Books / Tables / Mechanical Charts / Programmable Electronic aids / Cell Phones are not permitted in the examination hall Possession of these items in the examination hall is considered as malpractice and disciplinary action will be taken by the concerned examination conducting authorities.

All questions are compulsory. In other words, there is no choice among questions. Candidate is expected to attempt all the questions, in order to obtain maximum marks.

All questions are compulsory. In other words, there is no choice among questions. Candidate is expected to attempt all the questions, in order to obtain maximum marks. THERE WILL BE NO NEGATIVE EVALUATION WITH REGARD TO WRONG ANSWERS BUT MARKS WILL NOT BE AWARDED IN RESPECT OF MULTIPLE ANSWERS. The version code of the question paper will be boldly printed on facing sheet of the question paper. The version codes used in each paper will be from A - 1 to A - 4.

**COMPULSORY:** Initial TEN minutes will be given for the candidates to write / shade the particulars such as Name, PG CET Number, Version Code and Serial number of the question booklet on the OMR answer sheet in the boxes provided. The candidates who do not write / shade the correct PG CET Number and Version Code on the OMR answer sheets, the OMR answer sheets of such candidates will not be scanned and will not be assigned any rank.

The candidates will have to mark correct options on the Optical Mark Reader (OMR) answer sheet, which will be supplied at the beginning of the test.

Among the four options provided against a question, only one answer will be correct. The candidate should mark the correct answer by completely shading only one circle against a question number, using BLUE or BLACK ink ball point pen. More details about precautions to be taken while filling the particulars on OMR answer sheet is given below. The OMR answer sheet comprises of two sheets. The top sheet will be used for the purpose of marking correct answers and later scanning & evaluation and the bottom sheet will be returned to the candidates after completion of the test. The bottom sheet is coated with a special kind of chemical which acts as Carbon. When the candidate fills the circles on the top sheet, the pressure on the bottom sheet will automatically create a replica of the top sheet.

The candidates are required to **COMPULSORILY AFFIX THEIR LEFT HAND THUMB IMPRESSION** in the space provided on the bottom portion of the OMR answer sheet (top sheet) with the ink-pad provided by the room Invigilator, after completion of the test. However, they need not affix their thumb impression on the replica (bottom sheet) of the OMR answer sheet. Thereafter, the invigilators will detach the bottom sheet from the top sheet at the perforations and hand over the bottom sheet replica to the candidates and they are allowed to carry the same with them. The top sheet will be retained by the invigilator for returning the same to the Deputy Chief Superintendent of the examination center and in turn to KEA.

**NOTE:** The OMR answer sheets in respect of all the candidates who have affixed their left hand thumb impression will only be scanned and the results in respect of such candidates will be published. The OMR answer sheets in respect of candidates who have not affixed their left hand thumb impression, for any reason, will not be scanned. Also, the results in respect of such candidates will not be published.

## **Optical Mark Reader sheets as Answer Sheets**

The need for the replica has compelled us to design OMR sheet in such a way that all the information and the answers are marked only on one side. The top portion of the sheet is meant for furnishing the particulars about the candidates such as the Name, PG CET Number, Version code and serial number of the question booklet. The bottom portion is meant for marking the answers, affixing the signature of the room Invigilator & candidates and also for affixing the Left Hand Thumb Impression of the candidate. The space meant for the subject would have been pre-marked. The square blocks in each item should be filled by the candidate in capital letters and numbers. The circles corresponding to the letters or numbers are meant to be completely shaded using blue or black ink ballpoint pen only.

### **Why Ball Point Pen?**

Remember, we are allowing the candidates to carry home a replica or facsimile of the OMR answer sheet and the OMR answer paper comes in a set of two sheets. When you shade the top sheet, the pressure will create a dark mark on the bottom sheet on the corresponding circle. If a pen with a nib is used, the pressure on the top sheet will not be sufficient to activate the chemical on the bottom sheet. On the other hand, a ballpoint pen exerts sufficient pressure to convert the bottom sheet chemical into a dark spot. That is why we want you to use a blue / black ink ballpoint pen only.

### **Important precautions to be taken while writing / shading Top portion of OMR Answer Sheet**

The initial TEN minutes will be given to a candidate, for writing / shading the particulars on the top portion of the OMR answer sheet, wherein the candidates are required to write their Name within the boxes, write their PG CET Number in the boxes and shade the respective circles, write the Question booklet version code in the boxes and shade the respective circle in the required manner. The candidates are also required to write the Question booklet serial number. Of the five items, entries pertaining to Name, PG CET Number and Question booklet Version code are very crucial ones. Therefore, candidates are advised to take extra precaution while writing and shading these three items accurately on the top portion of the OMR answer sheet. Important precautions to be taken while shading answers on bottom portion of OMR Answer sheet.

After the initial TEN minutes 120 minutes will be given to a candidate for shading the answers on the bottom portion of the OMR answer sheet. Against each question number, four circles will be provided corresponding to four options of the question paper. The candidates are required to shade only one circle corresponding to the correct answer.

The scanner is so sensitive to black and blue ink shades that even a slight residual ink mark or an unintended ink dot within a circle on the OMR answer sheet will be taken by it, as filled / shaded, at the time of scanning. Consequently, the candidate may lose marks. Therefore, please do not make any stray pen marks on the OMR answer sheets. As the scoring done by the scanner and the computer in tandem is final, a plea for erasing or neglecting the ink mark on a circle cannot be entertained. Therefore, candidates are advised to take extra precaution while shading the circles on the bottom portion.

## THINK BEFORE YOU INK!

Once you darken a circle, there is no way to erase or to remove it. That way, your decision about a correct answer will be final. The invigilator will not permit you to use marker, white fluid or any other device to hide the shading already done and you will not be supplied with one more set of OMR sheet. If you spoil a sheet in your attempt to rub off the shading done on a circle, you may ruin your opportunities. If two circles are shaded in a row and even if one of the circles is partially rubbed off, the scanner will take it as a multiple attempt. Therefore, think twice before you shade a circle with ink. Darken only one circle for each question as shown against the CORRECT METHOD.

## CORRECT METHOD OF SHADING

Qn. No.	Answers
I	① ② ● ④

## WRONG METHOD OF SHADING

I	① ② ✓ ④	- Use of Tick mark.
I	① ② ✗ ④	- Use of Cross mark.
I	① ② ● ④	- Use of Dot.
I	① ② ⊖ ④	- Use of Line mark.
I	① ② ◐ ④	- Partially or half filled circle.
I	① ② ● ④	- Marking outside the circle.
I	● ② ● ④	- Marking more than one circle

The candidates should invariably preserve their 'PGCET 2012' OMR answer sheet replica for a minimum period of one year from the date of obtaining the admission order.

Once the candidate comes to the seat selection hall by registering and verifying the documents, the software will not allow any jump in the order of merit. Even if one has registered himself / herself before another candidate with higher merit, he / she will have to wait for his / her turn at the admission terminals. Unless a candidate who has a higher rank and whose PG CET number is registered gets the opportunity to select a seat, a candidate who has a rank next to him will not by-pass him.

Selection of seat by a candidate and admission thereafter at the KEA shall comprise of the following stages, wherein all the candidates will be allowed to select a seat of their choice strictly in the order of merit:

(a) Registration of the candidate; (b) Verification of the original documents; (c) Selection of seats in accordance with merit order; (d) Remittance of Fees in the form of Demand Draft; (e) Issue of Admission Order.

The candidates will be allowed to participate in accordance with the notified time schedule and as per the stipulated rank ranges only. The candidates are required to register their PG CET number in the computer system. From there, the candidates are sent to the Verification Counter where the entries of original documents are checked against the computer data that has been furnished by them in their application forms. After verification, KEA will retain one set of the attested photocopies and the original documents will be returned to the candidates. Before leaving the verification counter, an acknowledgment card and a verification slip will be issued to the candidates. Thereafter, the candidates will proceed to the seat selection hall, wherein the candidates will have the assistance of a huge on-line projector screen, which will show category-wise, course-wise and college-wise availability of seats at that moment. In the seat selection hall, all the candidates who have registered and verified their original documents will be called for seat selection as per the MERIT QUEUE. At this point, the candidate should produce the verification slip issued at the verification counter and the Demand Draft for the prescribed fee amount, failing which he will not be allowed to select a seat. The moment he / she selects a seat, the computer display and the on-line projector screen will show one seat less against the course / college from which the candidate has selected the seat. The details pertaining to the candidates who select seat at the allotment terminals such as Name, PG CET Number, Rank, Category, College / Course selected and Photograph of the candidate will also be displayed on the screens, for the information of all the candidates and parents who are waiting seat selection within and outside the premises of the KEA.

After seat selection, candidate will have to go to the Bank counter and deposit the Demand Draft for the prescribed fee. The Bank Officer can enter the amount only if the candidate has selected a seat. Otherwise the computer at the Bank counter will not allow him to do so. After entering Demand Draft particulars against name of the candidate, a receipt will be issued to candidates in the Bank counter. Thereafter, the candidates are required to submit their verification slip in the Admission order issue counter located opposite to Bank counter. The admission order for the seat selected by candidates will be printed and the Admission Order will be issued ONLY to the candidates after obtaining candidate's signature in the register and also after ascertaining that he has submitted all the required documents and has paid the prescribed fees.
