## Call for Application: MPhil and PhD Programs - 2009

### Yenepoya University

The Yenepoya University (YU) is dedicated to nurture scholars who will contribute to society by advancing knowledge and imparting it to new generations of students. YU believes that knowledge is the highly sought key resource and nurturing the intellectuals with specialized knowledge and skills through research will build a competitive workforce and a secure nation. The YU will be the 'University of Choice' for those seeking research-centered learning environment distinguished by innovation and discovery. Its faculty members, besides being experts in their respective fields, are also known for inculcating and cultivating entrepreneurial, innovative and international mindset. All the research programs are directed towards ambitious and excellent students who aim to develop themselves as independent researchers and experts in their fields.

### The Yenepoya University Advantage

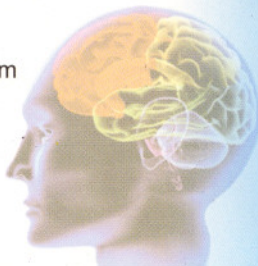

- ❖ Full time experienced faculty of highest repute and dedicated Research Center
- ❖ High quality and internationally competitive research programs
- ❖ Secure campus, spacious and fully equipped laboratories
- ❖ Flexibility for multi-disciplinary courses
