200. Do you take pride in your nation? Why? Indians are not treated well outside. So we should all go and settle somewhere else ?
201. Do terrorists have a focus?
202. I am giving you two minutes, tell me all the questions that you know the panel has asked the candidates before.
203. Where does the Equator pass from?
204. Sourthen most point of India.
205. What 3 suggestion would you give to your HR?
206. 5 regions and their old names.
207. Who is an entrepreneur and you don't have to tell me the classical definition in the books? Are managers entrepreneurs? Who are intrapreneurs?
208. Are wooden shoes common in Amsterdam? Tell about the architecture of the Colloseum in Rome.
209. Have u been to Ahmedabad? Have u seen the website? Have u seen the building? Who designed it? How many different departments at IIMA ? From any one department tell 2 electives in the 2nd year?
210. Is violence in its various forms is a result of religion? What is the theory which uses religion called?
211. There is one term for milk revolution.What is it?
212. What is Green Revolution?
213. What are the values of the TATA group?
214. What is the goal for of your company ?
215. Name 5 rivers of India.
216. Name political parties in UPA.
217. Name two states in the south.
218. Two south indian rivers.
219. Name 5 ministers/portfolios in the government.
220. Imagine you are at Bombay airport, have boarded a flight to New York via London and a small kid stting at the window next to you wants to name out all the water bodies as you pass above them. What will be your answer? The water bodies and the sequence.
221. Name some of the islands where you can see people of Indian origin.How did they come there?
222. Where does V.S. Naipaul belong to?
223. Who is the leader of Cuba? Where is he from?
224. Do you know any other Latin American leaders ?Name the Latin Amreican countries.
225. What was the difference between you and the others during the GD?
226. What can be done to improve the GD process?
227. Is a GD not the right way to select people?
228. Do we lose out on good people due to a GD?
229. Do you think we do the GD for entertainment purposes?
230. What is the difference between a GD and a real-life discussion and why?
231. Why Ayn Rand?
232. What is common between Ayn Rand and George Orwell?
233. Could you tell me something about the background of George Orwell?
234. Which George Orwell's books have you read?
235. What is common between Ayn Rand and Oscar Wilde?
236. Play Devil's Advoate and suggest why a collective may require to supersede individual rights?
237. What books of Ayn Rand have you read?
238. Have you read The virtue of selfishness?
239. What books on Partition have you read?
240. Who wrote Tamas?
241. Have you read Manto? What of his? What did the stories deal with?
242. Have you seen the movie based on"The Ice Candy Man"? What's it's name? Who directed it?
243. What is the difference between empathy and sympathy?
244. Your opinion on non-violence. The sanskrit term for non-violence. The source for the word 'ahimsa'. Can we apply it on al-qaeeda.
245. **Guitar-** Do u know Vishwa Mohan Bhatt? What does he play..he did something to the guitar.Whats the difference between hawaiian and spanish guitar?
246. What is the good deed for the day?
247. Who found the Scouting Movement?
248. Give me two obscure trivia (history).
249. Who is the Pope?
250. What is odyssey about?
251. Who was prince of Troy?
252. What is Illiad?
253. Where was Troy?

254. What is the origin of the word 'trivia'?
255. What is Raja Ravi Verma famous for?
256. Can u compare Piccaso and Rembdtrant?
257. What is Daulatabad?
258. What is indraprasta?
259. Another name for Delhi(Delhi has 7 names)
260. How do u keep yourself fit?
261. Name some masterminds behind Hitler's rule?
262. CAs:- Did u have Cash Flow analysis? What is the need for preparing a Cash Flow Statement? Tell some ratios prepared on the basis of Cash Flow Statement to assess cash position.What are the tools of Capital Budgeting? Formula for IRR? What are the tools in IT for CAs? What is depreciation? What are the methods of charging depreciationn? How do you estimate the useful life of an asset?
263. Who is your model writer?

Engineers

1. What technology go you work on?
2. What is the other competing technology?
3. Talk about .NET
4. What is the difference between J2EE and .NET.Which one do you think is better?\
5. What is object-oriented programming? What are its advantages?
6. What is the future you see in this field? How do you think will that happen?
7. What do you thing about XML?
8. What do you think are the emerging opportunities for Indian IT Companies?
9. What do you think about the areas of opportunities for IT companies in India? Give two examples where you think IT can turn around the business.
10. What is the application area of IT in a Manufacturing sector?
11. What is hashing?
12. How many yrs will it take for phasing out of IC engines? What are the alternatives?
13. What are the reasons that IC engines will go out?
14. How many types of engines are there?
15. Which engine has better efficiency?
16. How does mobile switch to a particular frequency?
17. What is the difference between transverse and longitudinal waves/
18. What is the between light and radio waves?
19. Explain inventory modelling.
20. What is an EOQ model?
21. What is inventory carrying cost? How does it incur any cost?
22. What is bubble sort?
23. What is Businness intelligence?What is Data mining?How are they related?
24. Do NASA do Data mining?
25. Why should a company us business intelligence products? Why not fire a query and get the data?
26. What is STP?
27. What is middleware?
28. What is Reynolds number?
29. Is fan above part of mechanical engineering or electrical engineering?
30. What could be the use of Mechanical Engineer in Computer hardware industry?
31. What Kind of air flow would be required for cooling chips? Streamline or Turbulent? Explain method of Heat transfer.
32. Why do we need Databases? How is the databases implemented? Major properties of Databses. Explain ACID property. What is atomicity in ACID? What is C? How is it maintained?
33. Which Locking protocol does Oracle use ? What Locking protocol does Sybase Use?
34. I want to store few numbers in a datastructure but what we want is just tthat the access should be done from it after the entire insertion is done, which data structure should be used? What are SpLAy trees? What is the time complexity for searching in AVL And Splay trees?
35. Explain Dining Philosophers Problem.
36. Where is this transposition used ?What is graph ? How is graph represented in the computers
37. I am giving you an unbiased coin and you have to slect three of us randomly tossing the coin.I want all of them to be selected with the same probability, then your solution will be in problem.
38. Describe ThermoD. 2nd and 3rd law of thermoD.How much heat can be converted to work?
39. What technology was used in the ERP project? No Linux?
40. How does my digital watch work? So if I want my digital watch user configurable by time zone, what should I do? And what if I want auto-configurable time zones? Like I go to the US and the time auto sets? Explain GPS.
41. Why do telecom companies operate in a fixed frequency range?
42. What is Otto Cycle?Draw the PV and TS Curves. What are TS curves?
43. What is second law of Thermodynamics? What is first law?Do you think there is a third law?
44. Is there is also something called Zeroeth law rite?
45. What are the processes involved in petroleum industry? What are the inputs for a petrochemical industry.. as in some components from petroleum? How do you get a feed out of the petrochemical industry,lets say i want to manufacture plastic and how do i get the feed?
46. What is the difference between catalytic cracking unit and a fcc?
47. What is the advantage of the datawarehouse tools over say an Excel?

48. what generation mobiles do we use? What do I do to enable GPRS in my mobile now?My phone doesn't have the features.Do I need to buy another handset or is there an option? What is the technique behing GPRS? Can u tell me the architecture of cellular mobile communication?
49. What is a J-K Flip Flop? Are flip-flops kind of memory devices? Draw the truth table for NAND gate.
50. For what kind of square matrix will u not be able to find the inverse? What is the need to know the rank of a matrix?
51. At what voltage is power transmitted in transmission lines? Whats the highest transmissn voltage in the world?What in SE Locos?
52. Explain how a car takes a turn? Trains dont have differential. How do they do it?
53. **Starting from A to Z, name one automobile MANUFACTURER for every alphabet."**
54. Why is support necessary?Why dont IT companies just rewrite the entire code to get rid of problems? Where is Electronics in automobiles? Difference between electronics and electrical.
55. You are in a room with all the ingredients of a coffee and various varieties of each one of them. Write a pseudocode for preparing a coffee keeping in mind that you don't know anything.
56. All the things inside the room are scattered say all the types of beans. Which sorting technique will you use to sort them and on what parameter?
57. Difference between server and proxy server?
58. How many protocols are there? Then, why only one protocol is used for communication?
59. Difference between UDP and TCP.
60. Plot graph of|x|/x.
61. What is condition of diffentiabilty?
62. What is USM?
63. What is RFID and tell some applications.
64. Where exactly do radio waves come in the spectrum. and also light red and violet,infra red, gamma rays etc.
65. What is the difference between C and Java.Give an application example for C and Java.What is Java developed in?
66. Have you done the Knapsack problem, n-queens problem in Algorithms?
67. What is Six Sigma? Why the name Six Sigma is given?
68. What is predicate logic? Which language uses predicate logic?
69. Diferences between prolog and C.
70. Databases- What about 3rd and 4th Gen languages? Why are they different?
71. How does an analog telephone work? What is the EMF of the battery used at the exchange? How does a call reach from here to Timbaktoo? How many exchanges are there in India? What network topolgy will a telephone network be? Describe tree topology?
72. Network topolgy of BSNL.How were the cellular operators in a region decided in India? Number of cellular operators in Gujarat?
73. Which countries use CDMA? Which use GSM?
74. What is stack? Difference between Queue and Stack. Operations of Stack.What will happen if I do pop operation on an empty stack?
75. Protocol of Internet.Does it follow the OSI model? Is internet session oriented?
76. Tell me about the in mobile telephony where are wires and were it is wireless ? Which is protocol for the wireless ? What are BTS ?
77. What is TRAI ? What they do ? What is TRAI 99 policy ? What is unified licensing? Under which ministry Telecom Sector comes?
78. What is complexity ? What is time complexity of bubble sort ? Why is it called bubble sort.
79. Draw an AND-OR graph.For the game of Tic-Tac-Toe, how will the tree look ? Draw n explain.
80. What are the various scheduling algos ?
81. In SJF, how is the next CPU burst calculated ?
82. How would you seperate a single signal from a mixed signal?
83. What is Taylor Series? What is Partial Differentiation? How many variables would you differentiate wrt 1st, then with 2nd..etc.
84. What is the melting point for nitrogen? What is the range? The magnitude? negetive or positive? How is it liquefied.What is liquefied nitrogen used for? What is the policy for extracion of natural gases?
85. What is a CT machine and what makes it different from a CAT machine? What is spiral CT? What is a PET scan? What is the difference between the two? When do u use PET and when CAT? Explain the working proinciples. What is an MRI machine, what does it do? How is it different form the other two?
86. How does a kite fly?
    Ans- Any body at +ve angle of attack to the wind will generate lift..Same for kite.
87. Does that mean it can be of any shape?
    Ans- Yes.
88. What shape is it normally?
    Ans- Diamond shaped..It is easy to mass produce.
89. A tail? Is it necessary to have a tail for the kite to fly?
    Ans- A tail is not necessary.But it is used to give lateral and directional stability to the kite if required.
90. What are diff types of car navigators? Any company doing it in India?
91. Whats GPS?
92. Give the variance used to analyze overheads? Theoretical name of the variance.
93. What are relevant costs? What can be used for cost control and reduction? Is there a difference between cost control and cost reduction?
94. What is kurtosis?
95. What are the steps involved in steel production? So where is smelting done?
96. What is natural log?What is e. Why is it called natural log?
97. What is an algorithm?
98. What is a heuristic? What is time complexity? What does Big-Oh indicate? What are the different kinds of complexity?
99. What is n^2 called? Draw the graph of 'root n' versus 'n'. Draw y=x.
100.   Tell about the technical architecture of the product as per development standards.
101.   Coming to Object oriented programming, can you describe with the help of a small peice of paper what are the concepts of Aggregation and inheritence ? Give an example where inheritence and aggregation are concurrently used ?
102.   Why companies around the world are more in Java now a days and not C++ ?
103.   Are you aware of any software metric ?

104. What is normal distribution ? Can you draw a normal curve and explain? Tell a bit about the technical architecture of the product as per development standards.
105. What is the latest in Digital technology? How is it cost effective?
106. What's P-4 architecture?
107. Why do all colleges teach 8086 when it is redundant? What is the architecture of 8086?
108. What is the diff between 16 and 32-bit processor?
109. What is cache memory? What is L1 and L2 in cache memory?
110. What is rank of a matrix?
111. What is flash memory?
112. How are nand and nor gates used in flash memory?
113. What is XML , HTML? Difference between the two ?
114. How are dynamic pages generated ?
115. What is EDI?
116. Write a second order differential equation ?
117. What is Normal Distribution?
118. Is there anything in the software industry which can be compared to inventory in a manufacturing set-up?
119. How are connecting rods made? Plot the power vs time diagram for three cylinder engine?
120. What type of flywheel to be used assume 2000 rpm?
121. whats Grid Computing and difference with distributed computing.
122. Why is optical fibre better? One disadvantage of optical fibres.
123. I am a completely non tech guy . explain WLL to me.
124. What is the "last mile connectivity"?
125. What is laplce transform?
126. If I give you 5 numbers X1, X2, X3, X4 & X5 & their forecasted values Y1, Y2, Y3, Y4 & Y5 tell me jpw how will you go about doing the analysis?
127. What is power factor? What is its physical significance? What is reactance?
128. What is "ELASTICITY EFFECT".
129. How do you go about the tariff setting process?
130. Why is it that not many people are making the switch?
131. What according to you is the main reason of the power crisis in the country.
132. Who generates power in the country today?
133. How much is the nuclear generation in the country? Do you think it will go up in the future?
134. What is CORDECT?
135. Give an approximate cost to set up a solar plant vis-a-vis say a coal plant.

Sports

1. What is India's one-day ranking in cricket? What is its test ranking? What is a chinaman?
2. What was the last news about Shane Warne?(cricket)
3. What is the latest technique employed in hockey now? What is a Drag Flick.
4. What is the state of Indian Hockey today?
5. Fav Spanish team in football?
6. So u think Sachin is a good bowler? He can neither bowl offspin nor legspin consistently.
7. Who is the president of Indian Football Association?
8. What is the difference between Brazilian style and European style football.Who are the best goal keepers in the world according to you.Best 3 current Brazil players.Best 3 all time players.Can u name some fooball players from Kerala and Bengal?
9. Basketball- How many leagues are there in the US? Who is the MVP? How many teams are there in the NBA?
10. Football- What is happening in football these days? What about the Premier League? Who is the highest scorer for Man U? Who is the highest scorer right now in the league overall and for Man U? What is the current standing in the Spanish League? What about the Italian League.What is it called? What is the recent controversy in Italy? Which all teams were relegated? What about the German League? The Dutch league? What about Indian football? Why is it that India fares so badly in football and also the reason for it being so less popular.
11. Why is cricket so popular?
12. Tennis- If two players are tied on 6-6 on games in a set in Wimbledon final, what will happen? And what happens in tie-break.What will happen if it is 7-6 on points in the tie-break?
13. Basic difference between thinking of human chess player and computer?
14. Who started Tae-kwan-do?
15. What are the differnet grips in Table Tennis?

Agri Business

1. Why you chose this field after doing so and so in agri?
2. What is the guarantee that you won't switch to some other field if we take you for this?
3. I am still not convinced that you actually want to go into this field. Take a hypothetical situation where you have to select between agri field and some other field with high salary. Then what will be your take.

4. What do you think are major problems in mechanization of agriculture.What about unemployment?
