Applications of IE & OR in Manufacturing, Logistics, Quality and Maintenance Systems.**

xix. MEMS, Nanotechnology, Miniaturization, Smart structure.

xx. Computer Aided Engineering (CAE), Numerical Modeling and Experimental Studies on Manufacturing Processes (Casting, Bulk and Sheet Metal Forming processes, Thermal and athermal Welding/joining process, Powder Metallurgy, Metal Injection Moulding, Conventional & Non-Conventional Machinery processes).

xxi. Precision and micromanufacturing

xxii. Tool design and Development.

B.20) METALLURGICAL ENGINEERING AND MATERIALS SCIENCE (MM)

[Department of Metallurgical Engineering and Materials Science]

ELIGIBILITY FOR ADMISSION

The general eligibility criteria prescribed by IIT Bombay are bare minimum and mere possessions of same will not entitle the applicants to be called for written test/interview, The Department may restrict the number of applicants to be called for written test/interview to a reasonable limit, on the basis of qualifications and experience higher than that of the minimum prescribed in the advertisement. The candidate must satisfy the eligibility criteria in either one of the following qualifying degree:

- i. M.Tech./ M.E. or equivalent degree in Engineering/Technology.
- ii. B.Tech./B.E. or equivalent degree in Engineering/ Technology.
- iii. M.Sc. Or equivalent degree in Chemistry, Materials Science, Physics and related science streams. Mathematics as a subject at the B.Sc. Level is mandatory.

RESEARCH AREAS

i. Metals: Process analysis, instrumentation and control, Iron and Steel making, deformation behavior and microstructure evolution during creep and superplasticity, mineral processing and extractive metallurgy, metal forming, mechanical behavior, welding, physical metallurgy, phase transformation, structure property relationship, thermomechanical processing and texture analysis.

ii. Ceramics: Electronic ceramics, bioceramics, glass ceramics, ceramic foams, industrial ceramics, IR transmitting glasses, near net shape forming, gel casting, rheology of suspensions.

iii. Semiconductors and magnetic materials: Devices of thin film elemental semiconductors and alloy systems, surface treatment and surface engineering, chemical vapor deposition, structure property correlation in nanocrystalline magnetic materials, magnetoresistor materials In addition, research into materials for sensors and batteries, superconductors, synthesis and processing of ion conductors, materials for energy generation and storage is going on in the Dept.

iv. Polymers and Composites: Polymer blends, Polymercarbon nanotube composites, metalmatrix composites, structure property relations.

v. Wear and Corrosion: Fracture and failure, nondestructive evaluation, aqueous corrosion, metallurgy of corrosion, oil and gas corrosion, and protective coatings (paints, high temperature coatings etc.).

vi. Modeling and Simulations: Modeling of metallurgical processes, heat and mass transport, modeling of metal forming, Optimization, Monte Carlo simulations, Dislocation dynamics simulations.

FACILITIES AVAILABLE

- Basic XRD with Xcelerator and thin film attachment
- 1600 Degree Horizontal Single Sample Dilatometer with Accessories
- Image Intensifier System and ExRay Source
- High Temp. Attachment and Texture and Stress Attachment Unit
- Air Vacuum Induction Melting System
- Hitachi Scanning Electron Microscope
- Simultaneous Thermal Analysis System

- R/S SST Plus with Coaxial Cylinder Rheometer
- Atomic Absorption Unit AVANTAP
- Carbon Sulphur Analyser
- High Temp. Furnaces 1700 Deg.C.
- UV Visible Spectrophotometer
- Thin film processing units
- MTS machines
- Vibrating sample magnetometer
- National facility on OIM and stress determination by XRD
- Electrochemical Measurement Systems - The State of the art Model PAR 338.
- Potentiostat model Wenking PSG 581
- Automated 10 Ton/SCC systems.
- Thermogravimetry analysers.
- Computer Facilities.
- Optical & Stereo microscopes
- Acoustic Emission Systems.
- Wear and Corrosion Machines.
- Facilities for testing Paint and Other Coatings.
- Dynamic loop system.
- High temperature high pressure autoclaves

B.21) NANOTECHNOLOGY AND SCIENCE (NT)

[Centre for Research in Nanotechnology & Science (CRNTS)]

The importance of Nanotechnology research cannot be denied in the world of today. IIT Bombay, accordingly, has identified Nanosciences and Nanotechnology as a thrust areas that enables cutting edge research traversing the boundaries of established disciplines. The Centre for Research in Nanotechnology and Sciences was established to coordinate and consolidate such research happening in various academic and research units in the institute, as well as to foster the creation of new research areas. About fifty faculty from across most of the departments of the institute have active research interest in the domain of nanotechnology and sciences, and are associated with the Interdisciplinary programme in this area. The centre also has close interaction with the Centre of Excellence in Nanoelectronics established using funds from DeitY (Dept. Of electronics and information technology-GOI).

Realising the importance of cross disciplinary, multi-disciplinary and inter-disciplinary interactions in this domain, this programme requires the association of two research supervisors, preferably from two different academic entities (viz. department centres, institutes and universities), to supervise the research of each Ph.D. Candidate. This unique approach is envisaged to generate the specialised manpower required to contribute in this important area.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- M.Tech./M.E. or equivalent degree in Electrical, Mechanical, Civil, Metallurgical, Materials, Chemical, Biomedical Engineering, Energy Science and Engineering and Environmental Science and Engineering
- B.Tech./B.E. or equivalent degree in Electrical, Mechanical, Civil, Metallurgical, Materials, Chemical, Biomedical Engineering, Energy Science and Engineering and Environmental Science and Engineering

OR

M.Sc. or equivalent degree in Physics, Chemistry, Biological and Environmental Sciences

RESEARCH FACILITIES

Facilities for advanced characterization such as Field Emission Gun Transmission Electron Microscope (FEGTEM), Field Emission Gun Scanning Electron Microscope (FEGSEM) with EDS and WDS, CryoSEM, Scanning transmission electron microscope (STEM) with EDS, FTIR microscope, Secondary ion Mass Spectrometry (SIMS), Laser ablation inductively coupled Mass spectroscope (LA_ICPMS), Confocal laser Raman spectrometer, Nanolithography and nanodeposition, FACS cell sorter, Dynamic Light Scattering (DLS) particle size analyzer, X-ray fluorescence spectrometer and several Clean rooms exist in CRNTS. A complete range of state of the art device processing facilities exist in the Centre for Excellence in Nanoelectronics. Further, the Institute has established central facilities such as Cryo-TEM with all sample preparation tools, Confocal laser scanning microscope, Nanoscope IV AFM, ESCA, etc., that aid in the area of research.

RESEARCH AREAS

Nanomaterials, Nanosensors, Nanoelectronics, Nanobiotechnology, Nanomanufacturing, Nanofluidics, and Computational research in nanosystems.

B.22) PHYSICS (PH)

[Department of Physics]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in Engineering Physics, Aerospace Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, Metallurgical Engineering, Computer Science.
- ii. M.Sc. or equivalent degree in Physics / Chemistry / Mathematics

OR

B.Tech./B.E. or equivalent degree in Engineering Physics, Aerospace Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, Metallurgical Engineering, Computer Science.

RESEARCH AREAS

i. Condensed Matter Physics: Electron correlation in one and many component quantum fluids, many body effects in inhomogeneous electron systems and metal surfaces. Theoretical studies of magnetic systems and super conductivity, Electronic structures of ordered and disordered alloys, insulators, conjugated polymers, cluster, strongly correlated systems, novel magnetic systems, development of wave-function based ab-initio methods for electronic structure calculations. Biophysics, complex fluids polymers, Stochastic processes, Non-equilibrium dynamics, Slow glassy dynamics, Granular inelastic gases.

ii. High Energy Physics: Properties and interaction of elementary particles, Gauge field theories and applications to cosmology, Neutrino physics and CP violation, String theory, Collider physics and QCD spin physics.

iii. Condensed Matter Physics (Experimental): Magnetic oxide thin films and metallic multilayers for various applications, Amorphous magnetic materials, Magnetism in intermetallics, Nano magnetism and Bio magnetism, Strongly correlated electron systems, Metal-insulator transition, quasi-1d/2d magnetic systems and doping effects, High T_c superconductivity, Josephson tunneling in superconductors. Dilute magnetic semiconductors, semiconductor nanostructures and spintronics materials. Electrical and optical properties of semiconducting oxide and nitride (GaN, SiC, ZnO) thin films, nanoparticles and nanostructured thin films, Langmuir Blodgett organic multilayers, conducting polymers, Chemical Vapour Deposition (CVD) process; Polycrystalline and single crystal diamond films,

Carbon nanotubes (SWNT and MWNTs); their structural and electrical properties. Bilayer GaAs quantum wells & particle Physics (Experimental).

iv. Nuclear Physics: Nuclei at high angular momentum Hadron Physics, Physics beyond standard model and relativistic Heavy ion Physics, next generation detector research & development.

v. Laser, Optics & Spectroscopy (Experimental): Laser spectroscopy, Fiber optics, Nonlinear optics, Ultra-fast phenomena and near field Optics & nano photonics.

vi. Quantum Computation

B. 23) POLICY STUDIES [PS] (Centre for Policy Studies)

Policy studies is a relatively nascent discipline in India. Given the increasing complexities of the economy, technology and Governance, it is imperative that this discipline takes firm roots in our polity and the society. Academic community has an important role to play in this regard. In order to connect the academics, the analysts, and policy practitioners with various policy issues, the Centre for Policy Studies at IIT Bombay has initiated its Doctoral programme from 2017.

ELIGIBILITY FOR ADMISSION

At least one of the following criteria must be met:

i. B.E/ B.Tech or equivalent degree with 60% marks/6.0 CPI (55% marks/5.5 CPI for SC/ST) and at least two years of work experience and having a valid GATE/UGC-NET (Lectureship)/ UGC-JRF/ CSIR-NET (Lectureship)/CSIR-JRF or CAT/GMAT/GRE score at the time of the interview.

OR

ii. MBA/ME/M.Tech/M.Phil/ from any institute recognized by a Government body with 60% marks/6.0 CPI (55% marks/5.5 CPI for SC/ST).

OR

iii. M.Sc/M.A/ M.Com/LLB/MCA or equivalent degree with 60% marks/6.0 CPI (55% marks/5.5 CPI for SC/ST) at post-graduation level and having a valid GATE/UGC-NET Lectureship (LS)/UGC-JRF/CSIR-NET Lectureship/CSIR-JRF or GMAT/GRE score at the time of the interview.

RESEARCH AREAS

This is an illustrative list: A candidate is free to identify and indicate an area of Policy research of her/his interest.

- i. Energy
 - ii. Water
 - iii. Health and Nutrition
 - iv. Education
 - v. Agriculture
 - vi. Gender
 - vii. Climate change
 - viii. Telecommunications
 - ix. Open Source/Knowledge economy
 - x. Transportation including the railways
-

B.24) SYSTEMS AND CONTROL ENGINEERING (SC) [Interdisciplinary Group in Systems & Control Engineering]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in any branch of Engineering
 - ii. B.Tech./B.E. or equivalent degree in any branch of Engineering
- OR
- M.Sc. or equivalent degree in Mathematics or Physics

RESEARCH AREAS

Large Scale Systems, System Reduction, Nuclear Reactor Control, Sliding Mode Control (Continuous & Discrete), Power Systems – Stability and Control, Modeling, Control & Implementation of Smart Structures, Space Launch Vehicles - Stability & Control, Gas Turbines – Stability & Control, Flexible manipulators, Stability & Control Multirate Output Feedback based Control (POF/FOS).

Robust Stability and Control especially using quantitative feedback theory (QFT) techniques, Nonlinear System Analysis and Control, and Reliable Computing using interval analysis techniques.

Optimal control, Constrained and optimization based control, in particular, stochastic model-predictive/ receding- horizon control;

Nonlinear and adaptive control, geometric mechanics, Lagrangian and Hamiltonian mechanics.

Cooperative control of multi-agent systems, resource allocation, team theory and its application, decentralized control, cooperative and network control,

Game theory, economics, optimization, variational inequalities, coding theory, information theory, operations research, stochastic control, systems biology, team decision theory

Reconfigurable hardware, embedded control systems, robotic path planning algorithms, hardware/software co-design.

Switched and hybrid systems; control under communication and computation constraints; stochastic control; applications of probability in engineering systems.

Application Areas

Nuclear Reactor Control, Control & Implementation of Smart Structures, Space Launch Vehicles – Stability & Control, Gas Turbines – Stability & Control, Flexible manipulators, Stability & Control Multirate Output Feedback based Control (POF/FOS), robotics, aerial launch vehicles, spacecraft, electrical power system networks, attitude control of spacecraft, biomechanical systems, dynamics and control of power systems, autonomous vehicles, formation flying and consensus.

B.25) TECHNOLOGY & DEVELOPMENT (TD)

[Centre for Technology Alternatives for Rural Areas(CTARA)]

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in any branch of Engineering
 - ii. B.Tech./B.E. or equivalent degree in any branch of Engineering
- OR
- M.Sc. or equivalent degree.

Adequate exposure/experience in carrying out Field Work and/or Technology Transfer / Project Management and to Contemporary International issues related to Technology and Development is desirable. A clear Statement of Purpose (SoP) along with a research project proposal (~1000 words) must accompany the application. Admission will be made through a written-test followed by an interview.

RESEARCH AREAS

Technology and Development
Rural/Agro-based Industries
Natural Resources (Energy, water, Land use)
Environment, Climate Change and Development
Public Policy and Governance
Agriculture and Biodiversity
Rural and regional planning

B.26) Urban Science & Engineering (US)

[Centre for Urban Science & Engineering (C-USE)]

The Centre for Urban Science and Engineering is an interdisciplinary centre for research, teaching and skilled manpower development with the primary mandate of creating innovative and holistic solutions to deliver urban services related to housing, infrastructure, energy, health and cultural enlightenment, while mitigating the effects of natural disasters and climate change. The centre will combine the latest advances in science and technology with sustainable, equitable and human-friendly design, to create new products and solutions that would ultimately lead to the betterment of life for the rapidly increasing urban population in the developing world.

ELIGIBILITY FOR ADMISSION

First Class or 60% marks (55% marks for SC/ST), as specified in the General Eligibility Criterion, in the qualifying degree:

- i. M.Tech./M.E. or equivalent degree in any branch of Engineering
OR
Master's degree in Architecture, Urban Planning or related disciplines.
- ii. B.Tech./B.E. or equivalent degree in any branch of Engineering
OR
Bachelor's degree in Architecture, Urban Planning or related disciplines.

RESEARCH AREAS

Ph.D. students will be engaged in interdisciplinary research that will focus on urban challenges of megacities. They will work with faculty and researchers from various departments and centres at IIT Bombay in the following domains, including but not limited to :

- **Planning and Design:** Housing, Land use policies, Public Spaces, Risk Management
 - **Policy and Governance:** Housing Economics, Health (Diagnostics, Awareness), Education Employment, Environment
 - **Infrastructure:** Transportation and Land use, Urban water, Waste Management, Smart Energy Buildings
 - **Informatics:** Citizen Science, Urban Knowledge Banks, Geo-Spatial Technologies
-

Fees, Deposits & Hostel Rent for Ph.D. students

(subject to revision as per MHRD/BoG decision)

| | Total Fees (A+B+C+D) . | 26576 | 24076 | 49076 | 7600 |

* Students not staying in Hostel are exempted from the payment of Hostel fees.

*Contribution to Hostel Subsidy is variable every year.

- External students who have completed the course work and joined the parent organization are required to pay Rs. 5126/- as continuation fee (Rs. 2176/- for SC/ST/PwD).

- Research Scholars who are staying in quarters such as Tansa, Tulsi, QIP etc. are required to pay license fee, F.R., etc., as applicable to this quarters as per Estate Office rules.

All candidates admitted under other categories (i.e. SW/PS/IS etc.) (Non-residential students) are required to make their own arrangement for accommodation and needs to pay fees without hostel accommodation in IIT Bombay.

Sponsorship Letter for Full-time Ph.D. Candidates (SW)
(To be typed on letterhead of the sponsoring organization)

To

The Director,
Indian Institute of Technology, Bombay
Mumbai – 400 076.

Sub: Sponsoring of an Employee for Ph.D. programme

Dear Sir,

We hereby sponsor the candidature of Shri./ Smt./ Kum _____, employed in our organization as _____ (designation) for joining his / her Ph.D. Programme in _____ at your Institute as a full-time candidate.

He/ She is employee of our organization since _____. We shall bear the total expenses of his / her studies. We shall fully relieve him/ her of his/ her duties in the organization during the entire period of the Ph.D. programme, to enable him/ her to devote full time to his/ her studies in the Institute.

Signature and Seal of the Sponsoring Authority

=====

Employer's Letter for Ph.D. candidates joining on Study Leave (SF)
(To be typed on letterhead of the Institution)

To

The Director,
Indian Institute of Technology, Bombay
Mumbai – 400 076.

Sub: Relieving an employee on Study Leave

Dear Sir,

We hereby relieve Shri./ Smt./ Kum. _____, employed in this Institute as _____ (designation) on _____ (full-pay/ half-pay/ no-pay) leave for joining Ph.D. programme at IIT Bombay, for a period of _____ years (at least three years).

Signature of Head of the Institute and Seal of the Institution

=====

Sponsorship Certificate for Ph.D. External Registration (EX)

(To be typed on letterhead of the Sponsoring Organization)

Name of the sponsoring organization : _____

Address : _____

Present Designation of the applicant : _____

Present status of the applicant: _____
(Permanent/Quasi Permanent/Temporary)

Division where research work is proposed to be done: _____

Name of supervisor from the sponsoring organization: _____
(Bio-data of supervisor to be enclosed giving details of designation, qualification, research experience etc.)

Details of facilities relevant to the research problem which will be made available to the candidate by the organization.

Statement of proposed Co-supervisor (external)

If Shri / Kum. / Smt. _____ is registered for the doctorate degree, I agree to act as his/ her research Co-supervisor along with the research Supervisor from IIT Bombay.

Signature of proposed Co-supervisor (external)

If Shri./ Kum./ Smt. _____ is admitted to the Ph.D. programme, we shall allow him/ her to undergo the programme of studies at IIT Bombay.

Further, if Shri./ Kum./ Smt. _____ is admitted to the Ph.D. programme, we shall fully relieve him/her from normal duties to complete the course work requirement (and qualifier examination, if applicable) at IIT Bombay.

During the period of Doctoral programme, the candidate will be permitted to carry out his / her research work at our laboratories / organization and will be given the required facilities.

We also give our consent to _____ of our organization to be the Co-supervisor (external) of the Ph.D. thesis, along with a faculty member of IIT Bombay as the Supervisor.

Signature and Seal of the
Sponsoring Authority

=====

**No Objection Certificate from College/University for Ph.D. Applicant
under College Teacher Category (CT)**

(To be typed on letterhead of the College/University)

Dear Sir,

This is to certify that Shri./Smt./Kum. _____ is an employee of our College/University since _____ and is currently serving as _____ (designation).

Our College/University has no objection to his/her application in the _____ (department) to join the Ph.D. Programme at IIT Bombay, under College Teacher (CT) category.

Further, if selected, the College/University has 'NO OBJECTION' to allow Shri./Smt./Kum. _____ to undergo the programme of studies and also to fulfill the coursework requirements (and qualifier examination, if applicable) at IIT Bombay.

Signature & Seal of the Head of the College/University

[Bio-data of proposed Co-supervisor (external), which is optional, to be enclosed giving details of designation, qualification, research experience, etc.]

=====

STATEMENT OF PURPOSE FOR ALL ACADEMIC UNITS

Statement of Purpose (SOP) is your opportunity to share with the admission committee your thoughts and feelings about Postgraduate studies at IIT Bombay including your preparation for the same. Briefly describe past project/ research work done by you. Restrict yourself to 500-600 words. The personal SOP will aid the admission committee in evaluating your application.

(i) If you are applying for more than one academic discipline, you may include separate SoP for each discipline.

(ii) If you are applying to Department of Humanities & Social Sciences, Policy Studies, CTARA or CSRE, you need to upload Statement of Purpose as well as research proposal. The Research Proposal for applying to Policy Studies, Technology & Development (CTARA) should contain (a) problem identification, (b) brief review of literature and (c) proposed methodology. The SOP for CSRE should refer to one or more topics of interest FROM THE LIST of topics announced on CSRE webpage <http://www.csre.iitb.ac.in>.

(iii) If you are applying to Shailesh J. Mehta School of Management, you are required to submit a sample of your recently published writings on a relevant topic or research proposal (1500 words) on a topic of your interest in place of Statement of Purpose. The proposal should contain a) problem identification, b) brief review of literature, and c) methodology.

(iv). Candidates applying to IDC are required to submit a SOP along with a 1500 word proposal that should specify (a) research area (b) brief review of literature and (c) methodology. The candidates have also to submit a recent work or paper related to their area of research.

1. Name:

2. Ph.D. Programme in i) _____

ii) _____

iii) _____
