MSW 718: FIELD WORK

The Organization of Field Work includes two days of concurrent field work in every week in selected

- Social Welfare Agencies,

- Hospitals,

- Slums,

- Villages,

- Industries.

It includes individual placement of students in various settings based on their area of specialization. Pre visit and Post visit discussions (Individual Conferences) are also included.

.

MSW 719: PROJECT WORK

Project work provides an opportunity for the students to collect data in field, under the guidance of the faculty and to familiarize themselves with the methods of research. At the beginning of the Third semester the students should select a research problem in the selected field of social work and finalize their research design with a member of the faculty. Data collection has to be done during the winter holidays. The project report shall be submitted by the end of March during the fourth semester.

MSW 720 BLOCK PLACEMENT

Students have to undergo Four Weeks of Block Placement in their respective field of Specialization in the fourth semester.

-o0o-
