

# INDIAN INSTITUTE OF MANAGEMENT CALCUTTA

**Placement Report**  
**MBAEx 12<sup>th</sup> Batch | 2018-19**

IIM Calcutta's one-year residential program for executives, MBAEx has witnessed successful placement season for its twelfth batch with a top salary of **INR 124.90 Lakh**. The average salary of the batch rose by **10.35%** to **INR 26.98 Lakh**. Median salary too stood at **INR 23 Lakh**, an increase of **14%** over the class of 2018.

We are quite pleased that the placements showed qualitative improvement as well. Many graduates were successful in shifting to industry, roles or functions of their choice. For programs such as MBAEx, this shift is trickier compared to getting jobs.

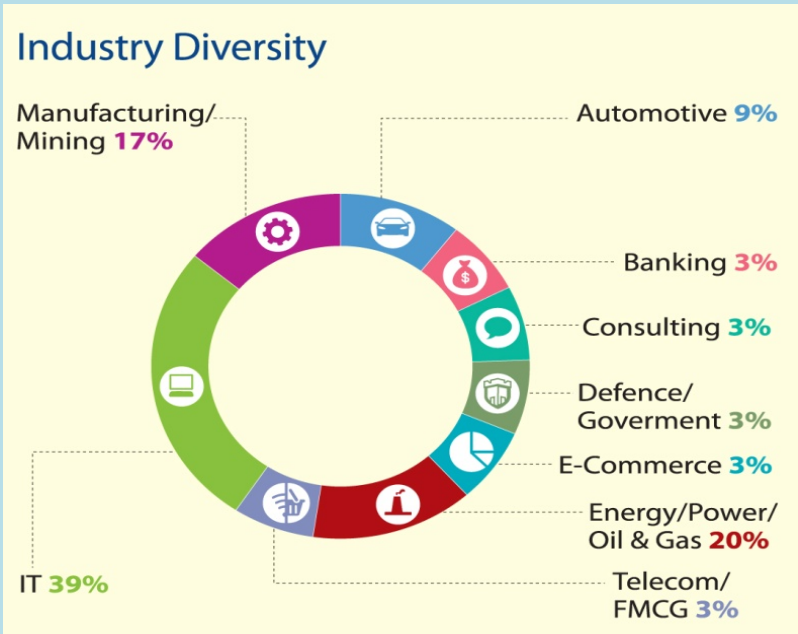

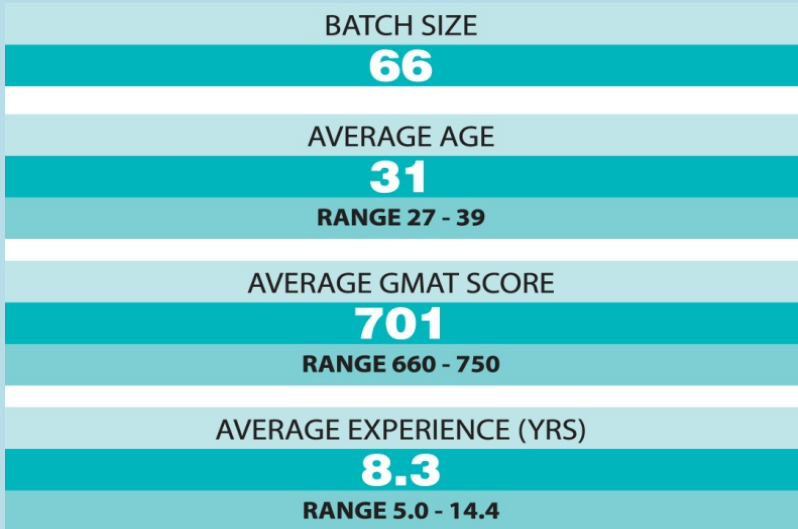

Most importantly, **95%** of the class had confirmed offers by **February 2019** indicating strong demand for IIMC's talent. The class had 62 offers extended from across industries. Accenture, Eclerx, RPG and Invest Punjab were top recruiters by numbers. **60% of the class joined Consulting, ITES, and E-Commerce organizations.**

Several new recruiters hired for their leadership roles. Some of the prominent names were Lynk Logistics, Conduent, Invest Punjab, Spencers, Udaan, Guiltfree Industries, Nissan Digital, OYO Rooms, Publicis Sapient, SDG, Swiggy Labs and Vector Consulting.

The hardwork of the students, faculty and the institute has resulted in a wonderful outcome for our MBAEx graduates.

**Prof. Abhishek Goel**
