PREFACE TO THE 3RD EDITION

Employees' State Insurance Scheme is a multidimensional Social Security Scheme mandated to provide both cash compensation and medical benefits against a single contribution in certain contingencies, and Employees' State Insurance Corporation is the nodal authority to ensure effective implementation of the scheme.

In order to remain focused on our commitment towards the primary stakeholders, 6 crore beneficiaries and 4.5 lakh employers, the corporation issued its first edition of Citizens' Charter in 2002 specifying the standard of its services, information about the organization, grievance redressal mechanism etc. which was later revised in the Year,2007.

In the recent past, the corporation has taken a good number of measures to make its services hassle free and more client friendly. Introduction of e-governance process in the organization is a giant step forward in this direction. Transferring of cash benefits to beneficiaries' bank accounts through ECS, No claim from PDB/DB beneficiaries, opening of 24 x 7 helpline in all important offices and provision of super-specialty care through reputed medical institutions are some other recent initiatives which are set to reaffirm our commitment for continuous improvement of our services. Promulgation to "Right to Information Act, 2005" has also contributed its mite in our time-bound delivery of services with absolute transparency.

Updating the existing "Citizen's Charter" has been necessitated due to simplification of our service delivery processes by above initiatives. I believe that our stakeholders will find this revised edition very useful.
