

## School of Languages

### Department of Tamil

Pride and a distinct identity mark the language and the Tamil people. The Department of Tamil was formed in 2004-05 to impart this identity to a fast moving younger generation. A modern syllabus serves to highlight the cultural traditions of Tamil in different ways so that students are attracted to study further.

#### Academics

The Tamil syllabus in part I for undergraduate students imparts literature (poetry & prose), history of literature and language skills for students. The study of journalism is a special feature of this syllabus.

The B.A. Tamil course includes grammar and literature as major subjects. Environmental science, computer science and competitive examination skills are special subjects to enhance job opportunities for Tamil graduates.

#### Faculty

The department has dedicated Tamil professors, who have wide knowledge in literature and grammar. They have written many publications in reputed Tamil journals.

#### Research

Research activities are encouraged and more than 10 research scholars are registered in the department. The research program with a research coordinator committee is spearheaded by the Head of the Department along with eminent members in the doctoral committee.

#### Tamil Mandrum

The department plans to constitute a 'Tamil mandrum' in the current academic year to develop and promote inter-cultural communication and knowledge. The association will organize lectures, seminars and workshops on Tamil literature and language, and conduct inter and intra collegiate competitions to encourage students to participate in extempore, oratorical competition and to present papers at various conferences. Tamil mandrum will also publish books in various topics and release internet journals.

#### Library

The department library is well equipped with more than 500 books in various topics in the language. New books are added to the Tamil literary section every year.

## School of Languages

### Department of Foreign Languages

As the world comes to India and Indians make an impact in countries abroad, techies will find the knowledge of foreign languages gives them the definite edge over their technical counterparts. The Department of Foreign Languages has designed courses in French, Japanese, German and Chinese to meet the global needs and turn these foreign languages into an asset for those who intend to join multinational companies and look for opportunities abroad.

The Department of Foreign Languages consists of eleven well qualified faculty members. Some of them have been well associated with either Germany, Japan or France in their own fields of professional experience. This helps the faculty members to teach the students not only the foreign language but also immerse them in the culture of these countries.

#### **FRENCH**

French, deemed as a global language, is widely used in Europe and Canada. Not only that, the course enhances the scope of the engineering students for placement in companies with French collaborations in India. They are also helped in preparing for the Level-I exam in French conducted by the French cultural center, Alliance Française, Nungambakkam, Chennai, which is internationally recognized.

#### **GERMAN**

Numerous German companies are emerging in India. The increased cooperation between the two countries have opened job opportunities in Germany as well. Learning German helps students to get preference over others in getting employment in such companies and in seeking employment abroad.

#### **JAPANESE**

Engineering students benefit greatly in receiving instruction in the three Japanese scripts, namely Hiragana, Katakana and Kanji. As more and more Japanese clients seek software solutions from India, knowing the language is a definite advantage for fresh engineers who intend to join software companies.

## School of Management

SRM University's School of Management serves as a gateway to the high-profile world of management. The school trains enterprising young men and women to be industry leaders and decision makers.

The school was rated A+ in "Business India B School survey" (Sep-Oct 2007) and is ranked among the Top 100 B Schools in India (Dalal street Directory 2007)

The school is housed in two independent blocks measuring 150,000 square feet. Facilities include:

- Several air-conditioned seminar halls
- State of the art computer labs—a total 200 terminals with Internet facility
- Classrooms equipped with LCD projectors, OHP projectors and microphones
- Modern library with approximately well over 9000 books and journals along with online access to vast digital resources
- Health insurance coverage and blue card allow for medical treatment at a concession in SRM General Hospital

The school offers 2 programs: The regular 2-year MBA and PhD in Management. The regular 2-years MBA program is also offered in Ramapuram and Modi Nagar (U.P) campus. The 2-year degree has been designed for undergraduate students who have just completed their degree. The doctoral program serves students interested in becoming teachers in the field.

### 2-year MBA Program

This program is under the able leadership of highly qualified Dean, supported by experienced faculty members as well as visiting and adjunct faculty. The Application, Experience and Participation (AEP) Model forms the core of the curriculum and encourages students to learn through experience.

### Specialization

Students are prepared to meet today's IT-enabled business environments by offering functional specializations in marketing, finance, human resources, systems and production and super specialization in IT, business process outsourcing, financial services marketing, retailing, auto industry, risk management and small and medium enterprises.

### Co-curricular activities

- Personality development programs: Yoga & meditation, communication skills, negotiation skills, stress management, lateral thinking, creativity and innovation
- Periodic industrial visits, workshops and seminars
- Corporate clubs: Clubs provide students with exposure to a wide range of management studies, including human resources, marketing, finance, systems and entrepreneur club
- Mini projects: Students undertake mini projects in subjects like production, systems, research, and finance to get an understanding of the practical implications of the subjects
- Center for entrepreneurship: The goal of the centre is to develop leaders with the spirit of entrepreneurship. As successful entrepreneurs our students would play a key role in economic growth of the nation
- Center for retailing: The center strives to provide quality research, training and consultancy in the emerging areas of retailing

### Ph. D. program in management

The School of Business Management is committed to high quality knowledge creation through writing case studies and working papers as well as publishing articles in international journals. Linkages with the global academic business community facilitate these processes.

### Mentors

Every Ph.D. student collaborates closely with an assigned departmental guide. Visiting international faculty also mentor research scholars. This additional support raises the standard of learning by exposing research scholars to cutting-edge research tools. In addition, these relationships cultivate scholars who possess the skills necessary for publishing research results in the finest international journals.

### Tracks and specializations

The School offers doctorates in finance, marketing, information technology, operations and human resources management. The school permits external registration as well as full-time admission.

## School of Journalism & Mass Communication

The power of the pen has been given its due and journalism is the most happening field around. The demand for media professionals is growing with each passing day. With a vision of encouraging ethical journalism in our country, SRM's School of Journalism and Mass Communication shapes students with the zest to perform into journalists of tomorrow.

### Facilities:

The best facilities are ensured for students such as:

- State-of-the-art computer lab with internet facility
- Centralised library with internet facility and a department library
- Separate hostel facilities for men and women

### Academics

Exposure to Print, Visual, PR and New Media is given importance under the guidance of highly qualified and experienced faculty. Regular lectures by experts in the industry combined with regular seminars and workshops along with periodic visits to various media houses makes it obvious why SRM is the one place all future journalists head to.

Under the stewardship of veteran journalist, author and famous historian S Muthiah, the school offers:

- a) Three-year BA program in journalism and mass communication
- b) Six-months Diploma in Journalism for Sri Lankan Tamil journalists
- c) One-year PG Diploma in Journalism (Evening) course

A two-year Master's program in communication will be introduced in 2009-10.

### Academic Activities:

Students are given a unique blend of theory and practice with hands on training in media skills to give them an international perspective and an exposure to newer and higher learning standards.

A weekly lab newspaper is published by BA students from the 3rd semester onwards, while the PG Diploma students work on a Lab Newspaper during the 2nd semester.

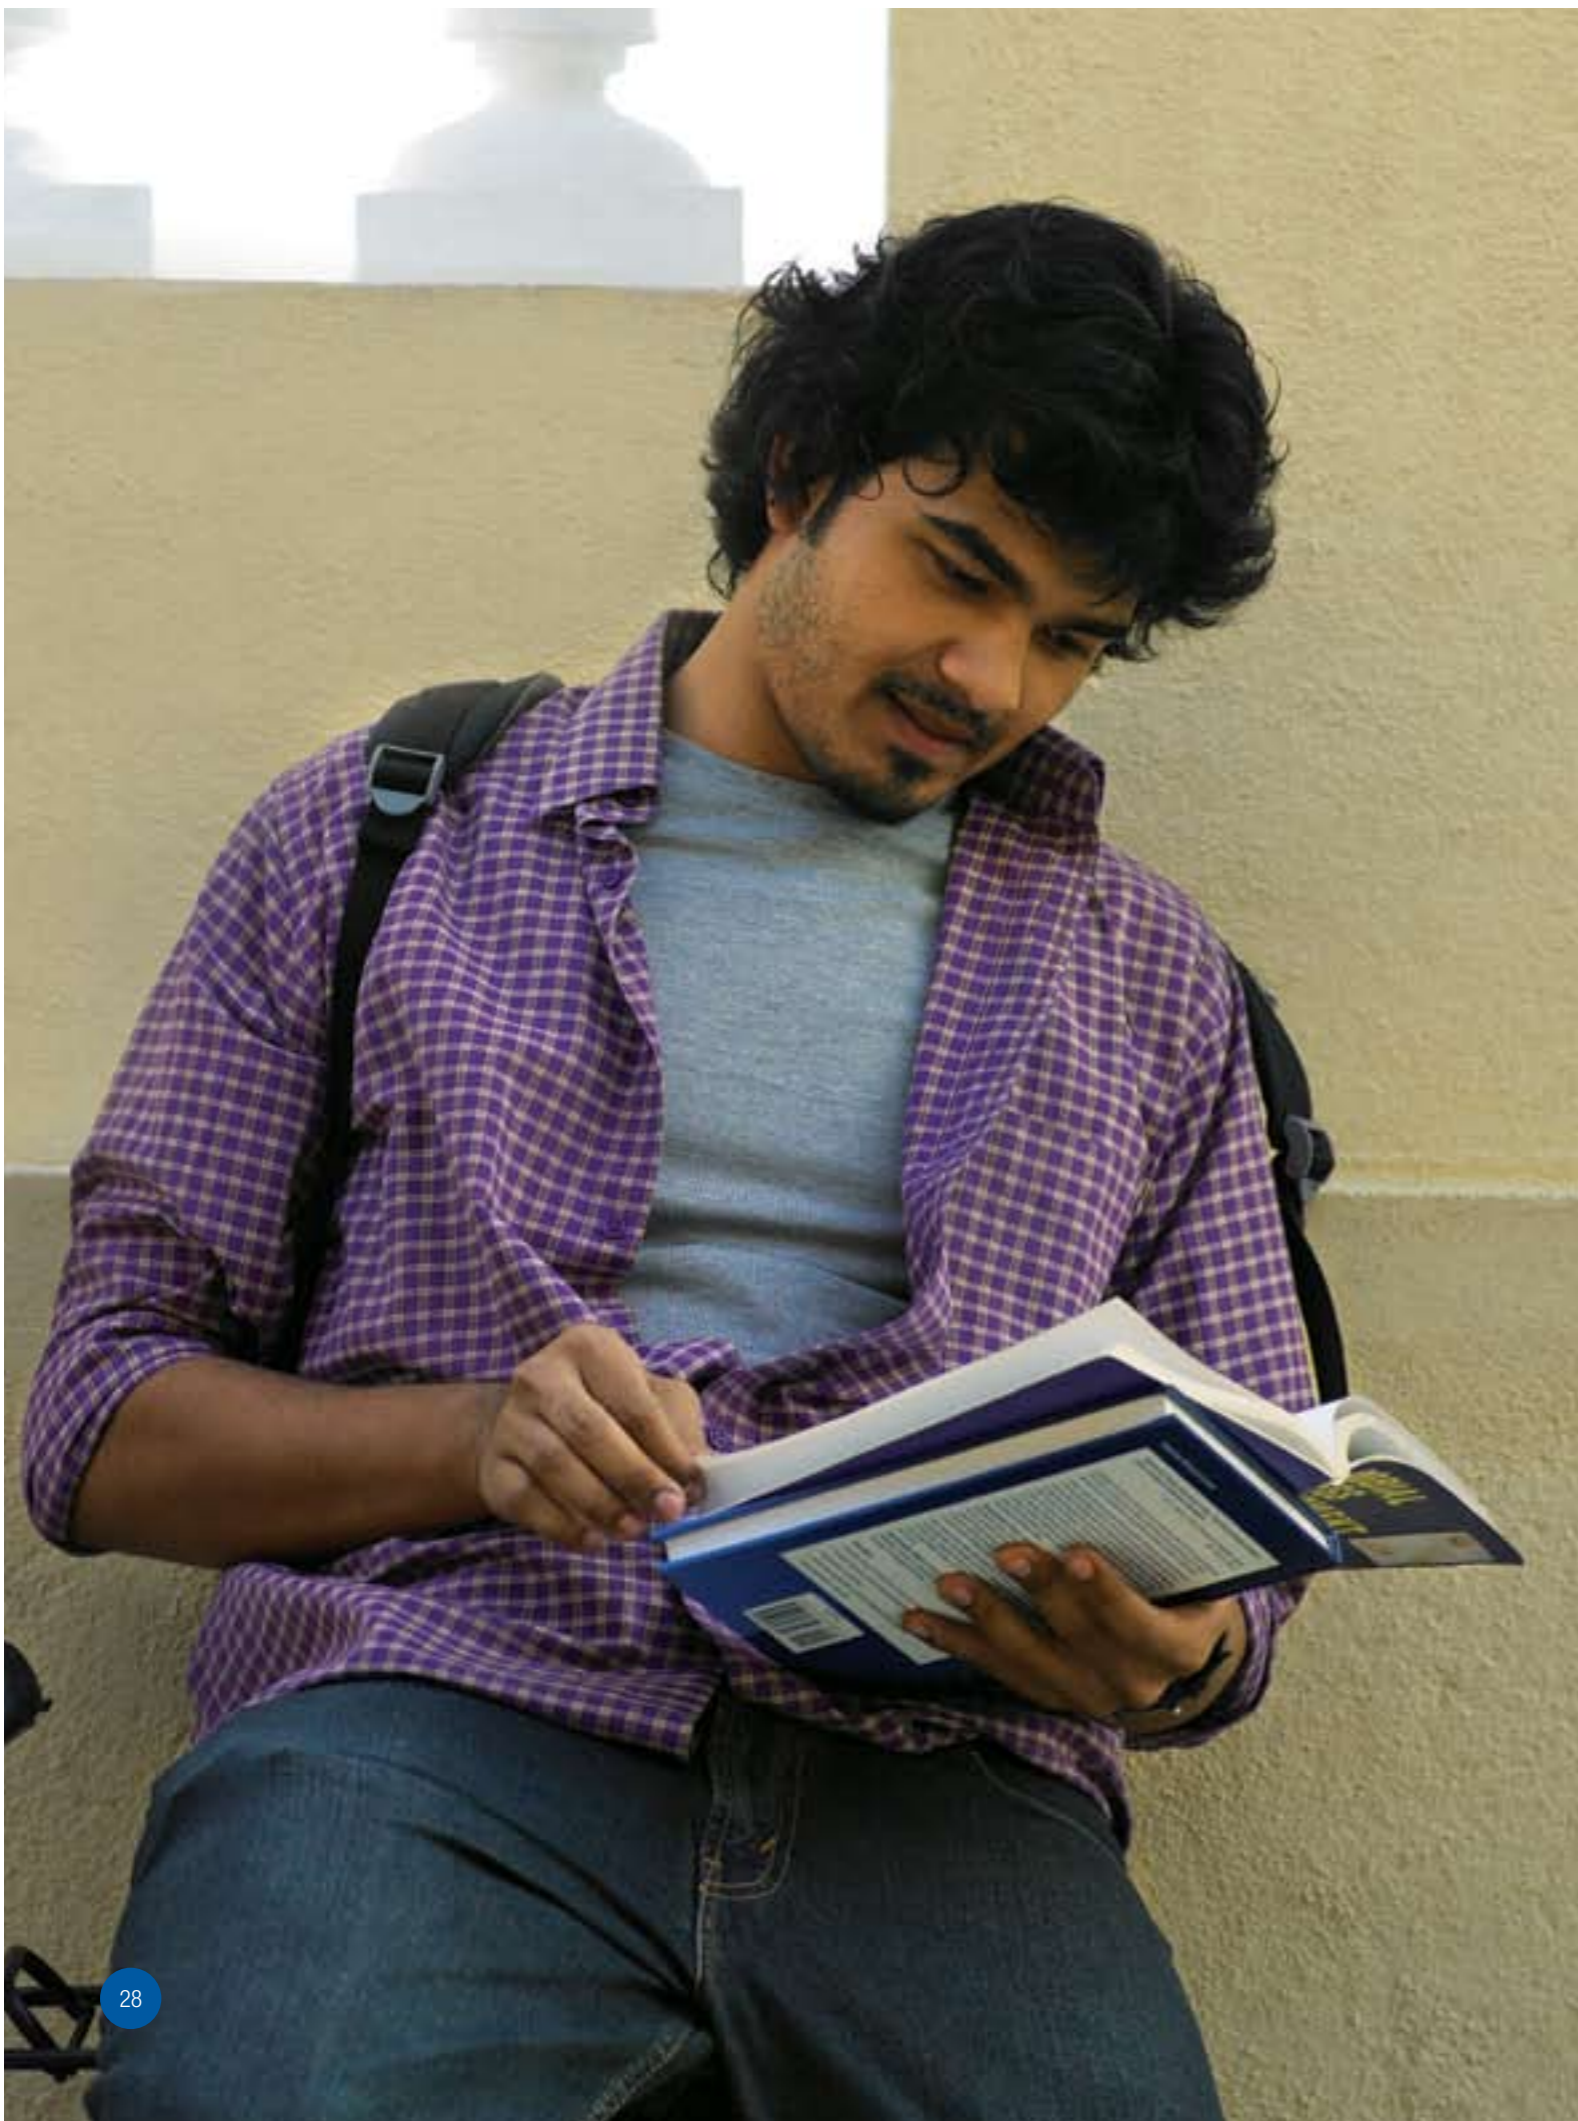

Social sciences including English, History, Economics, Constitution and Environment form a part of the curriculum providing a strong knowledge in the fundamentals.

The end of each academic year sees students working at reputed media houses as a part of their internship program.

### Achievements:

The school's first major international initiative was completed when 20 mid-career Tamil journalists from Sri Lanka were re-trained for 6 months in 2007, helping them acquire new media skills. The government approved program was backed by Sri Lankan Press Institute and funded by the International Media Support of Denmark.

# Institute of Hotel and Catering Management

The importance of competent hoteliers is increasing with each passing day as five star hotels and resorts spring up around the country and chefs are feted at international events. SRM Institute of Hotel Management has been offering quality hospitality education and training for more than a decade.

SRM Institute of Hotel Management is the only one of its kind with a fully operational super deluxe star hotel set amidst scenic ambience spread around 5 acres. The institute has two branches:

The SRM Hotel pvt Ltd, Chennai, ideally located on the National Highway, has easy access to industrial areas and tourist sights. It caters 50 well furnished rooms to its patrons including reputed industries like Ford India Ltd, Visteon, Hyundai Motor India Ltd, Spel Semiconductors, Ucal Fuel Systems, JPSL, JBM Krupp as well as pilgrims and tourists to the region. The hotel educates 1500 students per year, exposing them to valuable hands on practical experience.

SRM Hotel Pvt. Ltd, Trichy has 120 well-equipped rooms. The college offers degree and diploma courses in Hotel and Catering Management to around 400 students every year.

## Programs Offered:

Program	Eligibility	Duration
Degree B.Sc. (Recognized by SRM University)	10 + 2	3 Years
Degree B.Sc. (Recognized by University of Madras)	10 + 2	3 Years
Diploma (Recognized by SRM University)	10 + 2	3 Years
Craft/Certificate course in food production, bakery and confectionery, F&B service, front office and house keeping.	10th	1 Year

## Proposed program under Directorate of Distance Education

Lateral entry degree course for those who have completed three years diploma in Hotel Management and Catering Technology from a recognized institution (Duration 1 year).

## PG COURSES.

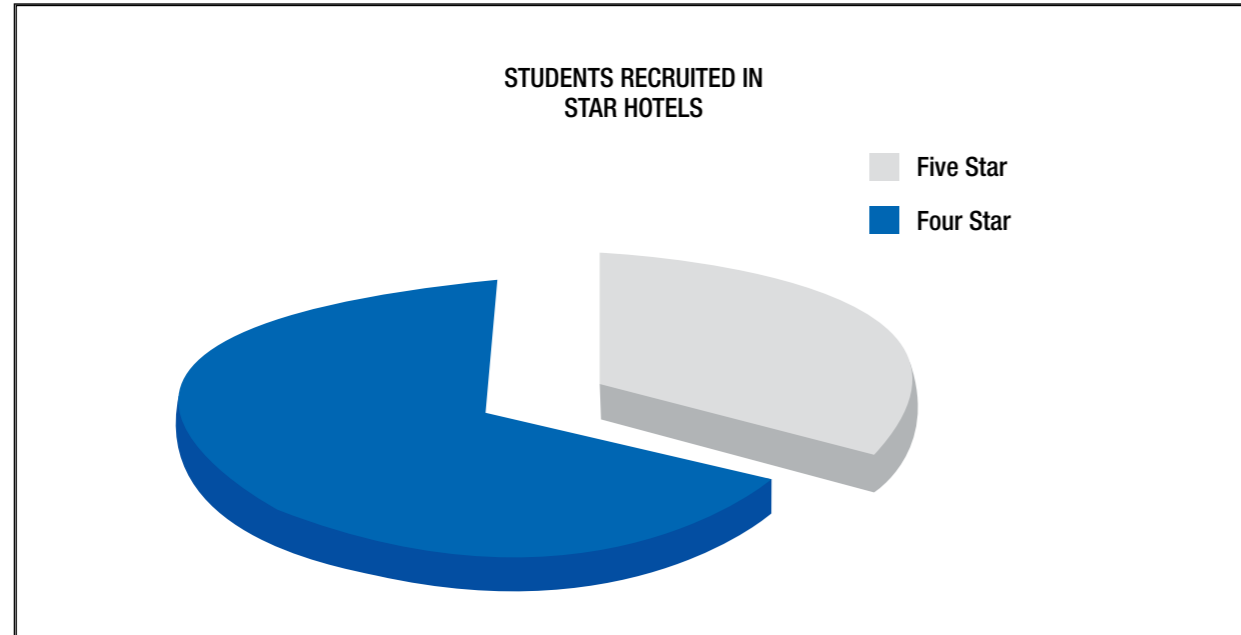

Program	Eligibility	Duration
M.Sc in Hotel and Catering Management	B.Sc. (H&CM)	2 Years
MBA in Hospitality Management	Any UG Degree	2 Years

## Placements

The Institute assists placement of every successful student at the entry level in the rank of Assistant Manager with a suitable remuneration package plus liberal perks in the SRM Hotel chain, run by the SRM group. Apart from this, the students are also absorbed in other star-class hotels like Taj Coromandel, Taj Connemara, Taj Fisherman's Cove, The Park, Chola Sheraton, The Trident, Ambassador Pallava, Benz Park Tulip, GRT Grand, ITC Park Sheraton, Le Royal Meridian, Savera, Residency Towers, etc as well as in the airlines, railways and tourism industry. Students are also placed in hotels abroad like Four Seasons, Best Western and Hilton. This academic year, 127 students were placed so far in the above hotels and Comfort Inn Marina Towers, Courtyard Marriott, Raintree, RKHS, Taj Maldives, Le Meridien, Dubai are expected for campus interview in the current academic year.

A GRAPH SHOWING THE NUMBER OF STUDENTS RECRUITED IN STAR HOTELS

#### Training Methodology

The entire course is based on the American system as followed by Cornell University, the premier institute of hotel management in the world adopting the T-GROUP Therapy concept. Students participate and interact with the faculty for complete comprehension and understanding of the subjects. Students are encouraged to go beyond the purview of the syllabi and emphasis is laid on hands on training in various departments. The modern infrastructure helps the students to widen their intellectual horizon.

#### Foreign Students

It is a matter of great pride that students from western countries opt to pursue their professional training at the SRM Institute of Hotel Management. The Institute earlier offered International Postgraduate program in Facility Management – From Rijkshoge School Ljseiland, Deventer, The Netherlands.

#### Foreign Tie-Ups

The institute has signed several MoUs with prestigious universities around the globe:

- Cambrian college and Algoma University, Canada
- Youngsan University, Korea.
- University of Wisconsin (UoW) & Bryant University, U.S.A.
- Taylors College University, Malaysia

#### Present activities

Apart from the regular academic activities, experts from the industry are invited to give guest lectures to update the students regarding current trends in hospitality industry. Students are sent for mandatory industrial training for a period of 16 weeks, which helps them gain hands on experience in all major departments. Teachers are exposed to “train the trainer” program every year to evaluate and upgrade their knowledge.

#### Extra Curricular Activities

The students actively take part in NSS, Economic Times Club, Rotaract club and NCC events as well as blood donation camps, environmental awareness programs like tree plantation, social activities and inter college cultural activities. The students also participate in various district, state and national level sports events.

#### Accolades

#### SRM IHM - ONE OF THE TOP TEN COLLEGES IN INDIA

One of India's most popular magazines, “The Week” conducted a nation-wide Education & Career survey for the hottest courses and had accredited SRM Institute of Hotel Management as one among the top 10 colleges offering Hotel Management courses in India.

SRM Institute of Hotel Management won the outstanding contributions award in the 2nd National Culinary Conference 2005 organized by the Indian Federation of Culinary Association. SRM Institute of Hotel Management celebrated ‘International Chef’s Day’ for the first time. Competitions like debate and carving were held and many colleges participated. The events challenge individual skills and motivate students through competition and interaction.

SRM Institute of Hotel Management won the prestigious Gurukul Jyoti Award for Excellence in Education-06

SRM IHM has been awarded NSS St. John Ambulance's certificate in appreciation of training maximum number of students in First Aid for the year 2006 and 2007. Mr. D. Antony Ashok Kumar, Director & Principal, received the award from Mr. Surjit Singh Barnala, Governor, Tamil Nadu.

## School of Education

Education has as one of its fundamental aspects, the imparting of culture from generation to generation. The school of Teacher Education, under Dr. Vinaitheerthan and his team of proficient faculty, is engaged in drawing out the latent teaching and learning abilities in every student.

### Curriculum

Crafted to produce outstanding educators and researchers, the curriculum teaches you to think from multiple viewpoints, relate it to other subject areas and seek to understand the subject matter accurately. The program uses interdisciplinary instruction and effective questioning as appropriate tools. Teachers are trained in critical thinking and problem solving strategies as well as in oral and written communication.

### Assessment

Students are periodically assessed with standardized and teacher-constructed tests. Their progress is tracked throughout the program to ensure they gain the maximum benefit.

### Teacher Education Portfolio

As they proceed through the teacher education program, students maintain a portfolio that relies on the concept of reflective action as its principle of organization. This portfolio offers process of self-assessment in four broad areas: curriculum, assessment, relationships, and environment. This promotes growth through analytical and critical evaluation regarding the goals and objectives of the program.

### Academic environment

The faculty creates positive and caring environments for student development and learning. A variety of teaching methods and materials utilizes media and technology to the maximum. The faculty also plans informative sessions that involve individual development as well as teamwork.

### Specialization

The program trains teachers to meet global requirements and standards, and prepares them for ICT and ET-enabled classroom environments. The program also offers several specializations including:

- 100 hours of intensive computer training in collaboration with Intel
- Health education
- Live media exposure
- Intra and Interpersonal communication skill development
- Community services
- Enhancement of language skill through SRM FM radio
- Educational projects
- Environmental awareness
- Educational extension services

### Research

Presently over 12 research scholars are pursuing their doctorate in Education. Competent supervisors guide them through their research projects. Apart from academic research, the department takes part in projects with various national and state level teacher education organizations.

The school has established relationships with various organizations at national and international levels committed to education. This has a positive bearing on research outcomes, learning opportunities and all round development of the student.

### Working with Sarva Siksha Abhiyan (SSA)

The school took initiative to implement several cooperation projects involving SRM University and Sarva Siksha Abhiyan (SSA) at various levels.

- Activity Based Learning project defined and implemented on the foundation of the institutional and pedagogic needs of the Tamil Nadu State, and the competence and capacity of the Primary, Upper Primary and High schools to meet the present day changes and needs in the educational system.
- Cooperation based training programs through Block Resource Teacher Education (BRTE) and Cluster Resource Centres (CRCs) on activities related to pedagogical research and development work, adapting the best practices in education, action research and community participation; among other innovations focused on achieving the Minimum Levels of Learning (MLL) one of the framework conditions for learning.

- Acquired sufficient experience in the event of establishing a long term program for teacher education in collaboration with Sarva Siksha Abhiyan (SSA) by giving orientation and in-service training programs for the teachers in government schools at various levels.

#### Activities

The school actively takes part in various humanitarian activities including community participation through Health education, Adult literacy, Youth Red Cross (YRC), Adolescent education, Functional literacy, Telugu minority school, Computer training, Radio participation through SRM-FM radio, Social relevant projects etc.

#### Linkage cell

The linkage cell was set up in response to the national needs and cultural, social and economic context of teacher education. The objectives of the cell are:

- To maximise the benefits of the comparative advantages of teacher education by the School Linkage Cell and how these strengths can contribute to promoting cooperation among the various schools
- To support partnership models – some of the joint applications include Sarva Siksha Abhiyan (SSA), Directorate of Teacher Education, Research and Training (DTERT), National Council for Education Research and Training (NCERT)
- To include cooperative research and development work relevant for improving the quality of the teacher education among the various other State and National Universities
- To offer computer training in collaboration with Intel covering various schools in and around Kattankulathur block, Kancheepuram District

SRM STE & R has adopted some of the schools in Kattankulathur Block and the best practices were put into experimentation and development. Placement opportunities are provided to all the students of SRM STE & R. Some of the recruiting boards include: Indian Council for Secondary Education (ICSE), Teachers Recruitment Board (TRB), Central Board for Secondary Education (CBSE) and other private and aided schools across the globe

## School of Commerce

Sharp minds are at work at the School of Commerce, where you will learn the latest trends in business, commerce and entrepreneurship. The faculty's enthusiasm to impart quality education is reflected in the students' inclination for perfection.

### Faculty

The scholarly faculty team guides students at every step motivating them to become worthy managers and administrators in the field. They engage in various forums to constantly update their own learning and ensure the students are well prepared to succeed.

### Academics

The 3 year UG degree program and the 2 year PG degree program lay stress on vital subjects like accounts, commerce, economics, computer application, material management, banking, business law, e-commerce, e-banking, statistics and tally. The syllabus is constantly updated to add new trends in the subject and to take advantage of the latest infrastructure.

### Resources

Nothing compares to hands on experience. Students are acclimatized to the workplace through periodic industrial visits. Focus is also given to new age e-commerce and e-business, which are making an impact in the field. The school also organizes career guidance, entrepreneurial development programs to upgrade their skills and make them industry ready.

## School of Fine Arts

### Department of Visual Communication

Today a person has so many new ways to communicate in real time that the need for professionals in this field has never been greater. Since its beginnings in 1997, SRM's Department of Visual Communication has grown to over 300 students. Each of these students receive the best of modern facilities, hands on training and guidance from experienced faculty.

#### Facilities

**Multimedia lab:** Equipped with more than a 100 high end computers, this lab is divided into a 2D animation studio and a 3D animation studio. Here students learn graphic skills with the latest softwares in the industry.

**Photography lab:** State of the art lighting equipment and photography settings set this lab apart. The modern darkroom with six cubicles can accommodate more than 30 students for instruction in one go. The lab also has a separate photography studio and portfolio studio.

**Television production lab:** This modern studio with its blue matte setting and multicamera setup caters to both film and small screen training. The advanced lighting systems allow students unparalleled freedom to experiment. It also has an exclusive editing and audio lab.

**Drawing and Graphic Design lab:** The lab has more than 100 drawing tables for students' use. The department also has a modern viewing room.

#### Courses

The department offers students both B.Sc. and M.Sc. programs.

## School of Media Studies

### SRM Sivaji Ganesan Film Institute

The world of film making stands poised on the threshold of change. A time when digital and new age technologies are changing the very way films are made. A very exciting time for enthusiastic youngsters to enter a film making career.

SRM Sivaji Ganesan Film and Television Institute provides its students an opportunity unlike any found in present day film institutes. A full fledged degree program that trains students in-depth, exposes them to the industry and stresses on practical application. The program opens up diverse, thrilling, and lucrative career opportunities for any one interested in the field.

#### Expert Faculty

Students are guided by a team of professionals hand picked from the film industry. The experience and qualifications of these faculty ensure that students retain the best of the course and keep up-to-date with the latest in the industry.

#### Professional Equipment

State of the art cameras (film and digital)  
Editing suite

#### Laboratories

Sound studio  
Production design studio  
Costume and make-up studio  
Graphics and animation lab  
Shooting floors  
Viewing Theatre

#### Bachelor of Film Technology (BFT)

For the very first time in the history of Indian film institutes comes this 3 year comprehensive degree program. Introduced by SRM Sivaji Ganesan Film and Television Institute, the course equips aspiring film makers with state of the art infrastructure, professional faculty and industry leads. So they have an edge that will leave them in a class of their own.

Minimum qualification: Pass in Higher Secondary (any group)

#### Curriculum

The first year develops the fundamentals of Direction, Cinematography, Editing, Sound, Graphics & Animation, Art Direction and Film Producing & Marketing. The second year builds on the first year and students can specialize in any one of the above mentioned fields.

#### The institute also offers

##### 1 year full time Diploma in Film Acting (DFA)

Minimum qualification: Pass in Higher Secondary (any group)

This course imparts training in multidimensional aspects of Film and Television acting. It helps students to acquire the required skills, confidence and poise so necessary for an acting career. Those who have an aptitude and flare for acting can join this course.

# List of courses

Eligibility: For details on various programs please log on to [www.srmuniv.ac.in](http://www.srmuniv.ac.in).

How to apply: There are two ways. The application form obtained on payment can be filled and sent to the Dean (Admissions). Applications downloaded from the web can be filled and sent along with a DD of Rs. 750, favoring SRMIST, payable at Chennai, to the Dean (Admissions).

## Courses offered in Kattankulathur Campus:

Course Title	Duration	Eligibility
<b>Diploma</b>		
Hotel Management	3 years	A pass in X std.
Teacher Education	2 years	A pass in HSC.
Film Acting	2 semesters	A pass in HSC.
<b>PG Diploma</b>		
Journalism	1 year	Any graduate with 50%
<b>U.G. Programs</b>		
<b>B.Sc.</b>		
Biotechnology	6 semesters	A pass in the higher secondary examinations accepted as equivalent with biology as a subject.
Biotechnology & Bioinformatics	6 semesters	A pass in the higher secondary examinations accepted as equivalent with biology as a subject.
Computer Science	6 semesters	A pass in HSC with Computer Science/ Mathematics/Statistics/Business Maths.
Information Technology	6 semesters	A pass in HSC (Academic or Vocational Scheme) with Mathematics/Business Maths/Commerce/Accountancy.
Hotel & Catering Management	3 years	A pass in HSC.
Information & System Management	6 semesters	A pass in HSC (Academic or Vocational Scheme).
Visual Communication	6 semesters	A pass in the Higher Secondary Examinations (Academic or Vocational Stream).
<b>B.Ed.</b>	1 year	Any degree.
<b>B.Com</b>	6 semesters	A pass in the Higher Secondary Examinations (Academic or Vocational Stream).
<b>B.C.A.</b>	6 semesters	A pass in HSC with Computer Science/ Mathematics/Statistics/Business Maths.
<b>B.B.A.</b>	6 semesters	A pass in the Higher Secondary Examinations (Academic or Vocational Stream).
<b>B.Film Technology</b>	6 semesters	A pass in the Higher Secondary Examinations (Academic or Vocational Stream).
<b>B.A.</b>		
Tamil	6 semesters	A pass in HSC (Academic or Vocational Scheme)
Journalism & Mass Communication	6 semesters	A pass in Higher Secondary Examinations.
<b>P.G. Programs</b>		
<b>M.C.A.</b>	6 semesters	Any degree and (in HSC Maths).
<b>M.B.A.</b> (Hotel, Hospitality and Tourism Management)	2 years	Bachelor degree in Hotel Management, Tourism or any Bachelors degree.
<b>M.Com.</b>	4 semesters	A candidate who passed B.Com, B.Com Accounting and finance, Marketing management, Bank management, B.B.A.; B.Sc Information

## M.A.

Public Administration	4 semesters
International Relations	4 semesters
Mass Communication	4 semesters

## M.Ed.

1 year

## M.Sc.

Biotechnology	4 semesters
Biotechnology & Bioinformatics	4 semesters
Biotechnology & Bioinformatics (Integrated)	10 semesters
Chemistry	4 semesters
Computer Science and Tech. (Integrated)	10 semesters
Computer Science and Tech. (Lateral)	4 semesters
Information Technology	4 semesters
Mathematics	4 semesters
Physics	4 semesters
Visual Communication	4 semesters
<b>M.Phil.</b>	
Mathematics	1 year
Education	1 year

## Ph.D. in all disciplines

## Courses offered in Ramapuram Campus:

### U.G. Programs

#### B.Sc.

Biotechnology & Bioinformatics

#### P.G. Programs

#### M.Sc.

Biotechnology & Bioinformatics

System Management, and B.C.A. with any two core/main paper offered at the B.Com.

Any graduate with first class.

Any graduate with first class.

Any graduate with 50%.

A degree with B.Ed.

A candidate with Bachelor's Degree in Science in the disciplines of Biology, Botany, Zoology, Biotechnology, Microbiology, Chemistry, Biochemistry, Physics, Agriculture or BE/B.Tech (Biotech), BVSC, MBBS, BDS from SRM University or any other recognized university.

A candidate with Bachelor's Degree in Science in the disciplines of Biology, Botany, Zoology, Biotechnology, Microbiology, Chemistry, Biochemistry, Physics, Agriculture or BE/B.Tech. (Biotech), BVSC, MBBS, BDS from SRM University or any other recognized university.

A pass in the higher secondary examinations accepted as equivalent with biology as a subject.

A candidate with Bachelor's Degree in Chemistry.

A pass in HSC with Mathematics and Physics.

Bachelor Degree in Computer Science or Computer Application.

Bachelor Degree with Mathematics / Business Mathematics / Business Statistics / Mathematical Physics as Main or Ancillary subject.

B.Sc. Mathematics.

B.Sc. Physics / Electronics Science / Electronics / Applied Science.

Any Degree.

M.Sc. Mathematics.

Post graduate of any discipline with Post graduate of Education (M.Ed) or Educational Technology (M.Ed Tech).

Biotechnology & Bioinformatics (integrated)

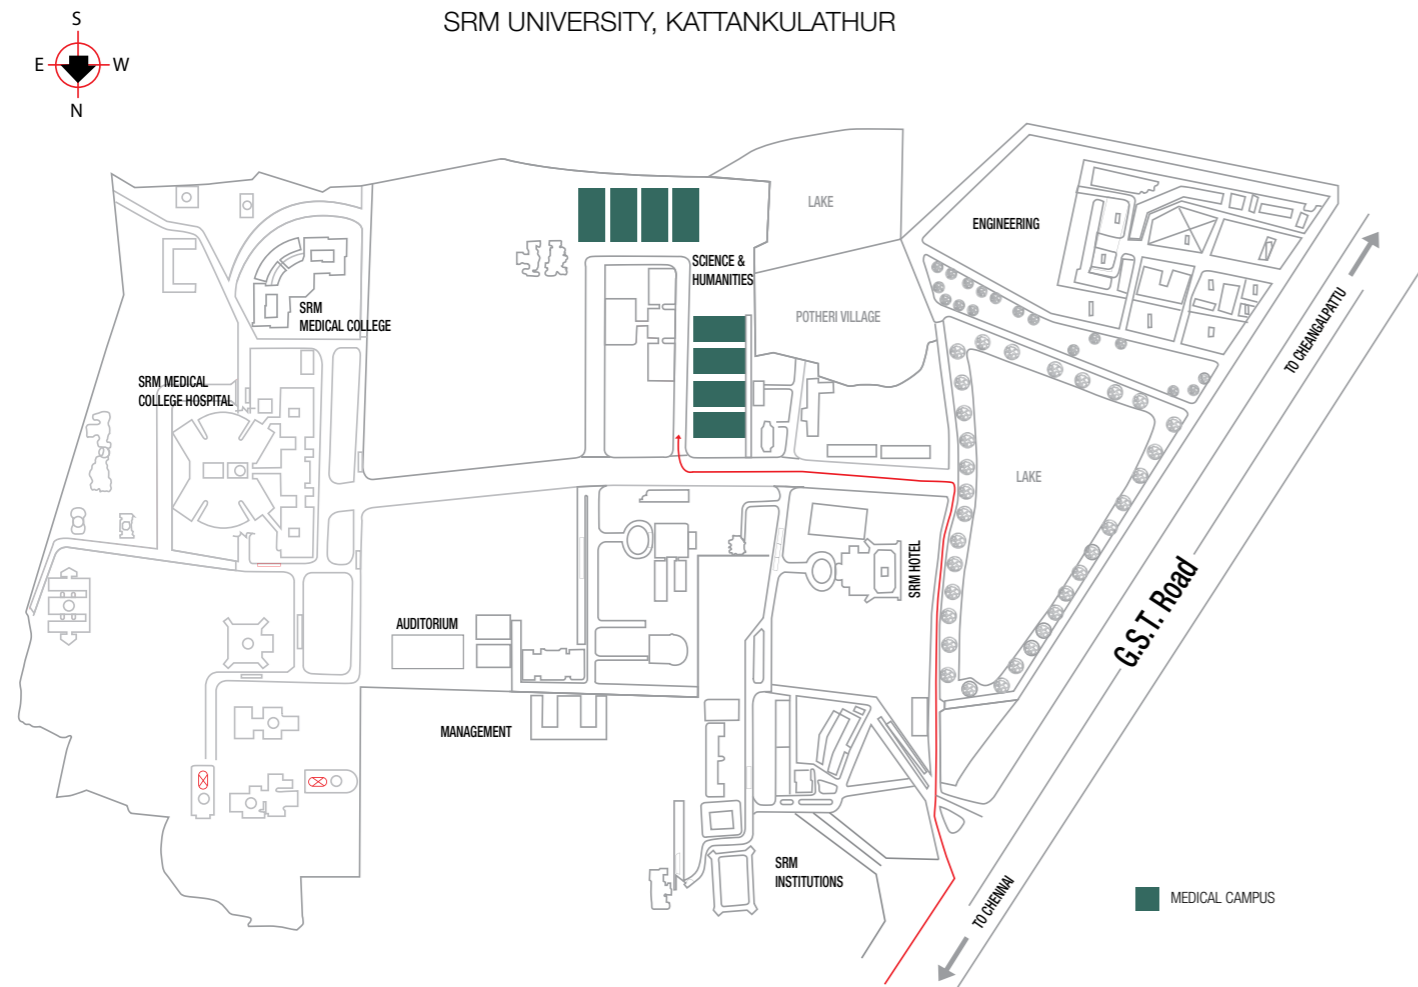

Biotechnology

Computer Science & Tech. (Integrated)

# Getting from where you are to where we are

## Directions

Going south on **GST Road** from Chennai, you will pass the **Chennai International Airport** on your right. Continue south for 23.2 km. The first entrance into the **SRM University**, Kattankulathur campus is on your left. Take L off of GST Road in front of the granite **SRM Hotel sign** with brass letters.

Go straight for .3 km (you will pass the hotel on your left) until you reach the **SRM General Hospital sign** on your R. Take L. Go straight until you reach the second turning to the right. You will enter the **SRM Science and Humanities** block..
