2. Student should read the above information carefully and choose their Specialisation Courses. He/She should contact the Study Centre regarding counselling of these courses.

P79PRJ Project Work (Compulsory)

The students are required to complete a project work during the **2nd year**.

3. Evaluation Procedure

Evaluation

The pattern of evaluation used for the M.B.A. programme will consist of the following three components.

For each theory course of 100 marks, there will be 80 marks for University Assessment (End Examination [EE]) and 20 marks reserved for Continuous Assessment (Home Assignments [CA])

Student will have to obtain minimum 40 marks to pass in each course.

The marks obtained by the student in Continuous Assessment will be proportionately 'scaled down' to the marks obtained in the End Examination, and shown separately in the Mark Sheet

(A) Internal Assessment (Continuous Assessment i.e. Home Assignment): 20 Marks

1. Students should submit ONE home assignment of 20 marks per course, having 4 Questions of 5 marks each. Thus, in each semester, for 5 courses 5 home assignments will have to be submitted.
2. University will upload the home assignment questions on university website. Student should download the home assignment questions from the university website.
3. Student must submit legibly hand written home assignments (hard copy) to the Study Centre (For Semester I & Semester III before 15th December and for Semester II & Semester IV before 15th March) for assessment.
4. Thus, the student of MBA Programme will submit 5 home assignments for 5 courses in each semester (For Semester I & Semester III before 15 December and for Semester II & Semester IV before 15 March).
5. These assignments shall be evaluated for 20 marks by the Counsellors of the concerned courses at the study centre and the list of marks obtained by the students would be submitted to the study centre. It will be mandatory for the study centres to submit these course wise marks

to the university before the commencement of each semester end examination only in online mode i.e. through study centre login at <http://ycmou.digitaluniversity.ac>. The website link for online submission of marks will be made available on the university website only for 8 days.

6. Student is allowed to submit home assignments in hard copy at the study centre, only once in each semester, within the stipulated time period announced by the university and the study centre, on the website or/and other means. Student should follow the university updates and be in touch with the study centres and submit his/her semester assignments within time.
7. The student who fail to submit home assignments within the stipulated time would not to be allowed to re-submit the same after the commencement of the first semester end examination and he/she would be awarded 'zero' marks, and the same would be displayed in his/her mark sheet.

If the student fails to submit the assignment during that semester, he/she will not be allowed to submit assignments thereafter and will have to pass that course by obtaining marks in end examination.

Study Centre need to contact at university headquarters Exam Unit II for more details regarding submission of continuous assessment marks evaluation and submission.

Assignments submission for each course must be completed by the stipulated dates in the same semester of an academic year as communicated by the University. **The university will not give permission for resubmission/late submission of assignment under any circumstances.**

(B) End Examination (EE) - 80 Marks.

Each theory paper will be of 80 marks. For each course, 80 marks are reserved for University Assessment (End Examination)

1. Under the End Examination (EE) in each semester there will be 5 question papers of 80 marks, for 3 hours duration each. The university will conduct end examination as per the schedule declared in advance.
2. In the end examination for 80 marks, there will be 20 questions of 5 marks each, and student may attempt any 16 questions out of those.
3. The student will have to obtain minimum 40 marks to pass in each course.
4. Answers to these 5 marks questions should be written in 75-80 words each.

Evaluation Pattern

End Examination	80 Marks
Continuous Assessment	20 Marks
Total	100 Marks

(C) Project Work

A project report may be in the form of a comprehensive case study, inter-organizational study or field work.

Project work carrying 200 marks has to be done under the guidance of a Project supervisor.

Study Centre should allocate the students to project supervisor in Semester II in the month of January.

Under the Project Supervisor's supervision, the student should first prepare the Project Proposal (synopsis) and submit to Study Centre for its approval in Semester II in month of April. The study centre should send the Project Proposal to the University before 15th May for the approval.

The Project Proposals evaluated by the experts at the University headquarters will be sent to the Study Centre within two months from the date of submission of the Project Proposal (Synopsis).

Once the Synopsis is approved under the Project Supervisor's supervision student should prepare the Project Report.

Student should complete the Project Work during the III and IV semester

Student must submit two hard copies of the Project Report to the study centre through Guide within the stipulated time period given i.e before 15th February in Semester IV. (If your synopsis is not approved you cannot submit the Project Report.)

The study centre should send the Project Reports to the University headquarters before 28th February for evaluation.

The student who fails to submit the Project Report during the given time period, can re-submit the same before the completion of the registration period of 5 years.

However, such student will have to apply for repeater examination in the prescribed Format and pay the applicable examination fees.

Assessment of the Project Work

Assessment of the project work will be done after submission of the Project Report by the study centres to the University headquarters.

The MBA Project Report will be evaluated for 200 marks by the experts at the University headquarters.

The students should obtain 80 marks out of 200 marks to pass in the Project Work component.

Revaluation of the Project Work is not allowed.

Re-submission of Project Report for class improvement is not allowed.

Projects assessed as unsatisfactory (less than 80 marks) will have to be resubmitted after incorporating the modifications as specified by the University before the completion of the registration period of 5 years.

However, such student will have to apply for repeater examination in the prescribed Format and pay the applicable examination fees.

Please Note:

1. Revaluation of Project Report is not allowed.
2. Resubmission of Project Report for Class Improvement is not allowed.

(D) Rules of passing

Student will have to obtain minimum 40 marks to pass in each course.

The marks obtained by the student in Continuous Assessment will be proportionately 'scaled down' to the marks obtained in the End Examination, and shown separately in the Mark Sheet.

In order to complete any course successfully, a candidate must get minimum 40% marks [Cumulative for University Assessment (End Examination) and Continuous Assessment (Home Assignments)]. Students not

completing course/courses successfully will be required to reappear for the concerned end examination and improve their class therein.

Successful completion of the project component requires obtaining minimum 40 % marks.

A student must successfully complete First Year, Second Year and Project Work in order to qualify for the award of the M.B.A. Degree.

The final result of the student after considering the performance for all academic years will be declared on the basis of the following:

Credit Based Semester System (CBSS): Under the CBSS, the requirement for awarding a degree or diploma or certificate is prescribed in terms of number of credits to be completed by the students.

Credit Point: It is the product of grade point and number of credits for a course.

Credit: A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to around 30 hours of learning activities.

Cumulative Grade Point Average (CGPA): It is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.

Grade Point: It is a numerical weight allotted to each letter grade on a 10-point scale.

Letter Grade: It is an index of the performance of students in a said course. Grades are denoted by letters O, A+, A, B+, B, C, P and F.

The UGC recommends a 10-point grading system with the following letter grades and points as given below:

Letter Grade and description	Grade Point
O (Outstanding)	10
A+ (Excellent)	9
A (Very Good)	8
B+ (Good)	7
B (Above Average)	6
C (Average)	5
P (Pass)	4
F (Fail)	0
Ab (Absent)	0

Semester Grade Point Average (SGPA): It is a measure of performance of work done in a semester. It is ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

Semester: Each semester will consist of 15-18 weeks of academic work equivalent to 90 actual teaching days.

Transcript or Grade Card or Certificate: Based on the grades earned, a grade certificate will be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured) along with SGPA of that semester and CGPA earned till that semester.

All the generic electives shall be of Theoretical in nature. They shall be implemented using online mode of delivery. The examination of such courses shall be conducted using online and on-demand methodology.

In assessing the performance of the students in examinations, the usual approach will be to award marks based on the examinations conducted at various stages (sessional, mid-term, end- semester etc.) in a semester. The numeric marks obtained in such examinations shall be converted to appropriate letter grades. In order to avoid the variations, the UGC recommendations shall be followed. The following system to be implemented in awarding the grades and CGPA under the credit based semester system (as mentioned in point no. 2.10).

Grading:

1. The examinees shall be evaluated for internal assessment and end examination as per the evaluation pattern for the respective courses. The numerical marks in the aggregate shall be converted to the appropriate Letter grade and Grade point on prorated basis, i.e. using scaling down 100 marks to 10 Grade point Scale. Thus, a person who has scored 46 marks out of maximum 100 marks in the aggregate shall get C (Average) Grade securing 5 points.
2. A student obtaining Grade F shall be considered failed and will be required to reappear in the examination.
3. For non credit courses 'Satisfactory' or 'Unsatisfactory' shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA.
4. The Universities can decide on the grade or percentage of marks required to pass in a course and also the CGPA required to qualify for a degree taking into consideration the recommendations of the statutory professional councils such as AICTE, MCI, BCI, NCTE etc.

Computation of SGPA and CGPA

The following procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) shall be followed:

- i. The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e.
$$SGPA (S_i) = \frac{\sum(C_i \times G_i)}{\sum C_i}$$
where C_i is the number of credits of the i th course and G_i is the grade point scored by the student in the i th course.
- ii. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e.
$$CGPA = \frac{\sum(C_i \times S_i)}{\sum C_i}$$
where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester.
- iii. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

Illustration of Computation of SGPA and CGPA and Format for Transcripts

Computation of SGPA and CGPA

Illustration for SGPA

Course	Credit	Grade letter	Grade point	Credit Point (Credit x Grade)
Course 1	3	A	8	3 X 8 = 24
Course 2	4	B+	7	4 X 7 = 28
Course 3	3	B	6	3 X 6 = 18
Course 4	3	O	10	3 X 10 = 30
Course 5	3	C	5	3 X 5 = 15
Course 6	4	B	6	4 X 6 = 24
	20			139

Thus, SGPA = $139/20 = 6.95$

Illustration for CGPA

Semester 1	Semester 2	Semester 3	Semester 4	Semester 5	Semester 6
Credit : 20	Credit : 22	Credit : 25	Credit : 26	Credit : 26	Credit : 25
SGPA:6.9	SGPA:7.8	SGPA: 5.6	SGPA:6.0	SGPA:6.3	SGPA:8.0

Thus,

$CGPA = 20 \times 6.9 + 22 \times 7.8 + 25 \times 5.6 + 26 \times 6.0 + 26 \times 6.3 + 25 \times 8.0 = 6.73$

Transcript (Format): Based on the above recommendations on Letter grades, grade points and SGPA and CCPA, the HEIs may issue the transcript for each semester and a consolidated transcript indicating the performance in all semesters.

(vi) Business Judgement

In this section, information about a business situation is provided in sufficient details in a passage or a case report. This is followed by a series of items that will test the ability to evaluate the statements, facts and other information regarding the business and to make your judgement about the various aspects of the business as stated in the report.

Example 1

Directions : Read carefully the passage given below and answer the questions that follow.

Secretarial practices in modern offices have seen many technological changes in recent years. A major event is the advent of computerisation in every sphere of life. A leading typing institute offering regular training as well as undertaking major typing tasks on job-work basis, was quick to realise the possible use of computerisation in improving its services and therefore decided to purchase the latest computers with printers etc. to update its existing facilities. The new equipment, it was realised, would result in increased output to the extent that the work handled by three secretarial assistants would, with the new facilities, be handled, by one assistant.

It was believed that the overall profits of the institute with the use of computerised services would undergo a significant increase.

Besides, the manager of the institute enjoyed good, cordial relations with his subordinates. In fact, on many occasions in the past, his subordinates had stayed back well beyond working hours (without any expectation of monetary compensation) in order to respect the commitments made to outside parties.

Over a period of six months, the manager of the institute collected funds (partly by investing his own earlier profits and partly by raising loans from the State Bank of India) for the purchase of the required computers and accessories. He was lucky to obtain the required equipment within a week.

By the end of 8 months, after a detailed financial analysis of the existing situation, it appeared, however, that the overall profits of the institute had declined by 8% rather than showing an expected increase. There had been no change in other conditions within the set-up. Perplexed about this unexpected outcome, the manager of the institute sought advice from a firm of management consultants. The consultants worked on the details provided by the manager of

the institute and finally submitted their report, giving useful advice and recommendations.

Given below are a set of factors which may not be important in the decision advice given by the firm of management consultants. Evaluate each factor with respect to the classification scheme given below.

Classification Scheme

Mark

- (i) if it is a major objective in the decision making process.
- (ii) If it is a major factor, influencing the decision.
- (iii) If it is a minor factor, influencing the decision.
- (iv) if it is an unimportant issue, in making a decision.

The following items are to be evaluated on the basis of the classification-scheme.

1. Time required for getting the new equipment.
2. Possible difficulties in getting a loan.
3. Increased productivity of subordinates.
4. Training of subordinates in new techniques of computerisation.
5. Increase in profits.

विद्यापीठ गीत

एक प्रतिज्ञा असे आमुची ज्ञानाची साधना ।
चिरंतन ज्ञानाची साधना ।
ज्ञान हेच संजीवन साऱ्या जगताच्या जीवना ॥ धृ ॥
ज्योत जागवू सुजाणतेची सकलांच्या अंतरी ।
तीच निवारील पटल तमाचे प्रभात सूर्यापरी ।
ज्ञानच देउळ, ज्ञानच दैवत, प्रगतीच्या पूजना ॥ १ ॥
नव्या युगाचा नव्या जगाचा ज्ञान धर्म आहे ।
त्यातच अमुच्या उजळ उद्याचे आश्वासन राहे ।
मुक्त करिल तो परंपरेच्या बंदिघरातुन मना ॥ २ ॥
हाच मंत्र नेईल आम्हाला दिव्य भविष्याकडे ।
न्यायनीतीचे पाऊल जेथे भेदाशी ना अडे ।
जे जे मंगल पावन त्याची जेथे आराधना ॥ ३ ॥
