North Maharashtra
Universitys, Satellite
Centre, Nandurbar

Community College

- The Community College is established at **Elavya Training Centre Nandurbar** on 11 January, 2014. Its **non-profit making, noncommercial and community based Project**.
- **Need Analysis** of the employment opportunities available in the local area and also **the social needs** of the Community.
- The **Target group** of the Community College is 12th passed students, school drop out, rural youth, rural women, existing workforce that wants to update its skills and all who want skill based and need based education at an affordable price.

Community College

- There is **no age limit** for admission into a Community College. The close and active linkage **between Industries and Community College** is a must for the success of the Community College System.
- **The industrial partners help** the College in designing the curriculum, providing part time instructors, serving as members of the advisory board and the governing board, taking students for internship and helping them to find job placement.
- The Community College is a **Multi-campus reality**. The Community College is permitted to the optimum utilization of **the existing Infrastructural** facilities available to the community-based organization that establishes the Community College.

Community College

- The Community College tries to respond to the deficiencies of the Vocational system through industry-institutional linkage, competence assessment, proper certification, training on site, life skills training and job oriented programmes decided on the basis of the local needs.
- The **curriculum** of the Community College has four distinct parts: **life skills, work skills, internship and preparation for employment.**

Community College

- The **evaluation and assessment of skills** done by the Community College has four dimensions: **self-assessment, assessment by the life skills and work skills teachers and internship supervisor at the works spot.**
- The course fees charged from the recipients of the Community College System will be cost effective and affordable.
- The Community College cannot succeed without the active participation and collaboration of the industrial, rural, agricultural, commercial and service organizations of the locality.
- Aim : To build the capacities and community based skills of tribal youths.
- To develop the courses to enhance their skills to earn income.

Community College

- To develop trainers of trainers from own community on livelihood based on agriculture and forestry.
- Following **02 Courses** has been proposed by North Maharashtra University, Jalgaon
 - **i) Diploma in Animation and Web Designing**
 - **ii) Diploma in Agriculture and Natural Resource Management Skills**
- The University Grants Commission has given the permission for the **Diploma in Agriculture and Natural Resource Management Skills.**

Eklavya Prashikshan Upkendra, Nandurbar

- The Nandurbar District has 65% tribal population
- In affiliated colleges of the district 25 to 50% students belong to the tribal and backward class community.
- Therefore, the special attention should be given to the students in the tribal areas.
- Hence, the University has established a study Center named **Eklavya Training Center at Nandurbar**, which is contributing towards education, welfare and development of the scheduled tribes for their upliftment and work for integrating tribal life into the mainstream of society.
- The center is also arranging various activities such as summer and winter camps of 20 to 30 days duration, 1-2 day workshops, lectures, seminars for tribal students.

Assessment and Evaluation

- The Evaluation and Assessment of the Skills of the incumbents of the Community College is completely internal and done by the Community College with the help of technical and field experts.
- The evaluation is aimed at the testing of the skills rather than the absorption of information.
- The evaluation will be jointly done by the Life Skill Instructor, Work Skills Instructor, Industrial Supervisor supplemented by the self-assessment of the student of the Community College, thus making the evaluation comprehensive and purposeful, determining the attainment of skills.
- The knowledge and skills components will be given equal weightage.

Governance of the Community College

- The Community College ensures that the participation of the members of the agency that establishes the Community College (Board of Management), Administrators, Representatives of the faculty of the Community College, Industrial Partners, Community Leaders, Consultants to the Community College and Representatives nominated by the Government.
- The authorities of the College make sure of the proper management of Life Skills, Work Skills, Placement for Training, Financial and General administrative matters and also the needed infrastructural facilities necessary for training.
