1. THE INSTITUTE

The Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat is one of the thirty National Institutes of Technology in the country set up with the objectives of making available facilities for higher education, research and training in various fields of Engineering, Technology and now in basic Sciences.

The Institute campus is spread over 100 hectares of land on the road to Dumas from Surat. The Institute was established in 1961 as one of the Regional Engineering Colleges for imparting technical education in Civil, Mechanical and Electrical Engineering. In the year 1983-84, one UG Programme in Electronics Engineering was introduced. In the year 1988-89, two UG Programmes in Computer Engineering and Production Engineering were started. In the year 1995-96, one more UG Programme in Chemical Engineering was introduced. At present, the Institute is offering total six UG Programmes with an intake more than 600 students; the intake may increase due to Reservation Policy decided by the competent authority. In addition to the above, 20 students are admitted through Government of India from SAARC countries. The Institute is at present offering fourteen AICTE approved M. Tech. Programmes.

The Institute offers three new Five Years Integrated M. Sc. Programmes since the academic year 2007 – 08. The Five Years Integrated M. Sc. Programmes are being offered in three disciplines:

1. Physics
2. Chemistry
3. Mathematics

2. LABORATORY & RESEARCH FACILITIES

All the departments have well equipped laboratories and computational facilities. There are number of central facilities like Central Computer Center, Central Library, Workshop etc., and more equipment & sophisticated instruments for research have been and being added. The Central Library has a very large collection of books,

back volumes of periodicals, standards and other literature. The Library has more than 3 lakhs books and volumes and subscribes to over 1500 current journals in Engineering and Applied Sciences and Humanities. Further, the Institute received grant of Rs. 20 Crores under Technical Education Quality Improvement Programme funded by World Bank. Most of this grant has been utilized to develop very high level of infrastructure, Sophisticated Instrumentation Centre, Media Centre and CAD Centre with most recent Software to carry out high level research.

3. STUDENT AMENITIES

Institute is fully residential and has total 11 hostels for the regular students including two girls' hostels and an independent hostel for post-graduate students as well as research scholars. Each hostel is an independent entity with its own mess facilities, recreation areas, etc. However, students may be permitted to have their own arrangement for accommodation outside the campus. Facilities for extra-curricular activities are provided by Students' Activity Center. The activities include sports, cultural programmes (Kashish and Sparsh), a national level technical symposium (MINDBEND) for the regular students etc.

4. FIVE YEARS INTEGRATED M. Sc. PROGRAMMES

These five years integrated M. Sc. Programmes in the disciplines of Physics, Chemistry and Mathematics, are extendable to seven years. The aim is to provide the students a higher level of education in basic sciences that enables them to tackle practical complex problems faced in the industrial fields as well as to pursue further academic achievements through research. Enough flexibility will be provided with the optional technical subjects, seminars & projects in the structure of the Programmes to orient the students with the self-

confidence and meet any challenge, and be responsible citizens. The Departments of Applied Chemistry, Applied Physics and Applied Mathematics & Humanities are well equipped with sufficient infrastructure.

5. ADMISSION TO THE PROGRAMME

The admission to the programme would be made by using the AIEEE score(inter-se AIEEE ranks) of the applicants as well as by conducting an Entrance Examination by the institute for the purpose.
